## **Course Requirements**

A minimum of 90 credit hours, including dissertation. Specific requirements include one graduate course each in phonetics, phonology, syntax, historical linguistics, and language acquisition, plus at least four courses in linguistics at the 600-700 levels. L653, the first half of the field methods sequence, may not be counted if it is used in partial fulfillment of the language structure requirement. Additional course requirements may be set by the student's advisory committee.

## **Minor**

The choice of a minor field should be agreed to by the student's advisory committee. The specific requirements for the minor are established by the department that grants the minor. The student is responsible for ascertaining what those requirements are and for meeting them.

## **Advisory Committee**

All students in the Ph.D. program will select an advisory committee consisting of at least three faculty members, one of whom should normally represent the student's minor field. The committee must be selected no later than the end of the semester following the completion of the master's degree at Indiana University, or, in the case of students entering the program with master's degrees from other institutions, no later than two semesters after matriculation.

Students will plan their programs with the advisory committee, which will be responsible for counseling students with regard to the qualifying examination, setting the examination, and administering it.

## **Foreign Language Requirements**

Three languages:

1. Reading or speaking knowledge of two foreign languages, one of which should be either French, German, or Russian, and
2. knowledge of the structure of a language or languages other than English and outside the student's general language family (choice to be determined in consultation with the student's advisory committee).

## **Qualifying Examination**

Comprehensive; specific focus and scheduling of the examination determined by the student's advisory committee.

## **Research Proposal**

After nomination to candidacy, the student will select a research committee composed of no fewer than three members of the Department of TESOL and Applied Linguistics faculty and an outside representative. This committee must approve the proposed dissertation topic.

## **Final Examination**

Oral defense of dissertation. This defense is open.

## **Ph.D. Minor in TESOL and Applied Linguistics**

The minor consists of a minimum of 12 credit hours of TESOL and applied linguistics or related courses. A grade point average of 3.0 (B) or better must be achieved in these courses. The specific program for satisfying this requirement must be developed in consultation with the student's minor advisor.
