

IU Southeast

Welcome to the Indiana University Southeast Bulletin!

The Bulletin gives you information on all aspects of student life at IU Southeast, including:

- Admissions
- Academic calendar with important dates
- Degree programs and course descriptions
- Advising
- Administration (registration, residence requirements, tuition, financial aid)
- Clubs and organizations
- Support services (tutoring, mentoring)
- Campus map and directions

The Bulletin is here to serve you, and to support your academic journey.

Whether you are just out of high school or are returning to finish or add to your degree, we are happy to provide resources to help you meet your personal or professional goals.

About IU Southeast

Indiana University Southeast, a regional campus of Indiana University, is a four-year, public, comprehensive

university located in New Albany, Indiana, just across the Ohio River from Louisville, Kentucky.

Founded in 1941, it provides high-quality educational programs and services that promote student learning and prepare students for productive citizenship in a diverse society, and that contribute to the intellectual, cultural, and economic development of our region.

IU Southeast draws students primarily from 11 counties in its Southern Indiana service area, as well as from seven counties in the Louisville metro area of Kentucky, who qualify for in-state tuition. The university boasts more than 35,000 alumni, most of whom continue to live and put their degrees to work throughout the region.

Mission & Vision

IU Southeast: Our Vision Statement

IU Southeast will become one of the nation's leading student-centered, comprehensive regional universities.

IU Southeast: Our Mission

Indiana University Southeast is the regional campus of Indiana University that serves Southern Indiana and the Greater Louisville metropolitan area. As a public comprehensive university, IU Southeast provides high-quality programs and services that promote learning and prepare graduates for productive citizenship in a diverse society and contributes to the intellectual, cultural, civic, and economic development of our region.

Our faculty engage in research and creative activity that support teaching and learning and create opportunities for students to participate in applied learning. We are committed to constructive engagement in our local and regional community, marshaling our institutional and human capital toward the strengthening of our region as a place to work, build productive lives, and ensure the prosperity of future generations.

IU Southeast: Diversity Statement

Diversity is the valuing and respecting of difference, including socio-economic status, race, religion, gender, gender identity, sexual orientation, disability, veteran status, cultural and international origin, and other groups traditionally underrepresented at the university and in society. We grow and evolve as a university through seeing equality and representation as a goal and human right for everybody. Indiana University Southeast is committed to recruiting students from diverse populations and to making the climate and curriculum welcoming and equitable. Students will leave the university with a raised level of awareness of the history of equality and difference and attain international awareness, so that their understanding of academic disciplines, society, and the workplace will be enhanced, and they will be receptive to and promote valuing and respecting difference in their lives and in the workplace.

Core Values

Core values are the authentic guiding principles that define who we are as a university and what we stand for

as an institution. They are the timeless values about which we feel passionately—values we would continue to honor even if our circumstances changed in a way that penalized us for holding to them. Since core values define who we are as a university, they act as the foundation upon which we build our mission, vision, and strategic plan.

Nurturing Environment

- We foster a caring campus community that honors diversity, innovation, loyalty, teamwork, mutual respect, and fair play. We work together to create a culture of inclusion and dignity for all.

Holistic Learning

- We provide a rich educational environment of academic excellence that extends beyond the classroom and supports students in reaching their full potential. We seek ways to improve upon the quality and service we provide to students.

Integrity

- We are uncompromising in our commitment to doing the right thing and being direct in our dealings. We are good stewards of our resources and take that responsibility seriously, are conscientious in our decision-making, and practice ethical behavior in all we do.

Connectedness

- We engage with and support the many communities to which we belong and from which we draw our strength and potential. We go to extraordinary lengths to serve our communities efficiently and knowledgeably.

These values will enliven discussion and inform our daily decision-making process. Our Core Values are placed with our Vision and Mission Statements to remind us of our common purpose and to tell others interested in our campus who we are and what we stand for. Please join us in openly embracing these values as an integral part of the IU Southeast community.

Academic Life

IU Southeast is a primarily a teaching institution where degreed faculty members invest time and effort in helping their students succeed as learners and leaders.

Across the disciplines, we emphasize the development of core skills, including critical thinking, research methods, writing, mathematics, and computer literacy.

IU Southeast requires that all degree candidates, regardless of major, take a solid foundation in arts & letters, social sciences, mathematics and sciences to acquire the breadth of knowledge that is expected of today's college graduates and is vital to success in a changing world.

Our academic calendar is divided into five sessions: fall and spring semesters of 15 and 8 weeks each, two six-week summer sessions, and a winter session of three weeks. Students may enter at the beginning of any of these sessions. Weekend classes are offered during the fall and spring semesters. Occasionally, a course may have a special calendar.

Flexibility is important to our students, and to us.

Courses are held from 8 a.m. until 10 p.m., to make it easier for you to balance school with work or family obligations. Online classes are also available across degree programs.

Students are encouraged to enhance their academic experience by taking advantage of special options such as the Honors Program, research opportunities, study abroad and internships.

Academic Programs

Indiana University Southeast offers a wide range of undergraduate and graduate degree programs as well as certificates at both levels.

Courses are on campus, online and a combination of the two (hybrid).

The Student Body

IU Southeast is home to a diverse and eclectic student community numbering more than 5,000 people who come together from Indiana, Kentucky, as well as other states and countries.

Besides our core of traditional students who arrive straight out of high school or homeschool, nearly one-third of our community consists of nontraditional students such as adult learners and veterans, who play a prominent role in shaping campus life.

Students are involved in more than 100 groups and organizations, including sororities and fraternities. The Grenadiers (NAIA) compete in men's and women's varsity sports ranging from men's and women's basketball to tennis and volleyball. IU Southeast students are also deeply involved in their communities, both as individuals and as part of academic programs that offer or integrate internship, service learning and volunteer opportunities.

From internships at the White House to field study in the Amazon jungle, IU Southeast students bring the campus to the world, and the world to campus.

The Campus

IU Southeast is one of the most beautiful and distinctive campuses in the Indiana University system.

With scenic Floyds Knobs as a backdrop, the campus features ten modern red brick academic buildings in a park-like setting.

The Lodges are home to over 400 student residents. The Ogle Center, with stages for music and theater used by student and professional performers, is a cultural magnet for the region. The Athletics complex, home of the Grenadiers, houses facilities for baseball, basketball, tennis and volleyball, as well as a gymnasium for student use.

The IU Southeast campus is safe, walkable and convenient, with ample parking close to where you need to go, and easy access to I-265.

Close to historic downtown New Albany, the campus is also within easy reach of Louisville attractions and opportunities.

For students in fields ranging from education and nursing to accounting and journalism, the proximity of Fortune 500

companies and a wealth of private, public and nonprofit entities means an endless source of internship and employment possibilities.

Our location also means relaxation and regeneration, through attractions such as the Kentucky Center for the Arts; Churchill Downs, home of the Kentucky Derby; Louisville Waterfront, home to events such as Forecastle Festival and WorldFest; the Speed Art Museum; the Muhammad Ali Center; and much more.

Equally accessible is the area's natural beauty: the Falls of the Ohio State Park, Hoosier National Forest and southern Indiana hill country, Patoka Lake recreation area, Clifty Falls State Park, Charlestown State Park, to name just a few places where you may enjoy a variety of outdoor activities.

The IU Southeast Graduate Center is located in Jeffersonville, Indiana, across the river from downtown Louisville via the Clark Memorial ("Second Street") Bridge, in close proximity to business and cultural opportunities in both communities.

Campus Map

Campus Directory Academic Advising*

Students who are new to IU Southeast and who have declared a major can expect to receive academic advising from a professional advisor in the School that offers his/her intended academic program, the locations of which are as follows:

- Arts and Letters, Knobview Hall 110
- Business, Hillside Hall 221
- Education, Hillside Hall 108
- Natural Sciences, Life Sciences Building 258
- Nursing, Life Sciences Building 276
- Social Sciences, Crestview Hall 140

Students without a declared major will receive academic advising in the Advising Center for Exploratory Students (ACES), located in University Center South 106.

*Transient, visiting, special graduate, and high school students should contact the Office of Admission to be directed to the appropriate advising office.

Accreditation

Indiana University Southeast is accredited by The Higher Learning Commission located at 30 N. LaSalle Street, Suite 2400, Chicago, IL 60602-2504. Phone: (800) 621-7440.

Accreditation Team

Members:

- Dr. Debbie Ford, Chancellor
- Dr. Michelle Williams, Associate Vice Chancellor for Academic Affairs
- Donna Dahlgren, Associate Vice Chancellor for Academic Affairs
- Christopher Proctor II, Coordinator of Access Services-Library, Accreditation Project Manager
- Ron Servetis, Director of Office of Institutional Effectiveness
- Robin Morgan, Professor of Psychology
- Lisa Hoffman, Dean for Graduate Studies and Research
- Joe Wert, President of Faculty Senate
- Ashely McKay, Vice Chancellor for Administrative Affairs
- Greg Kordsmeier, Director of ILTE

The committee is completed the preparation for the next accreditation review, which occurred in 2023-2024.

Timeline

IU Southeast has chosen the Open Pathway option for accreditation review. The Year 4 Comprehensive Evaluation will occur in 2023-2024.

For additional details regarding the timeline, see the [HLC Open Pathway Transition Map](#).

Admissions

At IU Southeast, you get all of the benefits of being an IU student, and the personal attention of a smaller campus. Our focus is different at IU Southeast; our focus is on you. We will help you earn your degree and expand your opportunities. We will help you surpass your own expectations and reach your true potential.

Your first step to becoming an Indiana University Southeast student is to complete the necessary application materials. The Admission Office processes all undergraduate applications for new and returning students, assists students in transferring from other institutions, coordinates dual credit programs with high schools, and partners with local community colleges to develop articulation agreements. You are invited to visit our campus, meet with an admission counselor, and tour our beautiful 177 acre campus.

Indiana University Southeast is committed to the goals of quality, diversity, and access in admission policies. Applications should demonstrate combinations of academic preparations, aptitude, motivation, and maturity that indicate a reasonable chance for success in IU Southeast's academic programs. In its admission policy, IU Southeast supports and complies with Affirmative Action regulations.

Requirements for Entering Students

Academic success at the college level depends upon a range of factors in addition to academic preparation,

including verbal, writing, quantitative, and reasoning abilities; academic motivation, work, persistence; and academic maturity. IU Southeast uses a student's performance in high school course work as a primary indicator of abilities, motivation, persistence, and maturity. IU Southeast has adopted standards for academic preparation to ensure that its degree-seeking undergraduate students have a background that makes it reasonably likely that they will succeed in college-level work.

All persons applying for admission to undergraduate programs must, before they matriculate, graduate from high school, earn a state-issued high school equivalency diploma, or graduate from a home school. Students who are recent graduates from an Indiana high school must have completed the Core 40 requirements. Completion of an Academic Honors Diploma is strongly encouraged for college-bound students.

Students who are recent graduates of high schools outside Indiana, or whose secondary school does not offer the Core 40 diploma, must have completed at least twenty eight (28) credits of college-preparatory courses, advanced placement courses, and/or college courses. (Note: The word "credit" means a one-semester course, such as a one-semester course in high school, a three credit hour college semester course, or a four credit hour college quarter course.)

In the case of high school seniors, admission decisions will be based on completed course work and performance and on anticipated course work still required for graduation. Applicants may choose to have standardized test scores (defined as those from the SAT or ACT) considered in their admission decision. Standardized test scores may be used to elevate an applicant for consideration, but would not otherwise penalize the applicant.

Applicants who are recent graduates from an Indiana high school and who completed Core 40 with at least a C (2.0 on a 4.0 scale) average, or who have completed an Academic Honors Diploma will be admitted.

Applicants who are recent graduates of high schools outside Indiana or did not complete the Core 40 diploma (prior to 2011) must have completed at least twenty eight (28) credits of college-preparatory courses, advanced placement courses, and/or college courses. Such applicants who have a C (2.0 on a 4.0 scale) average in their course work will be admitted.

Home-schooled students must provide an official transcript with the home school educator's signature. The admission decision will be based on the high school course work that is indicative of likely success at IU Southeast.

Note: For the purposes of this policy, a recent graduate is defined as someone whose high school graduation date is within two years of his or her expected date of matriculation at IU Southeast. Essays, extracurricular activities, recommendation letters, community service, and work experience may also be considered as evidence of academic motivation and maturity.

Applicants with a state-issued high school equivalency diploma must present a score that demonstrates "college-ready" standards. Comparable state high school

equivalencies will also be evaluated. Applicants who have been out of high school for more than two years, and who do not meet the minimum requirements listed for first-time undergraduate students, may speak individually with an admission counselor to demonstrate intention through such factors such as job responsibilities, military service, and other experience.

The campus may, at its discretion, admit a student through faculty sponsorship.

First Year Beginners

Academic success at the college level depends upon a range of factors in addition to academic preparation, including verbal, writing, quantitative, and reasoning abilities; academic motivation, work, persistence; and academic maturity. IU Southeast uses a student's performance in high school course work as a primary indicator of abilities, motivation, persistence, and maturity. In addition, current high school seniors and recent graduates must submit scores from a nationally standardized college admissions examination (SAT or ACT). Test scores may be used as indicators of likely success at IU Southeast when taken in combination with high school preparation and performance. IU Southeast has adopted standards for academic preparation to ensure that its degree-seeking undergraduate students have a background that makes it reasonably likely that they will succeed in college-level work.

All persons applying for admission to undergraduate programs must, before they matriculate, graduate from high school, earn a GED (or state high school equivalency), or graduate from a home school. Students who are recent graduates from an Indiana high school must have completed the Core 40 requirements. Completion of an Academic Honors Diploma is strongly encouraged for college-bound students.

Students who are recent graduates of high schools outside Indiana, or whose secondary school does not offer the Core 40 diploma, must have completed at least twenty eight (28) credits of college-preparatory courses, advanced placement courses, and/or college courses. (Note: The word "credit" means a one-semester course, such as a one-semester course in high school, a three credit hour college semester course, or a four credit hour college quarter course.)

In the case of high school seniors, admission decisions will be based on completed course work and performance and on anticipated course work still required for graduation.

Applicants who are recent graduates from an Indiana high school and who completed Core 40 with at least a B (3.0 on a 4.0 scale) average, or who have completed an Academic Honors Diploma, and who have submitted SAT or ACT scores, will be admitted. Such applicants who have a C+ (2.5 on a 4.0 scale) average in their course work, and an SAT score of 950 or an ACT score of 20 will be admitted.

Applicants who are recent graduates of high schools outside Indiana or did not complete the Core 40 diploma (prior to 2011) must have completed at least twenty eight (28) credits of college-preparatory courses, advanced placement courses, and/or college courses. Such applicants who have a B (3.0 on a 4.0 scale) average in

their course work will be admitted. Such applicants who have a C+ (2.5 on a 4.0 scale) average in their course work, and an SAT score of 950 or ACT score of 20 will be admitted.

Conditional admission may be offered to students who are not eligible for full admission. Typical qualifications for conditional admission for Indiana students graduating in 2011 or after consist of a Core 40 (or 28 college preparatory high school courses for non-Indiana residents) and one of the following criteria: at least a 2.3 GPA or at least a combined score of 900 on the math and critical reading portions of the SAT or 19 on the ACT.

Home-schooled students must provide an official transcript with the home school educator's signature and SAT or ACT scores. The admission decision will be based on the high school course work and a test score that is indicative of likely success at IU Southeast.

Note: For the purposes of this policy, a recent graduate is defined as someone whose high school graduation date is within two years of his or her expected date of matriculation at IU Southeast. Essays, extracurricular activities, recommendation letters, community service, and work experience may also be considered as evidence of academic motivation and maturity.

Applicants with a General Education Development (GED) diploma must present a GED score of at least 500 (50 on the former scale). Comparable state high school equivalencies will also be evaluated. Applicants who have been out of high school for more than two years, and who do not meet the minimum requirements listed for first-time undergraduate students, may speak individually with an admission counselor to demonstrate intention through such factors such as job responsibilities, military service, and other experience.

The campus may, at its discretion, admit a student on a conditional basis and/or through faculty sponsorship.

International Students

All non-United States citizens or permanent residents who are interested in studying at Indiana University Southeast are required to submit the International Application for Admission. This application, along with the appropriate educational and financial records, will be evaluated and processed in accordance with SEVP guidelines.

Returning Students

Students who have been enrolled at Indiana University Southeast over one year ago and wish to return must complete a new application for admission. Those students who had below a 2.0 from their previous Indiana University Southeast coursework will be evaluated by the school in which they wish to enroll. Returning students who have attended another college or university since their last enrollment must follow the transfer student guidelines.

Transfer Students

Applicants who have previously attended one or more community colleges, colleges, and/or universities must satisfy the following requirements:

Applicants must submit official transcripts from all institutions previously attended. Applicants must demonstrate a cumulative college grade point average of at least 2.0 on a 4.0 point scale and must be eligible to

return to their previous college. Students who have been academically dismissed will not be eligible for admission to Indiana University Southeast based on the terms of their dismissal or suspension from their previous institution.

To be considered a transfer student, students must have earned at least 12 college level credit hours from an approved institution of higher education. The student who has earned fewer than 26 college credit hours must comply with entering student admission requirements as specified in the section titled First-Year Beginners.

For applicants who have not attended a community college, college, or university within the past three years, admission can be based on factors such as maturity, work experience, and military service as determined by the Office of Admissions.

Some IU Southeast schools and academic programs may have higher standards and specific requirements for admission to a particular program, in addition to those mentioned here.

The campus may, at its discretion, admit a student on a conditional basis and/or through faculty sponsorship. For the latest transfer information, visit www.ius.edu/transfer.

Visiting Students

Students who are seeking degrees at institutions other than Indiana University and who are in good academic standing may be admitted for one semester to non-degree status at IU Southeast. Also, students holding bachelor's degrees who wish to enroll for either undergraduate or graduate courses but are not in pursuit of degrees are classified as non-degree students. Students applying for non-degree status are required to submit the application, application fee, and official transcripts.

Auditing Only Students

Some students may wish to enroll in a course without working for or expecting to receive formal credit. They may enroll as special audit students. New students must be eligible for admission. The application for admission, the application fee, and appropriate academic credentials are required. Students previously enrolled or concurrently enrolled in credit courses may enroll as auditors by informing registration personnel during the registration period or before the first class meeting. Changes from audit to credit status are prohibited after the second week of classes (first week of classes in summer sessions), unless approved by the Executive Vice Chancellor for Academic Affairs. Fees for audit courses are the same as for credit courses. Courses completed as audits will be entered on the student's transcript with an "NC" notation for "no credit" in place of a grade. The NC notation recorded for an audited course may not be changed subsequently to a regular grade for credit.

High School Students

Superior students currently attending local high schools may be granted permission to enroll for certain predetermined classes at IU Southeast. Students must have completed their junior year of high school, and Indiana students must be on track for either an Academic Honors or Core 40 diploma. Kentucky students must be on track to have at least 28 college preparatory high school courses. Official high school transcripts, ACT or SAT scores, and a letter of recommendation from the high

school guidance counselors, including the course in which the students intends to enroll, are required.

Intercampus and Intra-university Transfers

Students who have been regularly admitted to Indiana University, who have attended one campus or who are in one degree-granting school or division, and who have maintained the required grade point average (usually 2.0) may usually transfer to another IU campus or another degree-granting school or division by complying with established procedures and deadlines. The appropriate academic dean should be consulted for further information.

Applicants for transfer to IU Southeast from another campus of Indiana University must have an Indiana University cumulative grade point average of at least 2.0 and should have satisfied the course requirements through either high school or in their prior college studies. Applicants must take care of any academic, financial, or disciplinary holds prior to transferring to IU Southeast.

Some IU Southeast schools and academic programs may have higher standards and specific requirements for admission to a particular program, in addition to those mentioned here.

The campus may, at its discretion, admit a student on a conditional basis and/or through faculty sponsorship.

See also "Transfer to Other Indiana University Campuses" in the "Policies" section.

Advanced Placement and Dual Credit

Advanced Placement

IU Southeast awards credit at no charge for appropriate grades on the College Board AP exams administered by participating high schools. AP score reports are received in June, and a notice is sent in July of any special credit awarded. A full list of the AP courses and the scores required for college credit is available on the Student Success Center web site.

Advanced Credit

In some instances, a student receiving advanced placement may also receive credit that may be used to satisfy graduation requirements. The standards of performance for advanced credit are higher than for advanced placement. Departmental criteria for both advanced placement and advanced credit are set by the IU Southeast faculty of the appropriate department. Standards aren't necessarily similar to standards on other IU campuses.

Students may use the Scholastic Aptitude Test (SAT), the Advanced Placement Program, the College Placement Program, the College Level Examination Program (CLEP), other national tests, and/or instruments devised by IU Southeast faculty to demonstrate that they meet the standards for advanced placement and/or advanced credit.

Usually, advanced placement and advanced credit are of greatest value to new students, but other students should consult the department involved because they also may benefit from the availability of these programs. The number of advanced credit hours that will be allowed

toward graduation is determined by the school or division awarding the degree.

Dual Credit

Students currently attending local high schools may be granted permission to enroll for certain predetermined classes at IU Southeast. Students must have completed their junior year of high school, and be on track to meet admission standards for first-year students. Official high school transcripts and a letter of recommendation from the high school guidance counselors, including the course in which the students intend to enroll, are required. Prerequisites and other academic policies apply.

Credit Transfer Policy for Bachelor's Degrees

The Office of Admission, in conjunction with faculty, evaluates courses submitted for transfer credit according to several factors. These include the previous school's accreditation, the content, level, and age of the course, and whether the credits are appropriate to an Indiana University Southeast degree program. Only courses in which a grade of C or higher is earned will transfer. Transfer credit may count toward meeting the requirements for a degree, but it will not count toward the IU Southeast grade point average. The Office of Admission makes an initial determination regarding the transferability and equivalency of courses submitted for transfer. Individual schools and departments at Indiana University Southeast determine how transferred credits will apply toward degree requirements.

Candidates for a bachelor's degree must earn at least 26 additional credit hours in residence to graduate with an Indiana University degree.

Course equivalencies are maintained in transfer guides, program articulations, historical data, Indiana's Core Transfer Library and u.select. IU Southeast also works to ensure students are made aware of how their credits will transfer by advising students at the community college level or pre-transfer level on a regular basis.

Veterans may earn college credit for educational experiences in the armed services. All military coursework should come to IU Southeast through a Joint Services Transcript (JST). This is all that is needed for transfer credit to be reviewed. You can locate the JST information here: [Joint Services Transcript](#).

Credits earned while in high school (dual credit) will be evaluated in the same manner as transfer credit. Students are required to disclose that they have taken such courses on their application and are required to submit official transcripts of all work to the admissions office.

Transfer Single Articulation Pathway (TSAP)

In 2013 the Indiana legislature enacted Senate Enrolled Act 182, which among other things, set the mandate that each state-supported public educational institution, in collaboration with the Indiana Commission for Higher Education, work together to create and implement a single articulation pathway. These pathways, branded TSAPs across all of Indiana, are a formal partnership between the state's public 2-year and 4-year colleges and universities to give Indiana students opportunity to achieve a Bachelor's degree in the most time and

cost efficient manner possible. The TSAP agreements provide guarantees to students graduating from Ivy Tech Community College or Vincennes University with their associate's degrees; that they can complete their bachelor's degree in the same discipline within 60 additional credits or 4 semesters of fulltime, successful enrollment.

Per the statute, the degree programs prioritized for TSAP development must be those in which significant numbers of students first obtain an associate of science or an associate of arts degree with the intent of obtaining a related baccalaureate degree. For more information regarding qualifying programs visit the Office of Admissions TSAP website.

Criminal Activity Disclosure

Indiana University Southeast is committed to maintaining a safe environment for all members of the university community. As part of this commitment, the university requires applicants to disclose certain types of criminal activity as part of the application process. A previous conviction or previous conduct does not automatically bar admission to the university, but does require review. Withholding pertinent information or giving false information may make an applicant ineligible for admission, subject to cancellation of admission if admission has already been granted, or dismissal if already enrolled. For more information, please contact the Office of Admission.

Student Central

Mailing Address:
Indiana University Southeast
Student Central UC 103
4201 Grant Line Road
New Albany, IN 47150

Campus Location: University Center South, Room 103

Phone: (812) 941-2100

Email: sesc@ius.edu

Hours of Operation:
8 a.m. to 5 p.m. Monday through Friday.

Past Due Accounts

Please visit the Student Central website for specific due dates.

Holds will be placed on past due accounts that can prevent the following:

- Registering for classes
- Obtaining a diploma

To resolve a past due account, payment in full must be made with guaranteed funds (cash, credit card, money order, cashier's check, etc.). When an account continues to be past due, IU Southeast will forward the account to a third-party collection agency.

Payment Options

Payments may be made online with credit cards, debit cards, or electronic check. Payments can be made in person with check or cash.

- **Payment Plans** - IU partners with Nelnet Campus Commerce to let you pay your balance over time with a payment plan. This option allows you to pay off your account in up to four payments over the term, depending on when you enroll in the payment plan. Please consult the Student Central website for more information.
- **Sponsors** -
 - **Voucher** - Students can upload a voucher from their employer. IU Southeast will bill the employer for the tuition and fees. Any fees not covered by the employer are the responsibility of the student to pay.
 - **Employer Deferment** - Students that work for an employer that pays tuition and fees after grades are due may opt for an Employer Deferment. There is a deferment fee assessed. All tuition and fees covered by the employer are deferred until 2 weeks after grades are due. Request employer deferment online.
- **Credit Cards** - We accept Discover, MasterCard, Visa, and American Express. Any credit on an account paid by credit card must be credited back to the credit card account first.

Please visit the Student Central website for the most recent information on payment options.

Reciprocity between Indiana and Kentucky

A tuition reciprocity agreement between Indiana and Kentucky permits eligible residents of Bullitt, Henry, Jefferson, Meade, Oldham, Shelby, Spencer, and Trimble counties in Kentucky to enroll at IU Southeast at resident tuition rates. The [Indiana-Kentucky Reciprocity Agreement](#), current version in effect until June 2025, defines the rules for determining residency status for residents of qualifying Kentucky counties. Generally students must present proof they are "legal residents" of a qualifying county to gain the reciprocity benefit.

Refunds

Whenever an insufficient number of students register for a course, the university reserves the right to cancel the course and refund all fees.

You could be eligible for a refund if:

- You withdraw from a course or courses during the first four weeks of the fall and/or spring semesters,
- You withdraw from a course or courses during the first two weeks of a summer session; **AND**

- You withdraw through e-drop or during the specified period

Please consult the Student Central website to determine the current refund schedule.

Refunds-Fee Appeals

Students have the right to submit an appeal of the fee refund policy if there are significant or unusual circumstances that cause them to drop courses or withdraw from all courses after the refund period has ended.

- Appeals must be received within one year after the end of the term for which a refund is being requested.
- Students must be withdrawn from the class or classes being appealed.
- Students must attach documentation supporting their request. Your appeal will NOT be considered without the required documentation.

This process can take up to 2-4 weeks for the committee to meet and render a decision. Please see Student Central in University Center South, Room 103 or email them at sesc@ius.edu for the fee appeal link.

Rules Determining Resident and Nonresident Student Status

These Rules establish the policy under which students shall be classified as residents or nonresidents upon all campuses of Indiana University for University fee purposes. Nonresident students shall pay a nonresident fee in excess of fees paid by a resident student. A non-U.S. citizen will not be considered for residence classification under this policy unless the Office of U.S. Citizenship and Immigration Services (USCIS) has granted the individual either lawful permanent resident status or an immigration status that would permit the non-U.S. citizen to establish a domicile in Indiana.

1. "Residence" as the term, or any of its variations (e.g., "resided"), as used in the context of these Rules, means the place where an individual has his or her permanent home, at which he or she remains when not called elsewhere for labor, studies, or other special or temporary purposes, and to which he or she returns in seasons of repose. It is the place a person has voluntarily fixed as a permanent habitation for himself or herself with an intent to remain in such place for an indefinite period. A person at any one time has but one residence, and a residence cannot be lost until another is gained.

a. A person entering the state from another state or country does not at that time acquire residence for the purpose of these Rules, but except as provided in Rule 2(c), such person must be a resident for 12 months in order to qualify as a resident student for fee purposes.

b. Physical presence in Indiana for the predominant purpose of attending a college, university, or other institution of higher education, shall not be counted in determining the 12-month period of residence; nor shall absence from Indiana for such purpose deprive a person of resident student status.

2. A person shall be classified as a "resident student" if he or she has continuously resided in Indiana for at

least 12 consecutive months immediately preceding the first scheduled day of classes of the term in which the individual registers in the University, subject to the exception in (c) below.

a. The residence of an unemancipated person under 21 years of age who is lawfully present in the United States follows that of the parents or of a legal guardian who has actual custody of such person or administers the property of such person. In the case of divorce or separation, if either parent meets the residence requirements, such person will be considered a resident. (*see note 1*)

b. If an unemancipated person under 21 years of age who is lawfully present in the United States comes from another state or country for the predominant purpose of attending the University, he or she shall not be admitted to resident student status upon the basis of the residence of a guardian in fact, except upon appeal to the Standing Committee on Residence in each case.

c. An unemancipated person under 21 years of age who is lawfully present in the United States may be classified as a resident student without meeting the 12-month residence requirement within Indiana if his or her presence in Indiana results from the establishment by his or her parents of their residence within the state and if he or she proves that the move was predominantly for reasons other than to enable such person to become entitled to the status of "resident student."

d. When it shall appear that the parents of a person properly classified as a "resident student" under subparagraph (c) above have removed their residence from Indiana, such person shall then be reclassified to the status of nonresident; provided, that no such reclassification shall be effective until the beginning of a term next following such removal.

e. A person once properly classified as a resident student shall be deemed to remain a resident student so long as lawfully residing in the United States and remaining continuously enrolled in the university until such person's degree shall have been earned, subject to the provisions of subparagraph (d) above. (*see note 2*)

3. The foreign citizenship of a person shall not be a factor in determining resident student status if such person has legal capacity to remain permanently in the United States. (*see note 2*)

4. A person classified as a nonresident student may show that he or she is exempt from paying the nonresident fee by clear and convincing evidence that he or she has been a resident (*see Rule 1 above*) of Indiana for the 12 months without the predominant purpose of education prior to the first scheduled day of classes of the term in which his or her fee status is to be changed. Such a student will be allowed to present his or her evidence only after the expiration of 12 months from the residence qualifying date, i.e., the date upon which the student commenced the 12-month period for residence. The following factors will be considered relevant in evaluating a requested change in a student's nonresident status and in evaluating whether his or her physical presence in Indiana is for the predominant purpose of attending a college, university, or other institution of higher education. The existence of one or more of these factors will not require a finding of resident student status, nor shall the non-existence of one

or more require a finding of nonresident student status. All factors will be considered in combination, and ordinarily resident student status will not result from the doing of acts which are required or routinely done by sojourners in the state or which are merely auxiliary to the fulfillment of educational purposes.

a. The residence of a student's parents or guardians.

b. The situs of the source of the student's income.

c. To whom a student pays his or her taxes, including property taxes.

d. The state in which a student's automobile is registered.

e. The state issuing the student's driver's license.

f. Where the student is registered to vote.

g. The marriage of the student to a resident of Indiana.

h. Ownership of property in Indiana and outside of Indiana.

i. The residence claimed by the student on loan applications, federal income tax returns, and other documents.

j. The place of the student's summer employment, attendance at summer school, or vacation.

k. The student's future plans including committed place of future employment or future studies.

l. Admission to a licensed profession in Indiana.

m. Membership in civic, community, and other organizations in Indiana or elsewhere.

n. All present and intended future connections or contacts outside of Indiana.

o. The facts and documents pertaining to the person's past and existing status as a student.

p. Parents' tax returns and other information, particularly when emancipation is claimed.

5. The fact that a person pays taxes and votes in the state does not in itself establish residence, but will be considered as hereinbefore set forth.

6. The registrar or the person fulfilling those duties on each campus shall classify each student as resident or nonresident and may require proof of all relevant facts. The burden of proof is upon the student making a claim to a resident student status.

7. A Standing Committee on Residence shall be appointed by the president of the university and shall include two students from among such as may be nominated by the student body presidents of one or more of the campuses of the university. If fewer than four are nominated, the president may appoint from among students not nominated.

8. A student who is not satisfied by the determination of the registrar has the right to lodge a written appeal with the Standing Committee on Residence within 30 days of receipt of written notice of the registrar's determination, which committee shall review the appeal in a fair manner and shall afford to the student a personal hearing upon written request. A student may be represented by counsel at such hearing. The committee shall report its

determination to the student in writing. If no appeal is taken within the time provided herein, the decision of the registrar shall be final and binding.

9. The Standing Committee on Residence is authorized to classify a student as a resident student, though not meeting the specific requirements herein set forth, if such student's situation presents unusual circumstances and the individual classification is within the general scope of these Rules. The decision of the committee shall be final and shall be deemed equivalent to a decision of the Trustees of Indiana University.

10. A student or prospective student who shall knowingly provide false information or shall refuse to provide or shall conceal information for the purpose of improperly achieving resident student status shall be subject to the full range of penalties, including expulsion, provided for by the university, as well as to such other punishment which may be provided for by law.

11. If a student does not pay additional monies which may be due because of his or her classification as a nonresident student, his/her student financial account will be encumbered. A student whose account is encumbered may be denied certain University services, such as registration and transcripts.

12. A student or prospective student who fails to request resident student status within a particular term and to pursue a timely appeal (see rule 8) to the Standing Committee on Residence shall be deemed to have waived any alleged overpayment of fees for that term.

13. If any provision of these rules or the application thereof to any person or circumstance is held invalid, the invalidity does not affect other provisions or applications of these rules which can be given effect without the invalid provision or application, and to this end the provisions of these rules are severable.

Notes

1 Invocation of the provision in Rule 2(a) that applies to cases of divorce or separation requires appropriate legal documentation.

2 NOTE: Effective Fall 2007, students with immigration statuses which permit the establishment of a domicile in the United States may be eligible to pay resident fees, providing that all other conditions are met. Current eligible classifications are: A-1, A-2, A-3, E-1, E-2, E-3, G-1, G-2, G-3, G-4, H-1B, H-4, I, L-1, L-2, O-1, O-3, V-1, V-2, and V-

3. Continuing eligibility to remain classified as a resident student for fee-paying purpose depends upon the continued maintenance of eligible immigration status. Contact the Student Central for more information.

Tuition and Fees

Estimated Costs

Please visit the Student Central website for current estimated cost of attendance, including tuition, mandatory fees, and parking. Estimated costs for books, housing, supplies, and other personal items are not included. Tuition and fees can be estimated using an online fee estimate.

Schedule

The Trustees of Indiana University determine the tuition and fee schedule and is subject to change.

- Please visit the Student Central website to determine current fees.
- Tuition and fee due dates are posted on the Student Central website each semester.
- All new students are charged a nonrefundable application fee and new student enrollment fee.
- To learn more about housing costs and payment deadlines, see the Residence Life and Housing website.

Note: Indiana University policy is that tuition and fees are assessed based on the student's classification as a graduate or undergraduate student, not on the basis of the level of the course(s) the student is taking.

Orientation

Orientation is dedicated to helping all new students feel welcomed and connected to their new environment at Indiana University Southeast. We want students to understand academic expectations and to seek support and resources from the campus community. Through participation in our events and programs, first-time or transfer students will be provided all tools necessary to have a successful transition to the intellectual, cultural, and social climate at IU Southeast. Campus tours, an introduction to academic majors, out-of-classroom involvement opportunities, support services, and campus resources are included in orientation. It also offers new students the chance to connect with faculty, staff, and other new and returning students. Family members are invited and encouraged to participate in orientation, since their support is crucial to the success of students entering IU Southeast.

Housing

Meadow Lodge 103
Phone: (812) 941-2115
www.ius.edu/housing/

The Office of Residence Life and Housing creates living-learning environments committed to holistic student development, academic success, and civic engagement. The department strives to provide safe, well-maintained, housing facilities that engage students in meaningful discourse and interaction while providing opportunities for personal growth and service to the community.

On-campus housing is provided through the Office of Residence Life and Housing. Approximately 400 students live on campus at IU Southeast in five lodges. Each lodge features full apartments with semi-private bathrooms, full kitchens, and common living spaces. Each lodge also features a central great room, a computer lab, free laundry facilities, mail delivery, high-tech security access, and quiet study spaces. Students live in one, two, or four-bedroom apartments. Some bedrooms are double-occupancy while others are single occupancy. Housing fees include all utilities and high-speed Internet and wireless access.

Acceptance to the university does not guarantee housing to any student. Students and prospective students who want to live on campus should apply as early as possible to ensure the best possible consideration for housing. Assignments are made in the order in which applications

and deposits are received. Students who currently live on campus are assigned first, followed by new students. Short-term housing is available to visiting students and conference guests during the summer months at competitive rates.

More information about living on campus, including the Residence Hall Application and Contract and housing rates, may be found at the Housing website.

Graduate Students

A student planning to complete one of the master's degrees offered by Indiana University Southeast must apply for and be accepted into the desired graduate program. Information can be secured at the appropriate office. Other students wishing to register for graduate courses at Indiana University Southeast must have their admission cleared in advance with the dean of the school in which they may wish to earn their degree. If students register for graduate credit without the approval of their school, they do so without the assurance that credit for such work may be applied toward fulfilling requirements for an advanced degree. Note that it is Indiana University policy to assess graduate fees for all courses in which a graduate student enrolls, regardless of the level of the course.

Post-baccalaureate Certificate

Working professionals have an opportunity to pursue life-long learning opportunities through the post-baccalaureate certificate program. The program is designed for professionals with business degrees employed outside their academic major and professionals with degrees in arts and sciences. Certificates are available in accounting, economics, finance, general business, supply chain and information management, management, and marketing.

Second Undergraduate Degree

Normally, the holder of a bachelor's degree who wishes to pursue a further educational goal should seek entry into a graduate program. In certain cases, however, the Director of Recruitment and Admissions may admit a bachelor's degree holder to candidacy for a second bachelor's degree. When such admission is granted, the candidate must meet the requirements of the school or division and of the department in which the student is a candidate. Candidates for a second bachelor's degree must earn at least 26 additional credit hours in residence. The student must apply for undergraduate admission and meet all requirements as stated under the section entitled "Transfer Applicants."

Undergraduate Studies

Academic Programs – General Information

Indiana University Southeast has seven undergraduate degree-granting academic units: School of Arts and Letters; School of Business; School of Education; School of Natural Sciences; School of Nursing; School of Social Sciences; and General Studies. In addition, IU Southeast has an Honors Program for highly motivated students.

Within the undergraduate schools are the academic departments, offering major and minor programs. The "List of Academic Degrees" section of this bulletin provides a list of degrees and majors offered at IU Southeast. Descriptions appear elsewhere in the Bulletin.

Purpose and Philosophy

The purpose of an IU Southeast undergraduate education is to prepare students to act as thoughtful, informed, and productive citizens and lifelong learners in the context of a complex and rapidly changing society. We believe that the best education is one that provides not only specific knowledge and skills but also intellectual breadth. Such an education enables students to develop into well-rounded human beings who can provide the leadership their communities need in an era of rapid change. We embrace the notion of a set of common goals for an undergraduate education at IU Southeast and recognize that the means of attaining those goals will vary among degree programs. The coherence of an IU Southeast education lies more in the pursuit of common goals than in the completion of common courses. The pursuit of these goals is a shared responsibility of faculty and students. Courses in the major contribute to general education and those in general education contribute to the major. Thus all faculty members foster both the breadth and the depth of the education of all students in their courses.

Common Goals

These are primarily the goals of general education.

1. To develop essential skills, including:

- Written and oral communication skills
- Quantitative reasoning
- Reasoning about moral and ethical questions and diversity
- Critical Thinking
- Information literacy

2. To understand humanity and the world through the central ideas, issues, and methods of inquiry found in the arts and humanities, the natural and physical sciences, and the social and behavioral sciences.

These are primarily the goals of the major:

1. To acquire a depth of knowledge in a specified area of study.
2. Within the context of a specified area of study, to reason, to think both critically and creatively, and to solve problems.

The faculty have approved specific learning outcomes for each of the general education goals. These outcomes can be found at <https://www.ius.edu/general-education/>.

General Requirements for Undergraduate Degrees

- Bulletin Year and Student Degree Requirements
- First-Year Seminars
- Declaring a Major(s)
- Minors & Certificates
- General Education Core for All IU Southeast Baccalaureate Degrees
- General Education List of Courses
- Specific Limitations for All Undergraduate Degrees

Bulletin Year and Student Degree Requirements

This *Bulletin* states the general degree and major requirements for students who enter the university beginning in the fall semester of 2023 through the summer terms of 2024. Students can expect to follow degree and major requirements as stated in the *Bulletin* that is current at the time of his or her admission to the University. However, should a student change degrees and/or majors during his or her time at Indiana University Southeast, the student will follow the requirements in the *Bulletin* which is current at the time of the change. Students should note that the requirements for degree programs that lead to professional certification may change to stay current with certification requirements. Every effort is made to notify students of such changes.

Students who leave the university for two consecutive academic semesters or more (not including summer semesters) are expected to meet the degree and major requirements that are in effect when they resume their studies.

First-Year Seminars

First Year Seminar (FYS) is a one credit course required of all first year students. This course is designed to maximize students' success in transitioning to college. Course content includes: academic and student resources, study habit techniques, time management skills, educational planning, and adjustment concerns. There are two types of FYS courses. The first type is taken in tandem with a general education course that a first year student typically takes, making it a 4 credit hour class. Students choosing this option should take the FYS course in conjunction with a major-specific area course or an area of interest. The second type is a stand-alone FYS course which is a one credit hour class that is offered during the first 7 weeks of the semester. It is best to take the FYS course during your first college semester at IU Southeast.

Since Fall 2002, All degree-seeking students entering IU Southeast who are new college students or who have fewer than 30 semester hours of transfer credit must pass one First-Year Seminar course. Students who are required to take a First-Year Seminar and do not pass one before reaching sophomore status (30 semester hours) will not be able to register or receive certified records without special authorization from the First-Year Seminar director.

Questions should be addressed to Dr. Donna Dahlgren, director, Crestview 032; phone (812) 941-2682; email ddahlgr@ius.edu

Declaring a Major

All degree-seeking students must declare a major. It is highly recommended that a major be declared within the first 30 credit hours of course work, if one is not chosen prior to entering the University. Students may declare their major online at <https://gus.ius.edu/mymajor/> or by contacting an Academic Advisor for the school in which their intended major resides.

Double Degree

Students may simultaneously earn two different degrees (e.g., B.A. and B.S. or B.S. and B.S.). Such a double degree can be obtained by completing all requirements for

each of the two degrees. Students must have a declared major for each degree and must have an advisor for each degree.

Minors

Students completing an IU Southeast degree may concurrently complete a minor in an academic discipline or an interdisciplinary field. A minor is a second field of study taken along with a major that may widen the primary area of interest or increase career opportunities. Taking a minor is optional. Requirements for specific minors are described in each school's academic section of this Bulletin.

Minors typically require between 15 and 29 credit hours and permit students to enrich and diversify their academic programs. Students declare their minors to the school office of their major, or may use the Update My Major online tool to declare. The minor(s) will be indicated on student's transcript upon conferral of the bachelor's degree, but do not appear on the student's diploma.

Minors may only be attached to Bachelor's degrees. Additional minors cannot be added once a Bachelor's degree is conferred. Interested students should keep these restrictions in mind:

- A student may not earn a major and a minor in the same discipline.
- Students must obtain a minimum cumulative program grade point average of 2.0 across all courses required in a minor. Some departments may have additional GPA requirements. Consult your academic advisor for more information.
- Generally, students must achieve a minimum grade of C- to have a course count towards their minor. Some departments may have additional grade requirements. Exceptions may be made by the faculty of the discipline offering the minor. Consult your academic advisor for more information.

Certificates

IU Southeast offers several certificates which typically require between 18 and 29 credit hours. Some certificates can be completed as stand alone, while others must be completed in the context of pursuing a Bachelor's degree.

Students wishing to pursue a certificate should declare the certificate to the unit from which it is offered, or may use the online Update My Major tool to declare. Requirements for specific certificates are described in each schools' academic section of this Bulletin. Interested students should keep these restrictions in mind:

- Students must obtain a minimum program grade point average of 2.0 across all courses included in a certificate. Some departments may have additional GPA requirements. Consult your academic advisor for more information.
- Generally, students must achieve a minimum grade of C- to have a course count towards their certificate. Some departments may have additional grade requirements. Exceptions may be made by the faculty of the discipline offering the certificate. Consult your academic advisor for more information.
- Residency Requirement: Students must complete 50% of the required credit hours for a certificate in residence at IU Southeast. Some departments may

have additional residency requirements. Consult your academic advisor for more information.

- Minors may not attach to Certificates, only Bachelor's degrees.

Students should also be aware that minors and certificates will not certify education graduates to teach in the subject area.

Students should consider pursuing minors or certificates that will be complimentary to their respective major programs, and offers a credential that will enhance their career preparation.

General Education Core for All IU Southeast Baccalaureate Degrees

In 2012, Indiana enacted Senate Enrolled Act 182, thereby establishing the requirements for a Statewide Transfer General Education Core of at least 30 credit hours. The statute states that the Core must be based upon a set of competencies (stated below) in areas agreed upon by the state educational institutions.

Effective Fall 2013, IU Southeast instituted the updated Statewide Transfer General Education Core for all incoming students. General education at IU Southeast includes campus-wide requirements, which apply to all baccalaureate degrees, and requirements that are specific to each degree. Some degrees have extensive general education requirements of their own, whereas others have relatively few requirements beyond those established by the campus.

The purpose of this section is to describe the campus-wide general education program and its requirements. Requirements that are specific to each degree are set out in the section that describes that degree.

In many cases, a requirement states that students must choose courses from a list of approved courses. Students should consult their advisors or visit <https://www.ius.edu/general-education/> for the most up-to-date list of approved courses.

1. Written Communication (6 credit hours)

Students are required to take ENG-W 131 (Reading, Writing, & Inquiry I) or HON-H 103, and one second level course, selected on the basis of their major, from the list of approved courses. Students should consult with their advisor to determine which second course is appropriate for their intended major.

- **Placement in English Composition** In order to enter ENG-W 131, a student must first complete the Writing Placement process administered by the Student Development Center. On the basis of the results, the student will be placed in the appropriate writing course. The placement process is administered throughout the year and by appointment. Students must pass ENG-W 131 with a grade of C or higher.
- **Exemption** Students who desire an exemption with or without credit from ENG-W 131 should consult the Writing Program Coordinators. All requests for exemption and credit for this course should be made within the student's first 30 credit hours of course work at Indiana University Southeast.

2. Oral Communication (3 credit hours)

Students are required to complete one course from the list of approved courses.

3. Quantitative Reasoning (3 credit hours)

Students are required to complete one course from the list of approved courses.

Note: Degree programs vary significantly in the level of mathematical preparation they require for successful completion. Students should take this into consideration when choosing courses to meet this requirement.

- **Placement** In order to enter a mathematics course, a student must first take a placement test, administered by the Student Development Center. On the basis of this score, the student will be placed in a course that best matches his or her knowledge of mathematics. The test is given throughout the year and by appointment.
- **Exemption** A student may achieve exemption from the mathematics requirement by earning a sufficiently high score, as determined by the mathematics faculty, on the ACT or Scholastic Achievement Test (SAT), or by testing out of the appropriate class. For more information, see the dean of natural sciences.

4. Information Literacy Library Instruction (1 credit hour)

Students are required to take COAS-S 104, First-Year Seminar.

5. Central Ideas, Issues, and Methods of Inquiry (11 total credit hours)

- Students are required to take one course in either the Humanities or the Arts from the list of approved courses in those disciplines (3 credits).
- Students are required to take one course, with a lab component, from the list of approved courses in the Natural and Physical Sciences. In some instances, a student may use separate lecture and lab classes to meet this requirement; consult your advisor for more information (5 credits).
- Students are required to take one course from the list of approved courses in the Social and Behavioral Sciences (3 credits).

6. Additional Arts, Humanities, Social/Behavioral Science requirement (3 credit hours)

Students are required to complete one course from the list of approved courses. The course chosen cannot be from the same discipline as any of the courses chosen in item 5 (above).

7. Reasoning about Moral and Ethical Issues or Diversity (3 credit hours)

Students are required to complete one course from the list of approved courses.

General Education List of Courses

The following describes the general education requirements for all IU Southeast baccalaureate degrees for students who enter the university in the Fall 2013 semester and after. Students who entered the university prior to Fall 2013 have the option to use the requirements below with the approval of their academic advisor. Care

should be taken to document approval for students who change to the new requirements.

*Note: Courses may appear under more than one General Education Requirement, but these courses can only be used to satisfy one General Education Core requirement.

- **Information Literacy Library Instruction (Choose one course)**
 - COAS-S 104 First Year Seminar (for new students)
 - COAS-S 154 Pathways (for students exempt from First Year Seminar)
 - HON-H 215 Introduction to Honors Research (for Honors students exempt from First Year Seminar)
- **Written Communications I (Choose one courses, grade of C or better required)**
 - ENG-W 131 Reading, Writing, and Inquiry I
 - HON-H 103 Honors Seminar: Common Intellectual Experience I
- **Written Communication II (Choose one course)**
 - EDUC-H 205 Introduction to Educational Thought
 - ENG-W 231 Professional Writing Skills
 - ENG-W 234 Technical Report Writing
 - ENG-W 250 Writing in Context
 - ENG-W 270 Argumentative Writing
 - ENG-W 290 Writing in the Arts & Sciences

- SOC-S 163 Social Problems

General Education Additional Requirement

Students must choose an additional course from either Arts/Humanities or Social & Behavioral Sciences. The course chosen cannot be from the same discipline as any of the courses chosen to meet the aforementioned Arts/Humanities or Social & Behavioral Science requirements.

Specific Limitations for All Undergraduate Degrees

- Courses taken on the Pass/Fail option can be applied only as electives in meeting degree requirements.
- No more than 64 credit hours earned in accredited junior colleges may be applied toward a bachelor's degree.
- Course work for a degree must usually be completed within 10 years following the time the student first registers in the university. Students returning for a second undergraduate degree or after an extended absence will usually be governed by the requirements stated in the Bulletin in effect when they re-enroll. Exceptions may be granted by the appropriate school or division dean in consultation with the student's academic advisor.
- Degree candidates must have all course credit hours (except for the credit hours for the current semester) on record at least six weeks before the degree is conferred.
- Students must file their application for a degree in the school or division office at least one month prior to the graduation date. However, for May and August candidates to be included in the Commencement program, degree applications must be filed before March 1.

Bachelor of Science Degree Requirements

- General Rules
- Major Requirements

General Rules

- A minimum of 120 credit hours is required for graduation.
- Students are required to complete a minimum of 30 credit hours in courses at the 300-400 level. Courses used to meet this requirement may be from any department.
- Residency Requirement: Every B.S. degree candidate must complete no fewer than 26 credit hours of course work in the senior year in residence at IU Southeast and no fewer than 10 credit hours of course work in the major field of study at IU Southeast.. Some departments may have specific residency requirements for their majors in addition to this policy.
- The degree candidate must have a minimum cumulative grade point average (GPA) of 2.0 (C).
- A minimum grade of D- counts as passing for the General Education Requirements if the course was

taken at an IU campus (*Note: ENG-W 131 must be completed with a C or higher for all degrees*). Some departments may have higher grade requirements for specific General Education Courses.

- Courses accepted for transfer credit from another accredited institution must have a minimum grade of C (not C-). The Office of Admissions handles the assessment of transfer courses.
- Student development courses such as MATH-M 005, ENG-W 100, and EDUC-X 150 do not count toward the 120 credit hours required for graduation.
- If a student passes the same course more than once, it can count only once toward graduation, unless the Bulletin specifically states that the course may be repeated for credit.

Note: The transcript may not indicate how many credit hours have been earned toward graduation. It gives the "IU GPA credit hours," which may include failed courses and repeated courses. The transcript also indicates "total IU credit hours passed," but this may include student development courses.

Major Requirements

Students must complete requirements for a specific major, which must total no fewer than 25 credit hours. The specific requirements a student must fulfill for the major are those published in the IU Southeast Bulletin current at the time the student declare the major.

Only minimum grades of C- may be counted toward this requirement, although courses with lower passing grades may count toward the 120 credit hour requirement. Note that some programs require minimum grades of C in major courses.

Some courses required for the major may "double dip" with General Education courses, as long as the minimum number of credit hours for the degree is met. When "double dipping" major courses and General Education courses, the minimum grade required is the higher of the two (typically C- or higher).

Bachelor of Arts Degree Requirements

- General Rules
- BA Foreign Language Requirement
- BA Distribution Requirements
- Major Requirements
- Double Major
- Certification to Teach

General Rules

- A minimum of 120 credit hours (at least 130 credit hours if also seeking teacher certification) is required for graduation.
- Students are required to complete a minimum of 30 credit hours in courses at the 300-400 level. Courses used to meet this requirement may be from any department.
- Residency Requirement: Every B.A. degree candidate must complete no fewer than 26 credit hours of course work in the senior year in residence at IU Southeast, and no fewer than 10 credit hours of course work in the major field of study at IU

Southeast. Some departments may have specific residency requirements for their majors in addition to this policy.

- The degree candidate must have a minimum cumulative grade point average (GPA) of 2.0 (C).
- A minimum grade of D- counts as passing for the General Education Requirements & the B.A. Distribution Requirement if the course was taken at an IU campus (*Note: ENG-W 131 must be completed with a C or higher*). Some departments may have higher grade requirements for specific General Education & B.A. Distribution courses.
- Courses accepted for transfer credit from another accredited institution must have a minimum grade of C (not C-). The Office of Admissions handles the assessment of transfer courses.
- Student development courses such as MATH-M 005, ENG-W 100, and EDUC-X 150 do not count toward the 120 credit hours required for graduation.
- If a student passes the same course more than once, it can count only once toward graduation, unless the Bulletin specifically states that the course may be repeated for credit.

Note: The transcript may not indicate how many credit hours have been earned toward graduation. It gives the "IU GPA credit hours," which may include failed courses and repeated courses. The transcript also indicates "total IU credit hours passed," but this may include student development courses.

BA Foreign Language Requirement

All BA degree candidates must satisfactorily complete (D- or higher) four semesters of a foreign language, or they must earn an achievement examination or placement test score sufficient for placement in foreign language classes at the 300 level or above.

First-Level Requirement

The foreign language requirement at the first-year level is successful completion of 6 (six) credit hours in a foreign language or a satisfactory score on the university foreign language placement test. Students may receive credit in the language by earning a satisfactory score on the foreign language placement test. All credit for courses taken in a foreign language will apply toward the degree, and the grades obtained will count in the grade point average. The Pass/Fail option may not be used for foreign language courses except when such courses are taken as free electives.

Second-Level Requirement

A student may fulfill the remaining 6 credit hours of the foreign language requirement for the B.A. degree by satisfactorily completing 6 credit hours of course work or the equivalent at the 200 level in a foreign language.

Second-Level courses must be completed in the same language selected for the First-Level Requirement.

Language Examination Placement Tests

Students who have had previous exposure to a foreign language are required to take a university foreign language placement test before they will be allowed to register for any section of a foreign language course. Placement tests are administered by the Student Development Center, University Center South.

Proficiency Examinations

A student may complete the language requirement by taking a proficiency examination administered by the language department concerned. Such examinations will be given after the student has asked for and has received the consent of the language department.

International Students

An international student may substitute proficiency in his or her native language if that language is offered for instruction at Indiana University. The student may not, however, earn credit for any courses at the first- and second-year level in his or her native language.

Additional General Education Requirement: Distribution Requirements

In addition to the requirements stated in the General Education Core, BA degree candidates must select additional courses as described below. They must obtain a minimum grade of D– in all courses used to fulfill the distribution requirements. There is no limit to the number of hours a student may take in any one discipline. In some rare instances, it is possible to "double dip" BA Distribution courses with some General Education Core courses and major courses. When "double dipping," the minimum grade required is the higher of the two. The additional distribution requirements are as follows:

- **Central Ideas, Issues and Methods of Inquiry in the Natural Sciences** - In addition to the five credit hours required for the campus general education program, choose one additional course for a minimum total of 8 credit hours in the natural sciences. One course must be in the life sciences and one course must be in the physical sciences.
 - **Life Sciences**
 - AHLT-C150 Body Structure & Function
 - ANAT-A215 Basic Human Anatomy

- PHIL-P 240 Business & Morality

Major Requirements

Students must complete requirements for a specific major, which must total no fewer than 25 credit hours. The specific requirements a student must fulfill for the major are those published in the IU Southeast Bulletin current at the time the student declares the major.

Note:

- Only minimum grades of C– may be counted toward this requirement, although courses with lower passing grades may count toward the 120 credit hour requirement. Note that some programs require minimum grades of C in major courses.
- The course taken to satisfy the first-level general education writing requirement may not be applied toward the major.

Some courses required for the major may "double dip" with General Education Core courses and BA Distribution courses, as long as the minimum number of credit hours for the degree is met. When "double dipping," major courses and General Education and/or BA Distribution courses, the minimum grade required is the higher of the two (typically a C- or higher).

Double Major

B.A. candidates may simultaneously earn two different degrees (BA or BS) or one BA with two different majors by completing requirements for each of the two degrees and/or majors. At least 25 credit hours must be taken in each degree and/or major. Students must have a declared major in each discipline and must have an advisor for each degree and/or minor.

Certification to Teach

With careful planning, a student may earn teacher's certification for senior high/junior high/middle school education while working toward a Bachelor of Arts degree. Students interested in such a program of study should consult both an advisor in their major field and an advisor in the School of Education.

Motto: Excellence. Ambition. Camaraderie

- About the Honors Program

- What Advantages Does the Honors Program Offer to Its Students?
- What Are the Requirements for Successful Completion of the Honors Program?
- How Does One Join the Honors Program?

About the Honors Program

The Honors Program **is designed to serve the needs and interests of students who seek a stimulating academic experience and formal recognition for completing a challenging program.** We invite applications from intellectually curious and motivated students eager to supplement their undergraduate experience in the following ways:

- Courses designed to challenge (but not overwhelm) students with subjects and activities from a variety of disciplines
- Social, conference, and service activities to develop academic and personal strengths
- An understanding that Honors students, faculty, and staff are not perfect—but all are willing and eager to challenge and better themselves
- Mentorship from faculty and colleagues to explore a range of topics

Honors courses explore important topics in depth, through a multi-disciplinary approach. The pace of the courses, and the level and quality of work expected of students, requires that participants be self-motivated and that they exercise good time-management skills; however, the small size of each Honors class (fewer than 15 students per section) insures group discussion, interaction with the instructor, and focused guidance and support of each student's academic goals.

In addition to taking Honors classes, members of the Honors Program participate in various co-curricular activities, including group projects, attending cultural events, and participating in the Midwest Honors Association (MEHA) Conference, which occurs each spring semester.

For more information, please contact the Honors Program at iushp@iu.edu. The Honors Program telephone number is (812) 941-2196.

What Advantages Does the Honors Program Offer to Its Students?

In addition to offering intellectual challenges and a sense of community to participants, Indiana University Southeast's Honors Program offers these more concrete incentives and advantages:

1. No additional costs or fees to participate
2. Exclusive consideration for Chancellor's Honors Program Scholarships
3. Priority course registration
4. Individualized guidance to build on existing skills and to address challenges
5. Research, service, and conference presentation opportunities
6. Guidance and support in studying abroad, obtaining internships, and applying to graduate programs

7. The chance to make a positive difference in the educational experience of other IU Southeast students

What Are the Requirements for Successful Completion of the Honors Program?

We welcome students at any stage in their academic career, and students will select and complete one of two available tiers. **Honors Collegian** is designed for students joining the Program within the first year of the undergraduate experience; it provides detailed, personalized guidance on foundational skills which will benefit students throughout their undergraduate careers.

Students completing Honors Collegian (thus earning the University Honors Minor designation) are asked to maintain a cumulative grade point average of at least 3.4, and they will fulfill the following:

University Honors Collegian:

General Requirements:

1. Presentation of Project
2. Development and Maintenance of an Electronic Portfolio
3. Completion of a Service Learning Project
4. Consistent Career Readiness Progress
5. Consistent Participation in Honors Events and Activities

Course Requirements:

1. Successful completion of HON-H 215 Introduction to Honors Research.
2. Successful completion of at least two 300-level electives; ONE must be an HON-H 306 or HON-H 307 course.
 1. HON-H 306: Multidisciplinary Seminar in Humanities and Social Sciences
 2. HON-H 307: Multidisciplinary Seminar
 3. 300 level Contract Course, approved by the Honors Director

University Honors Scholar is designed for students already established in the undergraduate journeys. While individualized guidance is a hallmark of the Honors Program, University Honors Scholar courses require students to have a working knowledge of undergraduate research, writing, and related skills. Students completing the University Honors Scholar are asked to maintain a cumulative grade point average of at least 3.4, and they will fulfill the following:

University Honors Scholar:

General Requirements:

1. Presentation of Project
2. Development and Maintenance of an Electronic Portfolio
3. Completion of a Service Learning Project
4. Consistent Career Readiness Progress
5. Consistent Participation in Honors Events and Activities

Course Requirements:

1. Successful completion of at least two 300-level electives; ONE must be an HON-H 306 or HON-H 307 course.
 1. HON-H 306: Multidisciplinary Seminar in Humanities and Social Sciences
 2. HON-H 307: Multidisciplinary Seminar
 3. 300 level Contract Course, approved by the Honors Director
2. Successful completion of an independently selected Honors project, which may be research-based, creative, or any combination thereof. Students may enroll in HON-H495, an independent study course repeatable for up to 4 credit hours.

Students completing both the Honors Collegian and University Honors Scholar of the Program will earn the **University Honors Fellow** designation, a unique distinction for exceptionally motivated students.

Additional information about Honors requirements may be obtained by contacting the Honors Program at iushp@iu.edu or 812-941-2196. You may also visit the "About the Program" page of our website," and use this hyperlink: <https://southeast.iu.edu/honors-program/about-the-program/index.html>.

How Does One Join the Honors Program?

[Applications to the Honors Program](#) are considered year-round, but we encourage interested students to apply at the earliest convenience, as many Honors privileges (including priority registration and priority scholarship consideration) are time-sensitive.

Applications for admission to the Honors Program are accepted on a rolling basis; however, students seeking [priority scholarship consideration](#) should apply before January 31^s.

Any student wishing to join the Honors Program should complete an application. In addition to the application, students should submit the following:

- Names and email addresses for up to three references; if you are a current IU Southeast student, at least one of your references should be a faculty member. Please do not list family members as references. Once you submit your application, your references will receive (via email) a link to complete a reference form, and they may also upload a letter of recommendation with the form.
- A brief essay that will serve as an introduction to the Honors Council. There are essay prompts on the application form.
- Copies of recent transcripts (for continuing and transfer students only).
- Any other pertinent materials which you feel the Honors Council should review.

All application materials can be found on the "[Become an Honors student](#)" tab on the Honors Program [website](#).

Applications and references must be submitted online: please see the website for details!

What happens after I apply?

Once all application materials are received, the Honors Council, which is comprised of faculty representatives from each school on campus, will review your application.

Council Members generally post their decisions within two weeks of receiving a completed application. If you are accepted into the Program, you will be asked to confirm your acceptance. Once you have confirmed your place, you will be eligible to apply for a Chancellor's Honors Program Scholarship.

Scholastic Awards

Chancellor's List

Students carrying 12 or more graded credit hours in one semester who earn a 4.0 grade point average (GPA) are placed on the Chancellor's List. Students carrying 6 or more graded credits in both of two consecutive semesters who earn a 4.0 GPA are also placed on the Chancellor's List.

Dean's List

Students carrying 12 or more graded credit hours in one semester who earn a 3.50 to 3.99 grade point average (GPA) are placed on the Dean's List. Students carrying 6 or more graded credits in both of two consecutive semesters who earn a 3.50 to 3.99 GPA are also placed on the Dean's List.

Honor Societies

Students at Indiana University Southeast may also achieve membership in one or more honor societies. The following national honor societies have chapters on campus. For education majors—Kappa Delta Pi, Phi Delta Kappa, and Pi Lambda Theta; nursing majors—Sigma Theta Tau; psychology majors—Psi Chi; business majors—Beta Gamma Sigma; adult students—Pinnacle; leadership honor society for juniors—Omicron Delta Kappa; and all majors—Phi Eta Sigma and Alpha Chi. The Campus Life Office annually compiles a list of current officers and advisors, from whom more information is available.

Graduation with Distinction

Indiana University Southeast recognizes outstanding academic performance for associate and bachelor degrees with three levels of distinction: highest distinction, high distinction, and distinction. To receive academic distinction, degree candidates must rank among the top 10 percent of their graduating class in each of the separate degree categories (e.g., Bachelor of Arts, Bachelor of Science in Business). To be eligible to graduate with distinction, students must satisfy the following requirements:

- Associate degree candidates must complete at least half of the course work at Indiana University.
- Bachelor's degree candidates must complete a minimum of 60 credit hours at Indiana University.

Degree candidates must also meet the following GPA requirements:

- Highest Distinction – 4.00 to 3.95 GPA
- High Distinction - 3.94 to 3.80 GPA
- Distinction - 3.79 to 3.60 GPA

The university provides an honor cord to wear at Commencement to each candidate expected to graduate with academic distinction. The student's academic

unit does this certification. Final academic distinction is determined upon review of final grades and the determination of the ranking among the top 10 percent of the graduates in their respective degrees. This process is complete a few weeks after Commencement in May and after the degree-granting dates in August and December. Thus, the wearing of an honor cord during Commencement does not automatically guarantee the awarding of degree honors.

When degree candidates are awarded their degrees with distinction, the Office of the Registrar will note it on their academic record and diploma.

Student's Responsibility

Certain basic requirements apply to all degrees. These include a minimum number of credit hours, a minimum grade point average, a minimum residence requirement, course distribution requirements, a concentration or major, and certain specific skills courses (such as writing, mathematics, and foreign language).

Advisors and school or division deans will help students understand these requirements, but students alone are responsible for fulfilling them. The Academic Advisement Report (AAR), Indiana University's computerized advising record, and individual Degree Maps are available to assist students in understanding how and where courses fit in each academic program. Academic Advisement Reports and Degree Maps can be accessed through One.iu.edu.

At the end of a student's course of study, the faculty and Board of Trustees vote upon conferral of the degree. If requirements have not been satisfied, the degree will be withheld pending fulfillment of all requirements. For this reason, it is important for students to acquaint themselves with all regulations and remain informed throughout their college careers.

Academic Advising

Entering students are assigned professional advisors based on his/her intended major. Exploratory students, or students without a declared major, are assigned to advisors who are knowledgeable about a variety of majors and can help guide the decision making process. During peak advising loads like pre-registration, students are invited to make their appointments early to ensure getting in to the classes they need.

Academic advising is a shared responsibility between the student and the advisor. Students are expected to be prepared for their advising appointment by selecting a tentative schedule of classes to discuss with his/her advisor. Advisors will provide accurate and timely information to students to help them explore life, careers, and academic plans and goals.

Your Student Center at one.iu.edu allows you to access your student records online. You can look up course offerings, check your schedule, look up your grades, print an unofficial transcript, monitor your progress in fulfilling degree requirements, check your bursar account, look up your financial aid, or change your address.

Two-tier Advising

- Professional Advisors
- Faculty Advisors

On-line Tools

- Academic Advisement Report (AAR), including What-if AAR
- Degree Maps
- Student Planner

More information regarding advising can be found at <http://www.ius.edu/advising/>.

Graduate Studies

A student planning to complete one of the master's degrees offered by Indiana University Southeast must apply for and be accepted into the desired graduate program. Information can be secured at the appropriate office. Other students wishing to register for graduate courses at Indiana University Southeast must have their admission cleared in advance with the dean of the school in which they may wish to earn their degrees. If students register for graduate credit without the approval of their school, they do so without the assurance that credit for such work may be applied toward fulfilling requirements for an advanced degree. Note that it is Indiana University policy to assess graduate fees for all courses in which a graduate student enrolls, regardless of the level of the course.

- Digital Media and Storytelling Core (25 cr.)
- Digital Storytelling or Public Relations Track (15 cr.)
- Electives as needed to complete 120 total credit hours

- A minimum of 30 credit hours at the 300- or 400-level
- Courses required for the major must be completed with a grade of C or higher
- Courses are 3 credit hours unless otherwise noted
- A minimum GPA of 2.0 is required

Digital Media and Storytelling Core (25 cr.)

- Complete one of the following:
 - ENG-W 203 Creative Writing
 - ENG-W 206 Introduction to Creative Writing
- Complete one of the following:
 - ENG-W 231 Professional Writing Skills
 - ENG-W 234 Technical Report Writing
 - ENG-W 270 Argumentative Writing
 - JOUR-J 200 Reporting, Writing & Editing I
 - NEWM-N 260 Script Writing
- Complete one of the following:
 - JOUR-J 210 Visual Communication
 - COMM-M 215 Media Literacy
- Complete one of the following:
 - FINA-D 210 Digital Art: Survey and Practice
 - COMM-M 210 Media Message Design
 - NEWM-N 202 Digital Storytelling
- JOUR-S 200 Sophomore Seminar Digital Media Storytelling
- Complete one of the following:
 - JOUR-J 307 Media Career Planning (1 cr.)
 - JOUR-J 400 Careers in Public Relations (1 cr.)
- Complete one of the following:
 - JOUR-J 300 Communications Law
 - CMCL-C 328 Digital Responsibilities and Rights
- Complete one of the following:
 - FINA-A 477 History of Photography
 - COMM-M 370 History of Television
 - COMM-M 373 Film and Video Documentary
- JOUR-J 495 Digital Media & Storytelling Capstone

 - JOUR-J 410 Media as Social Institutions
 - SPCH-S 303 Propaganda and Persuasion

Mission Statement

Mission Statement

Pursuing enlightenment and creativity . . .

The School of Arts and Letters exists to foster the intellectual, creative, and personal growth of its students through courses in the humanities. We encourage

our students to dream, to think critically, creatively, and insightfully, and to engage in their own lives, their communities and the world. Within our individual academic disciplines, we seek to create learning communities that will inspire and equip students to become the best, most independent, confident, and competent people they can be.

The mission of the faculty of the School of Arts and Letters is to develop in each student cognitive and creative language and artistic skills that allow for human thought and communication in the expression of ideas, emotions, and aesthetics. We believe that students more fully develop their own aesthetic and intellectual voice by knowing and experiencing the perspectives and values of others. These goals involve crossing cultural, philosophical, and artistic boundaries. As faculty and students, we seek to understand ourselves and others through our individual creative works and ideas as we become agents of our own lives.

It is clear to us that the intellectual, creative, and personal growth of each student benefits the faculty, staff, students, campus and local communities, and the world at large. Through our teaching, research, creativity, and service, we are committed to giving our students the tools to be informed citizens in a global society guided by democratic principles, as well as to succeed professionally. With this in mind, we seek to stimulate rather than suppress, challenge rather than confirm, create rather than imitate.

Vision Statement

The School of Arts and Letters is actively committed to sustaining the excellence of our programs. We further commit ourselves to make them flexible, versatile, and comprehensive in order to meet the needs of our students. We will continue to recruit and retain students and to enhance their progress toward graduation and their success in employment, further study, and life. Affirming the importance of intellectual inquiry as a shared pursuit, we will also seek to enhance our collaborative efforts, reaching out more effectively to others, including our own school members, as well as our alumni, the campus, and the community. Our dean, coordinators, faculty, and staff will continue to work together consistently and conscientiously to examine our plans, methods, and strategies. In the spirit of this self-examination, we will position our assessment within the framework of the larger academic community.

Applied Science

If you have an Associate of Applied Science degree and want to advance your career, the Bachelor of Applied Science from Indiana University Southeast can help you achieve your goals. To get your B.A.S., you transfer 60 to 64 credit hours from your A.A.S. to Indiana University. You then complete 60 credit hours of courses from IU.

In order to make the degree as flexible as possible, the B.A.S. can be completed on campus, online, or in some combination of both. Indiana University is able to offer this feature to B.A.S. students because the program is a combined program that is taught jointly by faculty at IU Southeast, IU South Bend, IU East, IU Northwest and IU Kokomo.

Academics

Undergraduate Degrees

- Bachelor of Applied Science

Program Information

Student Learning Goals

- 1: Demonstrate knowledge and skills in accounting and bookkeeping.
- 2: Demonstrate knowledge and skills in economics.
- 3: Demonstrate knowledge and skills in legal, ethical, social, and/or international topics.
- 4: Demonstrate knowledge and skills in supervision.
- 5: Demonstrate knowledge and skills in marketing.
- 6: Demonstrate knowledge and skills in communication.

Bachelor of Applied Science (BAS)

Degree Description and Purpose

The Bachelor of Applied Science (BAS) is a Bachelor's degree completion program for students who have graduated with Associate of Applied Science (AAS) degree who now wish to earn a bachelor's degree to advance their careers. Traditionally AAS degrees have been classified as non-transferable to B.S. or B.A. degrees, and individuals wishing to attain a baccalaureate degree often lost most of their credits. The BAS degree provides a pathway for these individuals to attain a bachelor's degree in two years (56-60 credit hours) and is designed to articulate seamlessly, in a 2+2 model, with a variety of AAS degrees from Ivy Tech Community College, Jefferson Community and Technical Colleges, and Vincennes University.

The BAS is a nationally-recognized degree which is available in many states. Some public institutions which offer this degree include the University of Minnesota, Arizona State University, Missouri State University, and the University of Texas- San Antonio.

The BAS degree can be oriented toward several specific career fields, such as hospital administration, general supervision or entry-level management, and some human resources functions. Because of this degree's flexibility, it tracks into approximately 34 occupations that can be grouped into three occupational clusters: a specialty business cluster, a supervisory cluster, and a management cluster.

This degree is not intended to prepare students for graduate study. The purpose of this degree is to enable AAS degree-holders to earn a bachelor's degree, in a reasonable amount of time that builds on their technical background and provides the knowledge and skills needed to advance in their careers.

Degree Requirements

Students receiving the BAS must complete 120 total credit hours including:

- Associate of Science degree with integrated General Education core (60-64 cr. transferred)
- BAS Core (18 cr.)
- Choose one track from four offered (12-18 cr.)
- Electives to reach 120 (20-24 cr.)

- A minimum of 30 credit hours at the 300- or 400-level
- Courses required for the major must be completed with a grade of C or higher
- Courses are 3 credit hours unless otherwise noted
- A minimum cumulative GPA of 2.0 is required

BAS Core (18 cr.)

Students complete 1 course (3 cr.) from each of six Core Learning Outcomes (CLO) areas.

Complete one of the following Accounting courses (CLO1):

- BUS-A 200 Foundations of Accounting
- BUS-A 201 Introduction to Financial Accounting
- BUS-A 202 Introduction to Managerial Accounting

Complete one of the following Economics courses (CLO2):
ECON-E 101 Survey of Economics Issues & Problems (or analogous course)

- ECON-E 103 Intro to Microeconomics
- ECON-E 104 Intro to Macroeconomics
- BUS-G 300 Intro to Managerial Economics and Strat.
- POLS-Y 403 Economics and Public Management

Complete one of the following Legal, Ethical, Social or International issues courses (CLO3)

- BUS- J 404 Business and Society
- BUS-D 301 The International Business Environment
- POLS-Y 379 Ethics and Public Policy
- PHIL-P 306 Business Ethics
- PHIL-P 393 Biomedical Ethics
- HIST-B 391 Themes in World History
- HIST-G 369 Modern Japan
- HIST-G 387 Modern China
- HIST-G 410 China, Japan, & US in 20th and 21st Century

Complete one of the following Supervision courses (CLO4)

- BUS-Z 300 Organizational Behavior and Leadership
- BUS-Z 301 Organizational Behavior and Leadership
- BUS-Z 302 Managing and Behavior in Organizations
- BUS-Z 440 Personnel-Human Management
- BUS-W 301 Management and Organization Theory
- POLS-Y 358 Human Behavior & Public Organizations
- POLS-Y 387 Public Personnel Management

Complete one of the following Marketing Courses (CLO5)

- BUS-M 300 Introduction to Marketing (or any other 300/400 level approved course)
- BUS-M 301 Introduction to Marketing Management

Complete one of the following courses in Communication (CLO6)

- SPCH-C 427 Cross-Cultural Communication
- SPCH-S 427 Cross-Cultural Communication
- SPCH-S 380 Organizational Communication

Select One Specialization Track

Tracks Offered

- Health Care Management
- Individualized
- Informatics
- Sustainability

Health Care Management (12 cr.)

The Health Care Management track is designed to appeal to individuals who hold an AAS degree in one of the many health care fields such as Medical Assisting, Health Care Support, Paramedic Science, and Medical Laboratory Technology.

In this track, students take courses that meet three of the first four learning outcomes (3 courses/9 credit hours), plus the capstone course for a total of 4 courses/12 credit hours. The capstone course meets all five learning outcomes in this track. Students may use any of the listed courses to satisfy the capstone requirement.

1. Compare and contrast the U.S. health-care system, including reimbursement, with other systems around the world. Complete one of the following courses:

- PAHM-H 320 Health Systems Administration
- SPEA-H 320 Health Systems Administration
- SPEA-V 450 Medical Ethics
- AHLT-H 415 Global Child and Adolescent Health
- BUS-H 320 Systems of Health Care Delivery
- BUS-A 202 Intro to Managerial Accounting

2. Demonstrate an understanding of the ethical, legal, financial, and political factors that influence the provision of health services in the U.S. Complete one of the following courses:

- SPEA-H 452 Health Disparities
- PAHM-H 441 Legal Aspects of Health Care
- SPEA-H 441 Legal Aspects of Health Care
- AHLT-W 314 Ethics for Health Professionals
- PAHM-H 474 Health Administration and Policy
- BUS-H 411 Management of Long-Term Care Facilities
- BUS-H 402 Hospital Organization and Management
- BUS-H 352 Health Care Financial Management

3. Evaluate access to and cost of US health care, including reimbursement practices, for different types of care. Complete one of the following courses:

- HPER-H 315 Consumer Health
- PAHM-H 354 Economics of Health Care
- BUS-H 354 Economics of Health Care
- PAHM-H 352 Health Finance and Budgeting
- BUS-D 300 International Business Administration

4. Effectively assess and implement improvements in clinical care, customer service, and human resource planning in a health care setting. Complete one of the following courses:

- SPEA-H 322 Principles of Epidemiology
- AHLT-B 371 HR Management in Health Care Facilities
- SPEA-H 371 HR Management in Health Care Facilities
- SPEA-H 402 Hospital Administration
- AHLT-M 366 Leadership for Health Professionals
- PAHM-H 401 Strategic Planning for Health Care Organizations
- BUS-W 301 Principles of Management
- BUS-Z 440 Personnel - Human Resources Management

5. Capstone: Integrate knowledge and skills and apply to health management issues or challenges. Complete one of the following courses:

- AHLT-B 499 Health Management Capstone
- SPEA-H 474 Health Capstone
- BUS-M 301 Introduction to Marketing Management

Individualized Track (12 cr.)

This is a highly flexible track designed to meet the needs of many different AAS degree holders. For example, students with an AAS in Criminal Justice who want to advance their careers in that area may design a track to include upper-division courses in Criminal Justice, Public Affairs, or (if he or she works with youth offenders and their families) Sociology and Psychology. Students holding AAS degrees in Design Technology may seek to change careers by choosing courses in web development and graphic design. And students with an AAS in Advanced Manufacturing whose goals include becoming a supervisor or manager might choose courses emphasizing human resource development, communication, and other management skills.

In this track, students select 12 credit hours of course work based on their individual interests, backgrounds, and needs. One of these courses will be a required capstone course. The learning outcomes for this track are as follows:

- Demonstrate the ability to think critically in the fields studied.
- Effectively present central ideas, issues, and methods of inquiry specific to the fields studied.
- Apply knowledge and skills from general education, the BAS core, and the Individualized Track to issues or challenges in their area of technical expertise.

Informatics Track (18 Online cr.)

The informatics track appeals to students who hold an Associate of Applied Science in Computing or in Information Technology, and would like to prepare for a career in informatics, computing, software and interface design, and other areas of computer-based problem-solving and administration,

Complete the six courses listed below:

- INFO-C100 Informatics Foundations
- INFO-C112 Tools of Informatics: Programming and Databases
- INFO-C210 Problem Solving and Programming I

- INFO-C211 Problem Solving and Programming II
- INFO-C300 Human Computer Interaction
- INFO-C413 Web Design and Development

Sustainability Track (12 Cr.)

The interdisciplinary Sustainability track provides students with a broad introduction to the complex system-scale challenges of sustainability, as well as the tools needed to address problems that transcend solely social or environmental domains. Sustainability attracts students from a variety of backgrounds and interests, who typically have shared some of these qualities:

- Interest in human-environment interaction, sustainable food systems, and environmental ethics.
- Interest in careers in environmental planning and coordination, environmental education and communications, sustainability coordination and consulting in private or public sector, green design, environmental law or public affairs--or graduate study in any of these areas.
- Interests that draw from arts and humanities, social sciences, and physical and life sciences.
- Interest and desire to help make the world a better place.

The Sustainability Studies faculty *strongly* recommend that students take SUST-S 201, Foundations of Sustainability (online) before they begin this track.

Students take three courses from Category 1, with at least one course from "A. Sciences" and one from "B. Social sciences, Humanities, and Other" designations; and one course from Category 2.

Category 1: Sustainability Courses (9 cr)

A. Sciences (at least 3 cr. from this list)

- AHLT-H 331 Environmental Health (online)
- GEOG-G 315 Environmental Conservation (online)
- GEOG-G 338 Geographic Information Systems (online)
- GEOG-G 400 Energy: Sources and Needs (online)
- GEOG-G 476 Climate Change Science (online)
- PLSC-B 364 Summer Flowering Plants (online)
- SUST-S 360 Topics in Sustainability Studies: Geographic Information Systems (GIS) (online)
- SUST-S 400 Energy: Sources and Needs (online)
- CHEM-C 390 Special Topics: Environmental Science (hybrid accelerated)
- GEOL-G 300 Environmental and Urban Geology (hybrid accelerated)
- GEOG-G 315 Environmental Conservation (hybrid accelerated)
- BIOL-B 355 Plant Diversity
- BIOL-N 390 The Natural World, VT: Environmental Biology
- CHEM-C 300 Energy and Green Chemistry
- CHEM-C 303 Environmental Chemistry
- GEOL-N 390 The Natural World VT: Natural Hazards and Disasters
- GEOL-T 326 Mineral Resources

B. Social Sciences, Humanities, and Other (at least 3 cr. from this list)

- AHLT-N 378 Global Nutrition
- BUS-B 399 Business and Society (online)
- FINA-A 399 Art, Aesthetics, and Creativity, VT: The Modern City
- GEOG-G 306 Geography of Current Issues on the African Continent (online)
- GEOG-G 388 Geographic Information Systems (online)
- PHIL-P 306 Business Ethics (online)
- PHIL-P 383 Topics in Philosophy, VT: Philosophical Topics in Evolution
- PHIL-T 390 Literary and Intellectual Traditions, VT Environmental Philosophy (hybrid)
- POLS-Y 308 Urban Politics (online)
- POLS-Y 313 Environmental Policy
- POLS-Y 346 Politics of the Developing World (online)
- POLS-Y 377 Globalization (online)
- SOC-B 399 Human Behavior and Social Institutions VT: Sustainable Communities
- SOC-S 305 Population and Human Ecology
- SOC-S 308 Global Society (online)
- SOC-S 360 Topics in Social Policy (variable topic)
- SOC-S 385 Human Trafficking, Human Rights and Sustainability
- SOC-S 419 Social Movements and Collective Action
- SUST-S 360 Topics in Sustainability Studies: The Art of Sustainability
- SUST-S 361 Sustainability Abroad
- SUST-B 399 Human Behavior and Social Institutions VT: Just Food: Sustainable Food Systems (online)
- SUST-S 411 Sustainability, Innovation, and Entrepreneurs
- SUST-S 460 Strategies for Transformative Leadership and Community Engagement
- WGS-T 390 Literary and Intellectual Traditions, VT: Women and Sustainability

Category 2: Capstone Experience (3 cr.)

- SPEA-E 400 Topics in Environmental Studies, Topic: Environmental Planning for a Green Economy (online)
- SPEA-E 400 Topics in Environmental Studies, Topic: Sustainability Management and Policy (online) 3 C
- SPEA-E 400 Topics in Environmental Studies, Topic: Environmental Crimes
- SUST-S 490 Sustainability Practicum (online)
- SUST-S 491 Internship in Sustainability (online)
- SUST-S 495 Directed Readings in Sustainability (online)
- SUST-S 496 Research in Sustainability (online)
- GEOL-G 420 Regional Geology Field Trip Topics: Geological field trips in the U. S.

Certificate in Core Competencies

Program Description

This 29-credit certificate program is intended as a stepping stone into participation in a degree program, and tracks very closely to the University's General Education requirements, which all students complete. This certificate, plus completion of the 1-credit Freshmen year Seminar (FYS) satisfies the campus General Education, as well as the Indiana Statewide General Education requirements.

Open to all students with a high school diplomas or GED, working adult students will find the scheduling flexibility in combining online, evening, and weekend courses in this program to easier to balance with their other commitments. Going full time, students can complete the certificate in one calendar year. Although it can be completed as a stand-alone credential or as part of another credential, it is not automatically awarded by completing requirements for a major.

The curriculum is organized to deliver basic skills corresponding to the Liberal Education and America's Promise (LEAP) categories, defined by the Association of American Colleges and Universities (AACU):

- Knowledge of Human Cultures and the Physical World
- Intellectual and Practical Skills
- Personal and Social Responsibility
- Integrative and Applied Learning

Certificate Requirements

- Residency: 50% of credits for certificate (15) must be completed at Indiana University.
- Minimum Grade of C in each required class
- Cumulative Grade Point Average (GPA) of 2.0 to earn the credential

First Semester

- Written Communication: ENG-W 131 reading, Writing and Inquiry I (3 cr.)
- Oral Communication: COMM-S 121 Public Speaking (3 cr.)
- Quantitative Reasoning: MATH-M 110 Excursion in Mathematics (3 cr.)

Second Semester

- Ways of Knowing in Social and Behavioral Sciences: Select from approved list. (3 cr)
- Ways of Knowing in Natural and Physical Sciences with Lab: Select from approved list (5 cr.)
- Ways of Knowing in Arts and Humanities: Select from approved list. (3 cr.)

Third Semester

- Additional Course Social and Behavioral Sciences: Select second course from approved list. (3 cr.)
- Ethics or Diversity: Select from either Ethics or Diversity approved lists (3 cr.)
- Second Level Written Communication: ENG-W 290 (3 cr.)

Communication Studies

According to Forbes magazine, the top skills sought by employers revolve around the ability to communicate effectively. Choose a degree that focuses on the one skill that employers say they need the most, with many options to prepare you for wherever your career path may lead.

Program Information

Mission Statement

The mission of the Department of Communication Studies is to produce student learning and to advance knowledge about human communication from both a humanistic and social scientific perspective. The Department will provide a challenging, innovative, and supportive environment that will facilitate students' intellectual growth. This includes students' communication (both oral and written), research, and critical thinking skills across an array of contexts. The Department will serve the university, the community, and the discipline.

Communication Studies Learning Goals

1. Students will communicate effectively orally.
2. Students will communicate effectively in writing.
3. Students will think logically and critically.
4. Students will possess an in-depth knowledge of the field of communication.
5. Students will understand how to communicate with diverse audiences.

Organizational Communication Program-Level Outcomes:

1. Majors will communicate effectively orally in organizations.
2. Students will communicate in writing effectively in organizations.
3. Majors will engage in critical thinking and assess real world applications of organizational communication.
4. Students will possess an in-depth theoretical and conceptual knowledge of the field of organizational communication.
5. Majors will understand diversity, equity, and inclusivity within organizations.

Strategic Communication Learning Goals

1. Students will identify and assess strategic communication problems and situations.
2. Students will demonstrate the creative ability to construct strategic messages that audiences will pay attention to, understand, believe, remember and, as appropriate, act upon.
3. Students will construct media delivery strategies for strategic messages.
4. Students will develop a complete strategic communication strategy and action plan for a brand.
5. Students will demonstrate an in-depth knowledge of the field of strategic communication.

Theatre Learning Goals

1. Graduates of all concentrations in theatre will communicate effectively in speaking and writing. They will become proficient delivering public presentations, working in group situations, and interacting interpersonally. Students will also learn to write effectively for a variety of purposes and audiences.
2. Graduates of all concentrations in theatre will be able to think logically and critically. Theatre students should be proficient in the following: developing problem-solving approaches, conducting research, analyzing evidence and sources of evidence, distinguishing between sound and fallacious reasoning, and analyzing and evaluating texts and messages.
3. Students will possess an in-depth knowledge of the field of theatre. This will include major theoretical foundations in theatre. Students will also be able to utilize such information in practical applications of the theories and concepts.
4. Graduates of all concentrations in theatre will function effectively in a culturally diverse community and a global society.

Department Policies

- **GPA** A student must have a Grade Point Average of 2.0 or higher to graduate.
- **Graduation Requirements** Students must complete all General Education and Bachelor of Arts requirements. For a major in Communication Studies, students must complete all courses listed in the program's degree plan. In total, students must have completed with a C or higher all required hours of Communication Studies courses, or courses in other departments approved by Communication Studies and listed on the degree plan. To earn a

major in Communication Studies, students must take a minimum of 21 hours within the Department. Further, the Department must approve all transfer credits into the major.

- **Transfer Credits** (Resident, Transfer, and Returning Students): Students who originally enrolled at IU Southeast, who have completed the requirements for admission into the Communication Studies program, and who have been continuously enrolled at IU Southeast (no more than three consecutive semesters without enrolling at IUS) are considered resident students. A student transferring from another university, or changes majors within IU Southeast, will be considered a resident student and will be covered by resident student guidelines. Students who have not enrolled at IU Southeast for four or more consecutive semesters are considered returning students.
- **Policies for Accepting Transfer Credit:** Department of Communication Studies policy for those transferring core courses:
 - Prerequisites for core courses must be met (either by completing the course[s] at IU Southeast or through transfer credit from another university) before a student may enroll in the core course.
 - All of the core courses must be completed either by taking the appropriate course, or through substitution via a comparable course transferred from another institution or department.
 - The authority to decide which, if any, courses will be accepted for transfer credit will rest with the consent of the faculty of the Communication Studies Department.
 - Transfer students must also meet the distribution and graduation requirements as they appear in the IU Southeast *Bulletin*.
- **Returning Students:** Returning students must meet the distribution and major requirements as outlined in the IU Southeast *Bulletin* for the term in which they re-enroll. Core courses completed more than five years prior to re-enrollment will be accepted for credit on a case by case basis to be determined by the Department of Communication Studies faculty. All students (resident, transfer, and returning) must meet the B.A. requirements for distribution and major courses outlined in the IU Southeast *Bulletin*.
- **University Policies:** Students must adhere to all university policies and rules as described in the IU Southeast *Bulletin* in effect when a student enrolls in the university.
- **Internships:** To register for an internship in the communication area, a student must meet the following requirements:
 - The student must be of junior or senior standing.
 - The student must have a minimum G.P.A. of 2.5 (on a 4.0 scale) and must have a minimum G.P.A. of 2.5 in the Communication Studies area.
- The student must have taken at least three, 3-credit core courses at the 200- level or above.
- Students with Communication Studies majors will have priority over other students when selecting internships with advisors from the Communication Studies faculty.
- It is recommended that a student will have taken at least one course with the professor he/she chooses as the faculty advisor for the internship. The faculty member must consent to serving as the advisor for the student.
- Internship descriptions must be approved by the Communication Studies faculty to assure that the proposed internship is worthy of credit toward a Communication Studies major.
- If a student wishes to serve two internships with the same company, it must be verified that the experiences in the second internship experience will be significantly different and pose different challenges than those in the first internship.
- **Requirements for Fulfilling COAS-S 399:**
 - The student must meet with his/her advisor at midterm and again at the end of the internship.
 - The final evaluation made by the faculty advisor will be based on the following:
 - A weekly log prepared by the intern. The intern will record the activities of the week and his/her responses and reactions to those activities.
 - Employer evaluations.
 - Sample materials: letters, projects, etc. prepared by the student in the internship experience.
 - Final paper - the intern will prepare an 5-6 page final paper with proper documentation. In this paper, the student will relate internship experiences to topics and theories discussed in Communication Studies coursework.

Scholarships/Awards

Outstanding Communication Studies Student

Communication - Organizational Communication Track (Bachelor of Arts)

Major Specific General Education Requirements for Organizational Track

The following courses not only satisfy a General Education Requirement (indicated in parentheses) but are also specific requirements for the Organizational Communication Track.

Note: This is not a re-statement of the University's General Education Requirement but a list of specific General Education courses that are also requirements or pre-requisites for course work in the school/major.

- COMM-S 121 Public Speaking

- COMM-S 122 Interpersonal Communication

Major Specific Requirements in the Organizational Track

All Organizational Communication students complete all courses below. All courses are three credit hours unless otherwise noted.

- COAS-S 154 Pathways (1 cr.)
- COAS-S 399 Internship
- COMM-S 210 Survey of Comm Studies (1 cr.)
- COMM-S 223 Business & Professional Communication
- COMM-S 229 Group and Team Communication
- COMM-S 247 Research Writing in Communication Studies
- COMM-S 306 Leadership
- COMM-S 307 Crisis Management
- COMM-S 321 Organizational Conflict Resolution
- COMM-S 324 Persuasion
- COMM-S 400 Senior Seminar in Comm Studies (2 cr.)
- COMM-S 405 Communication Theory
- COMM-S 424 Research in Comm Studies
- COMM-S 440 Organizational Communication

Complete two of the following:

- COMM-S 327 Interviewing Principles and Practices
- COMM-S 336 Current Topics in Communication
- COMM-S 353 Advanced Public Speaking
- COMM-S 392 Health Communication
- COMM-S 398 Independent Study in Communication

Complete one of the following:

- COMM-S 392 Health Communication

Journalism, Media, and Strategic Communication (Bachelor of Arts) Degree Requirements

Students pursuing the Bachelor of Arts in Journalism, Media, and Strategic Communication must complete 120 total credit hours including:

- General Education Core (30 cr.)
 - Foreign Language Requirement (14 cr.)
 - Bachelor of Arts Distribution Requirement (15 cr.)
 - Journalism, Media, and Strategic Communication Core (30 cr.)
 - Track Requirements (22-39 cr.)
 - Electives as needed to complete 120 total credit hours
-
- A minimum of 30 credit hours at the 300- or 400-level
 - Courses required for the major must be completed with a grade of C or higher
 - A minimum GPA of 2.0 is required
 - Courses are 3 credit hours unless otherwise noted
-

Journalism, Media, and Strategic Communication Core (30 cr.)

- COMM-I 324 Persuasion in Strategic Communication
- COMM-I 424 Strategic Communication Research Methods
- COMM-S 210 Survey of Communication Studies 1 cr.
- JOUR-C 200 Introduction to Mass Communication
 - This course also satisfies General Education Social and Behavioral Science
- JOUR-J 170 Wordsmithing 2 cr.
- JOUR-J 200 Reporting, Writing, and Editing I
 - This course also satisfies General Education Written Communication II
- JOUR-J 210 Visual Communication
- JOUR-J 255 Media Ethics
- JOUR-J 300 Communications Law
- JOUR-J 301 Social Media Strategies
- MATH-A/M 118 Finite Mathematics for the Social and Biological Sciences/Finite Mathematics
 - This course also satisfies General Education Quantitative Reasoning

Select One Track

Tracks Offered

- Multimedia Journalism
- Strategic Communication

Multimedia Journalism Track (22 cr.)

- JOUR-J 303 Online Journalism
- JOUR-J 307 Media Career Planning 1 cr.
- JOUR-J 344 Photojournalism Reporting
- JOUR-J 362 Journalism Multimedia Storytelling

Minor in Communication

Program Requirements

To earn a minor in Communication, a student must complete 15 credit hours with a grade of C or higher. A student must complete the two classes listed below and three additional COMM-S classes in communication at the 200 level or above. At least two of the courses must be at the 300 level or above. Independent study course work and Internships (COAS-S 399) will not count towards satisfying course requirements for the minor.

Required Courses

- COMM-S 121 Public Speaking
- COMM-S 122 Interpersonal Communication
- COMM-S 200-400 Level
- COMM-S 300-400 Level
- COMM-S 300-400 Level

Strategic Communication Minor

This minor introduces students to all of the components of Strategic Communication: advertising, marketing, branding, and public relations. While the minor will not provide them with all the tools necessary for a career in Strategic Communication, it will supplement other degrees and make students more marketable for prospective employers.

General Requirements

Students pursuing the minor in Strategic Communication must complete the following requirements

- 15 credit hours of strategic communication courses
- Courses must be completed with a grade of C or higher
- Courses are 3 credit hours unless otherwise noted
- A minimum cumulative GPA of 2.0 across all courses required in the minor
- Minors are awarded concurrently with Baccalaureate degrees

Course Requirements

- COMM-I 102 Introduction to Strategic Communication
- COMM-I 334 Public Relations in Strategic Communication
- COMM-I 337 Digital Advertising Strategies
- COMM-I 347 Strategic Communication Campaigns
- COMM-I 440 Advertising Strategies

English

The IU Southeast English Department helps students develop the analytic and communication skills they need to compete in the evolving world market of critical ideas.

Program Information

Mission/Vision Statement:

The IU Southeast English Department offers programs in writing and literature that foster students' intellectual growth, creativity, collaborative skills, technological expertise, multicultural awareness, and engaged citizenship. The department is devoted to an innovative curriculum that preserves literary and rhetorical traditions while encouraging lifelong learning. We teach students, both as readers and writers, to see working with texts as an opportunity to engage with history, philosophy, and culture and as a means of participating responsibly in a diverse and challenging world.

Our curriculum equips students to succeed in a variety of educational and career paths, from going to graduate school in Literature or Rhetoric and Composition, pursuing

an MFA in Creative Writing, or embarking upon careers in fields ranging from social media to law. For students interested in more traditional career paths, particularly those leading to teaching and to graduate school, IU Southeast offers a scholarly environment that exposes students to the literatures of various periods and cultures, the discipline of literary criticism, and the different theories and methods associated with the study of writing. Similarly, students planning to pursue careers as writers can build portfolios that showcase a range of writing experiences, including technical writing and writing for the web. The flexibility and complementary strengths of the English Department faculty have enabled our students to combine courses in economics, management, human relations, and organizational theory within their English majors, making them more attractive to businesses, public service institutions, and nonprofit organizations.

All English majors take core classes that include surveys of British and American literature; an introduction to literary criticism and such methods of interpretation as gender criticism and reader-response theory; and an introduction to rhetorical theory and history. After completing the core, majors may concentrate in either Literature or Writing. Many choose to concentrate in both, making them especially well rounded as English majors and giving them additional skills and opportunities for future work and study. The Literature concentration guides students through a wide range of literatures in English, including multicultural literatures, literatures in translation, major author studies, and research-intensive coursework. The Writing concentration introduces students to the evolution and use of the English language, and then provides majors with experience in several forms of writing, including academic professional and technical writing, creative writing, and public and digital writing. The capstone courses in both Writing and Literature allow students to introduce their work to public audiences by presenting at conferences, publishing, and applying their skills in workplace settings.

English majors also have many extracurricular opportunities to put what they have learned to practical use. For example, majors earn course credit by joining the staff of the *IU Southeast Review*, which publishes fiction, poetry, book reviews, essays, and photography. They can edit the *IU Southeast Undergraduate Research Journal*, which publishes research articles by students across campus. And they can write for and edit the *Voice*, the annual magazine of the School of Arts and Letters.

The English Department sponsors a campus-wide writing contest each year in which many English majors participate; contest winners are honored each year at the department's Gala. In addition, the student-run English Club has organized such events as writing workshops, poetry readings, and presentations from published writers.

Such experiences both in and out of the classroom lead English majors to succeed both across campus and beyond IUS. In recent years, students majoring in English have been named the Outstanding Alumnus for the School of Arts and Letters and the winner of the prestigious Phi Beta Kappa Award. English majors also excel in the Southern Indiana-Greater Louisville community, regularly taking high places in the Metroversity Writing Contest and recently winning the Literary Leo competition. Many majors go on to competitive graduate programs

both locally and abroad, for example at IU Bloomington, Tennessee, Kentucky, and even the University of Sheffield in England, one of the top programs for Philosophy in the English-speaking world. Others use their skills to build careers. In recent years, we have seen our majors enter the fields of teaching, publishing, business and industry, advertising, government, law, communications, and public relations.

Much of this success can be traced to the communal atmosphere, the small class sizes, and the one-on-one interaction with professors, all of which make their years in the IU Southeast English Program a high point for many graduates. One recent graduate wrote, "The professors in the English department remember my name after completing their classes, which shows how small class sizes really make a difference." Another wrote, "I chose the major in English at IU Southeast because it was affordable; I stayed because it is amazing." Another notes the value of a degree in English in any career: "The most important part of my time at IU Southeast has been learning how writing can be used to problem-solve almost any dilemma." Students who have gone on to graduate school have been equally enthusiastic; said one, "My undergraduate education has prepared me for the graduate level equally well as many of my peers who came here from flagship state campuses."

For additional information about the individualized, interactive opportunities available in English at IU Southeast, please see our website at www.ius.edu/English.

Student Learning Goals - Literature Concentration:

1. Students will demonstrate knowledge of literary works.
2. Students will demonstrate literary analysis.
3. Students will examine literary theory.
4. Students will examine literacy.
5. Students will use research methods.

Student Learning Goals - Writing Concentration:

1. English majors will write effectively for specific purposes and audiences.
2. English majors will analyze, interpret, and assess the aesthetic, argumentative and/or ethical value of information.
3. English majors will effectively identify appropriate source materials for specific purposes and audiences.
4. English majors will use computer-based and web-based technologies effectively, appropriately, and ethically for a variety of audiences and purposes.
5. English majors will direct writing and reading beyond the classroom, for example in the workplace, for personal development, or for civic involvement.

School Policies:

All courses and prerequisites fulfilling the requirements for the major must be completed with a grade of C or higher.

Scholarships/Awards:

The Carol Bishop Scholarship is awarded annually to an outstanding student who concentrates in Literature and

has taken at least two Literature courses at the 300 level or above. The award has existed since 1996 and has lately entailed substantial sums of money.

English (Bachelor of Arts)

Degree Requirements

See "General Requirements for Undergraduate Degrees at IU Southeast" and "General Requirements for the Bachelor of Arts Degree."

General Education Component

Note: This is not a re-statement of the University's General Education Requirement but a list of specific General Education courses which are also requirements or pre-requisites for course work in the school/major.

- ENG-W 290 Writing in the Arts and Sciences

Proposed Bulletin Courses

CORE REQUIREMENTS (19 cr):

- ENG-E 199: Careers for English Majors (1 cr)
- ENG-L 310: Literary History I (Beginnings-1700) (3 cr)
- ENG-L 312: Literary History II (Since 1700) (3 cr)
- ENG-L 371: Critical Practices (3 cr)
- ENG-W 371: Rhetorical Practices (3 cr)

Single Author: Take 1 of the following (3 cr)

- ENG-L 305: Chaucer
- ENG-L 315: Milton
- ENG-L 313: Shakespeare's Early Plays
- ENG-L 314: Shakespeare's Late Plays
- ENG-L 369: British & American Authors

English Language: Take 1 of the following (3 cr)

- ENG-G 205: Intro. to the English Language
- ENG-G 301: History of the English Language

ELECTIVES (18 cr)

Research, Writing, & Persuasion: Take 2 of the following (6 cr)

- ENG-W 315: Writing for the Web
- ENG-W 331: Business & Administrative Writing
- ENG-W 350: Advanced Expository Writing
- ENG-W 420: Argumentative Writing

Applied & Experiential Learning: Take 1 of the following (3 cr)

- ENG-W 364: Magazine Editing
- ENG-W 397: Writing Center Theory & Practice
- ENG-W 398: Internship in Writing
- ENG-L 498: Internship in English

* "Experiential" in this context does not include prior work or other creative or intellectual endeavors.

Diversity & Inclusion: Take 1 of the following (3 cr)

- AFRO-A 379: Early Black American Writing
- ENG-L 364: Native American Literature
- ENG-L 370: Recent Black American Writing
- ENG-L 374: Ethnic American Literature
- ENG-L 378: Women in Literature

- ENG-L 383: Studies in Brit. or Commonwealth Culture
- ENG-L 389: Feminist Literary and Cultural Criticism

Additional Electives (6 cr)

- Take 2 additional courses with an ENG prefix at the 300- level or higher; or take up to 2 courses from majors other than English at the 300-level or higher. Courses from other majors should reflect a student's educational and/or career interests and must be approved by the Program Coordinator

CAPSTONE (3 cr)

- ENG-E 450: Capstone Seminar

Minor in Creative Writing

Policies

- All courses and prerequisites fulfilling the requirements for minors or certificates in English must be completed with a grade of C or higher.
- The overall GPA for any English minor or certificate must be 3.0.

Student Learning Outcomes

1. **Knowledge of Craft Terms and Concepts:** The student will become knowledgeable in essential craft terms and concepts in fiction, poetry, or creative nonfiction.
2. **Competency in Creative Writing:** The student will develop competency in creating original works in fiction, poetry, or creative nonfiction.
3. **Competency in Revision:** The student will be able to meaningfully revise original creative writing and incorporate suggestions from peers and instructors.
4. **Competency in Critiquing Creative Writing:** The student will learn to meaningfully critique drafts of other student writers applying craft terms and concepts, participate in workshops, and prepare workshop reports.
5. **Competency in Analyzing Creative Writing:** The student will be able to analyze works by major authors of fiction, poetry, and creative nonfiction in analytic essays and scholarly articles.
6. **Appreciation of Literature and Literary Culture:** The student will develop aesthetic values and appreciate literature and literary culture by reading important works and analyzing them, participating in university and community events featuring readings and lectures, participating in the university and community literary scene, and attending cross-cultural and cross-media events such as plays and gallery shows, to understand the interrelatedness of the arts.

Creative Writing Minor Requirements

- ENG-W 206 Introduction to Creative Writing
- ENG-L 371 Critical Practices

Two of the following three:

- ENG-W 301 Fiction

- ENG-W 303 Poetry
- ENG-W 311 Creative Nonfiction

One of the following:

- ENG-W 401 Advanced Fiction
- ENG-W 403 Advanced Poetry
- ENG-W 411 Advanced Creative Nonfiction

Complete one additional English Literature Elective:

- ENG-L varies one 300-400 Level English Literature Elective (ENG-L351, L352, and L354 may not be used to satisfy this requirement)

Eighteen (18) credit hours including:

Minor in Literature

School Policies

All courses and prerequisites fulfilling the requirements for minors in English Literature must be completed with a grade of C or higher. English majors may count no more than two online and/or correspondence courses toward the major in English. Only one such course may count toward the minor in English. Students may request departmental consent for exception.

Minor Requirements

General Education Component

Note: This is not a re-statement of the University's General Education Requirement but a list of specific General Education courses which are also requirements or pre-requisites for course work in the school/major.

- ENG-W 131 Elementary Composition

Specific Requirements for Minor in Literature

Eighteen (18) credit hours at the 200 level or above, including:

- ENG-L 202 Literary Interpretation **OR** ENG-L 371 Critical Practices

Nine credit hours (3 courses) chosen from the following (one from the English Literature selections, one from the American Literature selections, and one from either):

- ENG-L 297 English Literature to 160
- ENG-L 298 English Literature from 1600-1830
- ENG-L 299 English Literature from 1830
- ENG-L 351 American Literature to 1865
- ENG-L 352 American Literature from 1865-1914
- ENG-L 354 American Literature since 1914

Upper Division Electives*

Six credit hours (2 courses) of electives at the 300- to 400- level chosen from courses designated ENG-L (excluding ENG-L 351, ENG-L 352, ENG-L354, and ENG-L 460). Students should consult the course descriptions and semester-specific course schedules for more information on electives in Literature.

***Note:** ENG-L 140 and either ENG-L 202/ENG-L 371 or one American or British Literature survey course (e.g. ENG-L 297, ENG-L 298, ENG-L 299, ENG-L 351, ENG-L 352, ENG-L 354) are required before students can take

any 300- or 400-level elective in literature. Instructors may grant permission to enroll in exceptional circumstances.

Minor in Professional Writing

School Policies

All courses and prerequisites fulfilling the requirements for minors in English must be completed with a grade of C or higher.

Minor Requirements

Eighteen (18) credit hours including:

Specific Requirements for Minor in Professional Writing

- ENG-W 234 Technical Report Writing
- ENG-W 315 Writing for the Web
- ENG-W 331 Business & Administrative Writing
- ENG-W 364 The Art of Magazine Editing for Publication & Production
- ENG-W 395 Independent Study of Writing Topic: The Art of Magazine Writing (*Beginning Fall 2018 this course is replaced by ENG-W 426*)
- ENG-W 426 Writing Nonfiction for Popular and Professional Publication
- ENG-W 398 **OR** COAS-S 399 Internship in Writing (must involve a substantial writing and/or communication component and must be approved by writing faculty)

Minor in Writing

School Policies

All courses and prerequisites fulfilling the requirements for minors in English must be completed with a grade of C or higher.

Minor Requirements

General Education Component

Note: This is not a re-statement of the University's General Education Requirement but a list of specific General Education courses which are also requirements or prerequisites for course work in the minor.

- ENG-W 131 Reading, Writing, & Inquiry I

Eighteen (18) credit hours at the 200 level or above, including:

Specific Requirements for Minor in Writing

- ENG-G 205 Introduction to the English Language
- ENG-W 206 Introduction to Creative Writing
- ENG-W 350 Advanced Expository Writing

Creative Writing Certificate Requirements

Fifteen (15) credit hours including:

- ENG-W 203 Creative Writing
- ENG-L 371 Literary Interpretation

Two of the following three:

- ENG-W 301 Fiction
- ENG-W 303 Poetry
- ENG-W 311 Creative Nonfiction

Complete one additional English Literature Elective

- ENG-L varies Take one additional 300-level Literature course (ENG-L351, L352, & L354 may not be used to satisfy this requirement.)

Certificate in Professional Writing**Specific Requirements for Certificate in Professional Writing**

Complete the following courses for a minimum of 18 credit hours. A minimum grade of C is required for each course in the certificate, and only one course may be taken online.

- ENG-W 234 Technical Report Writing
- ENG-W 315 Writing for the Web
- ENG-W 331 Business & Administrative Writing
- ENG-W 364 The Art of Magazine Editing for Publication & Production
- ENG-W 395 Independent Study of Writing (Topic: The Art of Magazine Writing)
- Varies Take one additional course approved by faculty.
Recommended: ENG-W405, ENG-W398 or COAS-S399, or online elective within the IU system as approved by the Writing Faculty)

Fine Arts

The IU Southeast Fine Arts program is among the strongest at the Southeast campus due to its distinguished faculty, students, and ability to form liaisons with local and regional fine arts programs and organizations. The Fine Arts at IU Southeast is a challenging, innovative, and supportive learning program committed to the intellectual and social growth of students, and to the cultural well-being of the region.

Program Information**Mission Statement**

The mission of the Fine Arts program at Indiana University Southeast is to continuously design, build, and implement high quality programs of study in the visual arts and art history that support, integrate, and contribute to the missions of the School of Arts and Letters and the University. The program affirms and nurtures the intellectual and creative spirits of each individual while providing knowledge and structure to promote the appreciation and understanding of art and art history and of their contributions to the cultures and histories of humanity. Each student is encouraged to develop their own unique vision and critical thinking methods, and to come to a greater understanding and appreciation of the diverse responses and contributions of others. Students will explore how and why they work creatively, as well as develop appreciation for art in both a contemporary and historical context.

Art History Learning Goals

1. Students will develop art historical literacy.
2. Students will exhibit an understanding of the role of art in social and historical contexts.
3. Students will exhibit analytical and critical abilities.
4. Students will conduct art historical research and write effective academic discourse demonstrating information literacy.
5. Students will be able to speak effectively about art.

Fine Arts Studio Learning Goals

1. Students will demonstrate their ability to conceptualize their ideas visually.
2. Students will demonstrate their ability to express their interests and goals as artists and designers.
3. Students will analyze and evaluate their own art.
4. Students will describe, analyze, interpret and evaluate the work of other artists and designers.
5. Students demonstrate their knowledge of the vocabulary and concepts used in the study and creation of art.

Fine Arts Program Studio Policies

Students are responsible for degree requirements and the Fine Arts program policies which include:

- Foundations Portfolio Review: All Fine Arts students must have a foundations portfolio review. Passing the review is required prior to entering the BA in

Studio Art, the BFA, and the BS in Art Education is independent of all studio grades. The portfolio review will also be used to identify weaknesses in a student's progress. During the portfolio review, artwork is formally evaluated.

- Professional Disposition: The IU Southeast Fine Arts Program has determined that a student's demonstration of professional disposition and their adherence to specified minimum standards of conduct are essential to the successful participation in and completion of the program. The IU Southeast Fine Arts Disposition Code is a program-level set of minimum standards that complements but does not supersede the broader IU Code of Students Rights, Responsibilities, and Conduct. The specific standards of the code and its implementation will be made available to students in course syllabi.
- Senior Year Requirements: During the spring semester of senior year, students participate in an exhibition of their work or a career day event for graphic design majors.
- Art Transfer Credit Review: Transfer students with art credit from other institutions must have a transfer portfolio review in order to determine which courses from other institutions will be accepted as satisfying the Indiana University Southeast Fine Arts studio requirements. For guidelines for submitting a transfer portfolio, please contact the School of Arts and Letters Academic Advising office.
- Academic Standing in Fine Arts Studio Courses: Students must receive a grade of C or higher in all studio and art history courses. A student can repeat a course no more than two times. If the required course is not passed with a grade of C or higher a student will not be allowed to continue in the program.

Fine Arts Scholarships and Awards

- Outstanding Student Award
- Martha K. Stem Scholarship
- Kate Torp Scholarship
- Rebecca Jennings Award
- Adam Woeppel Scholarship
- John R. Guenther Memorial Art Scholarship

Bachelor of Arts in Fine Arts (Art History Concentration)

Degree Program Admission Requirements

Students desiring a B.A. in Fine Arts with an Art History Concentration should request acceptance after the completion of FINA- A101 (Ancient and Medieval Art), FINA- A102 (Renaissance through Modern Art), and FINA- A150 (Africa, New World and Oceanic Art) with a C or better in each course.

See "General Requirements for Undergraduate Degrees at IU Southeast" and "General Requirements for the Bachelor of Arts Degree."

General Education Component

Note: This is not a re-statement of the University's General Education Requirement but a list of specific General

Education courses which are also requirements or pre-requisites for course work in the school/major.

- ENG-W 290 Writing in the Arts and Sciences
- FINA-A 101 Ancient and Medieval Art
- FINA-A 102 Renaissance through Modern Art
- FINA-A 150 African, New World and Oceanic Art
- (FINA-A 458 may be substituted for FINA-A 150. Both may not be taken for credit. However, only FINA-A 150 fulfills the General Education diversity requirement.)

Core Program

The following courses are required of all Fine Arts majors seeking a concentration in Art History. FINA-A 458 Topics in the Ethnographic Arts may be substituted for FINA-A150 Africa, New World and Oceanic Art. FINA-A 150 and FINA-A 458 may not both be taken for credit.

Academic Standing in Fine Arts Art History Courses

- FINA-A 101 Ancient and Medieval Art
- FINA-A 102 Renaissance through Modern Art
- FINA-A 150 African, New World and Oceanic Art
- FINA-A 400 Senior Seminar in Art History, Capstone Course

Students must receive a grade of C or higher in all art history courses. Any course for which the student did not receive a full C must be retaken or considered an elective. In the latter case, a different art history course at the same level and category may be substituted for the deficient course.

Specific Requirements for Major

In addition to FINA-A 101, FINA-A 102, FINA-A 150, and FINA-A 400, students will choose an additional six courses (18 hours) from the following lists. At least one must be from a European derived tradition and at least one from an Indigenous tradition.

European Derived Traditions

- FINA-A 315 Art of the Ancient World
- FINA-A 322 Romanesque and Gothic Art
- FINA-A 343 American Art
- FINA-A 403 Baroque and Rococo Art
- FINA-A 404 Modernism: Art, Politics, and Innovation, 1850 – 1900
- FINA-A 405 Art of the Northern Renaissance
- FINA-A 406 Art of the Italian Renaissance
- FINA-A 439 The Historical Avant-Gardes: Art from 1900 to 1945
- FINA-A 440 19th-Century Art I
- FINA-A 457 Experimental Art Since 1945
- FINA-A 477 History of Photography
- FINA-A 485 Women and Gender in the Visual Arts

Indigenous Traditions

- FINA-A 362 Art of Japan
- FINA-A 402 Arts of Native North America
- FINA-A 451 Art of the South Pacific
- FINA-A 452 Art of Pre-Columbian America
- FINA-A 458 Topics in the Ethnographic Arts

(FINA-A150 and FINA-A458 may not both be taken for credit)

Variable Topics (May fulfill either category based on the specific subject matter)

- FINA-A 490 Topics in Art History (3cr. repeatable)
- FINA-A 495 Readings and Research in Art History (1 – 4 cr. repeatable for a total of 9)

Capstone

- FINA-A 400 Senior Seminar in Art History, Capstone Course

To be taken in Junior or Senior year.

Bachelor of Arts in Fine Arts (Studio Arts Concentration)

Program Description

The Bachelor of Arts in Fine Arts with a Studio Arts Concentration offers students a broader range of options, permitting them to combine their study in fine arts with a well-rounded liberal arts education. Students in the B.A. in Studio Arts focus their studies in two studio areas. Studio areas include Ceramics, Digital Art, Drawing, Graphic Design, Painting, and Printmaking.

Common Requirements/Core Program: All fine arts students are required to take a core set of classes.

- FINA-F 100 Fundamental Studio—Drawing
- FINA-F 101 Fundamental Studio— 3D
- FINA-F 102 Fundamental Studio— 2D
- FINA-D 210 Digital Art: Survey and Practice
- FINA-A 101 Ancient and Medieval Art
- FINA-A 102 Renaissance through Modern Art

General Education Requirement

Note: This is not a re-statement of the University's General Education Requirement but a list of specific General Education courses, which are also requirements or pre-requisites for course work in the school/major.

- ENG-W 290 Writing in the Arts and Sciences

Permission required for all studio courses beyond the foundation level. The School of Arts and Letters advisor must approve any exceptions.

200-level Studio Courses

All B.A. students in Fine Arts must take the required 200-level course in each of the six studio concentration areas.

Upper-Level Requirements for Completion of B.A. in Fine Arts with a Studio Arts Concentration:

Students take 15 credits of 300 and 400-level courses from two studio areas. These studio areas will be identified during the 200-level sequence of studio courses. The fine arts faculty will exercise final approval of any areas of focus selected by students.

Students must take these courses in addition to the required fundamental, all 200-level studios, and 300 and 400-level courses from two studio areas.

- FINA-U 401 Special Topics in Studio Art or any additional 300- or 400-level studio course

- FINA-A 401 Art Theory - Senior (BA Seminar)
- FINA-G 405 BA Senior Exhibit
- FINA-A 457 Experimental Art Since 1945
- FINA-A 300 or 400 level non-Western art history

B.A Capstone

All B.A. Fine Arts (Studio Art) students must take FINA-A 401 (B.A. Seminar) in the fall semester before their graduation. In addition, in spring semester before graduation all B.A. Fine Arts (Studio Art) students are required to take FINA-G 405 (B.A Senior Exhibit), which includes a formal exhibition of their work.

Minor in Art History

Mission Statement

The mission of the Fine Arts program at Indiana University Southeast is to continuously design, build, and implement high quality programs of study in the visual arts and art history that support, integrate, and contribute to the missions of the School of Arts and Letters and the University. The program affirms and nurtures the intellectual and creative spirits of each individual while providing knowledge and structure to promote the appreciation and understanding of art and art history and of their contributions to the cultures and histories of humanity. Each student is encouraged to develop their own unique vision and critical thinking methods, and to come to a greater understanding and appreciation of the diverse responses and contributions of others. Students will explore how and why they work creatively, as well as develop appreciation for art in both a contemporary and historical context.

General Education Component

Note: This is not a re-statement of the University's General Education Requirement but a list of specific General Education courses which are also requirements or pre-requisites for course work in the school/minor.

- ENG-W 290 Writing in the Arts and Sciences
- FINA-A 101 Ancient and Medieval Art
- FINA-A 102 Renaissance through Modern Art
- FINA-A 150 African, New World and Oceanic Art
- (FINA-A 458 may be substituted for FINA-A 150. Both may not both be taken for credit. Only FINA-A 150 fulfills the General Education diversity requirement.)

Core Program

The following courses are required for a minor in Art History. FINA-A 458 Topics in the Ethnographic Arts may be substituted for FINA-A150 Africa, New World and Oceanic Art. FINA-A150 and FINA-A458 may not both be taken for credit.

- FINA-A 101 Ancient and Medieval Art
- FINA-A 102 Renaissance through Modern Art
- FINA-A 150 African, New World and Oceanic Art
- (FINA-A 458 may be substituted for FINA-A 150.)

Academic Standing in Fine Arts History Courses

Students must receive a grade of C or higher in all art history courses. Any course for which the student did not receive a full C must be retaken or considered an elective. In the latter case a different art history course at the same

level and category may be substituted for the deficient course.

Specific Requirements for Minor

In addition to FINA-A 101, FINA-A 102, and FINA-A 150, students will choose an additional two courses (6 hours) from the following lists. At least one course must be from a European derived tradition and at least one from an Indigenous tradition.

European Derived Traditions

- FINA-A 315 Art of the Ancient World
- FINA-A 322 Romanesque and Gothic Art
- FINA-A 403 Baroque and Rococo Art
- FINA-A 404 Modernism: Art, Politics, and Innovation, 1850 – 1900
- FINA-A 405 Art of the Northern Renaissance
- FINA-A 406 Art of the Italian Renaissance
- FINA-A 439 The Historical Avant-Gardes: Art from 1900 to 1945
- FINA-A 440 19th-Century Art 1
- FINA-A 457 Experimental Art Since 1945

Indigenous Traditions

- FINA-A 362 Art of Japan
- FINA-A 402 Arts of Native North America
- FINA-A 451 Art of the South Pacific
- FINA-A 458 Topics in the Ethnographic Arts
- (FINA-A 150 and FINA-A 458 may not both be taken for credit.)

Variable Topics (May fulfill either category based on the specific subject matter)

- FINA-A 490 Topics in Art History (3cr. repeatable)
- FINA-A 495 Readings and Research in Art History (1 – 4 cr. repeatable for a total of 9 cr.)

Students must also complete a 400 level Senior Seminar in Art History: To be taken in Junior or Senior year.

- FINA-A 400 Senior Seminar in Art History

Minor in Digital Photography and Video Art

General Requirements

Students pursuing a minor in Digital Photography and Video Art must complete the following requirements:

- 18 credit hours
- Courses must be completed with a grade of C or higher
- Courses are 3 credit hours unless otherwise noted
- Minors are awarded concurrently with Baccalaureate degrees

Course Requirements

- FINA-D 210 Digital Art: Survey and Practice
- FINA-S 217 Introduction to Video Art
- Complete one of the following
 - FINA-S 310 Photography
 - FINA-S 291 Fundamentals of Photography

- FINA-D 312 Intermediate Multimedia
- FINA-S 490 Advanced Photography I
- Complete one of the following
 - FINA-S 491 Advanced Photography II
 - JOUR-J 344 Photojournalism Reporting

Minor in Fine Arts

Fine Arts Program Studio Policies and Degree Requirements

Students are responsible for degree requirements and the Fine Arts Department policies which include:

- **Professional Disposition:** The IU Southeast Fine Arts Program has determined that a student's demonstration of professional disposition and his/her adherence to specified minimum standards of conduct are essential to the successful participation in and completion of the program. The IU Southeast Fine Arts Disposition Code is a program level set of minimum standards that complements but does not supersede the broader IU Code of Students Rights, Responsibilities, and Conduct. The specific standards of the code and its implementation will be made available to students in course syllabi.
- **Art Transfer Credit Review:** Transfer students with art credit from other institutions must have a transfer portfolio review in order to determine which courses from other institutions will be accepted as satisfying the Indiana University Southeast Fine Arts studio requirements. For guidelines for submitting a transfer portfolio, please contact the School of Arts and Letters Academic Advising office.
- **Academic Standing in Fine Arts Studio Courses:** Students must receive a grade of C or higher in all studio and art history courses. A student can repeat a course no more than two times. If the required course is not passed with a grade of C or higher a student will not be continued in the program.

Minor Specific Requirements - 18 credit hours

- FINA-F 100 Fundamental Studio - Drawing
- FINA-F 101 Fundamental Studio - 3D

Choose 1:

- FINA-F 102 Fundamental Studio - 2D
- FINA-D 210 Digital Art: Survey and Practice

Select one of the following tracks:

Track 1 (pre-requisites: FINA-F 100, FINA-F 101, FINA-D 210)

Select 2 of the following:

- FINA-S 260 Ceramics 1
- FINA-S 250 Graphic Design 1
- FINA-S 217 Video Art

Select a 300-Level Studio Course

Track 2 (pre-requisites FINA-F 100, FINA-F 101, FINA-F 102):

Select 2 of the following:

- FINA-S 260 Ceramics 1
- FINA-S 200 Drawing 1

- FINA-S 230 Painting 1
- FINA-S 240 Printmaking 1

Select a 300-level Studio Course

Studio Art Minor (Fine Art Degree)

The minor for students pursuing the BFA or BA in studio allows Fine Arts students to gain more experience in an area outside of their BFA or BA curriculum. The studio minor facilitates an even broader experience in studio studies by providing students the opportunity to explore another studio area of focus with greater depth.

Painting (15 cr.)

Complete the following courses:

- FINA-S 345 Life Drawing
- FINA-S 331 Painting II* 6 (take twice)
- FINA-S 431 Painting III* 6 (take twice)

Drawing (15 cr.)

Complete the following courses:

- FINA-S 301 Drawing II*
- FINA-S 306 Digital Illustration
- FINA-S 345 Life Drawing
- FINA-S 401 Drawing III* 6 (take twice)

Ceramics (15 cr.)

- FINA-S 361 Ceramics II*
- FINA-S 461 Ceramics III*
- FINA-S 463 Topics in Studio Ceramics

Printmaking (15 cr.)

Choose 3 (9 units):

- FINA-S 341 Printmaking - Intaglio
- FINA-S 343 Printmaking II - Lithography
- FINA-S 344 Printmaking II - Silkscreen
- FINA-S 348 Printmaking II - Relief

Choose two (6 units):

- FINA-S 441 Printmaking III - Intaglio
- FINA-S 443 Printmaking III - Lithography
- FINA-S 445 Relief Printmaking Media

Graphic Design (15 cr.)

- FINA-S 310 Photography**
- FINA-P 323 Web Design**
- FINA-S 351 Typography
- FINA-S 305 Design Center*
- FINA-S 451 Advanced Graphic Design*

***FINA-S 310 - If this course has been taken as an elective or is required by a BFA concentration area, e.g. Digital Art, students would need to take more of FINA-S 305 and FINA-S 451.*

***FINA-P 323 - If this course has been taken as an elective or is required by a BFA concentration area, e.g. Digital Art, students would need to take more of FINA-S 305 and FINA-S 451.*

Digital Art (15 cr.)

- FINA-S 310 Photo**
- FINA-P 323 Web Design**
- FINA-D 312 Intermediate Media*
- FINA-D 410 Advanced Multimedia*

***FINA-S 310 - If this course has been taken as an elective or is required by a BFA concentration, e.g. Graphic Design, students would need to take more of FINA-D 312 and FINA-D 410.*

***FINA-P 323 - If this course has been taken as an elective or is required by a BFA concentration area, e.g. Graphic Design, students would need to take more of FINA-D 312 and FINA-D 410.*

**Repeatable studio courses*

Digital Photography (15 cr.)

Fine Arts Majors with an emphasis in Digital Art will be required to take 3 more credit of Advanced Photography II in place of Intermediate Multimedia.

- FINA-S or
- FINA-S 310
- 291 Photography**
- Fundamentals of Photography
- FINA-D 312 Intermediate Multimedia
- FINA-A 477 History of Photography
- FINA-S 490 Advanced Photography I
- FINA-S 491 Advanced Photography II

Bachelor of Fine Arts (B.F.A.)

Program Description

The B.F.A. is for the student who seeks a professional degree that can lead to continued study on the graduate level or for the student who plans to make a career in Fine Arts. Acceptance into the B.F.A. program requires a formal application and portfolio review of artwork consistent with the intended concentration. A component of the BFA program requires students to participate and present in oral critiques of artwork completed and in progress. Studio Areas/concentrations include Ceramics, Digital Art, Drawing, Graphic Design, Painting, and Printmaking.

Common Requirements/Core Program: All B.F.A. students are required to take a core set of classes in the program.

- FINA-F 100 Fundamental Studio - Drawing
- FINA-F 101 Fundamental Studio - 3D
- FINA-F 102 Fundamental Studio - 2D
- FINA-D 210 Digital Art: Survey and Practice
- FINA-S 200 Drawing I
- FINA-S 230 Painting I
- FINA-S 240 Printmaking I
- FINA-S 260 Ceramics I
- FINA-S 217 Video Art
- FINA-S 250 Graphic Design I

General Education Component

Note: This is not a re-statement of the University's General Education Requirement but a list of specific

General Education courses, which are also requirements or pre-requisites for course work in the school/major.

Information Literacy & Library Instruction (1 cr.)

- COAS-S 104 First Year Seminar
- COAS-S 154 Pathways {1 cr.}

Written Communications I (3 cr.)

- ENG-W 131
- HON-H 215

Written Communications II (3 cr.)

- ENG-W 290 Writing for the Arts & Sci.

Oral Communication (3 cr.)

- SPCH-S 121
- HON-H 215

Quantitative Reasoning (3 cr.)

- MATH-M 110 or higher

Reasoning about Ethical Questions or Diversity (3 cr.)

- Any approved course

Natural & Physical Sciences (5 cr.)

- Any approved course

Arts & Humanities (O cr.)

- FINA-F 100
- FINA-F 101

Additional Course in Social & Behavioral Sciences (3 cr.)

- Any approved course

Bachelor of Fine Art with Studio Concentrations (B.F.A.)

To be eligible to apply to the B.F.A., students must also have completed a minimum of two of the required 200-level studio courses with concurrent enrollment in the third. Once accepted into the B.F.A. program, all students must take an additional 21 credits of 300 and 400-level required courses in their studio concentration area.

Permission required for all studio courses beyond the foundation level. The School of Arts and Letters advisor must approve any exceptions.

Advanced Studio or Art History Courses

Each student will be required to take 15 credit hours from a select group of courses. *

- FINA-A 200-400 level Art History
- FINA-A 477 History of Photography
- FINA-S 270 Sculpture 1
- FINA-D 312 Intermediate Multimedia
- FINA-P 323 Introduction to Web Design
- FINA-S 301 Drawing 2
- FINA-S 305 Design Center
- FINA-S 306 Digital Illustration
- FINA-S 310 Photography
- FINA-S 291 Fundamentals of Photography
- FINA-S 331 Painting 2

- FINA-S 345 Life Drawing
- FINA-S 341 Printmaking 2: Intaglio
- FINA-S 343 Printmaking 2: Lithography
- FINA-S 344 Printmaking 2: Silkscreen
- FINA-S 348 Printmaking 2: Relief
- FINA-S 351 Typography I
- FINA-S 352 Production for the Graphic Designer
- FINA-S 361 Ceramics 2
- FINA-S 371 Sculpture 2
- FINA-S 392 Intermediate Photography
- FINA-D 410 Advanced Multimedia
- FINA-S 401 Drawing 3
- FINA-S 417 Hand Papermaking
- FINA-S 431 Painting 3
- FINA-S 441 Printmaking 3
- FINA-S 443 Printmaking 3: Lithography
- FINA-S 444 Printmaking III Silkscreen
- FINA-S 445 Relief Printmaking Media
- FINA-S 451 Graphic Design Problem Solving
- FINA-S 461 Ceramics 3
- FINA-S 463 Topics in Studio Ceramics
- FINA-S 490 Advanced Photography I
- FINA-S 491 Advanced Photography 2
- FINA-S 497 Independent Study in Studio Art
- FINA-U 401 Special Topics in Studio Art
- COAS-S 399 INTERNSHIP

Open Electives

Each student will be required to complete 15 credit hours of any level that go towards their degree.

B.F.A. Capstone

All B.F.A. studio majors must take FINA-U 400 (B.F.A. Seminar) in the fall semester before their graduation. In addition, in spring semester before graduation all B.F.A. studio majors are required to take FINA-G 400 (B.F.A. Final Review), which includes a formal written explanation of their artwork and a gallery exhibition or oral presentation of their work. B.F.A. seniors will also prepare a digital portfolio of their work that will be kept on file in the Fine Arts program.

- FINA-U 400 Sources and Resources: Professional Skills in Fine Arts
- FINA-G 400 BFA Final Review

BFA-level Course Policy in each Fine Art Area

The only students permitted to enroll in each area's BFA-level course are those that have already been accepted into the BFA Program in that concentration. BFA-level courses include: FINA-S462 (Ceramics), FINA-S412 (Digital Art), FINA-S405 (Drawing), FINA-S452 (Graphic Design), FINA-S432 (Painting), and FINA-S442 (Printmaking).

Special Requirements for Concentrations:

Major Studio Courses (21 cr.)

- FINA-S 361 Ceramics 2 (3 cr.)
- FINA-S 461 Ceramics 3 (3 cr.)
- FINA-S 462 BFA Ceramics (3 cr.)
- FINA-S 462 BFA Ceramics (3 cr.)

- FINA-S 462 BFA Ceramics (3 cr.)
- FINA-S 462 BFA Ceramics (3 cr.)
- FINA-S 463 Topics in Studio Ceramics or repeat FINA-S 461 or 462 (3 cr.)

Bachelor of Science in Art Education

Degree Requirements

Students receiving the Bachelor of Science in Art Education degree must complete 120 total credit hours including:

- General Education Core (30 cr.)
- Professional Education (35 cr.)
- Fine Arts Content (54 cr.)
- Electives as needed to reach 120 credit hours

-
- A minimum of 30 credit hours at the 300- or 400-level
 - Courses required for the major must be completed with a grade of C or higher
 - Courses are 3 credit hours unless otherwise noted
 - A minimum GPA of 2.5 is required for degree conferral

Professional Education (35 cr.)

- Pre-Professional Education
 - EDUC-K 205 Introduction to Exceptional Children (2 cr.)
 - EDUC-H 205 Introduction to Educational Thought
 - EDUC-M 300 Teaching in a Pluralistic Society - This course fulfils General Education Diversity requirement
- EDUC-M 301 Laboratory/Field Experience (1 cr.)
- EDUC-M 303 Laboratory/Field Experience Junior High/Middle School (1 cr.)
- EDUC-P 312 Learning Theory
- EDUC-M 314 General Methods for Senior High/Junior High/Middle School Teachers
- EDUC-M 330 Designing Visual Learning Experiences for Children
- EDUC-M 430 Art Education in School & Museum Settings
- EDUC-M 464 Methods of Teaching Reading

- EDUC-M 425 Student Teaching: Elementary (6 cr.)
- EDUC-M 480 Student Teaching: Secondary (6 cr.)
- EDUC-C 495 seminar in Leadership Training (1 cr.)

Fine Arts Content (54 cr.)

- FINA-F 100 Fundamental Studio-Drawing - This course fulfils General Education Arts & Humanities requirement
- FINA-F 101 Fundamental Studio-3D
- FINA-F 102 Fundamental Studio-2D
- FINA-A 101 Ancient and Medieval Art - This course fulfils General Education Arts & Humanities requirement
- FINA-A 102 Renaissance Through Modern Art
- FINA-A 457 Experimental Art Since 1945
- FINA-A 458 Topics in the Ethnographic Arts
- FINA-D 210 Digital Art: Survey and Practice
- FINA-S 200 Drawing 1
- FINA-S 217 Introduction to Video Art
- FINA-S 230 Painting 1
- FINA-S 240 Basic Printmaking Media
- FINA-S 260 Ceramics 1
- Complete one of the following
 - FINA-S 250 Graphic Design 1
 - FINA-S 351 Typography I
- Complete three 300-level studio courses
 - FINA-D 312 Intermediate Multimedia
 - FINA-S 301 Drawing 2
 - FINA-S 331 Painting 2
 - FINA-S 341 Printmaking II Intaglio
 - FINA-S 345 Life Drawing 1
 - FINA-S 351 Typography I
 - FINA-S 361 Ceramics
- Complete two 400-level studio courses
 - FINA-D 410 Advanced Media
 - FINA-S 401 Drawing 3
 - FINA-S 431 Painting 3
 - FINA-S 441 Printmaking III Intaglio
 - FINA-S 451 Graphic Design Problem Solving
 - FINA-S 461 Ceramics 3
- Complete one of the following
 - FINA-U 401 Special Topics in Studio Art
 - 300-level studio course
 - 400-level studio course

Certificate in Digital Photography and Video Art

General Requirements

Students pursuing a certificate in Digital Photography and Digital Art must complete the following requirements

- 18 credit hours in Fine Arts
- Courses must be completed with a grade of C or higher
- Courses are 3 credit hours unless otherwise noted

Course Requirements

- FINA-D 210 Digital Art: Survey and Practice

- FINA-D 312 Intermediate Multimedia
- FINA-S 217 Introduction to Video Art
- FINA-S 490 Advanced Photography I
- FINA-S 491 Advanced Photography II
- Complete one of the following
 - FINA-S 291 Fundamentals of Photography
 - FINA-S 310 Photography

General Studies Program

The Bachelor of General Studies degree is distinctive in that it allows a student considerable freedom to develop a program of study based on his or her interests and prior experiences. This degree program places more emphasis on the breadth of development across academic disciplines than a traditional program within a well-defined major.

Programs

Undergraduate Degrees

Minor in Multimedia Journalism

General Requirements

Students pursuing a minor in Multimedia Journalism must complete the following requirements

- 15 credit hours in Journalism
- Courses must be completed with a grade of C or higher
- Courses are 3 credit hours unless otherwise noted
- A minimum cumulative GPA of 2.0 across all courses required in the minor
- Minors are awarded concurrently with Baccalaureate degrees

Course Requirements

- JOUR-C 200 Introduction to Mass Communications
- JOUR-J 200 Reporting, Writing & Editing I
- JOUR-J 300 Communications Law
- JOUR-J 303 Online Journalism
- JOUR-J 494 Digital Media Practicum

DSST

DANTES Subject Standardized Tests (DSST)

Through the DSST program, formerly known as DANTES, more than 1,600 participating colleges and universities across the United States award college credit to those

who demonstrate that they have knowledge comparable to someone who completed an authorized classroom course in a given subject. It is essential to first check with your academic advisor to see what DSST offerings fit within your current or proposed curriculum. For a complete list of DSST courses, as well as Frequently Asked Questions, go to the Student Development website.

Internet-Based Testing

All DSST test titles are available via Internet-based testing. When taking a DSST test online, you will be required to create a username and password at the time of testing. The test fee is paid by credit card only. Candidates have two hours to complete their examination after they click "Begin Test."

Test Fees and Procedures

DSST exams are \$80 plus \$15 registration (total \$95) payable on-line by credit card (charge subject to change). Please call the Student Development Center at (812) 941-2312 to register for a test appointment.

Score Reports

Candidates testing online can receive immediate test results by viewing their unofficial score report at the end of the testing session.

Retesting Policy

If you do not receive a passing score, you may take the test again after 90 calendar days. Please do not attempt to take the test before the 90 days have passed, because your test will be invalid and your test fee will not be refunded.

For more information about DSST, visit the Student Development Center [webpage](#), which includes a [Frequently Asked Questions](#) document covering DSST.

General Degree Requirements for the General Studies Degree Programs

This *Bulletin* states the general degree requirements for students who enter the university beginning in the fall semester of 2015 through the summer terms of 2017. It also states the requirements in the major for students who officially enter their majors in the same time period. Students should note that the requirements for degree programs that lead to professional certification may change to stay current with certification requirements. Every effort is made to notify students of such changes.

Students who leave the university for more than one year are expected to meet the degree and major requirements that are in effect when they resume their studies. Changes may impact the number and kinds of courses and credit hours needed to complete the degree.

Minor in Public Relations

General Requirements

Students pursuing the minor in Public Relations must complete the following requirements

- 15 credit hours in Journalism & Communication
- Courses must be completed with a grade of C or higher

- Courses are 3 credit hours unless otherwise noted
- A minimum cumulative GPA of 2.0 across all courses required in the minor
- Minors are awarded concurrently with Baccalaureate degrees

Course Requirements

- JOUR-C 200 Introduction to Mass Communications
- JOUR-J 200 Reporting, Writing & Editing I
- COMM-I 311 Copywriting in Advertising
- COMM-I 334 Public Relations in Strategic Communication
- COMM-I 347 Strategic Communication Campaigns

Bachelor of General Studies (B.G.S.)

Student Learning Goals and Outcomes

The Bachelor of General Studies degree is distinctive in that it allows a student considerable freedom to develop a program of study based on his or her interests and prior experiences. This degree program places more emphasis on the breadth of development across academic disciplines than a traditional program within a well-defined major.

1. Demonstrate Knowledge in more than one discipline
2. Demonstrate writing skills in reasoned argument
3. Demonstrate the ability to address a controversial issue or problem fair-mindedly
4. Demonstrate the ability to integrate knowledge from reliable sources to support an argument
5. Demonstrate the application of knowledge and skills to benefit others in life or work

Degree Requirements

Degree Program Admission Requirements

Admission Procedures

1. Students must complete or have completed 26 credit hours before they can apply to the General Studies degree program, as well as have earned a minimum GPA of 2.0.
2. All applicants must meet with a program advisor for an advising appointment.
3. If applicants have previously attended a college or university, they should direct that institution to forward a transcript to the Office of Admissions, Indiana University Southeast, 4201 Grant Line Road, New Albany, IN 47150.
4. Students who wish to transfer from another academic unit within Indiana University must first make an appointment with a General Studies program advisor.

General Degree Requirements

See "General Requirements for Undergraduate Degrees at IU Southeast" in this Bulletin. Bachelor of General Studies students must fulfill the University's General Education requirements and the minimum requirements to graduate, i.e. 120 hours and a cumulative GPA of at least 2.0. **Please note:** IU Southeast graduates students with the Program G.P.A. However, students planning to attend graduate school should expect to be admitted to those programs based on their Indiana University G.P.A.

Students are encouraged to explore specific graduate school's admission requirements, including G.P.A.

Basic Skills/General Education Component

The following courses typify the basic skills expected of a student who earns the Bachelor of General Studies degree. Additionally, some of these courses will also fulfill portions of the University's General Education requirements. NOTE: While a grade of C- or below will count toward your General Education Requirements, a grade of C is required in order for these courses to count toward your areas of concentration of Social Sciences, Arts and Humanities, and Science and Math.

- ENG-W 131 Writing Composition
- COAS-S 104 Freshman Seminar
- PSY-P 101 Introduction to Psychology I
- SOC-S 163 Social Problems
- COMM-S 121 Public Speaking
- ENG-W 290 Writing in the Arts and Sciences
- MATH-M 101 Topics in Algebra 4
- MATH-M 102 Topics in Algebra 5
- MATH-M 110 Excursions in Mathematics
- MATH-M 112 Quantitative Literacy I
- MATH-M 114 Quantitative Literacy II
- MATH-T 101 Math for Elementary Teachers 1
- MATH-T 102 Math for Elementary Teachers 2
- MATH-T 103 Math for Elementary Teachers 3
- MATH-M 118 Finite Mathematics
- MATH-M 122 College Algebra
- MATH-M 119 Brief Survey of Calculus
- MATH-K 300 Statistics

Distribution and Concentration Requirements

Bachelor of General Studies students are expected to complete three disciplinary areas of learning: Social and Behavioral Sciences (12 credit hours), Humanities (12 credit hours), or Science and Math (12 credit hours).

Additionally, each student must select an Area of Concentration (18 additional hours) from one of the aforementioned disciplinary areas. A grade of C is the minimum grade for a course in each disciplinary area.

However, within each area, students must otherwise maintain an overall C average.

Students are also required to have 30 credit hours of 300-400 level courses. A minimum of one course in two of the three disciplinary areas must be at 300-level or higher or deemed equivalent by the Dean. Students will consult a list of approved courses for this purpose provided by their advisor.

General Studies students are also required to take a capstone/senior seminar. This course is an upper level course that can be counted in the area of Arts and Humanities, as well as toward the 300-400 upper level requirement. A grade of C or better is required in the capstone course.

Students must receive a grade of C or higher in all courses used to fulfill the Distribution and Concentration requirements. Any course in which the student receives a grade of less than C (C- is less than C) will count only as a general elective toward the 120 hours required for graduation.

Courses taken to complete the Basic Skills and/or General Education requirements may count toward the area distribution and concentration requirements subject to having a sufficient number of courses at the 300-400 level and subject to earning a grade of C.

Electives

Total Hours: 19

Students, in consultation with their academic advisor, are encouraged to concentrate their elective courses in related subjects or to pursue minors that will help them to professionalize the Bachelor of General Studies.

Other Requirements and Limitations

1. A minimum of 30 credit hours of the required 120 credit hours must be taken within the eight campuses of Indiana University.
2. A minimum of 18 credit hours of course work accepted for the B.G.S. degree must be taken after the student has been admitted to the General Studies degree program.
3. Students must have an overall GPA of 2.0 before they can graduate from the General Studies degree program. However, students planning to attend graduate school may be admitted to those programs based on their Indiana University GPA. Therefore, students are encouraged to explore the admission requirements of specific graduate schools, including the GPA.
4. A minimum of 30 credit hours of the required 120 must be taken at the upper-division level, i.e. numbered 300 or above. The 30 credit hours must include at least one 3-credit course from two of the three areas of learning, which are Social Sciences, Arts and Humanities, and Science and Math.
5. A maximum of 30 hours in each subject will be accepted toward the B.G.S. degree.

Capstone Requirement

The senior seminar is designed to provide a peak experience in pursuing the Bachelor of General Studies degree. Succeeding in the course will demonstrate fulfillment of many of the learning outcomes of the degree, though some are achieved in other courses. It will also signify preparedness "to secure meaningful employment" upon graduation.

In order to enroll in the General Studies senior capstone course, the following guidelines must be followed:

1. General Studies students will be guided to begin planning to take the capstone course in their junior year (56-85 credit hours). The prerequisite for the capstone course is ENG-W 290 Writing for the College of Arts and Sciences. Students must have a grade of C or better in W290.
2. Prior authorization is required from the Manager of General Studies or the General Studies Advisor. Students should plan carefully to avoid the risk of having to take an additional term to graduate.
3. Students are encouraged to apply for enrollment in the capstone course the semester before they plan to enroll in the course. They must have 86 credit hours or be in their last semester of school.
4. Students must have a Program GPA of 2.0 or higher to enroll in the capstone course.

5. In order to enroll in the capstone course, students must obtain permission from the Manager or Academic Advisor of the General Studies degree program.

- GNST-G 400 General Studies Capstone

Self-Acquired Competencies

Multiple terms can be used to discuss Prior Learning Assessment (PLA) or Self-Acquired Competency (SAC).

However, the currently preferred language is PLA.

Whatever terms may be used, the concept refers to learning that is gained outside a traditional academic environment. It represents knowledge and skills that are acquired as "adults live their lives: working, participating in employer training programs, serving in the military, studying independently, volunteering or doing community service, and studying open source courseware."

Therefore, to earn credits through PLA, the process evaluates and assesses an individual's equivalent life-learning "for college credit, certification, or advanced standing toward further education or training."

IU Southeast has entered into a partnership with the Council for Adult and Experiential Learning (CAEL) to assist students in their degree completion. PLA credit is only applicable in the General Studies degree program. The maximum number of credit hours that can be applied to the General Studies degree is 30 credit hours. Students interested in PLA may log onto the CAEL website (www.cael.org) for information on how to develop their portfolio. The website also contains valuable information regarding a Developing Your Portfolio (DYP) course, as well as tools for creating a portfolio.

For further information, students should contact the Manager of the General Studies degree program.

General Studies Program

Recent History

The IU Southeast General Studies Program came into existence as a stand-alone academic program on July 1, 2012, with the disbanding of the IU system-wide School of Continuing Studies. The General Studies Program administers the Bachelor of General Studies Degree (B.G.S.), the certificate in supervision, and minors in supervision and recreation, and functions within the School of Arts and Letters. It operates independently of the six IU Southeast schools and administered by the Manager of the General Studies degree program. It also offers a Certificate/Minor in Supervision and a minor in Recreation.

Mission

The General Studies Program uniquely exists to serve the working adult who has acquired significant knowledge and skills from different sources. This program helps students transform their credits from other college programs, associate degrees, the military, or additional self-acquired competencies into a B.G.S. and/or a certificate/minor in order to pursue educational or career opportunities that may not fit readily into an existing major.

Admission Requirements/Transfer Procedures

The General Studies Program is open to all qualified high school graduates or individuals with the General Educational Development (GED) certificate. Any student

with a minimum of 26 credit hours and a minimum GPA of 2.0 may apply for admission as follows:

1. Whether transferring from within the campus or from outside, interested applicants must meet with one of the General Studies academic advisors.
2. After meeting with a General Studies academic advisor, students may earn credit by examination by taking one or more DSST exams administered through the IU Southeast Student Success Center (only applies to the B.G.S. degree).

Methods for Acquiring Credit

The General Studies program accepts accredited course work earned through a variety of methods:

1. Up to 90 credit hours of transfer work from accredited institutions may be accepted from a four-year college, or up to 64 credit hours from a two-year college. The 90 hours may be in combination from a two and a four-year college. These hours may also include up to 30 technical hours of elective credit from Purdue University in mechanical or electrical engineering, and/or computer graphics technology. Such course work must have grades of C or better to be transferrable to IU Southeast.
2. After meeting with a General Studies academic advisor, students may earn credit by examination by taking one or more DSST exams administered through the IU Southeast Student Development Center (only applies to the B.G.S. degree).
3. Students may also apply for Prior Learning Assessment (PLA) via the Learning Counts Program, from CAEL. PLA is formerly known as Credit for Life Experience or SAC credit. Information may be gained from the CAEL website (www.cael.org) or from the manager of the General Studies degree program.
4. Generally, all IU campuses accept for transfer credit those recommended by the American Council on Education (ACE), through whether they count toward the major, toward general education, or as an elective may vary. For the full policy, see <http://policies.iu.edu/policies/categories/academic-faculty-students/academic-student-affairs/transfer-credit-military.pdf>.

Individualized Major Program

While the needs of most students are well served by existing majors offered on campus, some students have academic interests that do not fit well into existing programs or traditional disciplinary boundaries. The Individualized Major Program (IMP) in the School of Arts and Letters meets the needs of such students. It serves disciplined and self-motivated students who may wish to major in traditional disciplines or interdisciplinary areas for which majors are not available at IUS, as well as those who wish to fashion unique and original interdisciplinary majors that reflect their individual experience, interests, and needs. These include students whose work and life experiences suggest the need for fresh ways of organizing existing courses into meaningful new majors, as well as innovative students who wish to bring together course work in several disciplines to focus on a specific area or make unusual yet valid connections between areas that are rarely studied together. The IMP can also serve transfer students who wish to continue work started

elsewhere in areas in which IUS has faculty expertise but no organized majors.

Arts and Letters Office: (812) 941-2342

Academics

Undergraduate Degrees

- Bachelors of Arts

Individualized Major Program (Bachelor of Arts)

Unlike other majors, which prescribe a fixed area of study, the individualized major provides a structure that allows such students, in consultation with faculty members, to design their own majors on various topics and fields of study. Each major course of study varies in accordance with the needs and interests of individual students. Students work closely with faculty advisors, and all individualized majors are overseen and approved by a faculty committee that ensures each student-designed major has intellectual integrity and rigor.

Student Learning Goals

To be determined individually for each student/program.

Degree Program Admission Requirements

Students may not use the IMP program as a device for avoiding requirements of existing majors and concentrations, or when an existing major or concentration substantially meets the intended academic goals of the student.

Basics of the IMP admission and advising process include identification of an IMP advisor, an admissions interview with the Arts and Letters Coordinating Committee, curriculum planning with semester-by-semester review, a degree culmination project, a senior review dossier, and a senior review interview with the Arts and Letters Coordinating Committee.

Students generally apply for admission to the program as sophomores or juniors. Students should have taken at least 15 credit hours before proposing an IMP, and students should have taken fewer than half of the major courses of the proposed IMP before proposing it. A copy of the IMP Admission and Advising/Counseling Procedures can be obtained at the offices of the School of Arts and Letters, Knobview Hall 110, (812) 941-2343.

Degree Requirements

Students receiving the Bachelor of Arts Individualized Major degree must complete 120 total credit hours including:

- General Education Core (30 cr.)
 - Foreign Language Requirement (14 cr.)
 - Bachelor of Arts Distribution Requirement (15 cr.)
 - Individualized Curriculum or Predetermined Track (up to 60 cr.)
 - Electives as needed to complete 120 total credit hours
-
- A minimum of 30 credit hours at the 300- or 400-level

- Courses required for the major must be completed with a grade of C or higher
- Courses are 3 credit hours unless otherwise noted
- A minimum GPA of 2.0 is required

Tourism, Hospitality, Sports Mgmt & Event Planning Track (60 cr.)

Core: Complete the following courses

- SPH-T 203 Principles of Lodging Management
- TESM-T 107 Tourism Planning and Development
- TESM-E 104 Principles of Event Management
- TESM-G 100 Introduction to the Tourism Industry
- TESM-C 401 TCEM Internship
- SPH-T 335 Entrepreneurship in Tourism, Hospitality and Event Management
- TESM-H 105 Lodging Management and Operations
- SPH-R 425 Capstone in Tourism, Hospitality and Event Management
- TESM-S 211 Introduction to Sports Management
- SPH-T 201 Introduction to Tourism, Hospitality and Event Management Industries

Areas of Focus: Complete two of the following categories - Hospitality, Marketing, Sports Management, Tourism, or Event Planning

Hospitality

- SPH-R 426 Human Resources Management in Leisure Services
- SPR-R 413 Fiscal Management of Leisure Service Organizations
- SPH-T 336 System Integration in Hospitality
- TESM-H 305 Food and Beverage Operations
- TESM-H 205 Facilities Operations

Marketing

- BUS-M 300 Introduction to Marketing
- BUS-M 330 Consultative Selling
- BUS-M 405 Consumer Behavior
- BUS-M 450 Marketing Strategy
- CMCL-C 337 New Media

Sports Management

- TESM-S 411 Legal Issues in Sports Settings
- TESM-S 319 Sports Tourism Development
- TESM-S 423 Financial Principles in Sport
- TESM-E 219 Management of Sports Events
- One of the following
 - TESM-S 415 Sport Promotions and Public Relations
 - TESM-S 418 Sports Marketing
 - TESM-T 329 Tourism Sports Marketing

Tourism

- TESM-C 412 Tourism Management
- TESM-G 315 Economics of Tourism and Events
- TESM-G 410 Tourism Research
- TCEM-T 382 Travel Trends and Destinations
- TESM-T 307 Tourism Marketing and Sales

Event Planning

- TCEM-G 499 Event Tourism Analysis
- TESM-E 304 Mechanics of Event Planning
- SPH-T 323 Festival and Event Management
- TCEH-H 371 Conventions Sales and Service
- One of the following
 - TESM-E 404 Event Production
 - SPH-T 345 Special Event Production

Bachelor of Interdisciplinary Studies in Arts and Humanities

Program Description: This flexible but focused degree provides students with an outstanding multidisciplinary preparation in the Arts and Humanities, while allowing options to pursue specific academic preparations applicable to their immediate interests and future career aspirations. The integrated curriculum is designed to impart skills in

- Effective written and oral communication
- Critical thinking, and
- Creative problem solving
- Melded with ethical thought and application.

The program is designed for students who.

- Have accumulated many diffused Arts and Humanities credits, but have not settled on an area of concentration
- Have specific career plans that require multiple skill sets not present within any one major within the Arts and Humanities
- Have not articulated a specific career aspiration, but want a well-rounded education.

This programs also serves as a flexible 2 + 2 program for students coming out of an AA or AS program from community or technical colleges, as it offers enough flexibility for all credits from an AA or an AS to transfer into the BIS degree.

General Education Component

All BIS students complete the University's General Education Curriculum. Beyond that, BIS students complete:

- 3 credits from any approved Life/Physical Sciences course the [BA Distribution List](#).
- 3 credits from any approved Social/Behavioral Sciences course the [BA Distribution List](#).

Module Requirements

60 credits total; all courses completed with a grade of "C" or better.

Students select courses to fulfill 3 Areas of Focus, in conjunction with their advisors. From what departments student select courses to build their focus areas will vary depending on student academic history to date, current interests in exploration, and after-graduation career goals.

Upper Division Area of Focus 1

Complete 6 credits (typically 2 courses) at 200-level; and 9 credits (typically 3 courses) at the 300 or 400 level

Upper Division Area of Focus 2

Complete 6 credits (typically 2 courses) at 200-level; and 9 credits (typically 3 courses) at the 300 or 400 level

Upper Division Area of Focus 3

Complete 6 credits (typically 2 courses) at 200-level; and 9 credits (typically 3 courses) at the 300 or 400 level

General Electives

Complete 36 credits (typically 12 courses; depends on the the credit value of course selected); of which 3 must be at the 300 or 400 level.

Interdisciplinary Studies

The B.I.S. gives students the skills that employers in a variety of fields are looking for, while laying the foundation for successful entry into careers that value research skills, communication skills, team project experience, innovation, computer and multi-media competency, critical thinking, time management and generally informed perspectives about the world.

Modern Languages

We believe that language exists as both a necessary precondition and an inevitable consequence of human self-awareness, and that this self-awareness accounts for our drive to understand, interact with, and shape the world. The Department is committed both to teaching practical skills (the structural specifics of French, German or Spanish) and to developing our students' appreciation of the fundamental role that language and cultural diversity play in defining and refining our humanity. We offer Bachelor of Arts degrees, minors, and certificates in French, German, and Spanish, as well as a four-semester introductory course sequence in Japanese.

Program Information

Student Learning Goals - French

- 1: Students will demonstrate basic reading proficiency in the target language.
- 2: Students will demonstrate basic writing proficiency in the target language.
- 3: Students will demonstrate basic listening proficiency in the target language.
- 4: Students will demonstrate basic speaking proficiency in the target language.
- 5: Students will demonstrate knowledge of cultural phenomena in countries where the language is spoken.
- 6: Students will demonstrate knowledge of literature, history, and contemporary culture of the target language-speaking worlds.
- 7: Students will demonstrate an ability to read, understand, and analyze texts written in the target language.
- 8: Students will write accurately, convincingly, and in a logical, organized fashion in the target language.
- 9: Students will demonstrate ability to understand spoken target language.
- 10: Students will demonstrate ability to communicate orally in the target language.

Student Learning Goals - German

- 1: Students will demonstrate basic reading proficiency in the target language.
- 2: Students will demonstrate basic writing proficiency in the target language.
- 3: Students will demonstrate basic listening proficiency in the target language.
- 4: Students will demonstrate basic speaking proficiency in the target language.
- 5: Students will demonstrate knowledge of cultural phenomena in countries where the language is spoken.
- 6: Students will demonstrate knowledge of literature, history, and contemporary culture of the target language-speaking worlds.
- 7: Students will demonstrate an ability to read, understand, and analyze texts written in the target language.

8: Students will write accurately, convincingly, and in a logical, organized fashion in the target language.

9: Students will demonstrate ability to understand spoken target language.

10: Students will demonstrate ability to communicate orally in the target language.

Student Learning Goals - Spanish

1: Students will demonstrate basic reading proficiency in the target language.

2: Students will demonstrate basic writing proficiency in the target language.

3: Students will demonstrate basic listening proficiency in the target language.

4: Students will demonstrate basic speaking proficiency in the target language.

5: Students will demonstrate knowledge of cultural beliefs, practices and products in countries where the language is spoken.

6: Students will demonstrate knowledge of literature, history, and contemporary culture of the target language-speaking worlds.

7: Students will demonstrate an ability to read, understand, and analyze texts written in the target language.

8: Students will write accurately, convincingly, and in a logical, organized fashion in the target language.

9: Students will demonstrate ability to understand spoken target language.

10: Students will demonstrate ability to communicate orally in the target language.

Bachelor of Science in French - Online Collaborative

Degree Requirements

Students receiving the Bachelor of Science in French must complete 120 total credit hours including:

- General Education Core (30 cr.)
- French Core (30 cr.)
- Concentration (15 cr.)
- Electives as needed to complete 120 total credit hours

- A minimum of 30 credit hours at the 300- or 400 level
- Courses required for the major must be completed with a grade of C or higher
- Courses are 3 credit hours unless otherwise noted
- A minimum GPA of 2.0 is required

French Core (30 cr.)

- FREN-F 200 Second Year French I: Language and Culture
- FREN-F 250 Second Year French II: Language and Culture
- Complete one of the following

- FREN-F 328 Advanced Grammar and Composition
- FREN-F 313 Advanced Grammar and Composition I

- Complete one of the following
 - FREN-F 315 French Conversation and Diction 1
 - FREN-F 316 French Conversation and Diction 2
- Complete 15 credit hours from the following
 - FREN-F 300 Lectures et Analyses Littéraires
 - FREN-F 391 Studies in French Film
 - FREN-F XXX Francophone Film
 - FREN-F 330 Intro to Translating French and English
 - FREN-F 334 French for the Medical and Technical World
 - FREN-F 363 Intro a la France Moderne
 - FREN-F 415 La Culture Francophone
 - FREN-F 450 Colloquium in French Studies
 - FREN-F 463 Civilisation Francaise 1
 - FREN-F 475 Advanced Oral Practice 1
 - FREN-F 480 French Conversation
 - FREN-Y 396 Study Abroad
- FREN-F 4XX Capstone

Concentration

Complete requirements for one of the offered concentrations.

- Medical Communication
- French for Business
- Francophone Culture for Travel

Medical Communication (15 cr.)

- Complete one of the following
 - FREN-F 330 Introduction to Translating French and English
 - FREN-F 334 French for the Medical and Technical World
- AHLT-R/HIM-M 195 Medical Terminology
- AHLT-B 311/BUS-H 320 Systems of Healthcare Delivery
- SPCH-S/CMCL-C 427 Cross Cultural Communication
- SPEA-H 452 Health Disparities

French for Business (15 cr.)

- FREN-F 330 Introduction to Translating French and English
- BUS-D 300/D301 International Business Administration
- SPCH-S 333 Public Relations
- SPCH-S 335 Presentation in Professions
- SPCH-S/CMCL-C 427 Cross Cultural Communication

Francophone Culture for Travel (15 cr.)

- Complete one of the following

- FREN-F 300 Lectures et Analyses Littéraires
- FREN-F 391 Studies in French Film
- SPCH-S/CMCL-C 427 Cross Cultural Communication
- TESM-T 107 Tourism Planning and Development
- TESM-T 207 Tourism, Policy, and Sustainability
- TESM-T 234 Cultural Heritage Tourism

Minor in French

Minor Requirements

Fundamentals Courses

- FREN-F 200 Second-Year French I: Language & Culture
- FREN-F 250 Second-Year French II: Language & Culture

Candidates for the minor in French must earn 9 credit hours of 300- and/or 400-level courses from among the following selections; or their equivalents as determined by the coordinator in French.

Electives

- FREN-F 300 Lectures et analyses littéraires
- FREN-F 305 Chefs-d'oeuvre de la littérature française I
- FREN-F 306 Chefs-d'oeuvre de la littérature française II
- FREN-F 313 Advanced Grammar and Composition I
- FREN-F 314 Advanced Grammar and Composition II
- FREN-F 315 French Conversation and Diction I
- FREN-F 316 French Conversation and Diction II
- FREN-F 320 Travaux Pratiques de Pronunciation Française
- FREN-F 363 Introduction à la France moderne
- FREN-F 391 Studies in French Film
- FREN-F 415 La culture francophone
- FREN-F 461 La France contemporaine
- FREN-F 474 Thème et version
- FREN-F 475 Advanced Oral Practice I
- FREN-F 495 Individual Readings in French

Bachelor of Science in German - Online Collaborative

Degree Requirements

Students receiving the Bachelor of Science in German must complete 120 total credit hours including:

- General Education Core (30 cr.)
- German Core (33 cr.)
- Concentration (15 cr.)
- Electives as needed to complete 120 total credit hours

-
- A minimum of 30 credit hours at the 300- or 400 level
 - Courses required for the major must be completed with a grade of C or higher
 - Courses are 3 credit hours unless otherwise noted
 - A minimum GPA of 2.0 is required
-

German Core (33 cr.)

- GER-G 200 Intermediate German I
- GER-G 250 Intermediate German II
- Complete one of the following
 - GER-G 310 Deutsch: Mittelstufe II
 - GER-G 313 Writing German 1
- Complete one of the following
 - GER-G 311 Deutsch: Conversation and Composition
 - GER-G 314 Writing German 2
- GER-G 362 Introduction to Contemporary German
- Complete one of the following
 - GER-G 345 Introduction to Practical Translation Techniques I
 - GER-G 346 Introduction to Practical Translation Techniques II
- Complete one of the following
 - GER-G 370 German Cinema
 - GER-G 418 German Film and Popular Culture
- GER-G 465 Structure of German
- GER-G 363 Introduction to German Cultural History
- GER-G 4XX Capstone & E-Portfolio

Concentration

Complete requirements for one of the offered concentrations.

- German for Scientific and Technical Communication
- German for Genealogical Research and Cultural Tourism

German for Scientific and Technical Communication (15 cr.)

- Complete one of the following
 - GER-G 345 Introduction to Practical Translation Techniques I
 - GER-G 346 Introduction to Practical Translation Techniques II
- GER-G 362 Introduction to Contemporary German
- SUST-C 330 Scientific Foundation in Sustainability
- CMCL-C 427/SPCH-S 427 Cross Cultural Communication
- ENG-W 234 Technical Report Writing

German for Genealogical Research and Cultural Tourism (15 cr.)

- GER-G 363 Introduction to German Cultural History
- Complete one of the following
 - GER-G 346 Introduction to Practical Translation Techniques II
 - GER-G 423 The Craft of Translation
- GER-G 413 German for Genealogy
- HIST-B 418 German Nation and Volk
- TESM-T 234 Cultural Heritage Tourism

Minor in German

Required Courses

Electives

- GER-G 200 Intermediate German I
- GER-G 250 Intermediate German II

Candidates for the minor in German must also complete three additional courses at the 300-level or above with a minimum C grade.

Modern Languages - Spanish (Bachelor of Arts)

The Spanish Program at IUS is committed to students' personal, academic, and professional success. Through language and culture studies, students are better prepared to engage meaningfully in an increasingly multicultural and multilingual world. Additionally, studying a second language develops critical-thinking skills that students can rely on throughout their university coursework and beyond.

Finally, research shows that people who speak a second language have as much as a 35% increase in Job opportunities and earn up to 20% more than monolingual people. These statistics are particularly exciting for students of Spanish, given that the Spanish-speaking population in the IUS service region has increased significantly in recent years. The IUS Spanish program boasts small classes, classes for heritage speakers, access to IU system study-abroad trips, internships, a committed faculty, and both online and face-to-face options. Contact one of the full-time faculty members for information about how you can begin your language-learning journey.

Mission/Vision Statement

The study of a language should enable students to engage with diverse communities at home and abroad. Through language study, students gain knowledge and understanding of the cultures of the world, connect with other disciplines, acquire information that may be unavailable to the monolingual English speaker, develop insight into the nature of language and culture, and become more aware of the mechanics and richness of their first language.

The Spanish, French, and German undergraduate programs are designed for those who desire a greater understanding of the world through the study of language, contemporary culture, history, literature, music, and film. Additionally, in a highly competitive world, with an increasingly intricate global economy, proficiency in at least one additional language creates myriad opportunities for careers in business, law, government, communication, medicine, and many other fields. Our majors receive excellent professional preparation for a career as language teachers (note that IUS offers a Transition to Teaching Program and/or a minor in ENL/ESL through the Education Department) and for entry into an advanced degree program. To expand employment options, students are encouraged to combine a language degree with a major in one or more additional areas.

Department Policies

- Students must complete language courses (200 and above) with a C or better.
- Student candidates for the Bachelor of Arts in a modern language must complete a minimum of 31

credit hours above the 100-level, some of which may be taken overseas (see Overseas Study) or through other local colleges and universities in the area with whom IU Southeast has entered into consortium agreements.

- Students majoring in a language must include study abroad in a country that speaks the target language or an approved equivalent as part of their undergraduate curriculum (strongly recommended for minor). Studying abroad can be an efficient way to complete coursework, and it enable students to develop a level of communicative skill and cultural competence that is difficult to attain in the classroom setting alone. See full-time faculty for more information.

Degree Requirements

See "General Requirements for Undergraduate Degrees at IU Southeast" and "General Requirements for the Bachelor of Arts Degree."

Major Specific Requirements

Required Courses

- SPAN-S 200 Second-Year Spanish I
- SPAN-S 250 Second-Year Spanish II
- INTL-I 199 Careers for International Studies Majors (1 cr)
- SPAN-S 312 Written Composition in Spanish
- SPAN-S 317* Spanish Conversation and Diction
- Span-S318 Writing Spanish for Heritage Speakers of Spanish
- Span-S323 Introduction to Translating Spanish and English
- Complete one of the following
 - SPAN-S 411 Spain: The Cultural Context
 - SPAN-S 412 Spanish America: The Cultural Context

*Native speakers are encouraged to substitute any 300 or 400 level literature or culture class that is not already required for the SPAN-S317. SPAN-S317 may be repeated once for credit in a study abroad.

Upper Level Electives

Candidates for the Bachelor of Arts in Spanish must earn 15 credit hours from the following courses, at least one course must be at the 400-level. Students may substitute additional 400-level courses for 300-level courses if they so choose.

- SPAN-S 275 Hispanic Culture and Conversation
- SPAN-S 291 Hispanic Literature and Civilization
- SPAN-S 301 The Hispanic World I
- SPAN-S 302 The Hispanic World II
- SPAN-S 303 The Hispanic World III
- SPAN-S 311 Spanish Grammar
- Span-S318 Writing Spanish for Heritage Speakers of Spanish
- Span-S 323 Introduction to Translating Spanish and English
- SPAN-S 363** Introducción a la cultura hispánica
- SPAN-S 407 Survey of Spanish Literature I
- SPAN-S 408 Survey of Spanish Literature II

- SPAN-S 420 Modern Spanish American Prose Fiction
- SPAN-S 450 Don Quixote
- SPAN-S 471 Spanish American Literature I
- SPAN-S 472 Spanish American Literature II
- SPAN-S 494 Individual Readings in Hispanic Studies (1-3)

** SPAN-S 363 may be repeated once for credit.

Study Abroad or International Engagement Capstone Activity

In addition, study abroad or an international engagement activity is required for the BA degree. The international engagement activity is reserved for those majors with a demonstrated inability to study abroad. This alternative engagement activity must be developed in consultation with a Modern Languages faculty member and may include substantial community engagement or a substantial directed research project. Study in approved study abroad programs will be applied to fulfillment of other requirements in the major. Students should speak with a Modern Languages faculty member for more details.

Students may also qualify for a second credential, the Certificate in Second Language Competency. The certificate differs from the major in that it requires a B in each course in that curriculum.

Bachelor of Science in Spanish - Online Collaborative

Degree Requirements

Students receiving the Bachelor of Science in Spanish must complete 120 total credit hours including:

- General Education Core (30 cr.)
- Spanish Core (33 cr.)
- Concentration (18 cr.)
- Electives as needed to complete 120 total credit hours

- A minimum of 30 credit hours at the 300- or 400 level
- Courses required for the major must be completed with a grade of C or higher
- Courses are 3 credit hours unless otherwise noted
- A minimum GPA of 2.0 is required

Spanish Core (33 cr.)

- SPAN-S 200 Second-Year Spanish I
- SPAN-S 250 Second-Year Spanish II
- Complete one of the following
 - SPAN-S 275 Hispanic Culture and Conversation
 - SPAN-S 317 Spanish Conversation and Diction
- Complete one of the following
 - HISP-S 308 Composition and Conversation in Spanish
 - SPAN-S 311 Spanish Grammar
 - SPAN-S 313 Writing Spanish I
 - SPAN-S 312 Written Composition in Spanish

- Complete one of the following
 - SPAN-S 301 Hispanic World I
 - SPAN-S 302 Hispanic World II
 - SPAN-S 360 Introduction to Hispanic Lit
- Complete 15 credit hours from the following
 - SPAN-S 319 Spanish for Healthcare Personnel
 - SPAN-S 429 Medical Interpreting
 - SPAN-S 315 Spanish in the Business World
 - SPAN-S 323 Introduction to Translation
 - SPAN-S 423 The Craft of Translation
 - SPAN-S 326 Intro to Spanish Linguistics
 - SPAN-S 426 Intro to Spanish Linguistics
 - SPAN-S 468 Varieties of Spanish
 - SPAN-S 363 Intro a la Cultura Hispanica
 - SPAN-S 370 Service Learning in the Dominican Republic
 - SPAN-S 381 Hispanic Civilization I
 - SPAN-S 382 Hispanic Civilization II
 - SPAN-S 383 Hispanic Civilization III
 - SPAN-S 384 Hispanic Civilization IV
 - SPAN-S 411 Spanish Culture and Civilization
 - SPAN-S 412 Latin American Culture and Civilization
 - SPAN-S 413 Hispanic Culture in the U.S.
 - SPAN-S 490 Special Topics in Spanish
 - SPAN-S 493 Internship Program in Spanish
 - SPAN-S 495 Hispanic Colloquium
- SPAN-S 498 Spanish Capstone

Concentration

Complete requirements for one of the offered concentrations.

- Medical Communication
- Spanish for Business
- Hispanic Cultures for Travel and Tourism
- Hispanic Cultures in the U.S.

Medical Communication (18 cr.)

- SPAN-S 319 Spanish for Healthcare Personnel
- SPAN-S 429 Medical Interpreting
- AHLT-R/HIM-M 195 Medical Terminology
- AHLT-B 311/BUS-H 320 Systems of Healthcare Delivery
- SPCH-S/CMCL-C 427 Cross Cultural Communication
- SPEA-H 452 Health Disparities

Spanish for Business (18 cr.)

- SPAN-S 315 Spanish in the Business World
- Complete one of the following
 - SPAN-S 323 Introduction to Translation
 - SPAN-S 410 Contemporary Hispanic Culture and Conversation
- BUS-D 300/D301 International Business Administration
- SPCH-S 333 Public Relations
- SPCH-S 335 Presentation in Professions

- SPCH-S/CMCL-C 427 Cross Cultural Communication

Hispanic Cultures for Travel and Tourism (18 cr.)

- Complete two of the following
 - SPAN-S 363 Intro a la Cultura Hispanica
 - SPAN-S 390 Special Topics in Spanish
 - SPAN-S 370 Service Learning in the Dominican Republic
 - SPAN-S 495 Hispanic Colloquium
- SPCH-S/CMCL-C 427 Cross Cultural Communication
- TESM-T 107 Tourism Planning and Development
- TESM-T 207 Tourism, Policy, and Sustainability
- TESM-T 234 Cultural Heritage Tourism

Hispanic Cultures in the U.S. (18 cr.)

- Complete two of the following
 - SPAN-S 363 Intro a la Cultural Hispanica
 - SPAN-S 318 Writing Spanish for Heritage Speakers
 - SPAN-S 413 Hispanic Culture in the U.S.
 - SPAN-S 412 Spanish America: The Cultural Context
 - SPAN-S 440 Hispanic Sociolinguistics
 - SPAN-S 468 Varieties of Spanish
- Complete two of the following
 - LATS-S 350 Contemporary Issues in Latino Studies
 - LATS-L 396 Topics in Latino Studies
 - LATS-L 228 U.S. Latino/a Identities
 - SPAN-S 284 Women in Hispanic Culture
 - SPAN-S 290 Topics in Hispanic Culture
 - SPAN-S 303 The Hispanic World
 - SPAN-S 390 Special Topics in Spanish
 - SPAN-S 260 Introduction to Hispanic Film
 - SPAN-S 231 Spanish-American Fiction in Translation
- Complete two additional courses from either list

Minor in Spanish

Required Courses

The following courses are required of all students seeking a minor in Spanish.

- SPAN-S 200 Second Year Spanish I
- SPAN-S 250 Second Year Spanish II

Upper-Level Electives

Candidates for the minor in Spanish must earn 9 credit hours selected from the following.

Note: Native speakers are encouraged to substitute a 300 or 400 level literature or culture class for the S317 (Conversation). Consult full-time Spanish faculty for more information.

- SPAN-S 317 may be repeated once for credit through a study-abroad program.
- SPAN-S 363 may be repeated once for credit.
- SPAN-S 275 Hispanic Culture and Conversation

- SPAN-S 291 Hispanic Lit and Civilization
- SPAN-S 311 Spanish Grammar
- SPAN-S 312 Written Composition in Spanish
- SPAN-S 317 Spanish Conversation and Diction
- SPAN-S 301 The Hispanic World 1
- SPAN-S 302 The Hispanic World 2
- SPAN-S 303 The Hispanic World 3
- Span-S318 Writing Spanish for Heritage Speakers of Spanish
- Span-S323 Introduction to Translating Spanish and English
- SPAN-S 363 Introducción a la cultura hispánica
- SPAN-S 407 Survey of Spanish Literature I
- SPAN-S 408 Survey of Spanish Literature II
- SPAN-S 411 Spain: The Cultural Context
- SPAN-S 412 Spanish America: The Cultural Context
- SPAN-S 420 Modern Spanish American Prose Fiction
- SPAN-S 450 Don Quixote
- SPAN-S 471 Survey of Spanish American Literature I
- SPAN-S 472 Survey of Spanish American Literature II
- SPAN-S 494 Individual Readings in Hispanic Studies

Certificate in Second Language Competency

Program Description

The Second Language Competency Certificate creates a focused program of study that enables students to achieve a useful level of competency in French, German, or Spanish and provides documentation of their language skills. Students completing the certificate should be able to do the following:

- Converse in target language on a variety of subjects and be understood by native speakers
- Comprehend authentic prose, fiction, and articles in the target language and apply critical thinking skills to readings
- Write essays in the target language with complex sentences on various topics; and
- Possess an awareness of cultural values and beliefs of the world regions where the target language is spoken.

The courses required for the Second Language Competency Certificate fulfill the language requirement for most Bachelor's degrees at IU Southeast.

Placement Exam Requirements

- Students who want to apply transfer credits toward completion of the certificate must take the IUS placement exam. Credit for the certificate will be awarded based on the results of this exam.
- Students who want to apply credits for courses completed more than two years prior to entering the certificate program must take the IUS placement exam. Credit for the certificate will be awarded based on the results of this exam.

Specific Requirements for Certificate in Second Language Competency

Complete the following requirements for a minimum of 15 credit hours. A minimum grade of B is required for each course in the certificate.

- FREN-F OR GER-G OR SPAN-S 100, 150, 200, & 250 Complete 12 credits of Basic and Intermediate French, German, or Spanish. All 12 credits must be completed in the same language.
- Take one additional 300-level course in the same language

Music

Students engage in a broad range of music courses that includes performance, music theory, music history and music technology, as well as classes appropriate for the focus of their selected concentration. A full array of general academic subjects traditional to the liberal arts provides skills and knowledge in written and oral communication and provides an excellent academic foundation for personal development and professional flexibility. Our goal is to help students fully develop their unique musical abilities with the goal of being prepared in both knowledge and skills for a professional life in music. Our program features small class sizes and attention to the individual.

Academics

Undergraduate Degrees

- Bachelor of Arts - Music Composition
- Bachelor of Arts - Music Industry
- Bachelor of Arts - Music Performance
- Bachelor of Science - Audio Production
- Bachelor of Science - Music Business
- Bachelor of Science - Music Education

Undergraduate Certificates

- Certificate in Multimedia Production

Minors

- Music Minor
- Music Recording and Production Minor

Program Information

Student Learning Goals

- 1: (Theory) All students will have knowledge of musical grammar.
- 2: (Music Literature and History) All students will have knowledge of the fundamentals of the musical lexicon of classical/art music of the European/American tradition.
- 3: (Performance) Vocal and instrumental performance majors and music education majors will develop performance skills in an applied area appropriate to their concentration.
- 4: (Composition) Composition majors will develop skills in crafting music that communicate their knowledge of

musical materials and which is at a level appropriate for public performance.

5: (Music Technology) Music technology majors will develop skills in recording or arranging that communicates their knowledge of music fundamentals and aesthetic understanding.

6: (Sound Engineering and Audio Production) Sound Engineering and Audio Production major will develop skills in recording and sound production that communication their knowledge of technical fundamentals and aesthetic understanding.

7: (Technology) All majors will acquire basic knowledge of notation and digital production software.

8: (Music Business) Music Business majors will acquire knowledge and skills requisite for their success in business-related positions in the arts.

9: (Music Education) Music Education majors will acquire basic knowledge and skills in communication, classroom management and pedagogy.

Music Composition, Film & Media and Concert Stage (Bachelor of Arts)

Mission/Vision Statement

The optimal development of each student's unique musical abilities is our goal. Our faculty of nationally recognized scholars and artists are strongly committed to fostering student learning and academic achievement in the studio and the classroom. The Music Department at IU Southeast offers one of the most musically intensive Bachelor of Arts degrees in the region. Small class sizes and personal attention are designed to enhance student-faculty work and facilitate the learning experience.

Major/Department Policies

Please see our website at: [this website](#) for more information.

Scholarships/Award

- Rasmussen Scholarship Award in Music
- Martha K. Stem Scholarship in Music
- James A. Poteet Award for Band
- Sherri L. Stiefler Scholarship in Music

Degree Requirements

Degree Program Admission Requirements

Admission to the Music Department is by audition only. Students applying for admission into the Music Department at Indiana University Southeast to pursue a B.A. in Music degree – as well as those applying for a music scholarship – must attend one of the Music Department's Audition Days. Students can audition in any one of our tracks from our five major concentrations: Music Industry, Composition, Vocal/Instrumental Performance, Music Education, and Pre-Music Therapy. Audition dates and specific information relating to auditioning for certain tracks are posted on the music department's website at: [this website](#).

General Education and BA Distribution Requirements

See “General Requirements for Undergraduate Degrees at IU Southeast” and “General Requirements for the Bachelor of Arts Degree.”

All music majors are required to take courses that engage the student in the general study of music through music literature, theory, technology, and performance. The following courses serve as a foundation to this study and are meant to complement specific courses in one's concentration. A more specific description of these requirements is located online at: [this website](#).

Core Program for both Composition Tracks

- MUS-A 301 Electronic Studio Resource I
- MUS-M 201 The Literature of Music I
- MUS-M 202 The Literature of Music 2
- MUS-M 403 History of Music I
- MUS-M 404 History of Music II
- MUS-T 113 Music Theory I
- MUS-T 114 Music Theory II
- MUS-T 115 Sight-singing & Aural Percp I
- MUS-T 116 Sight-singing & Aural Percp II
- MUS-T 215 Sight-singing & Aural Percp III
- MUS-T 216 Sight-singing & Aural Percp IV
- MUS-T 317 Analysis of Tonal Music
- MUS-T 318 Analysis of Post-tonal Music
- MUS-X 040 or 070 *Univ Instrumental Ensembles (040) or University Choral Ensembles (070) (4 completions required)
- MUS-X 001 *All-Campus Ensemble (3 completions required)
- MUS-X 095 *Performance Class (7 completions required)

*For more detailed information on the Ensemble and Performance class requirements, see the Music Department website ([here](#)).

Composition for Film and Media Concentration

The music program offers the Bachelor of Arts with four different concentrations: Music Industry, Composition, Performance, and Pre-Music Therapy. Also the music program offers a Bachelor of Science in Audio Production.

In the Bachelor of Arts, each concentration has two tracks, except for Pre-Music Therapy which has one, that students may choose as part of their course of study at IU Southeast. The Film and Media track within the Composition concentration is specifically geared towards students interested in writing music for film and other media environments such as video games and television. Students receive training in studio techniques and production through various projects that deal with music and other visual media. Unlike many technology programs, the Film and Media Composition program also involves training in the craft and technique of composition by our internationally-recognized composition faculty. A more specific description of these requirements is located online at: [this location](#).

- MUS-K 300 Composition Concentration (2 x)
- MUS-A 321 Sound for Picture Production
- MUS-K 312 Arr for Instrumental & Vocal Groups
- MUS-Z 340 Introduction to Music Business

Track/Concentration Electives (recommended, but not required)

- MUS-G 370 Techniques for Conducting

*Applied Instrumental Study

*Course prefix and number varies according to instrument.

Capstone

- MUS-K 406 *Projects in Electronic Music

*Please refer to the Music Department website ([here](#)) for further information about the senior capstone requirement

Composition for the Concert Stage Concentration

The **Composition for the Concert Stage track of the Music Composition concentration** is designed to give the creative student the skills necessary to analyze, arrange, and compose works for the concert stage (i.e. chamber, orchestra, opera, and ballet). The degree stresses not only the creative aspect of music composition, but also incorporates technology and performing areas of music as well. Students get a chance to work with internationally performed composers in developing their craft and technique so that they are prepared to tackle the myriad of opportunities available to the composer today. Graduates of the composition program at IU Southeast have gone on to graduate study, scored for feature-length films, and written music for video games. A more specific description of these requirements is located online at: [this link](#).

- MUS-K 300 Composition Concentration (2 x)
- MUS-K 400 Composition Major (2 x)
- MUS-K 312 Arr for Instrumental & Vocal Groups

Concentration Electives (recommended, but not required)

- MUS-G 370 Techniques for Conducting

*Applied Instrumental Study

*Course prefix and number varies according to instrument.

Capstone

- MUS-K 402 *Senior Recital in Composition

*Please refer to the Music Department website ([here](#)) for further information about the senior capstone requirement.

Music Industry (Bachelor of Arts)

- James A. Poteet Award for Band
- Sherri L. Stiefler Scholarship in Music

Degree Requirements

Admission to the Music Department is by audition only. Students applying for admission into the Music Department at Indiana University Southeast to pursue a B.A. in Music degree – as well as those applying for

a music scholarship – must attend one of the Music Department's Audition Days. Students can audition in any one of our tracks from our five major concentrations: Music Industry, Composition, Vocal/Instrumental Performance, Music Education, and Pre-Music Therapy.

Audition dates and specific information relating to auditioning for certain tracks are posted on the music department's Web site at <https://www.ius.edu/music/>.

General Education and BA Distribution Requirements

See “General Requirements for Undergraduate Degrees at IU Southeast” and “General Requirements for the Bachelor of Arts Degree.”

Music Business Concentration

Music and Business are natural partners in the world beyond academia. Performing arts organizations often function as small businesses requiring those involved to have fundamental skills in marketing, accounting, business law, and grant writing. Likewise, the arts and entertainment industry provides opportunities to the business minded person with an interest in retail, artist management, or the recording industry fields. The Music Business track within the Music Industry concentration coordinates the requirements for the B.A. degree in music with basic studies in the music industry, music law, marketing, and business law. Students at IU Southeast have the opportunity to gain real-world experience and connections through numerous internship opportunities.

General Education Component

Note: This is not a re-statement of the University's General Education Requirement but a list of specific General Education courses which are also requirements or pre-requisites for course work in the school/major.

- MATH-M 119 Brief Survey of Calculus I OR MATH-M 122 College Algebra
- ENG-W 231 Professional Writing Skills

BA Distribution Component

Students should be aware that the Music Business degree has B.A. distribution requirement that requires the following courses:

- PSY-P 101 Introductory Psychology I
- SOC-S 163 Social Problems
- ECON-E 101 Survey of Economic Issues & Problems

All music majors are required to take courses that engage the student in the general study of music through music literature, theory, technology, and performance. The following courses serve as a foundation to this study and are meant to complement specific courses in one's concentration. A more specific description of these requirements is located online at <https://www.ius.edu/music/>.

Core Program

*For more detailed information on the Ensemble and Performance class requirements, see the Music Department website (<https://www.ius.edu/music/>) .

- MUS-A 301 Electronic Studio Resource I
- MUS-M 201 The Literature of Music 1
- MUS-M 202 The Literature of Music 2
- MUS-M 403 History of Music I
- MUS-M 404 History of Music II
- MUS-T 113 Music Theory I
- MUS-T 114 Music Theory II
- MUS-T 115 Sightsinging & Aural Percp I
- MUS-T 116 Sightsinging & Aural Percp II
- MUS-P 101 Piano Class 1 (or private lesson)
- Applied Instrumental Study
- MUS-X 040 or 070 *Univ Instrumental Ensembles (040) or University Choral Ensembles (070) (4 completions required)
- MUS-X 001 *All-Campus Ensemble (3 completions required)
- MUS-X 095 *Performance Class (7 completions required)

Specific Requirements for Concentration

- BUS-L 201 Legal Environment of Business
- BUS-M 300 Introduction to Marketing
- MUS-U 411 Performance Art Center Management
- MUS-U 413 Legal Aspects - Music Industry
- MUS-Z 340 Introduction to Music Business
- MUS-U 440 Practicum Varies

Capstone

All Music Business majors must complete an additional paper assignment related to their Practicum experience to fulfill the capstone requirement. Students must discuss this assignment with their advisor for further details.

Sound Engineering Concentration

The Sound Engineering track within the Music Industry concentration is designed to give students a well-rounded education in liberal arts courses, while exposing them to practical, theoretical, and creative applications of sound engineering in the field of music. This degree, unlike vocational approaches to music technology, provides a significant background in the academic areas of a traditional music degree. Students participate in ensembles, study two years of music theory, refine their aural skills, and show competency in the performance of music, as well as elements of audio production and fluency in current technologies. Since real world experience and networking are invaluable to the aspiring sound engineer, our students are given opportunities to engage in numerous projects through internships and courses that are taught on location with our studio partner, [TNT Productions](#).

Core Program

All music majors are required to take courses that engage the student in the general study of music through music literature, theory, technology, and performance. The following courses serve as a foundation to this study and are meant to complement specific courses in one's concentration. A more specific description of these requirements is located online at <https://www.ius.edu/music/>.

- MUS-T 114 Music Theory II
- MUS-T 115 Sightsinging & Aural Percp I
- MUS-T 116 Sightsinging & Aural Percp II
- MUS-T 215 Sightsinging & Aural Percep III
- MUS-T 216 Sightsinging & Aural Percep IV
- MUS-T 317 Analysis of Tonal Music
- MUS-T 318 Analysis of Post-tonal Music
- MUS-X 040 or 070 *Univ Instrumental Ensembles (040) or University Choral Ensembles (070) (4 completions required)
- MUS-X 001 *All-Campus Ensemble (3 completions required)
- MUS-X 095 *Performance Class (7 completions required)

**For more detailed information on the Ensemble and Performance class requirements, see the Music Department website (<https://www.ius.edu/music/>).

Specific Requirements for Concentration

- MUS-A 321 Sound for Picture Production
- MUS-A 101 Intro to Audio Technology
- MUS-A 270 Multitrack Studio Tech I
- MUS-A 370 Multitrack Studio Tech II
- MUS-Z 340 Introduction to Music Business
- MUS- U 440 Practicum Varies

Capstone

- MUS-A 423 Project in Sound Engineering

Bachelor of Arts in Music - Performance

Program Description

The performance concentration at IU Southeast is intended for those students who wish to focus their studies on a particular instrument (any orchestral or band instrument, piano, organ, guitar) or voice. The curriculum stresses the development of the student's technique and musicianship, ensemble dynamics, building a fundamental knowledge of individual repertoire, and acquisition of practical pedagogical techniques.

Admissions

Students applying for entry into any Music B.A. or B.S. degree – as well as those applying for a music scholarship – must attend one of the Music Department's Audition Days. Students can audition in any one of our tracks from our five major concentrations: Music Industry, Composition, Performance, Music Education, and Pre-Music Therapy. Audition dates and specific information relating to auditioning for certain tracks are posted on the music department's website at Auditions.

Degree Requirements

Students completing the Bachelor of Arts in Music - Performance must complete 120 total credit hours including:

- General Education Core (30 cr.)
 - Foreign Language Requirement (14 cr.)
 - Bachelor of Arts Distribution Requirement (15 cr.)
 - Music Core and Performance Concentration (32 + 19 cr.)
-
- A minimum of 30 credit hours at the 300- or 400-level
 - Courses required for the music core and concentration must be completed with a grade of C- or higher or P for courses taken pass/fail.
 - A minimum overall GPA of 2.0 required to graduate.

Music Core for Voice/Instrumental Performance

All music majors are required to take courses that engage the student in the general study of music through music literature, theory, technology, and performance. The following courses serve as a foundation to this study and are meant to complement specific courses in students' concentrations.

- MUS-T 113 Music Theory I (3 cr.)
- MUS-T 114 Music Theory II (3 cr.)
- MUS-T 115 Sightsinging and Aural Perception I (1 cr.)
- MUS-T 116 Sightsinging and Aural Perception II (1 cr.)
- MUS-T 215 Sightsinging and Aural Perception III (3 cr.)
- MUS-T 216 Sightsinging and Aural Perception IV (1 cr.)
- MUS-T 317 Analysis of Tonal Music (3 cr.)
- MUS-T 318 Analysis of Post-Tonal Music (3 cr.)
- MUS-M 201 The Literature of Music I (3 cr.)
- MUS-M 202 The Literature of Music II (3 cr.)
- MUS-M 403 History of Music I (3 cr.)
- MUS-M 404 History of Music II (3 cr.)
- MUS-A 301 Electronic Studio Resources I (2 cr.)

Performance Concentration

- Applied Study in the Major Performance Area: Complete 6 semesters of lessons in one area, each course at 2 cr., for 12 total credits.
 - MUS-B Brass
 - MUS-D Percussion
 - MUS-H Harp
 - MUS-L Guitar
 - MUS-P Piano
 - MUS-Q Organ
 - MUS-S Strings
 - MUS-W Woodwinds
 - MUS-V Voice
- Choose between:
 - MUS-P 100 Piano Elective and Secondary (2 cr.);or
 - MUS-X 002 Piano Accompanying (2 cr.)

- 4 completions of MUS-X 40 University Instrumental Ensembles or MUS-X 70 University Choral Ensembles (1 cr. each) for 4 total credits.
- 3 additional completions of MUS-X 001 for 0 credit.
- 7 Completions of MUS-X 95 Performance Class at 0 credits
- Senior Recital (1 cr) : Complete different recital class, depending on instrument/voice:
 - MUS-B 402 Brass BM Senior Recital
 - MUS-D 402 Percussion BM Senior Recital
 - MUS-H 402 Harp BM Senior Recital
 - MUS-L 402 Guitar BM Senior Recital
 - MUS-P 402 Piano BM Senior Recital
 - MUS-Q 402 Organ BM Senior Recital
 - MUS-S 402 String BM Senior Recital
 - MUS-W 402 Woodwinds BM Senior Recital
 - MUS-V 402 Voice BM Senior Recital

Music - Audio Production (Bachelor of Science)

Major/Department Policies

Please see our website at: <https://www.ius.edu/music/> for more information.

Scholarships/Award

- Rasmussen Scholarship Award in Music
- Martha K. Stem Scholarship in Music
- James A. Poteet Award for Band
- Sherri L. Stiefler Scholarship in Music

Students applying for admission into the Music Department at Indiana University Southeast to pursue a B.A. or B.S. in Music – as well as those applying for a music scholarship – must attend one of the Music Department's Audition Days. Students can audition in any one of our tracks from our five major concentrations: Music Industry, Composition, Vocal/Instrumental Performance, Music Education, and Pre-Music Therapy.

Audition dates and specific information relating to auditioning for certain tracks are posted on the music department's website at <http://www.ius.edu/music>.

Degree Requirements

- *General*

Complete 120 total credit hours, with at least 30 at the 300-400 (upper division) level, with a program cumulative grade point average of 2.0

- *General Education Requirement (30 credit hours)*

Complete the University General Education requirements.

- *Major Requirements*

Core Program

All music majors are required to take courses that engage the student in the general study of music through music literature, theory, technology, and performance. The following courses serve as a foundation to this study and are meant to complement specific courses in one's concentration. A more specific description of these requirements is located online at: <https://www.ius.edu/music/>

*For more detailed information on the Ensemble and Performance class requirements, see the Music Department website (<https://www.ius.edu/music/>).

- *Track Requirements - Audio Production*

The Audio Production program is designed to provide audio production students with a program that affords students a more in-depth understanding of the profession and a greater breadth of skills and experience. The program is designed to give students improved preparation for graduate school, post-baccalaureate technical programs and more varied options in the job market. The BS degree and employers and graduate schools are accustomed to their students having the expertise gained from the concentration in studio the BS degree provides. Students interested in pursuing employment in various avenues of audio production such as live or studio recording, sound for theatre, live performance sound, or continuing on to graduate and post-baccalaureate certification in the field are encouraged to apply.

Specific Requirements for Major

30 hours BS General Education Requirement

- MUS-M 201 Music Literature I (3 cr.)
- MUS-M 202 Music Literature II (3 cr.)

Can substitute another music literature based course for one of the above*

- MUS-T 113 Music Theory I (3 cr.)
- MUS-T 115 Music Theory II (3 cr.)
- MUS-T 114 Ear Training I (1 cr.)
- MUS-T 116 Ear Training II (1 cr.)

COMPLETE ETHIER:

- 4 semesters applied lessons (8 cr.)
- MUS-T 318 Music Theory IV (3 cr.)
- MUS-T 215 Ear Training III (1 cr.)
- MUS-T 216 Ear Training IV (1 cr.)

OR

- MUS-T 317 Music Theory III (3 cr.)

AND

- 4 semesters ensemble (4 cr.)
- 3 semesters non-credit ensemble (0 cr.)
- 7 semesters MUS-X 095 performance class (0 cr.)
- MUS-P 100 Piano applied lessons (2 cr.)
- MUS-A 101 Intro to Audio Tech (3 cr.)
- MUS-K 340 Commercial Songwriting (3 cr.)*
- MUS-A 270 Multitrack Studio I (2 cr.)
- MUS- A301Electronic Studio I (3 cr.)
- MUS-K 361 Computer Music and MIDI (3 cr.)*
- MUS-A 302 Electronic Studio II (2 cr.)
- MUS-A 321 Sound for Picture Prod (3 cr.)
- MUS-A 370 Multitrack Studio II (2 cr.)
- MUS-A 470 Individual Projects in Audio I (3 cr.)
- MUS-A 471 Individual Projects in Audio II (3 cr.)*
- MUS-A 440 Practicum/Internship (3 cr.)
- MUS-A 423 Audio Capstone (1 cr.)
- THTR-T 225 Stagecraft I (3 cr.)
- THTR-T 424 Stagecraft II (3 cr.)

- THTR-T 483 Theater Sound Design (3 cr.)
- THTR-T 483 Video Game Sound Design (3 cr.)*
- THTR-T 483 Intro to Lighting (3 cr.)*
- THTR-T 483 Live Sound Mixing (3 cr.)*
- THTR-T 489 Theater Practicum (2 cr.)*

Take the electives needed to get to the required 120 credit hours to graduate

Music Business (Bachelor of Science)

Program Description

The strength of this degree is that it provides a strong core in music theory and music literature and history with specific skill courses reflecting multiple aspects of the business side of music creation and promotion. The curriculum draws and integrates coursework from the School of Business, and the Journalism, and Fine Arts departments; and is designed to prepare students for entry-level positions in recording studios, arts centers, wholesale or retail musical equipment outlets, booking agencies, live performance venues, music publishing companies or the film industry. An internship is required.

Admission to the Music Department is by audition only.

Students applying for admission into the Music Department at Indiana University Southeast to pursue a B.A. or B.S. in Music – as well as those applying for a music scholarship – must attend one of the Music Department's Audition Days. Students can audition in any one of our tracks from our five major concentrations: Music Business, Composition, Vocal/Instrumental Performance, Music Education, and Pre-Music Therapy.

Audition dates and specific information relating to auditioning for certain tracks are posted on the music department's website.

Scholarships/Award

- Rasmussen Scholarship Award in Music
- Martha K. Stem Scholarship in Music
- James A. Poteet Award for Band
- Sherri L. Stiefler Scholarship in Music

Music Department Policies

Please see the department website for more information.

Degree Requirements

Students receiving the Bachelor of Science in Music degree must complete 120 total credit hours including:

- General Education Core (30 cr.)
 - Music Core Courses (36 cr.)
 - Track Requirements (48 cr.)
 - Electives as needed to complete 120 total credit hours
-
- A minimum of 30 credit hours at the 300- or 400-level
 - Courses required for the major must be completed with a grade of C or higher
 - Courses are 3 credit hours unless otherwise noted
 - A minimum GPA of 2.0 is required

Complete the University General Education requirements. Generally students are free to pick amongst the approved courses to fulfill General Education; however, for maximum degree completion efficiency for this degree, select the following courses to satisfy these areas of the General Education curriculum:

Written Communication

- ENG-W 131 Reading, Writing, & Inquiry I
- ENG-W 231 Professional Writing Skills

Oral Communication

- SPCH-S 121 Public Speaking

Arts & Humanities

- MUS-T 109* Rudiments of Music I

**unless student places in to MUS-T 113 ; in which case , any approved Arts or Humanities course.*

Core Requirements (36 cr.)

- MUS-T 113 Music Theory I
- MUS-T 114 Music Theory II
- MUS-T 115 Sightsinging and Aural Perception I
- MUS-T 116 Sightsinging and Aural Perception II
- MUS-T 215 Sightsinging and Aural Perception III
- MUS-T 216 Sightsinging and Aural Perception IV
- MUS-T 317 Analysis of Tonal Music
- MUS-T 318 Analysis of Post-Tonal Music
- MUS-M 201 The Literature of Music 1
- MUS-M 202 The Literature of Music 2
- MUS-M 403 History of Music 1
- MUS-M 404 History of Music 2
- MUS-A 301 Electronic Studio Resource I
- MUS-P 100 Piano Elective and Secondary
- MUS-X 040/070 University Instrumental/ Choral Ensembles

The following are 0 credit requirements

- MUS-X 001 All Campus Ensemble 3 semesters
- MUS-X 095 Performance Class 7 semesters

Track Requirements (48 cr.)

Music Business track requirements.

- BUS-A 200 Foundations of Accounting
- BUS-K 201 The Computer in Business
- BUS-M 300 Introduction to Marketing
- BUS-W 100 Principles of Business Administration
- BUS-W 211 Contemporary Entrepreneurship
- CMCL-C 337 New Media
- ENG-W 311 Writing Creative Non-Fiction
- ENG-W 315 Writing for the Web
- FINA-P 323 Introduction to Web Design
- JOUR-J 301 Social Media Strategies
- JOUR-J 320 Principles of Creative Advertising
- MUS-Z 340 Music Business Survey
- MUS-U 411 Performing Art Center Management
- MUS-U 413 Legal Aspects - Music Industry
- MUS-U 440 Practicum

Music Education (Bachelor of Science)

Program Description

The Music Education curriculum is designed to prepare students for licensing in Indiana and Kentucky to teach music at all levels of education from K-12 (also known as P-12). There are two tracks in the concentration: Vocal and General Music, P-12 and Instrumental and General Music, P-12. Both tracks prepare students for teaching music at the elementary and secondary levels. Students interested in vocal/choral music should enroll in the Vocal and General Music track. Those interested in band and orchestra should enroll in the Instrumental and General Music track. These curricula provide a strong foundation in musical study and pedagogy, as well as offering a breadth of general education subjects. Since the best way to learn teaching is to be in the classroom, the program features extensive field experience in classrooms in the region.

This program is jointly administered by the Music Department within the School of Arts & Letters and the School of Education. Admission to the Music program for music education is based upon a [successful audition](#) with a high-school GPA of at least 2.0. Once admitted to the School of Arts & Letters, students will need to complete pre-requisites to be dually accepted into the School of Education. Once admitted fully to the Music Education program, students will be advised by both the School of Arts & Letters and the School of Education.

Scholarships/Award

Rasmussen Scholarship Award in Music, Martha K. Stem Scholarship in Music, James A. Poteet Award for Band, Eric Schansberg Award for Strings, Wil Greckel Music Scholarship, and the IU Southeast Music Composition Scholarship.

Degree Requirements

- *General*

Complete 120 total credit hours, with at least 30 at the 300-400 (upper division) level, with a program cumulative grade point average of 2.0

General Education Requirement (30 credit hours)

Complete the University General Education requirements. Generally students are free to pick amongst the approved courses to fulfill General Education; however, for maximum degree completion efficiency for this degree, select the following courses to satisfy these areas of the General Education curriculum:

Written Communication

- ENG-W 131 Reading, Writing, & Inquiry I
- ENG-W 231 Professional Writing Skills

Oral Communication

- COMM-S 121 Public Speaking

Ethical Questions or Diversity

- EDUC-M 300 Teaching in a Pluralistic Society

Arts & Humanities

- MUS-T 109* Rudiments of Music I

Major Requirements

Core Music Courses Completed by All Students

- MUS-T 113 Music Theory I
- MUS-T 114 Music Theory II
- MUS-T 115 Sightsinging and Aural Perception I
- MUS-T 116 Sightsinging and Aural Perception II
- MUS-T 215 Sightsinging and Aural Perception III
- MUS-T 216 Sightsinging and Aural Perception IV
- MUS-T 317 Analysis of Tonal Music
- MUS-T 318 Analysis of Post-Tonal Music
- MUS-M 201 The Literature of Music 1
- MUS-M 202 The Literature of Music 2
- MUS-M 403 History of Music 1
- MUS-M 404 History of Music 2
- MUS-A 301 Electronic Studio Resource I
- MUS-P 100 Piano Elective and Secondary
- MUS-X 040/070 University Instrumental/ Choral Ensembles

The following are 0 credit requirements

- MUS-X 001 All Campus Ensemble 3 semesters
- MUS-X 095 Performance Class 7 semesters

Track Requirements

Students in Music Education need to pass a Keyboard Proficiency exam. The department therefore recommends that piano study continue until the student can do so.

Vocal and General Music P-12

Education Requirements

- EDUC-F 200 Examining Self as Teacher
- EDUC-M 300 Teaching in a Pluralistic Society
- EDUC-P 250 General Educational Psychology
- EDUC-K 205 Introduction to Exceptional Children
- EDUC-M 314 General Methods for Sr./Jr High/Middle School Teachers

Music Requirements

- MUS-M 337 Methods and Materials for Teaching Instrumental Music
- MUS-E 471 Jazz for Teachers
- MUS-F 466 Techniques in Marching Bands
- MUS-G 261 String Class Techniques
- MUS-G 281 Brass Instrument Technique
- MUS-G 337 Woodwind Methods
- MUS-G 338 Percussion Methods
- MUS-G 370 Techniques for Conducting
- MUS-G 373 Instrumental Conducting
- MUS-K 312 Arranging for Instrumental & Vocal Groups
- MUS-P 105 Piano Proficiency
- MUS-Varies 200-level Applied Instrumental Music in student's principal instrument
- MUS-Varies 300-level Applied Instrumental Music in student's principal instrument
- MUS-Varies 400-level Applied Instrumental Music in student's principal instrument

Minor in Music

Program Admission Requirements

- All music minors are required to take courses that engage the student in the general study of music through music literature, theory, technology, and performance. The following courses serve as a foundation to this study. A more specific description of these requirements is located online at: <https://www.ius.edu/music/>

Core Program

- MUS-M 201 The Literature of Music 1
- MUS-M 202 The Literature of Music 2
- MUS-T 113 Music Theory I
- MUS-T 115 Sight Singing & Aural Percp I
- MUS-T 114 Music Theory II
- MUS-T 116 Sight Singing & Aural Percp II
- MUS-X 040 or 070 *Univ Instrumental Ensembles (040) or University Choral Ensembles
- **Applied Instrumental Study (2 x)

*Please refer to the Music Department website (<https://www.ius.edu/music/>) for further information about these requirements.

**Course prefix and number varies according to instrument.

Minor in Music Recording and Production

The Minor in Music Recording provides students with the opportunity to obtain knowledge and experience in audio production and allows those who want to obtain a degree in a different discipline, or do not have a formal music background, with a concentration in Audio Production. Students in other areas of the music program, such as music business, music education, performance or composition would also benefit from the additional expertise obtained through this minor.

Complete one of the following:

- MUS-T 109 Fundamentals of Music
- MUS-T 113 Music Theory I

Complete the following:

- MUS-M 174 Music Appreciation
- MUS-A 101 Intro to Audio Recording
- MUS-A 270 Multi-track Studio I
- MUS-A 301 Electronic Studio I
- MUS-A 302 Electronic Studio II
- MUS-P 100 Piano

Complete two of the following (may also take one semester of each):

- MUS-X 1 Ensemble Participation
- MUS-X 95 Performance Class

Philosophy

When Socrates exclaimed to his incredulous accusers, "I know you won't believe me, but I truly believe the highest human excellence is to question oneself and others," he captured the spirit of all philosophical effort. Although philosophy has undergone profound changes since his time, it still seeks to come to terms with the questions and issues provoked by every phase of life, and it produces arguments and accounts bearing on every subject worthy of disciplined reflection.

Academics

Minors

- Philosophy Minor
- Religious Studies Minor

Program Information

Student Learning Goals

1: Through the study of Philosophy at IUS, students should be able to comprehend, interpret and evaluate the different philosophical positions to which they are exposed. Students should be able to understand and restate accurately positions or arguments, as well as make

reasoned judgments and present cogent arguments to support their judgments.

2: Students should improve their skills in making responsible, rational judgments on issues of moral rightness and wrongness as well as on matters of moral character. Students should be able to make use of classical ethical theories in formulating these judgments.

3: Students should develop the ability to present comprehensive interpretations and arguments clearly, accurately, and without prejudice in both written and oral forms.

4: Students should increase their ability to reflect upon their own views and consider whether other positions are stronger. They should be able to make modifications when their own careful thinking indicates that this is appropriate. Such openness requires that students appreciate the variety of philosophical positions that have been developed both across different periods in Philosophy as well as within a given period. Given the impact that cognate fields such as social and political theory, science, and religion have had on the development of philosophical ideas, students should also reflect on relevant ideas from these fields as well.

5: Students should have an awareness and understanding of issues and positions that have been prominent in the philosophical tradition. Students should have a strong grounding in the major philosophies of the ancient and modern periods of Western Philosophy, as well as exposure to non-Western schools of thought.

Minor in Philosophy

Degree/Certificate Requirements

By completing 15 credit hours in philosophy, including 3 credit hours in logic and 9 credit hours at the 200 level or above, students can receive a minor in philosophy. Minor in philosophy offers students working toward another major the opportunity to expand their studies and inform their work in other disciplines. It gives students a chance to address some of the ethical questions that will undoubtedly arise within the context of their chosen field, as well as to gain a stronger grasp of the philosophical and historical elements that contribute to the foundations of their discipline. In addition, minoring in philosophy helps the student to sharpen his or her analytic skills and to achieve a greater cultural awareness.

Select one Logic course

- PHIL-P 113 Introduction to Debate, Argument, and Persuasion
- PHIL-P 150 Elementary Logic
- PHIL-P 250 Introductory Symbolic Logic
- PHIL-P 251 Intermediate Symbolic Logic

Prescribed Electives

- PHIL-P 200/300/400 3 courses (9 units) in Philosophy at 200 level or higher

Open Elective

- PHIL-P 100-400 One additional Philosophy course at any level

Minor in Religious Studies

Students can minor in religious studies by completing 15 credit hours of religious studies courses with 9 credit hours at the 200 level or above. PHIL-P 371 Philosophy of Religion (3 cr.) may be counted in the 15 credit hours.

Introductory Level Course

- REL-R 100 Any religious studies course at 100 level

Upper Division Level Requirements

- REL-R 200/300/400 3 courses (9 units) in Religious Studies at 200 level or higher

And/Or

- PHIL-P 371 Philosophy of Religion

Open Elective

- REL-R 100-400 One additional REL-R course at any level.

Theatre

The Theatre program at Indiana University Southeast is committed to providing a wide variety of opportunities for students to explore and develop expertise in performance and design. All theatre majors are active participants in the Theatre Department's productions which serve as a laboratory for the major. Students are able to acquire skills and specialize in design, directing, and performance as they receive individualized attention and one to one interaction with the theatre faculty.

Communication - Theatre & Theatre Business Tracks (Bachelor of Arts)

The Theatre Department at Indiana University Southeast gives students the opportunity in both performance and technical concentrations to leave the department with a full grasp of not only their own area of expertise, but of theatre as a whole. Upon graduation, students will have an understanding of their talents and the skills they will need to continue to improve to achieve their goals.

The Theatre Department provides students with the knowledge and skills to grapple with issues of integrity, ethics and the relationship between life in the theatre and the "outside world" in terms of self expression, responsibility, and involvement in making positive contributions to society as a whole.

Major/Department Policies

The following policies apply to the tracks in Theatre and Theatre Business

- **GPA:** All required core courses in the Theatre track must be completed with a minimum grade of C or higher.

- **Graduation Requirements:** All Baccalaureate degrees offered by IU Southeast requires a minimum of 120 credit hours and a minimum of 30 credit hours of upper level coursework (300-level or above). No more than 64 credit hours earned in accredited junior/community colleges may be applied towards a Baccalaureate degree. The University Residency Requirement dictates that students must complete no less than 26 credit hours at IU Southeast during their senior year and no less than 10 credit hours of coursework in the major field of study. Students must complete all General Education and Bachelor of Arts requirements. For a major in Theatre/Theatre Business, students must complete all courses listed in the program's degree plan. Further, the Department also must approve all transfer credits into the major.
- **Transfer credits** (Resident, Transfer, and Returning Students): Students who originally enrolled at IU Southeast, who have completed the requirements for admission into the Theatre program, and who have been continuously enrolled at IU Southeast (no more than three consecutive semesters without enrolling at IUS) are considered resident students. A student transferring from another university, or changes majors within IU Southeast, will be considered a resident student and will be covered by resident student guidelines. Students who have not enrolled at IU Southeast for four or more consecutive semesters are considered returning students.
- **Policies for Accepting Transfer Credit:** Department of Theatre policy for those transferring core courses:
 - Prerequisites for core courses must be met (either by completing the course[s] at IU Southeast or through transfer credit from another university) before a student may enroll in the core course.
 - All of the core courses must be completed either by taking the appropriate course, or through substitution via a comparable course transferred from another institution or department.
 - The authority to decide which, if any, courses will be accepted for transfer credit will rest with the student's advisor (with the consent of the faculty of the Theatre Department). The student's advisor may require a syllabus or some other evidence of a course's suitability for transfer credit before a decision is made.
 - Students may not use correspondence courses in theatre for academic credit.
 - Students may take one theatre course through Metroversity per year, totaling no more than 4 Metroversity courses.
 - Transfer students must also meet the distribution and graduation requirements as they appear in the IU Southeast *Bulletin*.
- **Returning Students:** Returning students must meet the distribution and major requirements as outlined in the IU Southeast *Bulletin* for the term in which they re-enroll. Core courses completed more than five years prior to re-enrollment will be accepted for credit on a case by case basis to be determined

by the Department of Theatre faculty. All students (resident, transfer, and returning) must meet the B.A. requirements for distribution and major courses outlined in the IU Southeast *Bulletin*.

University policies: Students must adhere to all university policies and rules as described in the IU Southeast *Bulletin* in effect when a student enrolls in the university.

Scholarships/Awards

The Rasmussen Scholarship

The Rasmussen Awards are funded by an endowment given to Indiana University Southeast by Mrs. Naomi K. Rasmussen of New Albany, Indiana. The Indiana University Foundation holds the fund in trust, and a percentage of the fund's earnings are awarded annually to exceptional students in the performing arts.

The Rasmussen Awards are intended to strengthen and support the performing arts at Indiana University Southeast by offering talented students monetary assistance for full participation in musical, theatrical, and/or dance performing groups.

Award amounts vary with each student. Students who qualify will be awarded funds which may cover tuition and fees for up to 30 credit hours per academic year. Awards are given on a year-to-year basis. A student in good standing who has fulfilled previous award obligations may apply each year for the award. Please be aware, however, that these awards are competitive.

Qualifications: Students who receive this award will be selected on the basis of their past participation and success in theatrical production or performance, their grades, the strength of their recommendations, their audition and/or portfolio presentation, and their commitment to participation in a broad range of theatre.

Complete information, including audition dates and times, may be found on the Theatre Department web page (<https://www.ius.edu/theatre>).

Degree/Certificate Requirements

See "General Requirements for Undergraduate Degrees at IU Southeast" and "General Requirements for the Bachelor of Arts Degree."

General Education Component

Applicable to all Theatre tracks

Note: This is not a re-statement of the University's General Education Requirement but a list of specific General Education courses which are also requirements or prerequisites for course work in the school/major.

- THTR-T 120 Acting I

Theatre Concentration

BA Distribution Component

- THTR-T 270 Introduction to History of Theatre I
- THTR-T 271 Introduction to History of Theatre II

Students must complete each of the following core requirements. Students may substitute THTR-T 320 Acting

III for the THTR-T 220 Acting II course with permission of theatre faculty.

Core Program

- THTR-T 220 Acting II
- THTR-T 222 Voice for the Actor
- THTR-T 225 Stagecraft I
- THTR-T 363 Modern Plays for Stage Interpretation

Major Specific Requirements

Theatre Design – minimum 3 credit hours from the following:

- THTR-T 230 Stage Costuming I
- THTR-T 326 Scene Design
- THTR-T 335 Stage Lighting I
- THTR-T 433 Costume Design

Dramatic Literature – minimum 3 credit hours from the following:

- THTR-T 275 American Theatre: The Black Experience & Contribution
- ENG-L 203 Introduction to Drama
- ENG-L 308 Elizabethan Drama and Its Background
- ENG-L 313 Early Plays of Shakespeare
- ENG-L 314 Late Plays of Shakespeare
- ENG-L 328 Restoration and Eighteenth-Century Drama
- ENG-L 363 American Drama
- ENG-L 365 Modern Drama: Continental
- ENG-L 366 Modern Drama: English, Irish, and American

Practical Experience – 6 credits to be chosen as a combination of the following:

- THTR-T 349 Theatre Practicum (max. 2 credits per sem. for a total of 6 credits)
- THTR-T 385 Theatre Laboratory (max. 2 credits per semester)

Nine (9) credit hours must be selected from courses in theatre electives. These electives must be from the 200-400 Level.

Three (3) credit hour Senior Capstone Experience and Portfolio Review: Junior level theatre-track majors must schedule a capstone experience to be completed during their senior year of study with a member of the theatre faculty.

See theatre web site (<https://www.ius.edu/theatre>) for capstone requirements.

- THTR-T 221 Movement for the Actor
- THTR-T 230 Stage Costuming I
- THTR-T 236 Readers Theatre I

- THTR-T 275 American Theatre: The Black Experience & Contribution
- THTR-T 310 Creative Dramatics
- THTR-T 315 Oral Interpretation II
- THTR-T 320 Acting III
- THTR-T 325 Voice and Speech
- THTR-T 326 Scene Design I
- THTR-T 335 Stage Lighting
- THTR-T 340 Directing I
- THTR-T 345 Theatre for Children
- THTR-T 349 Theatre Practicum (max. 2 credits per sem. for a total of 6 credits)
- THTR-T 385 Theatre Laboratory (max. 2 credits per semester)
- THTR-T 390 Creative Work in Summer Theatre (1-3; may be repeated once for credit)
- THTR-T 400 Arts Management
- THTR-T 410 Movement for the Theatre
- THTR-T 424 Stagecraft II
- THTR-T 433 Costume Design
- THTR-T 446 Theatre for Children
- THTR-T 453 Playwriting I
- THTR-T 458 Screenwriting
- THTR-T 483 Topics in Theatre and Drama (1-3; may be repeated once for credit if topic differs)
- THTR-T 490 Independent Study in Theatre and Drama (1-6 credits)

Capstone

- THTR-T 490 Independent Study in Theatre and Drama

Theatre Business Concentration

BA Distribution Component

Theatre Components

- THTR-T 270 Introduction to History of Theatre I
- THTR-T 271 Introduction to History of Theatre II

Business Components

- PSY-P 101 Introductory Psychology I
- SOC-S 163 Social Problems
- ECON-E 101 Survey of Economic Issues and Problems

Core Program

Theatre Components

- THTR-T 225 Stagecraft I
- THTR-T 340 Directing I
- THTR-T 400 Arts Management

Business Components

- BUS -A 201 Introduction to Financial Accounting
- BUS-L 201 Legal Environment of Business
- BUS-M 300 Introduction to Marketing Management
- BUS-M 415 Advertising and Promotion Management
- Professional Internship

Major Specific Requirements

Dramatic Literature – minimum of 3 credit hours from the following:

- THTR-T 275 American Theatre: The Black Experience & Contribution
- THTR-T 363 Modern Plays for Stage Interpretation
- ENG-L 203 Introduction to Drama
- ENG-L 308 Elizabethan Drama and Its Background
- ENG-L 313 Early Plays of Shakespeare
- ENG-L 314 Late Plays of Shakespeare
- ENG-L 328 Restoration and Eighteenth-Century Drama
- ENG-L 363 American Drama
- ENG-L 365 Modern Drama: Continental
- ENG-L 366 Modern Drama: English, Irish, and American

Practical Experience – 4 credits chosen as a combination of the following:

- THTR-T 349 Theatre Practicum (max. 2 credits per sem. for a total of 6 credits)
- THTR-T 385 Theatre Laboratory (max. 2 credits per semester)

Students must choose one of the following:

- MATH-M 119 Brief Survey of Calculus I

OR

- MATH -M 122 College Algebra

AND

- CSCI –C 106 Introduction to Computers and Their Use
- ENG-W 231 Professional Writing Skills

Specific Requirements for Concentration

Students must take six (6) credit hours of electives from the recommended list below:

Advertising courses in communication studies may also be used to fulfill the elective requirement.

Three (3) credit hour Senior Capstone Experience and Portfolio Review: Junior level theatre-track majors must schedule a capstone experience to be completed during their senior year of study with a member of the theatre faculty.

See theatre web site (<https://www.ius.edu/theatre>) for capstone requirement

Electives

- BUS-A 202 Introduction to Managerial Accounting
- BUS-F 260 Personal Finance
- COAS-W 100 Introduction to Business
- FINA-P 273 Computer Art and Design I
- SPCH-S 223 Business and Professional Communication
- SPCH-S 324 Persuasion
- MUS-U 411 Performing Arts Center Management

Capstone

- THTR-T 490 Independent Study in Theatre and Drama

Minor in Communication Theatre

Department Policies

- All required courses in the theatre track must be completed with a minimum grade of C.
- Students may not use correspondence courses in theatre for academic credit.
- Students may take one theatre course through Metroversity per year, totaling no more than 4 Metroversity courses.

Degree Requirements

Students must complete 15 credit hours from the follow core theatre requirements for a completion of a minor. The theatre history requirement may be completed with either THTR-T 270 or THTR-T 271.

Common Requirements/Core Program

- THTR-T 120 Acting I: Fundamentals of Acting
- THTR-T 225 Stagecraft I

Students must choose one of the following:

- THTR-T 270 Introduction to History of Theatre I
- THTR-T 271 Introduction to History of Theatre II

Six (6) credit hours must be selected from courses in theatre electives. These electives must be at the 200-400 Level.

Upper Division Requirements

Elective and Upper Division Options

- THTR-T 221 Movement for the Actor
- THTR-T 230 Stage Costuming I
- THTR-T 236 Readers Theatre I
- THTR-T 275 American Theatre: The Black Experience & Contribution
- THTR-T 310 Creative Dramatics
- THTR-T 315 Oral Interpretation II
- THTR-T 320 Acting III
- THTR-T 325 Voice and Speech
- THTR-T 326 Introduction to Scenic Design
- THTR-T 335 Stage Lighting Design
- THTR-T 340 Directing I: Fundamentals
- THTR-T 345 Theatre for Children
- THTR-T 349 Theatre Practicum
- THTR-T 363 Modern Plays for Stage Interpretation
- THTR-T 385 Theatre Laboratory
- THTR-T 390 Creative Work in Summer Theatre
- THTR-T 400 Arts Management
- THTR-T 410 Movement for the Theatre
- THTR-T 424 Stagecraft II
- THTR-T 433 Costume Design
- THTR-T 446 Theatre for Children
- THTR-T 453 Playwriting I
- THTR-T 458 Screenwriting
- THTR-T 483 Topics in Theatre and Drama
- THTR-T 490 Independent Study in Theatre and Drama

Gender Studies

The Gender Studies Program provides you with an opportunity to work in an interdisciplinary program to study how gender and sexuality influence human behavior, culture, and society. You will study issues of gender as they relate to class, race, age, sexual orientation, and

ethnicity in order to better understand many women and gender-related issues.

Academics

Undergraduate Certificates

- Gender Studies Certificate

Minors

- Gender Studies Minor

Program Information

Learning Goals

- Students will demonstrate knowledge of the social construction of gender and the ways in which gender intersects with race, class, ethnicity and sexuality.
- Students will apply feminist and gender theory to an analysis of gender and sexuality.
- Students will identify and analyze the global, scientific, cultural, historical, or political issues that have created controversy concerning gender and sexuality.
- Students will apply central concepts and theories from Gender Studies to their own life experiences and the world around them such as through a course project, a service-learning project, or an internship experience.

Certificate in Gender Studies

Mission/Vision Statement

The Gender Studies Program at IU Southeast is interdisciplinary and draws from diverse specializations. In the program, students learn and share knowledge about the way gender, sexuality, and culture shape the experiences, ideologies, individuals, and politics in the world. Students explore issues of gender, sexuality, and culture in the context of history, literature, class studies, religion, art, philosophy, sociology, the natural sciences and other areas. The Women's and Gender Studies program is dedicated to working for intellectual excellence, educational equity and a campus free of sexism, racism, heterosexism and other forms of discriminatory treatment.

Certificate Requirements

24 credit hours in women's and gender studies, including:

- GNDR-G 101 Gender, Culture, and Society
- GNDR-G 498 Seminar in Gender Studies (Senior Seminar)
- 18 credit hours in other women's studies courses which must include:
 - two humanities courses from approved list of electives
 - two social science courses from approved list of electives
 - at least 12 of these 18 credit hours must be in 300- to 400-level courses
- GNDR-G 101 Gender, Culture, and Society

Electives

- CJUS-P 318 Gender, Crime, and Justice: A Global Perspective
- CJUS-P 335 Race, Gender, and Inequality in the Criminal Justice System
- ENG-L 207 Women and Literature
- ENG-L 210 Studies in Popular Literature and Mass Media
- ENG-L 335 Victorian Literature
- ENG-L 351 American Literature, 1800-1865
- ENG-L 352 American Literature, 1865-1914
- ENG-L 354 American Literature, 1914-Present
- ENG-L 371 Critical Practices
- ENG-L 378 Studies in Women and Literature
- FINA-A 485 Women and Gender in the Visual Arts
- HPER-H 305 Women's Health
- LSTU-L 210 Workplace Discrimination/Fair Employment
- LSTU-L 289 Work Like a Girl: Women's Evolving Workplace Role
- LSTU-L 290 Topics in Labor Studies: Preventing Sexual Harassment
- LSTU-L 290 Topics in Labor Studies: Family Medical Leave Act
- LSTU-L 385 Class, Race, Gender, and Work
- PHIL-P 394 Feminist Philosophy
- POLS-Y 324 Women and Politics
- PSY-B 388 Human Sexuality
- REL-R 364 Topics in Gender and Western Religion
- SOC-R 320 Sexuality and Society
- SOC-R 326 Masculinity and Society
- SOC-S 338 Sociology of Sex Roles
- SOC-S 416 The Family
- SOC-R 463 Inequality and Society
- SPCH-S 450 Gender and Communication

Capstone

- GNDR-G 498 Seminar in Gender Studies (Senior Seminar)

Minor in Gender Studies

Certificate in Leadership**Leadership Certificate Requirements**

The interdisciplinary Certificate in Leadership provides students an opportunity to develop fundamental skills and knowledge necessary to assume leadership, supervisory, or management positions in private companies and nonprofit organizations.

Students complete 12 credit hours with a minimum GPA of 3.0. Students must earn a minimum B in EDUC-U495 (Leadership Training) to continue in the certificate program.

Complete 12 credit hours, including:

- EDUC-U 495 Seminar in Leadership Training

Leadership: One course from the following:

- BUS-N 221 Principles of Leadership
- SUPV-S 300 Frontline Leadership

Communications: One course from the following:

- COMM-C 102 OR COMM-S 122 Interpersonal Communication
- COMM-C 101 OR COMM-S 121 Public Speaking

Ethics: One course from the following:

- PHIL-P 102 OR PHIL-P 140 Introduction to Ethics
- PHIL-P 240 Business and Morality: Ethics in Context

Community Development

- COAS-R 399 Topic: Community/Campus Involvement

Minor in Leadership**Leadership Minor Requirements**

The interdisciplinary Minor in Leadership provides students an opportunity to develop fundamental skills and knowledge necessary to assume leadership, supervisory, or management positions in private companies and nonprofit organizations.

Students complete 18 credit hours with a minimum GPA of 3.0. A cumulative GPA of 2.5 is necessary for admission to the minor, which must be added before a student completes 90 credit hours. Students must earn a minimum B in EDUC-U495 (Leadership Training) to continue in the minor.

Complete 18 credit hours, including:

- EDUC-U 495 Seminar in Leadership Training

Leadership: Two courses from the following:

- BUS-Z 200 Introduction to Human Resources Management
- BUS-N 221 Principles of Leadership
- BUS-N 220 Conference Leadership Training
- HPER-R 272 Recreation Act/Ldr Methods
- PSY-B 366 Concepts and Applications of Organizational Psychology
- PSY-B 378 Introduction to Industrial Psychology
- POLS-Y 404 Political Issues in Public Personnel Management
- SUPV-S 300 Frontline Leadership

Ethics: One course from the following:

- PHIL-P102 OR PHIL-P 140 Introduction to Ethics
- PHIL-P 240 Business & Morality: Ethics in Context
- BUS-N 120 Business Ethics and Social Responsibility

Communication: Two courses from the following:

- CMCL-C 205 Introduction to Communication and Culture
- CMCL-C 380 OR SPCH-S 380 Nonverbal Communication
- COMM-C 102 OR COMM-S 122 Interpersonal Communication
- CMCL-C 450 OR SPCH-S 450 Gender and Communication
- COMM-C 101 OR COMM-S 121 Public Speaking
- SPCH-S 229 Discussion & Group Methods

AND

- COAS-R 399 Topic: Community/Campus Involvement

Certificate in Multimedia Production

Program Description: This certificate program provides comprehensive instruction in the production and writing techniques for multimedia platforms. Although targeted to persons operating small and non-profit businesses, it also strongly augments the educational experience of many majors, providing necessary job skills for the current market.

Format: This 18-hour certificate contains a core curriculum of 12 credit hours drawn from Journalism, Fine Arts, Writing and Music. An additional 6 credit hours of electives are selected from a list of these and other departments, allowing the students to customize the certificate to their needs. Many of the required classes meet in the evenings, and are offered as on-line or hybrid (combination of in-person and online meetings), for those who are working full-time.

Pre-Requisites: All course pre-requisites are waived for certificate students. Students are expected to have some college level or equivalent professional writing experience.

Core Course Requirements

Complete all four for 12 credit hours (3 credit hours each)

- FINA-P 323 Introduction to Web Design
- JOUR-J 301 Social Media Strategies
- ENG-W 315 Writing for the Web
- MUS-A 101 Intro to Audio Recording

Elective Course Options

Complete 2 courses for 6 credit hours selected from the options below (3 credit hours per course)

- FINA-D 210 Digital Art Survey & Practice
- FINA-S 310 Introduction to Photography
- JOUR-J 303 Online Journalism
- JOUR-J 362 Journalism Multimedia Storytelling
- MUS-A 301 Electronic Studio Resources
- JOUR-J 344 Photojournalism Reporting
- JOUR-J 354 Photojournalism Editing

Certificate and Minor in Basic Supervision

Program Description

Note: B.G.S. students may earn a minor in other disciplines. For details, please contact an academic advisor.

The General Studies Degree Program at Indiana University Southeast offers a certificate as well as a minor in supervision. The Certificate in Supervision is composed of 18 credit hours and the Minor consists of 24 credit hours. Students who complete the Certificate in Supervision can also complete the Minor in Supervision by completing six additional credit hours. Students may select the six additional credit hours from four different areas.

The courses are designed to prepare trainees and entry-level supervisory personnel but also to allow students to broaden their knowledge in the following areas:

- Business and Organizational Leadership & Supervision (OLS)
- Communication Skills
- Counseling and Human Behavior
- Safety Management

Certificate in Basic Supervision - 18 credit hours

- COAS-W 100 Introduction to Business
- COMM-S 122 Interpersonal Communication
- SUPV-S 300 Frontline Leadership
- SUPV-S 310 Resource and Planning Management
- SUPV-S 320 Labor Relations
- HPER-H 160 First Aid

Supervision Minor - 24 credit hours

The minor in Supervision includes the six core courses listed for the supervision certificate. Students then select six credit hours from any of the courses listed below for the minor:

Business and Organizational Leadership & Supervision

Business

- BUS-P 301 Operations Management
- BUS-P 430 Total Quality Management
- BUS-Z 302 Managing & Behavior in Organizations

Communication Skills

- ENG-W 231 Professional Writing Skills
- SPCH-C 325 Interviewing Principles & Practices
- SPCH-S 223 Business & Professional Speaking
- SPCH-S 308 Family Communication
- SPCH-S 229 Discussion and Group Methods
- SPCH-S 440 Organizational Communication
- SPCH-S 450 Gender & Communication

Counseling & Behavior

- PSY-B 366 Concepts & Applications of Organizational Psychology
- PSY-B 378 Introduction to Industrial Psychology
- PSY-B 386 Introduction to Counseling

Safety Management

- SPH-S 101 Introduction to Safety Science
- SPH-S 151 Legal Aspects of Safety
- SPH-S 174 Prevention of Violence in American Society
- SPH-S 201 Introduction to Industrial Hygiene
- SPH-S 202 Fundamentals of Fire Protection
- SPH-S 210 OSHA General Industry Standards
- SPH-S 214 Safety: OSHA Construction Industry Standards
- SPH-S 231 Safety Engineering and Technology
- SPH-S 251 Incident Investigation and Analysis
- SPH-S 255 Threats, Violence, and Workplace Safety

Minor in Recreation

Minor Requirements

The recreation minor program is designed for students who wish to add a recreation administration specialty to their studies. This is a 17 credit hour program.

Core Program

- HPER-R 160 Foundations of Recreation and Leisure
- HPER-R 271 Dynamics of Outdoor Recreation
- HPER-R 272 Recreation Activities and Leadership Methods
- HPER-R 324 Recreational Sports Programming

Elective courses in the area of Public Health

- HPER-C 366 Community Health
- HPER-H 305 Women's Health
- HPER-H 317 Topical Seminar in Health Education
Topic: Stress Management
- HPER-H 363 Personal Health
- HPER-E 100 Experience in Physical Activity
(variable topics)
- HPER-E 181 Tennis
- HPER-E 185 Volleyball

Noncredit Programs: The Lifelong Learning and Arts Institute programs

The Lifelong Learning program is evidence of IU Southeast's commitment to the community and region which includes outreach with a broad set of offerings designed to promote growth, learning, and well-being throughout our lives. As a University, IU Southeast is well-positioned to contribute to the personal, intellectual, cultural, and professional development of all ages in our community.

In addition to the well-established [Arts Institute](#), which offers private instruction in music and theatre, IU Southeast has expanded its non-credit programs to include classes for all ages.

The [Arts Institute](#) is a non-credit, community outreach and preparatory program under the umbrella of the Indiana University Southeast School of Arts & Letters and the IU Southeast Lifelong Learning program. Since its inception in 1996 with grant funding from Indiana University, the Arts Institute has offered quality instruction in the arts for all ages. Private lessons are offered in keyboard, voice, and stringed, brass and wind instruments. Classes in adult guitar, theatre, and vocal training are currently available. All classes are non-credit and are held on the IU Southeast campus in the Paul W. Ogle Cultural and Community Center. Most Arts Institute faculty members are on the IU Southeast faculty. Highly qualified local artists and educators also teach for the Arts Institute. These fine instructors hold degrees from respected institutions and bring extensive experience to our programs.

Mission Statement

Mission

"Quality education for a lifetime of achievement."

The mission of the School of Business is to provide both traditional and nontraditional students with a "quality education for a lifetime of achievement" through a challenging, innovative, and supportive learning environment that enables students to achieve their potential.

The School of Business serves the community through student, alumni, and faculty involvement. The school's undergraduate population is predominantly drawn from the nine-county service region in southern Indiana, with additional students originating from greater Louisville in Kentucky. A large number of the undergraduate population is first-generation college students, and approximately 85 percent of graduates continue their professional careers in southern Indiana and the greater Louisville area. The school's Master of Business Administration (MBA) population consists of working professionals and is approximately evenly distributed between southern Indiana and Louisville. The Master of Science in Strategic Finance (MSSF) is an interdisciplinary program catering primarily to finance and accounting professionals in southern Indiana and Louisville.

To accomplish our mission, the School of Business provides excellent professional business and economics education in fully accredited undergraduate and graduate business degree programs with a balanced emphasis on each program. Elements related to our mission are teaching, to enhance student learning and instructional effectiveness continuously so that students can succeed in their professional careers; scholarship, to enhance faculty intellectual capital and the advancement of knowledge; and service, to enrich the university and community through faculty service and professional activities.

Teaching: Enhancing Student Learning and Faculty Instructional Effectiveness

Enhancing student learning to prepare them for a lifetime of achievement includes increasing their knowledge of subjects common to business curricula and their awareness of ethical, societal, and global dimensions of business. It also includes the development of skills in such areas as technology, group activities and interaction, critical thinking, problem solving, and oral and written communications. Such student knowledge, awareness, and skills will prepare them to make better decisions throughout their life and careers. Enhancing instructional effectiveness includes providing a supportive and innovative learning environment in which the faculty uses a variety of pedagogical approaches appropriate to the subject matter to facilitate student learning. Attributes of a supportive learning environment include academic advising, career counseling, faculty/student interaction, and both traditional and innovative methods of delivery.

Scholarship: Continuously Enhance Faculty Intellectual Capital and Advancement of Knowledge

Enhancing faculty intellectual capital is integral to student learning and instructional effectiveness. The IU

Southeast School of Business is primarily focused on teaching. Consistent with our mission statement, the School places equal value on learning and pedagogical research, discipline-based scholarship, and contributions to practice. This scholarship augments faculty intellectual capital, improves instructional pedagogy, and advances knowledge by contributing to academic and professional literature.

Service: Enriching the University and Community through Faculty Service and Professional Activities

Faculty service has multiple components including service to the university, community, and profession. University service is necessary to successful academic programs. Service to the community at large and its organizations enables them to better respond to changing needs and economic conditions. The practice of academic and professional competencies directly facilitates faculty intellectual development and ultimately contributes to instructional excellence and student learning.

Vision

"To Be a Premier Regional School of Business"

Our vision is to be a premier regional school of business, serving our region comprising southern Indiana and the greater Louisville metropolitan area.

Student Learning Goals

School of Business graduates are knowledgeable professionals who are capable decision-makers, effective communicators, and technologically adept.

Area: Knowledge of Business

Goal: Students demonstrate knowledge of business including the areas of accounting, economics, management, quantitative business analysis, finance, marketing, legal and social environment, information systems international issues, and operations management.

Area: Decision Making

Goal: Students are capable decision makers, employing problem solving methodologies, critical thinking skills, and ethical reasoning.

Area: Communication

Goal: Students are effective in both oral and written business communications.

Area: Technology

Goal: Students identify and use appropriate technology software to communicate, solve business problems, and aid in decision making.

Area: Professionalism

Goal: Students demonstrate professional conduct in business settings.

Policies

Candidates for the Bachelor of Science in Business degree should review "General Requirements for All Undergraduate Degrees at IU Southeast," found in the "Academic Programs" section of this bulletin. While each student is responsible for his or her own progress toward

a degree, academic advisors for the School of Business are available for advice concerning courses, requirements, and the curriculum best suited to the student's goals. To ensure the quality of the student's educational experience, the following policies are in place for all degrees:

1. The student must successfully complete a minimum of 120 credit hours for the Bachelor of Science degree with a minimum overall grade point average (GPA) of at least 2.0 (not including developmental courses such as English W100 and Education X150).
2. An overall GPA of 2.0 is required in business (BUS) and economics (ECON) courses.
3. In general, for a course to count toward a business degree, a minimum grade of C- is required unless otherwise noted.
4. Academic Advising: Business students are strongly encouraged to meet regularly with an academic advisor or a faculty member in the School of Business to discuss academic and career issues.
5. In addition to the business core and general education component, students must select and complete a concentration. In general, to complete a double concentration, students must complete all required courses for both concentrations, and at least 12 credit hours (4 courses) must be distinct to each.
6. For the Bachelor of Science degree, 45 of the 120 credit hours must be at the 300 or 400 level (including business core, concentration, general education, and elective courses). Note that neither BUS-M 300 nor MATH-K 300 count in this total of 45 hours.
7. Credit by examination may be earned in COAS-W 100 Introduction to Business, BUS-A 201 Introduction to Financial Accounting, BUS-A 202 Introduction to Managerial Accounting, ECON E 201 Introduction to Microeconomics, ECON E 202 Introduction to Macroeconomics, and BUS-K 201 The Computer in Business. CLEP examinations are accepted for General Education course work if acceptable to the major department for that subject. Contact the Student Success Center (University Center South, (812) 941-2312) for information about these examinations.
8. After being admitted to IU Southeast, courses taken at another institution or campus may not count toward a School of Business degree without prior approval. To request approval, the student must contact a School of Business advisor.
9. At least half of all required business courses must be taken at IU Southeast. Further, at least half of all non-elective courses required to complete a concentration, second degree, or minor must be taken at IU Southeast.
10. Students must apply for their degree in the School of Business Office (Hillside Hall 221) six months before graduation (for May and August graduates, the deadline is November 1; for December graduates, the deadline is May 15).
11. Students completing internships for credit earn Satisfactory or Fail grades only.
12. Students must complete BUS-X 220 within the first 60 hours of course work and MATH-M 129 and

ECON-E 281 within the first 80 hours of course work.

If these courses are not completed as required, the student will not be allowed to register for additional classes until they are completed

13. Students who are not active at the university for one year will be subject to the requirements of the bulletin in effect at the time of their reinstatement. Upon reinstatement, students are required to see a School of Business advisor to develop a degree completion plan before registering for classes.

Scholarships and Awards

Each year the School of Business awards the following scholarships and awards to students. Contact the School of Business office for more information:

- Indiana C.P.A. Society
- Institute of Management Accountants Awards
- Financial Executives Institute Award
- Schuler Bauer Real Estate Services Scholarship
- Monroe Shine & Co., Inc. Scholarship
- Rodefer Moss CPA's Scholarship
- Mountjoy Chilton Medley Scholarship
- Deming, Malone, Livesey, Ostroff Scholarship
- PQ Corporation Scholarship
- Jennings Award for Outstanding Scholarship in Accounting
- Jay and Mona Brodsky Scholarship for Entrepreneurship
- School of Business Alumni Scholarship
- William H. Riggs Scholarship
- First Harrison Bank Scholarship for Student Leadership
- The APICS Falls Cities Chapter Resources Management Scholarship
- George M. Hand Scholarship
- Norman and Joyce Melhiser Scholarship
- Jerry E. and Sheila R. Wheat International Study Scholarship
- Carlton and Sue Sanders International Study Scholarship
- James W. and Phyllis Robinson International Study Scholarship
- John P. Briscoe Scholarship
- Jerrol Z. Miles Scholarship
- Drew and Christy Callahan Pfeifer Scholarship
- Beta Gamma Sigma Scholarship
- Outstanding M.B.A. Graduate
- Outstanding M.S.S.F. Graduate
- Outstanding Accounting Graduate
- Outstanding Accounting Post-Baccalaureate Graduate
- Outstanding Economics Graduate
- Outstanding Business Economics and Public Policy Graduate
- Outstanding Finance Graduate
- Outstanding Supply Change and Information Management Graduate
- Outstanding General Management Graduate
- Outstanding Marketing Graduate
- Outstanding Human Resources Management Graduate
- Outstanding International Business Graduate

- Outstanding General Business Graduate

Bachelor of Science in Accounting - Online Collaborative

Degree Requirements

Students receiving the Bachelor of Science in Accounting Online degree must complete 120 total credit hours including:

- General Education Core (30 cr.)
 - Business and Accounting Foundations (24 cr.)
 - Business Core (12 cr.)
 - Accounting Core (18 cr.)
 - Accounting Electives (9 cr.)
 - Electives as needed to complete 120 total credit hours
-
- A minimum of 30 credit hours at the 300- or 400-level
 - Courses required for the major must be completed with a grade of C or higher
 - Courses are 3 credit hours unless otherwise noted
 - A minimum GPA of 2.0 is required

Specific General Education Requirements (12 cr.)

The courses in this section count toward the 30-credit hour General Education Core.

- MATH-M 118 Finite Mathematics
- Business Communication
- Complete one of the following courses:
 - ECON-E 103 Introduction to Microeconomics
 - ECON-E 201 Introduction to Microeconomics
- Complete one of the following courses:
 - ECON-E 104 Introduction to Macroeconomics
 - ECON-E 202 Introduction to Macroeconomics

Business and Accounting Foundations (24 cr.)

- BUS-W 100 Principles of Business Administration
- ECON-E 270 Introduction to Statistical Theory
- BUS-A 201 Introduction to Financial Accounting
- BUS-A 202 Introduction to Managerial Accounting
- BUS-K 201 The Computer in Business
- BUS-K 321 Management of Information Tech
- BUS-K 353 Business Analytics and Modeling
- BUS-L 201 Legal Environment of Business

Business Core (12 cr.)

- BUS-P 301 Operations Management
- BUS-M 301 Introduction to Marketing Management
- BUS-F 301 Financial Management
- Complete one of the following courses:
 - BUS-D 301 International Business Environment
 - BUS-W 301 Principles of Management
 - BUS-Z 301 Organizational Behavior and Leadership
 - BUS-Z 302 Managing and Behavior in Organization

Accounting Core (18 cr.)

- BUS-A 311 Intermediate Accounting I
- BUS-A 312 Intermediate Accounting II
- BUS-A 325 Cost Accounting
- BUS-A 328 Introduction to Taxation
- BUS-A 424 Auditing and Assurance Services
- Complete one of the following:
 - BUS-A 337 Accounting Information Systems
 - BUS-A 411 Accounting Information Systems

Accounting Electives (9 cr.)

- Complete three of the following courses:
 - BUS-A 335 Accounting for Government and Not-For-Profit Entries
 - BUS-A 338 Accounting Data Analytics
 - BUS-A 339 Advanced Income Taxation
 - BUS-A 414 Financial Statement Analysis
 - BUS-A 422 Advanced Financial Accounting I
 - BUS-A 437 Advanced Management Accounting

Business (Bachelor of Science in Business)

As a student, you'll develop the skills and qualities that will prepare you to excel in today's competitive economy, regardless of your career goals. You will develop analytical skills and hone your critical thinking abilities in small classes led by top-tier faculty and business leaders. You'll develop the professional skills needed for working on, and leading, teams. These experiences will prepare you to meet the many challenges you will meet throughout your career, not just your first job.

Student Learning Goals

1. Students demonstrate knowledge of business including the areas of accounting, economics, management, quantitative business analysis, finance, marketing, legal and social environment, information systems, international issues, and operations management.
2. Students are capable decision makers using problem solving methods, tools, technology, critical thinking skills, and ethical reasoning.
3. Students are effective in business communications through various modes.
4. Students demonstrate professional conduct in business settings.

Degree Requirements

Students receiving the Bachelor of Science in Business degree must complete 120 total credit hours including:

- General Education Core (30 cr.)
 - Business Core (43 cr.)
 - Concentration Requirements (24-27 cr.)
 - Electives as needed to complete 120 total credit hours
-
- A minimum of 45 credit hours at the 300- 400- level

- Courses required for the major must be completed with a grade of C- or higher
- A minimum GPA of 2.0 is required
- Courses are 3 credit hours unless otherwise noted

General Education Component

Note: This is not a re-statement of the University's General Education Requirement but a list of specific General Education courses that are also requirements or pre-requisites for course work in the school/major.

- BUS-C 104 Business Presentations
- ENG-W 231 Professional Writing Skills **OR** ENG-W 234 Technical Report Writing
- MATH-M 129 Business Algebra and Applications
- PSY-P 101 Introduction to Psychology 1 **OR** PSY-P 102 Introduction to Psychology 2

Core Program

The Business Core consists of general business and economics courses that must be completed with a minimum grade of C- in each course:

- BUS-W 100 Principles of Business Administration
- ECON-E 201 Introduction to Microeconomics
- ECON-E 202 Introduction to Macroeconomics
- BUS-A 201 Introduction to Financial Accounting
- BUS-A 202 Introduction to Managerial Accounting
- BUS-K 201 Computer in Business
- BUS-L 201 Legal Environment of Business
- BUS-X 220 Career Perspectives (1 cr. hour)

(Must be completed in first 60 Cr. Hrs.)

- ECON-E 270 Introduction to Statistical Theory in Economics and Business
- BUS-F 301 Financial Management
- BUS-K 321 Management of Information Technology
- BUS-M 301 Introduction to Marketing Management
- BUS-P 301 Operations Management
- BUS-Z 302 Managing & Behavior in Organizations
- BUS-J 401 Administrative Policy (Capstone)*

***(Must be taken by graduating seniors in last semester. Authorization must be obtained from a School of Business Academic Advisor.)**

Concentration Requirement

In addition to the business core and general-education component, students must select and complete a concentration. In general, to complete a double concentration, students must complete all required courses for both concentrations, and at least 12 credit hours (4 courses) must be distinct to each.

- Accounting
- Business Economics and Public Policy
- Finance
- General Business
- Human Resources Management
- International Business
- Management
- Marketing
- Professional Selling

- Supply Chain Management

Accounting Concentration (27 Cr. Hrs.)

Financial information provided by accounting professionals is instrumental to conducting a successful business.

An accounting career consists of collaborating with other business professionals to make successful business decisions. Public accounting firms, large and small business enterprises, and governmental and other not-for-profit organizations provide abundant and lucrative employment opportunities. Accountants develop expertise in such areas as financial accounting, managerial accounting, tax accounting, auditing, and accounting systems design. Licensure as a Certified Public Accountant requires 150 credit hours of college education in Indiana and Kentucky, in addition to other academic and work requirements. Students frequently obtain graduate degrees in business while fulfilling this requirement. Students may fulfill this requirement by pursuing a master's degree or by completing additional undergraduate credit hours. Indiana University Southeast offers a 30 credit-hour Master of Science in Strategic Finance, and a 36 credit-hour Master of Business Administration degree. Students wishing to pursue an additional 30 credit hours other than through a master's degree should seek advising toward appropriate classes.

Students who do not plan to sit for the C.P.A. exam may elect a managerial accounting emphasis. Electing the managerial emphasis does not preclude completing the 150 credit hour requirement and completion of the C.P.A. or other professional accounting certifications.

Required Courses

- BUS-A 311 Intermediate Accounting I
- BUS-A 312 Intermediate Accounting II
- BUS-A 325 Cost Accounting
- BUS-A 328 Introduction to Taxation
- BUS-A 337 Accounting Information Systems
- BUS-A 338 Accounting Data Analytics
- BUS-A 424 Auditing

Electives*

Complete six credit hours from the following list:

- BUS-A 339 Advanced Income Taxation
- BUS-A 422 Advanced Financial Accounting

BUS-L 414 Financial Statement Analysis

Business Economics and Public Policy Concentration (27 Cr. Hrs.)

Probably more than any other factor, it is the relevance of economics that initially attracts students. Few, if any, disciplines are equal to economics in preparing one to be an interested, interesting, and competent observer of current events. This is because economics is a social science that develops models for organizing facts and thinking effectively. This empowers its students to make well-reasoned decisions in analyzing personal decisions and business problems and in drawing informed conclusions about public policy—based on a comprehensive analysis of the costs and benefits of alternatives. Because economics is so often connected to governmental policy, students also learn about the legal and political institutions that affect consumers,

workers, and businesses. "But what kind of job can I get?" Most graduates use economics as a stepping stone to other occupations. Economic training is wide reaching, and thus, career alternatives are relatively well paid and unusually varied, including business, finance, banking, journalism, and government service. If one is unsure of what major to choose or what career to pursue, economics offers the ability to keep one's options for the future more flexible. Moreover, the study of economics is an excellent preparation for graduate school in law, business, and public administration, given that it develops one's ability to think analytically. Law students list economics and accounting as the undergraduate courses they value most and wish they had taken more often. Those who majored in economics as undergraduates have the highest LSAT scores (*Journal of Economic Education*, spring 2006, pp. 263–281). In a word, economics offers a course of study that is interesting and provocative, beneficial in terms of career options, and useful in understanding the world.

Required Courses

- ECON-E 321 Intermediate Microeconomic Theory
- ECON-E 322 Intermediate Macroeconomic Theory

Plus any 4 additional courses from these (12 cr. hrs):

- ECON-E 323 Urban Economics
- ECON-E 333 International Economics
- ECON-E 338 Business and Economics Applications of GIS
- ECON-E 350 Money and Banking

ECON-E 371 Introduction to Econometrics

Electives

Any two (six cr. hrs.) 300/400-level Business courses outside Economics. Cannot be satisfied by internship, professional practice or BUS-M 300.

****Reminder - students must have at least 45 credit hours of 300/400 level coursework to graduate.**

Finance Concentration (27 Cr. Hrs.)

The finance curriculum at IU Southeast includes studies in the area of corporate finance, investments, international finance, financial institutions, and markets. Students are introduced to the major theories and learn the tools utilized by financial professionals to make decisions in today's dynamic economy. The finance curriculum prepares students for careers in corporate finance; banks, and other financial institutions; investments; and financial services such as financial planning, insurance, and real estate.

Required Courses

- BUS-A 310 Management Decisions and Financial Reporting **OR** BUS-A 311 Intermediate Accounting I (Will substitute for BUS-A 310 for Accounting students. Students cannot take both.)
- BUS-A 352 Business Analytics: Predictive and Prescriptive Analysis (FIN concentration only) **OR** BUS-A 350 Business Analytics: Data Management and Visualization (FIN/ACCT double concentration) **OR** BUS-M 380 Market Analysis (for FIN/Marketing, Sales, or Supply Chain double concentration)
- BUS-F 302 Financial Decision Making

- BUS-F 410 Financial Institutions and Markets
- BUS-F 420 Investments
- BUS-F 494 International Financial
- ECON-E 350 Money and Banking

First Elective (3 cr)

- BUS-A 312 Intermediate Accounting II
- BUS-A 325 Cost Accounting
- BUS-A 328 Introduction to Taxation
- BUS-A 337 Accounting Information Systems
- BUS-A 414 Financial Statement Analysis & Interpretation

Second Elective (3 cr)

Any one (three cr. hrs.) 300/400-level Business or Economics course outside Finance. Cannot be satisfied by internships, professional practice or BUS-M 300.

****Reminder: Students must have at least 45 credit hours of 300/400 level coursework to graduate.**

General Business Concentration (24 Cr. Hrs.)

***NOTE:** Students choosing this concentration cannot double-concentrate.

This concentration is intended for those students that aspire to be small business entrepreneurs, or are owners or managers of small businesses. This concentration allows the student to design a customized course of study by drawing from each of the business disciplines to create a tailored concentration area.

1. The student, in consultation with an academic advisor, will choose a combination of 8 BUS or ECON concentration courses (NOTE: elective courses like BUS-L 303 can be taken).
2. No more than 2 courses can come from a particular concentration's set of 18 required hours.
3. For an individual course that is required in more than one concentration, the student must designate the concentration that the course will represent.
4. This concentration cannot contain any internship hours, professional practice hours, or BUS-M 300.
5. Reminder: students must have at least 45 credit hours of 300/400 level coursework to graduate.

Human Resources Management Concentration (27 credit hours)

This concentration consists of a program of study approved by the Society of Human Resource Management (SHRM) that provides the student with acceptable levels of knowledge consistent with an HR Generalist. This program covers the vital areas of: (1) personnel administration, (2) personnel selection, (3) personnel development, and other key roles within the HR profession equipping the student to function across the spectrum of HR disciplines.

Required Courses

- BUS-W 301 Principles of Management
- BUS-Z 440 Personnel-Human Resources Management
- BUS-Z 441 Wage and Salary Administration

- BUS-K 350 Business Analytics: Data Management and Visualization **OR** BUS-K 352 Business Analytics: Predictive and Prescriptive Analysis
- BUS-Z 445 Human Resource Selection

Choose one course from the following:

- BUS-Z 443 Developing Employee Skills
- BUS-Z 444 Personnel Research and Measurement

Choose one course from the following (not taken above):

- BUS-Z 443 Developing Employee Skills -
- BUS-Z 444 Personnel Research and Measurement
- BUS-P 430 Total Quality Management
- BUS-W 430 Organizations and Organizational Change
- ECON-E 340 Introduction to Labor Economics

Electives

Select two courses (six credit hours) 300/400-level Business or Economics courses outside HRM (BUS-Z). Cannot be satisfied by internship, professional practice, or BUS-M 300, **OR** choose from:

- SPCH-C 325 Interviewing Principles and Practices
- SPCH-S 440 Organizational Communication
- SPCH-S 322 Advanced Interpersonal Communication
- SPCH-S 450 Gender and Communication
- PSY-B 378 Introduction to Industrial Psychology
- POLS-Y 404 Political Issues in Public Personnel Management
- OLS 331 Occupational Safety and Health

****Reminder:** Students must have at least 45 credit hours of 300/400 level coursework to graduate.

International Business Concentration (27 credit hours)

This concentration prepares the student to be familiar with the international business environment and allows emphasis in a particular geographic locale. The student can choose between Europe, Asia, Africa, Latin America, or Global as an area of emphasis.

In addition to the concentration courses listed below (total of 24 cr. hrs.), the student must also

1. Choose a specific region of emphasis:

- Europe, Latin America, Asia, Africa, or Global

2. Complete the foreign language requirement for the chosen emphasis:

- European Emphasis: French, German, or Spanish (two years of a foreign language)
- Latin America Emphasis: Spanish (two years of a foreign language)
- Asian Emphasis: Japanese or Chinese (two years of a foreign language)
- African Emphasis: French (two years of a foreign language)
- Global Emphasis: Any modern foreign language (one year of a foreign language)

Required Courses:

- BUS-D 300 International Business Administration

- BUS-F 494 International Finance
- ECON-E 333 International Economics
- BUS-P 421 Supply Chain Management
- POLS-Y 376 International Political Economy

2nd Analytics Course Requirement- one of the following:

- BUS-K 352 Business Analytics: Predictive and Prescriptive Analysis
- BUS-K 350 Business Analytics: Data Management and Visualization
- BUS-M 380 Market Analysis

International Studies Courses:

Complete one course from the following list for the chosen area of emphasis. This can be satisfied by fulfilling an international experience requirement (study abroad, summer program, etc.) approved by a School of Business advisor or the International Business Committee. Students completing the Global Emphasis may select a course from any area of emphasis.

- European POLS-Y 335 European Politics
- European POLS-Y 349 Comparative Public Policy
- European POLS-Y 354 Ethnicity & Nationalism in Contemporary Europe
- European HIST-B 359 Europe - 1789 to 1848
- European HIST-B 360 Europe - 1848 to 1914
- European HIST-B 361 Europe - Europe in the 20th Century, 1914-1945
- Latin American HIST-F 341 Latin America: Conquest & Empire (Colonial Period)
- Latin American HIST-F 342 Latin America: Evolution & Revolution (Modern Period)
- Latin American POLS-Y 337 Latin American Politics
- Latin American GEOG-G 323 Geography of Latin America
- Asian POLS-Y 369 Asian Politics
- Asian HIST-G 385 History of Modern China
- Asian HIST-G 387 History of Contemporary China
- African GEOG-G 425 Africa: Contemporary Geographic Problems

Electives

Select two (six credit hours) 300/400 level BUS or ECON courses outside International Business (cannot be satisfied by internship, Professional practice, or BUS-M 300) **OR** from the specified list of International Studies Courses **OR** foreign language 300- 400-level courses that are approved for the chosen area of emphasis. Students completing the Global emphasis may select any course from any area of emphasis. A course may not count more than once toward completion of the concentration hours.

**** Reminder:** students must have at least 45 credit hours of 300/400 level coursework to graduate.

Management Concentration (27 credit hours)

The courses offered in this concentration are concerned not only with the broad aspects of management and organizations, but also with developing skills for dealing with issues in motivation, organization design, and human resource allocations. This concentration provides the flexibility to accommodate students whose interests

include the preparation for entry into management training positions, the application of behavioral science to management, the personnel function in both line and staff capacities, and managing small business.

- BUS-W 320 Leadership and Ethics
- BUS-W 301 Principles of Management
- BUS-W 430 Organizations and Organizational Change
- BUS-Z 440 Personnel - Human Resource Management
- BUS-K 350 Business Analytics: Data Management and Visualization
- BUS-W 406 Venture Growth Management

Take One Additional Course (3 cr. hrs) From The Following List:

- BUS-W 311 New venture Creation
- BUS-M 421 Fundamentals of Negotiations
- BUS-P 330 Project Management
- BUS-D 300 International Business Administration
- BUS-Z 445 HR Selection
- BUS-Z 444 Personnel Research and Management
- BUS-Z 443 Developing Employee Skills

Electives

Any two (six credit hours) 300/400-level Business or Economics courses outside of Management (BUS-W). Cannot be satisfied by internship, professional practice, BUS-D 301, BUS-M 300, or BUS-Z 301.

A course cannot count in both the 18 Management concentration hours and the 6 required elective hours for Management.

Marketing Concentration (27 credit hours)

Marketing is fundamental to the success of both for-profit and not-for-profit enterprises. Projected to be one of the fastest-growing employment areas in the twenty-first century, marketing entry-level and career progression opportunities lie primarily in the fields of advertising and promotion, distribution management, entrepreneurship, international business, market analysis, marketing research, retail management and sales, and sales management. The marketing concentration at IU Southeast is designed to help the student build a customer-driven orientation combined with the strong analytical, communication, and technical skills necessary to be successful in today's global economy.

Required Courses

- BUS-D 300 International Business Administration
- BUS-M 405 Consumer Behavior
- BUS-M 330 Consultative Selling
- BUS-M 380 Market Analysis
- BUS-M 415 Advertising and Promotion Management
- BUS-M 435 Digital Marketing
- BUS-M 450 Marketing Strategy

Must take two additional courses (6 credit hours) from the following list:

- CMCL-C 337 New Media (course in development, consult with academic advisor)
- TEL-R 440 Advertising Strategies

- TEL-T 345 Advertising Media Planning
- BUS or ECON 3XX OR 4XX Select from any 300- OR 400- level BUS OR ECON course outside of Marketing (BUS-M). NOT from internships or professional practice.

*Note: Students double-concentrating in Marketing and Professional Sales and Sales Management must complete BUS-M415 and 3 hours of Business or Approved Electives outside of Marketing (BUS-M) courses.

** Reminder: Students must have at least 45 credit hours of 300/400 level coursework to graduate.

Professional Selling (27 credit hours)

Required Courses

Marketing Core, 3 courses (9 credit hours):

- BUS-M 405 Consumer Behavior
- BUS-M 450 Marketing Strategy
- BUS-M 380 Market Analysis

Marketing Elective, 1 course (3 credit hours)

- BUS-D 300 International Business Administration
- BUS-M 415 Advertising and Promotion Management
- BUS-M 435 Digital Marketing

Sales Emphasis, 3 courses (9 credit hours)

- BUS-M 330 Consultative Selling
- BUS-M 421 Fundamentals of Negotiation (course in development, consult with academic advisor)
- BUS-M 426 Sales Management

Must take two additional courses (6 credit hours) from the following list:

- SPCH-S 324 Persuasion
- SPCH-S 380 Nonverbal Communication
- BUS or ECON 3XX or 4XX Select from any 300- or 400- level BUS or ECON course outside of Marketing (BUS-M). NOT from internships or professional practice.

*Note: Students double-concentrating in Marketing and Professional Sales and Sales Management must complete BUS-M415 and 3 hours of Business or Approved Electives outside of Marketing (BUS-M) courses.

** Reminder: Students must have at least 45 credit hours of 300/400 level coursework to graduate.

Supply Chain Management (27 credit hours)

Required Courses

- BUS-D 300 International Business Administration
- BUS-P 330 Project Management
- BUS-M 421 Fundamentals of Negotiation
- BUS-P 421 Supply Chain Management
- BUS-P 430 Total Quality Management
- BUS-M 380 Market Analysis
- BUS-M 365 Internet Marketing

Business Electives

Any combination (six cr. hrs.) of 300/400-level Business or Economics courses outside SCM(BUS-P). Cannot be satisfied by internship, professional practice, or

BUS-M 300. A course cannot count in both the 21 SCM concentration hours and the 6 required elective hours for SCM.

****Reminder:** Students choosing 200-level courses still must have at least 45cr. hrs. of 300/400-level coursework to graduate.

Bachelor of Science in Business Administration - Online Collaborative Degree Requirements

Students receiving the Bachelor of Science in Business Administration degree must complete 120 total credit hours including:

- General Education Core (30 cr.)
 - Business Foundations (27 cr.)
 - Business Core (34 cr.)
 - Electives as needed to complete 120 total credit hours
-
- A minimum of 30 credit hours at the 300- or 400-level
 - Courses required for the major must be completed with a grade of C or higher
 - Courses are 3 credit hours unless otherwise noted
 - A minimum GPA of 2.0 is required

Specific General Education Requirements

- MATH-M 118 Finite Mathematics

Business Foundations

- BUS-W 100 Principles of Business Administration
- Complete one of the following:
 - ECON-E 103 Intro to Microeconomics
 - ECON-E 201 Intro to Microeconomics
- Complete one of the following:
 - ECON-E 104 Intro to Macroeconomics
 - ECON-E 202 Intro to Macroeconomics
- BUS-A 201 Intro to Financial Accounting
- BUS-A 202 Intro to Managerial Accounting
- BUS-K 201 Business Computing
- Complete one of the following:
 - BUS-L 201 Legal Environment of Business
 - BUS-L 203 Business Law I
- ECON-E 270 Intro to Statistical Theory in Economics and Business
- Complete one of the following:
 - ENG-W 231 Professional Writing Skills
 - ENG-W 232 Intro to Business Writing
 - ENG-W 234 Tech Report Writing
 - SPCH-S 223 Business and Professional Communication

Business Core

- BUS-M 301 Intro to Marketing Management
- BUS-F 301 Financial Management
- BUS-P 301 Operations Management
- Complete one of the following:

- BUS-D 300 International Business Admin
- BUS-D 301 International Business Environment
- Complete one of the following:
 - BUS-K 321 Management of Information Tech
 - BUS-S 302 Management Information Systems
 - IIM-I 300 Foundations and Prin. of MIS
- Complete one of the following:
 - BUS-K 302 Intro to Management Science
 - BUS-K 312 Decision Modeling
 - BUS-K 353 Business Analytics and Modeling
- Complete one of the following:
 - BUS-W 311 New Venture Creation
 - BUS-W 406 Venture Growth Management
- Complete one of the following:
 - BUS-Z 301 Org Behavior & Leadership
 - BUS-Z 302 Managing & Behavior in Organizations
- Complete one of the following:
 - BUS-W 301 Principles of Management
 - BUS-Z 440 Personnel: Human Resources Management
- Complete one of the following:
 - BUS-B 399 Business and Society
 - BUS-J 404 Business & Society
 - BUS-W 320 Leadership and Ethics
- BUS-X 410 Professional and Career Skills (1 cr.)
- BUS-J 401 Administrative Policy

B.S. Business Administration Concentrations (18 credits/6 courses)

A concentration is NOT required for degree, but can be used to fulfill elective credit.

Accounting

Required (4 courses)

- BUS-A 311 Intermediate Accounting I
- BUS-A 312 Intermediate Accounting II
- BUS-A 337/A411 Accounting Information Systems
- BUS A328 Introduction to Taxation

Electives (2 courses)

Choose two 300/400 level accounting courses from the following list:

- BUS-A 325 Cost Accounting
- BUS-A 335 Accounting for Government and Not-for-Profit Entities
- BUS-A 338 Accounting Data Analytics
- BUS-A 402 Accounting Ethics
- BUS-A 414 Financial Statement Analysis
- BUS-A 422 Advanced Financial Accounting
- BUS-A 424 Auditing and Assurance Services
- BUS-A 425 Contemporary Accounting Theory
- BUS A 437 Advanced managerial accounting
- BUS-A 339 Advanced Taxation

Economics

Required: (2 courses)

- ECON-E 321 Intermediate Microeconomic Theory
- ECON-E 322 Intermediate Macroeconomic Theory

Electives: (4 courses)

Choose four 300/400 level economics courses from the following list:

- ECON-E304 Survey of Labor Economics
- ECON-E 306 Undergraduate Seminar in Economics
- ECON-E308 Survey of Public Finance
- ECON-E323 Urban Economics
- ECON-E 337 Economic Development
- ECON-E338 Business and Economics Applications of GIS
- BUS F345/ECON-E350/E305 Money and Banking
- ECON-E 351 Law and Economics
- ECON-E 363 Environmental and Natural Resource Economics
- ECON-E 371 Introduction to Applied Econometrics
- ECON-E430/E333 International Economics

Finance

Required: 4 courses

- BUS-F 302 Financial Decision Making
- BUS-F 345/ECON E350 Money, Banking, and Capital Markets
- BUS-F 420 Equity and Fixed Income Investments
- BUS-F 494 International Finance

Electives: 2 courses

Choose two 300/400 level finance courses from the following list:

- BUS-F 365 Personal Financial Planning
- BUS-F410 Financial Institutions and Markets
- BUS-F 414/A414 Financial Statement Analysis
- BUS-F 423 Topics in Investment
- BUS-F 444 Applications in Financial Management
- BUS-F 446 Bank and Financial Intermediation
- BUS-F 451 Financial Modeling

Marketing

Required: 4 courses

- BUS M303: Marketing Research
- BUS M405: Consumer Behavior
- BUS M415: Advertising and Integrated Marketing Communications
- BUS M450: Marketing Strategy

Electives: 2 courses

Choose two 300/400 level marketing courses from the following list:

- BUS M325: Selling
- BUS M330: Consultative Selling
- BUS M346: Analysis of Marketing Data
- BUS M380: Market Analytics
- BUS M401: International Marketing
- BUS M419: Retail strategy
- BUS M426: Sales Management
- BUS M432/M435/M460: Digital Marketing

- BUS M455: Customer Relationship Management
- BUS M490: Social Media Marketing
- BUS M421: Negotiation

Minor in Business (for Non-Business Majors)

General Requirements

Students pursuing a minor in Business must complete the following requirements

- 21 credit hours in Business & Economics
- Courses must be completed with a grade of C- or higher
- Courses are 3 credit hours unless otherwise noted
- A minimum cumulative GPA of 2.0 across all courses required in the minor
- Minors are awarded concurrently with Baccalaureate degrees

Course Requirements

- BUS-W 100 Principles of Business Administration
- Complete 6 courses (3 courses must be at the 300-level) for 18 credit hours from the following
 - BUS-A 201 Introduction to Financial Accounting
 - ECON-E 201 Introduction to Microeconomics
 - BUS-K 201 The Computer in Business
 - ECON-E 270 Introduction to Statistical Theory in Economics and Business
 - BUS-L 201 Legal Environment of Business
 - BUS-F 301 Financial Management
 - BUS-M 301/BUS-M 300 Introduction to Marketing Management
 - BUS-P 301 Operations Management
 - BUS-Z 302 Managing and Behavior in Organizations

Minor in Business Analytics (for Business Majors)

General Requirements

Business majors pursuing a minor in Business Analytics must complete the following requirements

- 15 credit hours in Business Analytics
- Courses must be completed with a grade of C- or higher
- Courses are 3 credit hours unless otherwise noted
- A minimum cumulative GPA of 2.0 across all courses required in the minor
- Minors are awarded concurrently with Baccalaureate degrees

Course Requirements

- BUS-K 440 Business Intelligence
- Complete two courses from the following that haven't been taken for the major
 - BUS-A 338 Accounting Data Analytics
 - BUS-M 380 Market Analytics
 - BUS-K 350 Business Analytics: Data Management and Visualization

- BUS-K 352 Business Analytics: Predictive and Prescriptive Analytics
- Complete one of the following
 - ECON-E 338 Business and Economic Applications of Geographical Information Systems
 - ECON-E 371 Introduction to Applied Econometrics
- Complete one of the following
 - BUS-A 414 Financial Statement Analysis and Modeling
 - BUS-F 420 Equity and Fixed Income Investment
 - BUS-M 435 Digital Marketing
 - BUS-P 430 Total Quality Management
 - BUS-W 406 Venture Growth Management
 - BUS-Z 441 Wage and Salary Administration
 - ECON-E 338 Business and Economic Applications of Geographical Information Systems
 - ECON-E 371 Introduction to Applied Econometrics

Minor in Business Data Analytics (for Non-Business Majors)

Choose 1 of the following courses :

- BUS-K 201 The Computer in Business
- CSCI-A 212 Spreadsheet Applications
- CSCI-A 213 Database Applications
- INFO-I 110 Basic Tools of Informatics I
- INFO-I 111 Basic Tools of Informatics II

Choose 1 of the following courses :

- ECON-E 270 Introduction to Statistical Theory in Economics and Business
- MATH-K 300 Statistical Techniques for Health Professions
- MATH-M 366 Elements of Statistical Inference
- SOC-S 381 Methods of Social Research II

Choose 3 of the following courses :

- BUS-K 350 Data Analytics and Visualization
- BUS-K 352 Predict and Prescript Analytics
- BUS-K 440 Business Intelligence
- BUS-M 380 Market Analytics
- ECON-E 338 Business and Economic Applications of Geographical Information Systems
- ECON-E 371 Introduction to Applied Econometrics
- ECON-E 470 Introduction to Econometrics

Choose 1 of the following courses:

- CSCI-B 498 Introduction to Data Science
- CSCI-C 490 Seminar in Computer Science
- GEOG-G 438 Advanced Geographic Information Science

- HIM-M 329 Healthcare Data Analytics and Information Governance
- INFO-I 308 Information Representation
- INFO-I 421 Applications of Data Mining
- JOUR-J 360 Journalism Specialties
- SOC-S 380 Method of Social Research I

Entrepreneurship Minor (for Business Majors)

Core Requirements

You must complete five courses (15 Credit Hours) in Business as defined below with a minimum grade of C- in each course and an overall grade point average of 2.0 in the set of Business courses.

Note: For students pursuing a Bachelor of Science in Business, only one course will double-count toward both an entrepreneurship minor and another concentration.

Principles of Entrepreneurship (9 Credit Hours)

- BUS-W 211 Contemporary Entrepreneurship
- BUS-W 311 New Venture Creation
- BUS-W 406 Venture Growth Management

Supporting Knowledge Set (6 Credit Hours)

- BUS-A 310 Management Decisions and Financial Reporting
- BUS-A 414 Financial Statement Analysis and Interpretation
- BUS-F 260 Personal Finance
- BUS-D 300 International Business Administration
- BUS-K 330 Contemporary Topics in Information Technology
- BUS-M 303 Marketing Research
- BUS-M 330 Consultative Selling
- BUS-M 405 Buyer Behavior
- BUS-M 415 Advertising and Promotion Management
- BUS-M 421 Fundamentals of Negotiation
- BUS-M 426 Sales Management
- BUS-P 421 Supply Chain Management
- BUS-W 320 Leadership and Ethics
- BUS-Z 440 Personnel-Human Resource Management
- ECON-E 338 Business and Economic Applications of Geographical Information Systems
- ECON-E 350 Money and Banking
- ECON-E 333 International Economics
- BUS-Z 445 Human Resource Selection
- XXX-X 300/400 300-400 level course from other campus schools (as approved by business advisors)

Entrepreneurship Minor (for Non-Business Majors)

Core Requirements

You must complete five courses (15 Credit Hours) in Business as defined below with a minimum grade of C- in each course and an overall grade point average of 2.0 in the set of Business courses.

Principles of Business - the following 2 courses (6 credit hours) must be completed:

- BUS-W 100 Introduction to Business

- BUS-M 301 Introduction to Marketing Management
OR BUS-M 300 Introduction to Marketing

Principles of Entrepreneurship - the following 2 courses (6 credit hours) must be completed:

- BUS-W 211 Contemporary Entrepreneurship
- BUS-W 311 New Venture Creation

Supporting Knowledge Set - complete 1 course (3 credit hours) from the following):

- BUS-A 201 Introduction to Accounting
- BUS-F 260 Personal Finance
- BUS-L 201 Legal Environment of Business
- BUS-M 365 Services Marketing
- BUS-M 415 Advertising and Promotion Management
- BUS-W 301 Principles of Management
- BUS-W 406 Venture Growth Management
- BUS-Z 440 Personnel-Human Resource Management
- ECON-E 201 Introduction to Economics

*Non-Business Majors should take BUS-W100, BUS-W211, and BUS-M300 prior to enrolling in BUS-W311.

** It is strongly recommended that Non-Business Majors take BUS-W100, BUS-W211, and BUS-M311, prior to enrolling in BUS-W406.

Minor in Human Resources

People are an organization's most important asset, and effective human resources management is a critical component of any organization's business strategy. A minor in human resources will enable you to understand how people act in a professional environment and to help them maximize their potential.

Core Requirements

You must complete five courses (15 credit hours) in Business as defined below, with a minimum grade of C- in each course and an overall GPA of 2.0 in the set of Business courses.

The following two courses (6 credit hours) must be completed:

- BUS-Z 302 Managing Behavior in Organizations
- BUS-Z 440 Personnel-Human Resource Management

Complete three additional courses (9 credit hours) from the following list:

- BUS-Z 302 Managing Behavior in Organizations
- BUS-Z 440 Personnel-Human Resource Management

Minor in Finance for Non-Business Majors

General Requirements

Students outside of the School of Business pursuing a minor in Finance must complete the following requirements

- 15 credit hours in Finance
- Courses must be completed with a grade of C- or higher

- Courses are 3 credit hours unless otherwise noted
- A minimum cumulative GPA of 2.0 across all courses required in the minor
- Minors are awarded concurrently with Baccalaureate degrees

Course Requirements

Complete five courses (15 credit hours) from the following

- BUS-F 260 Personal Finance
- BUS-F 301 Financial Management
- BUS-F 302 Financial Decision Making
- BUS-F 410 Financial Institutions & Markets
- BUS-F 420 Equity & Fixed Income Investment
- BUS-F 494 International Finance

Minor in Marketing (for Non-Business Majors)

Core Requirements

You must complete five courses (15 Credit Hours) in Business Marketing and Sales with a minimum grade of C- in each course and an overall grade point average of 2.0 in the set of courses for the Minor.

Please note that although the Marketing Minor is available beginning in the Fall 2015 semester, several courses are still in development and may not be offered for several semesters. Please speak with your advisor if you wish to add the Marketing Minor to your academic plan.

The following four courses (12 credit hours) must be completed:

- BUS-M 300 Introduction to Marketing **OR** BUS-M 30 Intro. to Marketing Management
- BUS-M 330 Consultative Selling
- BUS-M 405 Consumer Behavior
- BUS-M 450 Marketing Strategy

Choose 1 course (3 credit hours) from the following:

- BUS-M 415 Advertising & Integrated Marketing Communications
- BUS-M 421 Fundamentals of Negotiation
- BUS-M 426 Sales Management
- CMCL-C 337 New Media
- TEL-R 440 Advertising Strategies
- TEL-T 345 Advertising Media Planning

Minor in Sales (for Non-Business Majors)

Core Requirements

You must complete five courses (15 Credit Hours) in Business Marketing and Sales with a minimum grade of C- in each course and an overall grade point average of 2.0 in the set of Marketing and Sales courses.

Please note that although the Sales Minor is available beginning in the Fall 2015 semester, several courses are still in development and may not be offered for several semesters. Please speak with your advisor if you wish to add the Sales Minor to your academic plan.

The following four courses (12 credit hours) must be completed:

- BUS-M 300 Introduction to Marketing **OR** BUS-M 301 Intro. to Marketing Management
- BUS-M 330 Consultative Selling
- BUS-M 421 Fundamentals of Negotiation (course in development, speak with advisor for more information)
- BUS-M 426 Sales Management

Choose 1 course (3 credit hours) from the following:

- BUS-M 415 Advertising & Integrated Marketing Communications
- BUS-Z 440 Personnel: Human Resources Management
- BUS-W 320 Leadership and Ethics
- SPCH-S 324 Persuasive Speaking
- SPCH-S 380 Nonverbal Communication

Certificate in Entrepreneurship

The objective of the entrepreneurship non-degree seeking certificate is to provide students and members of the community the opportunity to learn about entrepreneurship and develop the necessary tools to assist them in starting and/or growing an entrepreneurial endeavor.

Complete the following courses:

- BUS-W 211 Contemporary Entrepreneurship
- BUS-W 311 New venture Creation
- BUS-M 300 Introduction to Marketing

Choose two of the following courses:

- MET 401 Capstone (Purdue University Sequence)
- MET 402 Capstone (Purdue University Sequence)
- BUS-W 406 Venture Growth Management
- BUS-W 100 Principles of Business Administration
- BUS-F 260 Personal Finance
- BUS-L 201 Legal Environment of Business
- BUS-W 301 Principles of Management
- BUS-W 320 Leadership and Ethics
- BUS-M 330 Personal Persuasion Strategy and Customer Relations Management
- BUS-M 405 Consumer Behavior
- ECON-E 201 Introduction to Microeconomics
- BUS-M 415 Advertising and Promotion Management

Economics (Bachelor of Arts)

Student Learning Goals

Goal 1: Knowledge of Economics

- Students demonstrate knowledge of economics and quantitative analysis.

Goal 2: Knowledge of Economic Theory

- Students demonstrate and apply the microeconomic and macroeconomic theories

Goal 3: Application and Communication

- Students are capable decision makers using problem solving methods, tools, technology, critical thinking skills, and ethical reasoning.

Policies

Candidates for the Bachelor of Arts in Economics degree should review "General Requirements for All Undergraduate Degrees at IU Southeast," found in the "Undergraduate Studies" section of this bulletin. While each student is responsible for his or her own progress toward a degree, academic advisors for the School of Business are available for advice concerning courses, requirements, and the curriculum best suited to the student's goals. To ensure the quality of the student's educational experience, the following policies are in place for all degrees:

1. The student must successfully complete a minimum of 120 credit hours for the Bachelor of Arts degree with a minimum overall grade point average (GPA) of at least 2.0 (not including developmental courses such as English W 100 and Education X 150).
2. An overall GPA of 2.0 is required in economics courses.
3. In general, for a course to count toward an economics degree, a minimum grade of C- is required unless otherwise noted.
4. Academic Advising: Economics students are strongly encouraged to meet regularly with an academic advisor or faculty member in the School of Business to discuss academic and career issues.
5. For the Bachelor of Arts degree, a student must complete no fewer than 26 credit hours of coursework in the senior year in residence at IU Southeast and no fewer than 10 credit hours of 300 or 400 level economics coursework must be taken at IU Southeast. At least 6 credit hours of 300 or 400 level economics coursework must be taken at IU Southeast for a minor.
6. Credit by examination may be earned in ECON-E 201 Introduction to Microeconomics, ECON-E 202 Introduction to Macroeconomics, and BUS-K 201 The Computer in Business. CLEP examinations are accepted for General Education course work if acceptable to the major department for that subject. Contact the Student Success Center, (University Center South, (812) 941-2312) for information about these examinations.
7. After being admitted to IU Southeast, courses taken at another institution or campus may not count toward a School of Business degree without prior approval. To request approval, the student must contact a School of Business advisor.
8. For the bachelor's degree, 30 of the 120 credit hours must be at the 300 to 400 level (including economics core, general education, and elective courses).
9. Students must apply for their degree in the School of Business Office (Hillside Hall 221) six months before graduation. (For May and August graduates, the deadline is November 1; for December graduates, the deadline is May 15).
10. Students completing internships for credit earn Satisfactory or Fail grades only.
11. Students must complete MATH-M 129 and BUS-K 352 within the first 80 hours of course work. If these

courses are not completed as required, the student will not be allowed to register for additional classes until they are completed.

12. Students who are not active at the university for one year will be subject to the requirements of the bulletin in effect at the time of their reinstatement.

Upon reinstatement, students are required to see a School of Business advisor to develop a degree completion plan before registering for classes.

Degree Requirements

Students receiving the Bachelor of Arts in Economics degree must complete 120 total credit hours including:

- General Education Core (30 cr.)
- Foreign Language Requirement (14 cr.)
- Bachelor of Arts Distribution Requirements (15 cr.)
- Economics Major Requirements (39 cr.)
- Electives as needed to complete 120 total credit hours

- A minimum of 30 credit hours at the 300- or 400-level
- Courses required for the major must be completed with a grade of C-
- A minimum GPA of 2.0 is required
- Courses are 3 credit hours unless otherwise noted

Economics Major Requirements

General Education Component

This is not a re-statement of the University's General Education Requirement but a list of specific General Education courses which are also requirements or pre-requisites for course work in the Economics major.

Choose a second writing course from the following list.

- ENG-W 231 Professional Writing Skills OR
- ENG-W 234 Technical Report Writing OR
- ENG-W 270 Argumentative Writing OR
- ENG-W 290 Writing in the Arts and Sciences

Complete each of the following courses.

- BUS-C 104 Business Presentations
- BUS-K 201 Computer in Business
- ECON-E 201 Introduction to Microeconomics
- MATH-M 129 Business Algebra and Applications

Core

Complete these six courses (18 credits)

- ECON-E 201 Introduction to Microeconomics
- ECON-E 202 Introduction to Macroeconomics
- Econ E270: Introduction to Stats Theory in Business and Economics
- BUS-K 352 Predictive and Prescriptive Analytics
- ECON-E 321 Intermediate Microeconomic Theory
- ECON-E 322 Intermediate Macroeconomic Theory

Complete four of the following courses (12 credits)

- ECON-E 323 Urban Economics
- ECON-E 333 International Economics

- ECON-E 338 Business and Economics Applications of GIS
- ECON-E 350 Money and Banking
- ECON-E 371 Introduction to Applied Econometrics

Electives

Choose two elective courses (6 credit hours) from the following options.

Recommended for those planning to pursue graduate studies in economics:

- MATH-M 215 Calculus I
- MATH-M 216 Calculus II
- ECON-E 371 Introduction to Applied Econometrics (if not taken as part of core)

Recommended for those planning to pursue law school:

- BUS-A 201 Introduction to Financial Accounting
- BUS-A 202 Introduction to Managerial Accounting
- BUS-L 201 Legal Environment of Business
- BUS-L 303 Commercial Law II
- POLS-Y 304 Constitutional Law

Additional courses permitted

- BUS-F 301 Financial Management
- BUS-F 302 Financial Decision Making
- BUS-F 420 Equity and Fixed Income Investment
- BUS-K 350 Data Analytics & Visualization
- BUS-M 300 Introduction to Marketing
- BUS-M 301 Introduction to Marketing Management
- BUS-M 380 Market Analytics
- BUS-M 405 Consumer Behavior
- BUS-P 301 Operations Management
- GEOG-G 438 Advanced Geographic Information Systems
- GEOG-G 439 GIS and Environmental Analysis

Minor in Accounting

Core Requirements

You must complete five courses (15 credit hours) in Business as defined below, with a minimum grade of C- in each course and an overall GPA of 2.0 in the set of Business courses.

The following four courses (12 credit hours) must be completed:

- BUS-A 201 Introduction to Financial Accounting
- BUS-A 202 Introduction to Managerial Accounting
- BUS-A 328 Introduction to Taxation
- BUS-A 325 Cost Accounting

Choose one of the following courses (3 credit hours):

- BUS-A 310 Management Decisions and Financial Reporting
- BUS-A 311 Intermediate Accounting I

Economics Minor

Core Requirements

You must complete five courses (15 Credit Hours) in Economics as defined below with a minimum grade of C-

in each course and an overall grade point average of 2.0 in the set of Economics courses.

The following 2 courses (6 credit hours) must be completed:

- ECON-E 201 Introduction to Microeconomics
- ECON-E 202 Introduction to Macroeconomics

Must choose three of the following courses (9 credit hours):

- ECON-E 321 Intermediate Microeconomic Theory
- ECON-E 322 Intermediate Macroeconomic Theory
- ECON-E 323 Urban Economics
- ECON-E 333 International Economics
- ECON-E 338 Business and Economics Applications for Geographical Information System
- ECON-E 350 Money and Banking
- ECON-E371: Introduction to Econometrics

Applied Health Science

As a result of a cooperative effort involving the Department of Applied Health Science, IU School of Public Health-Bloomington (AHS/SPH-B) and the General Studies program, IU Southeast (GPS/IUS), IU Southeast students may take all classes needed for a Bachelor of Science in Applied Health Science (major in safety) degree program and the minor in safety. These degrees are conferred through the Bloomington campus, and graduates are invited to attend the IU Bloomington graduation ceremony to receive their degrees.

For additional information on requirements for the safety degrees, please contact Sammy Davis, Safety Program Coordinator, through email at davissr@iu.edu, or by phone at (502) 261-2893.

- Applied Health Science Degree, Safety Major (Bachelor of Science)
- Certificate in Safety Management
- Safety minor

Applied Health Science Degree, Safety Major (Bachelor of Science)

Degree Requirements

This is a four-year program leading to a Bachelor of Science in Applied Health Science degree with a major in safety. A minimum of 26 successfully completed credits and a minimum 2.3 cumulative grade point average (GPA) are required for admission to this program. Graduation requirement include:

- completion of general education requirements
- completion of safety major requirements
- a minimum of 120 successfully completed credit hours which count toward the degree program
- a minimum 2.0 cumulative GPA
- a minimum 2.0 cumulative GPA in courses with the following department code-prefixes: SPH-B, SPH-F, SPH-H, SPH-N, SPH-P, AND SPH-S
- no pass/fail except for free electives

General Education (20-39 credits)

All undergraduate students must complete the IU Bloomington campus-wide general education common ground requirements. Such students must visit the [2014-2015 General Education Bulletin](#) (or most current version of the IU Bloomington General Education bulletin) to view these requirements.

Major (91 credits)

Safety and Health Courses (48 credits)

A minimum grade of C- is required in each professional core course.

Complete each of the following courses:

- SPH-H 174 Prevention of Violence in American Society + S&H or SPH-S 255 Threats, Violence, and Workplace Safety (3 cr.)
- SPH-S 101 Introduction to Safety (3 cr.)
- SPH-S 151 Legal Aspects of Safety (3 cr.)
- SPH-S 201 Introduction to Industrial Hygiene (3 cr.)
- SPH-S 210 General Industry Standards (3 cr.)
- SPH-S 214 OSHA Construction Standards (3 cr.)
- SPH-S 231 Safety Engineering and Technology (3 cr.)
- SPH-S 251 Incident Investigation and Analysis (3 cr.)
- SPH-S 332 Ergonomics and Human Factors (3 cr.)
- SPH-S 336 Emergency Management (3 cr.)
- SPH-S 345 Safety Program Management (3 cr.)
- SPH-S 410 Advanced Industrial Hygiene (3 cr.)
- SPH-S 411 Industrial Hygiene Sampling and Analysis (3 cr.)
- SPH-S 415 Safety Education and Training (3 cr.)
- SPH-S 496 Field Experience in Occupational Safety (6 cr.)

Additional Major Courses (28 credits)

Complete the following 10 credit chemistry sequence:

- CHEM-C 101 Elementary Chemistry I (3 cr.) +N&M
- CHEM-C 121 Elementary Chemistry Laboratory I (2 cr.) +N&M
- CHEM-C 102 Elementary Chemistry II (3 cr.) +N&M
- CHEM-C 122 Elementary Chemistry Laboratory II (2 cr.) +N&M

Complete each of the following:

- ENG-W 231 Professional Writing Skills (3 cr.) **or** BUS-X 204 Business Communications (3 cr.)
- PSY-P 101 Introductory Psychology I (3 cr.) +N&M
- PSY-P 102 Introductory Psychology II (Prereq: P101 or P151) (3 cr.) +S&H **or** SOC-S 163 Introduction to Sociology (3 cr.) +S&H
- SPH-B 150 Introduction to Public Health (3 cr.)
- SPH-H 381 (formerly HPER-H 391) Introduction to Health Information and Statistics (3 cr.) **or** MATH-K 300 or PSY-K 300 Statistical Techniques (3 cr.)
- SPH-P 205 Structural Kinesiology (3 cr.) **or** ANAT-A 215 Basic Human Anatomy (5 cr.) +N&M

Professional Electives (15 credits)

Complete 15 credits from the list of [safety professional electives](#). A minimum of 12 of the 15 selected credits must be at the 300/400 level. A minimum grade of C- is required in each professional elective course.

+ *Courses followed by an N&M notation apply toward completion of both the major requirement and the general education, natural and mathematic sciences requirement.*

+ *Courses followed by an S&H notation apply toward completion of both the major requirement and the general education, social and historical studies requirement.*

Special Opportunities

Students have the opportunity to participate in professional safety and health protection organizations including student chapters of Eta Sigma Gamma and the American Society of Safety Engineers. Safety management or emergency management public or private sector internships may be pursued by students as part of their educational experience.

Careers

Safety professionals pursue careers to enhance the protection of communities and reduce injuries/fatalities.

Graduates serve as safety specialists, safety trainers, management consultants, safety inspectors, safety managers, safety educators, emergency planners, safety and HR directors and administrators. Other fields associated with health protection include industrial hygiene, ergonomics, fire protection, security, environmental science, and engineering.

Certificate in Safety Management

Description of Program

The undergraduate Safety Management Certificate Program at Indiana University allows individuals to acquire a 24 hour certificate in Safety Management. To be awarded the certificate, individuals must complete 24 hours which includes a 15 hour core of designated safety management courses and an additional 9 hour block of designated courses from one of three concentrations.

These concentrations are Health Care, Homeland Security, and Process Safety Education. Students

electing to complete a Certificate in Safety Management must initiate this process by signing up with a designated safety faculty member responsible for advising those seeking a certificate in Safety Management within the Department of Applied Health Science.

Important links for students considering the Safety Management Certificate:

- IU Bloomington Academic Bulletin - <http://www.indiana.edu/~bulletin/iub/phb/2013-2014/undergraduate/certificates/safety-mgt.shtml>
- Course Degree Requirements - http://www.publichealth.indiana.edu/docs/degrees/ug_certificate_in_safety_management_2010.pdf

Admission

Most students pursue the Certificate in Safety Management while completing a baccalaureate degree.

However, it is possible to apply for admission to this certificate program as the sole academic objective. Students interested only in earning this certificate may apply online for undergraduate admission to Indiana University Southeast.

Certificate Requirements

This one-year program of study is designed for the practitioner who is interested in gaining general safety and health knowledge combined with specific expertise in health care, homeland security, or process safety education. See an advisor for specifics. Certificate requirements include:

- 24 successfully completed credit hours of prescribed certificate course work
- a minimum 2.0 cumulative grade point average (GPA) in courses used for this certificate
- no pass/fail courses are allowed

Required Health and Safety Courses (15 credits)

Complete each of the following courses:

- SPH-S 101 Introduction to Safety (3 cr.)
- SPH-S 151 Legal Aspects of Safety (3 cr.)
- SPH-S 201 Introduction to Industrial Hygiene (3 cr.)
- SPH-S 202 Fundamentals of Fire Protection (3 cr.)
- SPH-S 210 OSHA General Industry Standards (3 cr.) **or** SPH-S 214 OSHA Construction Standards (3 cr.)

Concentration Courses (9 credits)

Select and complete one of the following three concentrations:

Healthcare (9 credits)

- SPH-S 332 Ergonomic and Human Factors (3 cr.) **or** SPH-S 354 Hazardous Material and Waste Control (3 cr.)
- SPH-S 336 Emergency Management (3 cr.)
- SPH-S 410 Advanced Industrial Hygiene

Homeland Security (9 credits)

- SPH-S 302 Introduction to Homeland Security (Prereq: 9 cr. 200 level SPH-S courses) (3 cr.)

- SPH-S 336 Emergency Management (P: SPH-S 302) (3 cr.)
- SPH-S 365 Security Issues for the Safety Professional (P: SPH-S 302) (3 cr.)

Process Safety Education (9 credits)

- SPH-S 354 Hazardous Material and Waste Control (Prereq: 6 cr. SPH-S courses or instructor approval) (3 cr.)
- SPH-S 410 Advanced Industrial Hygiene (Prereq: SPH-S 201; CHEM-C 102) (3 cr.)
- SPH-S 411 Industrial Hygiene Sampling and Analysis (Prereq: SPH-S 410) (3 cr.)

Special Opportunities

Students have the opportunity to participate in professional safety and health protection organizations including the student chapter of the American Society of Safety Engineers.

Career

According to a recent survey of American Society of Safety Engineers members, the largest employer groups are insurance, service industries, health care, business, public safety, and nonprofit organizations such as the Red Cross. Typical jobs include safety technician, safety inspector, educator or emergency responder.

Minor in Health & Safety Requirements

This undergraduate minor program is intended for students in degree programs outside the safety major, who wish to add a safety specialty to their studies. This minor requires:

- successful completion of 15 credit hours as prescribed below
- a minimum grade of C in each course used in the minor
- a minimum cumulative minor GPA of 2.0

Note: No course in this minor may be taken under the Pass/Fail option.

Safety Core Courses (9 cr.):

- SPH-S 101 Introduction to Safety (3 cr.) **OR** SPH-S 217 Safety: A Personal Focus (3 cr.)
- SPH-S 151 Legal Aspects of Safety (3 cr.)
- SPH-S 345 Safety Program Management (3 cr.)

Safety Elective Courses (6 cr.):

Complete two of the following courses. At least one must be at the 300 level or above.

- HPER-H 160 First Aid and Emergency Care (3 cr.)
- SPH-S 231 Safety Engineering and Technology (3 cr.)
- SPH-S 251 Incident Investigation and Analysis (3 cr.)
- SPH-S 350 Exploring Safety Culture (3 cr.)
- SPH-S 415 Safety Education and Training (3 cr.)
- Other course elective as approved by advisor

Post-Baccalaureate Certificate in Business Analytics General Requirements

Students pursuing a Post Baccalaureate Certificate in Business Analytics must complete the following requirements

- 15 credit hours
- Courses must be completed with a grade of C- or higher
- Courses are 3 credit hours unless otherwise noted
- A minimum cumulative GPA of 2.0 across all courses required
- At least four of the five courses for the certificate must be completed at IU Southeast after completion of an undergraduate degree

Course Requirements

- Complete four courses (12 cr.) from the following
 - BUS-A 338 Accounting Data Analytics
 - BUS-K 440 Business Intelligence
 - BUS- K 350 Business Analytics: Data Management and Visualization
 - BUS-K 352 Business Analytics: Predictive and Prescriptive Analysis
 - BUS-M 380 Market Analytics
 - ECON-E 338 Business and Economics Applications of Geographical Information Systems
 - ECON-E 371 Intro to Applied Econometrics
- Complete one course from the following
 - Additional class from the list above that has not been used to satisfy that 12-hour requirement
 - BUS-A 414 Financial Statement Analysis and Modeling
 - BUS-F 420 Equity and Fixed Income Investments
 - BUS-M 435 Digital Marketing
 - BUS-P 430 Total Quality Management
 - BUS-W 406 Venture Growth Management
 - BUS-Z 441 Wage and Salary Administration
 - CSCI-B 498 Introduction to Data Science
 - CSCI-C 490 Seminar in Computer Science
 - GEOG-G 438 Advanced Geographic Information Science
 - HIM-M 329 Health Care Data Analytics and Information Governance
 - INFO-I 308 Information Representation
 - INFO-I 421 Applications of Data Mining
 - SOC-S 380 Intro to Methods of Social Research I

Post-Baccalaureate Certificates

- Accounting (Certified Public Accountant Preparation)
- Accounting (Corporate Accounting Preparation)
- Business Analytics
- Economics
- Entrepreneurship
- Finance

- General Business
- Human Resources Management
- International Business
- Management
- Marketing
- Professional Selling
- Supply Chain and Information Management

Accounting—Certified Public Accountant Preparation

All students entering the Post-Baccalaureate Certificate Program must have completed a bachelor's degree prior to enrolling.

Specific Requirements

To earn the Post-Baccalaureate Certificate in Accounting (CPA Prep), students must:

1. Successfully complete all of the required courses with at least a C-
2. Successfully complete at least five of the required courses listed below at IU Southeast after completion of an undergraduate degree.

The following 21 Credit Hours are required:

- BUS-A 311 Intermediate Accounting I
- BUS-A 312 Intermediate Accounting II
- BUS-A 328 Introduction to Taxation
- BUS-A 337 Accounting Information Systems
- BUS-A 424 Auditing

Also Complete TWO of the Following Courses (6 credit hours):

- BUS-A 325 Cost Accounting
- BUS-A 338 Accounting Data Analytics
- BUS-A 339 Advanced Income Taxation (Recommended)
- BUS-A 414 Financial Statement Analysis and Interpretation
- BUS-A 422 Advanced Financial Accounting (Recommended)

NOTE: Additional coursework in business and economics as well as other requirements exist in various states. Completion of the PBC in Accounting cannot be relied upon to ensure compliance with CPA regulations in all jurisdictions. Only the appropriate state board or other certifying body in each jurisdiction can provide you with the most current authoritative information regarding requirements in their state.

Accounting—Corporate Accounting Preparation

All students entering the Post-Baccalaureate Certificate Program must have completed a bachelor's degree prior to enrolling.

Specific Requirements

To earn the Post-Baccalaureate Certificate in Accounting (Corporate Accounting Preparation), students must:

1. Successfully complete all of the required courses with at least a C-, and
2. Successfully complete at least five of the required courses listed below at IU Southeast after completion of an undergraduate degree.

The following 21 Credit Hours are required:

- BUS-A 311 Intermediate Accounting I
- BUS-A 312 Intermediate Accounting II
- BUS-A 325 Cost Accounting
- BUS-A 337 Accounting Information Systems
- BUS-F 301 Financial Management
- BUS-Z 302 Managing and Behavior in Organizations

Also complete ONE of the following courses (3 credit hours):

- BUS-A 328 Introduction to Taxation
- BUS-A 338 Accounting Data Analytics
- BUS-A 339 Advanced Income Taxation
- BUS-A 414 Financial Statement Analysis and Interpretation
- BUS-A 422 Advanced Financial Accounting I
- BUS-A 424 Auditing

NOTE: Additional coursework in business and economics may be useful in preparing for the CMA Examination. Completion of the PBC in Accounting cannot be relied upon to ensure compliance with all CMA requirements. Only the Institute of Management Accountants' (IMA) certifying body can provide you with the most current authoritative information regarding their requirements. See www.imanet.org.

Economics

All students entering the Post-Baccalaureate Certificate Program must have completed a bachelor's degree prior to enrolling. Previous equivalent coursework can fulfill some of the course requirements for this certificate.

Specific Requirements

To earn the Post-Baccalaureate Certificate in Economics, students must:

1. Successfully complete five of the courses listed below with at least a C-, and
2. Successfully complete at least four of the courses listed below at IU Southeast after completion of an undergraduate degree.

- ECON-E 321 Intermediate Microeconomic Theory
- ECON-E 322 Intermediate Macroeconomic Theory
- ECON-E 323 Urban Economics
- ECON-E 333 International Economics
- ECON-E 338 Business and Economics Applications of GIS
- ECON-E 350 Money and Banking
- ECON-E 371 Intro to Applied Econometrics

Finance

All students entering the Post-Baccalaureate Certificate Program must have completed a bachelor's degree prior to enrolling. Previous equivalent coursework can fulfill some of the course requirements for this certificate.

Specific Requirements

To earn the Post-Baccalaureate Certificate in Finance, students must:

1. Successfully complete five of the courses from Group A or Group B listed below with at least a C-.

2. Complete four the required courses at IU Southeast after earning undergraduate degree.

Group A:

- BUS-A 310: Management Decisions and Financial Reporting
 - *Note: BUS-A 311 Intermediate Accounting will substitute for BUS-A 310 for Accounting students. Both BUS-A 310 and A 311 may not be taken for credit.*
- BUS-F 302: Financial Decision Making
- BUS-F 410: Financial Institutions and Markets
- BUS-F 420 Equity & Fixed Income Investments
- BUS-F 494 International Finance
- ECON-E 350 Money and Banking

Group B: Only one Course :

- BUS-A 301 Accounting: An Information System
- BUS-A 325 Cost Accounting
- BUS-A 328 Introduction to Taxation
- BUS-A 414 Financial Statement Analysis
- BUS-A 312 Intermediate Accounting II

General Business

All students entering the Post-Baccalaureate Certificate Program must have completed a bachelor's degree prior to enrolling. Previous equivalent coursework can fulfill some of the course requirements for this certificate.

Specific Requirements

To earn the Post-Baccalaureate Certificate in General Business, students must:

1. Successfully complete all of the required courses (24 hours) listed below with at least a C-, and
2. Successfully complete at least six of the courses listed below, either required or recommended, at IU Southeast after completion of an undergraduate degree.

Required Courses (24 hours)

- BUS-A 201 Introduction to Financial Accounting
- BUS-A 202 Introduction to Managerial Accounting
- ECON-E 201 Introduction to Microeconomics
- ECON-E 202 Introduction to Macroeconomics
- ECON-E 280 Applied Statistics for Business & Econ I
- BUS-F 301 Financial Management
- BUS-M 301 Introduction to Marketing Management
- BUS-P 301 Operations Management

Recommended Additional Course Options (if needed):
(Another 300/400 level BUS or ECON course may be used in place of a recommended course.)

Prior to enrolling, see a School of Business academic advisor about this substitution opportunity.)

- BUS-K 201 Computer in Business
- BUS-L 201 Legal Environment of Business
- BUS-K 321 Management of Information Tech
- BUS-Z 302 Managing and Behavior in Organizations
- BUS-A 311 Intermediate Accounting I
- BUS-D 300 International Business Administration
- BUS-P 330 Project Management

- BUS-W 301 Principles of Management
- BUS-Z 440 Personnel – Human Resource Management

Human Resources Management

All students entering the Post-Baccalaureate Certificate Program must have completed a bachelor's degree prior to enrolling. Previous equivalent coursework can fulfill some of the course requirements for this certificate.

Specific Requirements for Concentration/Track/Option

To earn the Post-Baccalaureate Certificate in Human Resources Management, students must:

1. Successfully complete five of the courses listed below with at least a C-, and
2. Successfully complete at least four of the courses listed below at IU Southeast after completion of an undergraduate degree.

- BUS-W 301 Principles of Management
- BUS-Z 440 Personnel – Human Resources Management
- BUS-Z 441 Wage and Salary Administration
- BUS-Z 443 Developing Employee Skills
- BUS-Z 444 Personnel Research and Measurement
- BUS-Z 445 Human Resource Selection

International Business

All students entering the Post-Baccalaureate Certificate Program must have completed a bachelor's degree prior to enrolling. Previous equivalent coursework can fulfill some of the course requirements for this certificate.

Specific Requirements

NOTE: Previous equivalent coursework can fulfill some of the requirements listed below.

To earn the Post-Baccalaureate Certificate in International Business, students must:

1. Successfully complete the courses listed below with at least a C-, and
 2. Successfully complete at least four of the courses listed below at IU Southeast after completion of an undergraduate degree.
- BUS-D 300 International Business Administration
 - BUS-F 494 International Finance
 - ECON-E 333 International Economics
 - POLS-Y 376 International Political Economy
 - One 300-400 level course from the chosen Region's list of courses in Group A, Group B, or Group C of the International Studies Major (see Bulletin for lists).

Management

All students entering the Post-Baccalaureate Certificate Program must have completed a bachelor's degree prior to enrolling. Previous equivalent coursework can fulfill some of the course requirements for this certificate.

Specific Requirements

To earn the Post-Baccalaureate Certificate in Management, students must:

1. Successfully complete five of the courses listed below with at least a C-, and

2. Successfully complete at least four of the courses listed below at IU Southeast after completion of an undergraduate degree.
- BUS-D 300 International Business Administration
 - BUS-W 301 Principles of Management
 - BUS-W 311 New Venture Creation
 - BUS-W 320 Leadership and Ethics
 - BUS-W 430 Organizations and Organizational Change
 - BUS-Z 440 Personnel – Human Resource Management

Marketing

All students entering the Post-Baccalaureate Certificate Program must have completed a bachelor's degree prior to enrolling. Previous equivalent coursework can fulfill some of the course requirements for this certificate.

Specific Requirements

To earn the Post-Baccalaureate Certificate in Marketing, students must:

1. Successfully complete five of the courses listed below with at least a C-, and
 2. Successfully complete at least four of the courses listed below at IU Southeast after completion of an undergraduate degree.
- BUS-D 300 International Business Administration
 - BUS-M 303 Marketing Research
 - BUS-M 330 Consultative Selling
 - BUS-M 365 Internet Marketing
 - BUS-M 405 Consumer Behavior
 - BUS-M 415 Advertising and Promotion Management
 - BUS-M 425 Services Marketing
 - BUS-M 450 Marketing Strategy

Supply Chain and Information Management

All students entering the Post-Baccalaureate Certificate Program must have completed a bachelor's degree prior to enrolling. Previous equivalent coursework can fulfill some of the course requirements for this certificate.

Specific Requirements

To earn the Post-Baccalaureate Certificate in Supply Chain and Information Management, students must:

1. Successfully complete five of the courses listed below with at least a C-, and
 2. Successfully complete at least four of the courses listed below at IU Southeast after completion of an undergraduate degree.
- BUS-K 330 Special Topics: Info Tech Mgmt. Issues
 - BUS-K 340 Enterprise Resource Planning Systems
 - BUS-K 440 Business Intelligence
 - BUS-P 330 Project Management
 - BUS-P 421 Supply Chain Management
 - BUS-P 430 Total Quality Management

Professional Selling

All students entering the Post-Baccalaureate Certificate Program must have completed a bachelor's degree prior to enrolling. Previous equivalent coursework can fulfill some of the course requirements for this certificate.

Please note that although the Post-Baccalaureate Certificate in Professional Selling is available beginning in the Fall 2015 semester, some courses may still be in development and may not be offered for several semesters. Please speak with your advisor if you wish to pursue the Post-Baccalaureate Certificate in Professional Selling.

Specific Requirements

To earn the Post-Baccalaureate Certificate in Professional Selling, students must:

1. Successfully complete five of the courses listed below with at least a C-, and
2. Successfully complete at least four of the courses listed below at IU Southeast after completion of an undergraduate degree.

Complete the following 4 courses (12 credit hours):

- BUS-M or BUS-M 300 or 301 Introduction to Marketing or Introduction to Marketing Management
- BUS-M 330 Consultative Selling
- BUS-M 421 Fundamentals of Negotiation (course in development, speak with academic advisor)
- BUS-M 426 Sales Management

Choose one course (3 credit hours) from the following:

- BUS-M 405 Consumer Behavior
- BIS-Z 440 Personnel and Human Resource Management
- BUS-W 320 Leadership and Ethics
- SPCH-S 324 Persuasion
- SPCH-S 380 Nonverbal Communication

Entrepreneurship

All students entering the Post-Baccalaureate Certificate Program must have completed a bachelor's degree prior to enrolling. Previous equivalent coursework can fulfill some of the course requirements for this certificate. No more than two previous courses can double-count with the Principles of Entrepreneurship section. Beyond two courses, students must take additional electives (9 additional hours required for the program).

Specific Requirements

To earn the Post-Baccalaureate Certificate in Entrepreneurship, students must:

1. Successfully complete five of the courses listed below with at least a C-, and
2. Successfully complete at least four of the courses listed below at IU Southeast after completion of an undergraduate degree.

Principles of Entrepreneurship Complete the following 4 courses (12 credit hours):

- BUS-W 211 Contemporary Entrepreneurship
- BUS-W 311 New Venture Creation
- BUS-W 406* Venture Growth Management
- BUS-M 300 or 301 Introduction to Marketing or Introduction to Marketing Management

Choose one course (3 credit hours) from the following: *With consent of advisor, appropriate business*

courses can be substituted for those listed below for business graduates

- BUS-F 260 Personal Finance
- BIS-L 201 Legal Environment of Business
- BUS-W 301 Principles of Management
- BUS-W 320 Leadership and Ethics
- BUS-M 330 Consultative Selling
- BUS-M 405 Consumer Behavior
- ECON-E 201 Introduction to Microeconomics
- BUS-M 415 Advertising and Promotion Management
- BUS-E 560** Venture Growth Management

*BUS-W211 and W311 must be taken before BUS-W406

** Special permission will be granted for entry into the E560 class for those seeking the Post-Bacc Certificate in Entrepreneurship.

Strategic Finance (Master of Science)

The Indiana University Southeast Master of Science in Strategic Finance (MSSF) degree program is designed for students interested in continuing their postgraduate education in the field of accounting and financial analysis. The program addresses issues that are of significance to accounting and corporate finance professionals. This program is uniquely designed to benefit those seeking careers in public accounting and for finance and accounting professionals seeking careers in the private sector. For example, the MSSF prepares public accountants and corporate finance specialists by requiring coursework in corporate finance, information technology, project management, taxes, business analysis and valuation, accounting, and business strategy. Through the elective phase, students have the opportunity to pursue traditional accounting courses and course work in other areas that will enhance their professional preparation. The program allows public accounting professionals and corporate finance specialists to receive preparation in financial analysis, financial planning, financial reporting, strategic consulting, and systems consulting.

Master of Business Administration (MBA)

The Indiana University Southeast Master of Business Administration (MBA) degree program is designed for students interested in continuing their education in the field of business. Through the program, business professionals increase their breadth of knowledge, ability to analyze business alternatives more thoroughly and opportunities for more challenging, responsible, and productive careers in the business community.

Dual Major Elementary & Special Education (Bachelor of Science)

Degree Requirements (130 cr.)

- General Education Component (30 cr.)
- Additional Program Requirements (24 cr.)
- Special Education Blocks (76 cr.)
- A minimum GPA of 2.5 is required.
- All courses are 3 credit hours, unless otherwise noted.

General Education (30 cr.)

- COAS-S 104 First Year Seminar (1 cr.)
- SPCH-S 121 Public Speaking
- ENG-W 131 Reading, Writing, and Inquiry I
- ENG-W 250 Writing in Context
- MATH-T 101 Mathematics for Elementary Teachers I

- POLS-Y 103 Introduction to American Politics
- GEOG-G201 World Regional Geography
- Complete one of the following:
 - HIST-H 105 American History I
 - HIST-H 106 American History II
- Complete one of the following:
 - ENG-L 101 Ancient and Medieval World Literature
 - ENG-L 102 Modern World Literature

Additional Program Requirements (24 cr.)

- EDUC-F 200 Examining Self as Teacher or
 - EDUC-F 201 (2 cr.) Exploring the Personal Demands of Teaching: Laboratory Experience and
 - EDUC-F 202 (1 cr.) Exploring the Personal Demands of Teaching: Field Experience
- EDUC-W 200 Using Computers in Education
- MATH-T 102 Mathematics for Elementary Teachers II
- MATH-T 103 Mathematics for Elementary Teachers III
- Complete one of the following:
 - PHIL-P 100 Introduction to Philosophy
 - PHIL-P 140 Introduction to Ethics
- BIOL-L 100 Humans and the Biological World
- GEOG-G 107 Physical Systems of the Environment
- Complete one of the following:
 - FINA-F 100 Fundamental Studio-Drawing
 - FINA-H 100 Introduction to Art History and Visual Culture for Non-Majors
 - FINA-N 110 Introduction to Studio Art for Non-majors
 - MUS-E 241 Introduction to Music Fundamentals
 - MUS-M 174 Music for the Listener
 - THTR-T 105 Theatre Appreciation
 - THTR-T 120 Acting One: Fundamentals of Acting

Special Education Blocks (76 cr.)

- Block 1
 - EDUC-E 339 Methods of Teaching Language Arts
 - EDUC-P 248 The Elementary School Child: Physical, Emotional, & Social Development (2 cr.)
 - EDUC-K 205 Introduction to Exceptional Children (2 cr.)
 - EDUC-K 200 Introductory Practicum in Special Education (2 cr.)

- EDUC-M 101 Laboratory/Field Experience
Topic: Block 1 Practicum (1 cr.)
- EDUC-F 401 Topical Exploration in Education
Topic: Child as Learner Seminar (1 cr.)
- EDUC-M 300 Teaching in a Pluralistic Society
- EDUC-K 370 Introduction to Language and Learning Disorders
- EDUC-K 206 (1 cr.)
- Block 2
 - EDUC-E 340 Methods of Teaching Reading I
 - EDUC-E 325 Social Studies in the Elementary Schools
 - EDUC-E 343 Math in the Elem Schools
 - EDUC-K 490 Research in Special Education
Topic: Autism Spectrum Disorder (2 cr.)
 - EDUC-K 344 Education of the Socially and Emotionally Disturbed II
 - EDUC-K 495 Laboratory/Field Experience in Special Education Topic: Block 2 Clinical Experience (2 cr.)
 - EDUC-M 201 Laboratory/Field Experience
Topic: Block 2 Practicum (1 cr.)
 - EDUC-F 401 Topical Exploration in Education
Topic: Literate Child Seminar (1 cr.)
- Block 3
 - EDUC-E 341 Methods of Teaching Reading II
 - EDUC-E 328 Science in the Elementary Schools
 - EDUC-N 443 Teaching Elementary Mathematics Problem Solving (2 cr.)
 - EDUC-K 345 Academic and Behavioral Assessment of the Mildly Handicapped Child
 - EDUC-P 313 Adolescents in a Learning Community (2 cr.)
 - EDUC-K 495 Laboratory/Field Experience
Topic: Block 3 Practicum (2 cr.)
 - EDUC-M 301 Laboratory/Field Experience
Topic: Block 3 Practicum (1 cr.)
- Additional coursework
 - EDUC-K 453 Management of Academic and Social Behavior
 - EDUC-K 352 Education of Students with Learning Disorders
 - EDUC-K 361
- Block 4
 - EDUC-K 480 Student Teaching in Special Education (6 cr.)
 - EDUC-M 425 Student Teach: Elementary (6 cr.)

- Secondary Education (Bachelor of Science in Education)

Minors/Additional Licensure

- English as a New Language/English as a Second Language
- Licensing Minor in Secondary Education

School Information

Education programs offered by Indiana University Southeast are approved by the Indiana Department of Education, Office of Education Licensing and Development and the National Council for Accreditation in Teacher Education.

- Confidentiality Statement
- Criminal History Check
- Mission
- Unit Performance Assessment
- Undergraduate Programs in Education
 - General Rules for All Undergraduate Programs
- Graduate Study in Education

Mission

The mission of the School of Education is to develop high-quality, caring professionals who are leaders in the continuous transformation of schools within a diverse society.

Confidentiality Statement

Following accreditation standards, all candidates enrolled in the IU Southeast School of Education are evaluated on a range of performance-based assessments and informed of progress towards completion of their selected programs. Samples of candidate work are collected and/or copied for program decision making and accreditation reviews. Candidate work, referred to as "intellectual property," will not be used for publication or presentation without the candidate's written consent. Candidate progress is assessed by contracted designees of the IU Southeast School of Education who could include, but are not limited to, paid and volunteer participants such as full time and adjunct faculty, P-12 teachers and administrators. The School of Education is charged with maintaining the confidentiality of candidates.

Criminal History Check

Clearance through a criminal history check is required for clinical experiences, including student teaching and other off-campus experiences, as determined by the placement school system.

Sex Offenses

The IU Southeast Police Department, the vice chancellor for enrollment management & student affairs, and other university departments conduct presentations and distribute written materials to promote awareness of rape, acquaintance rape, and other sex offenses. All sex offenses should be reported immediately to the campus

police (University Center 027, (812) 941-2400), local or state law enforcement officials, the vice chancellor for enrollment management & student affairs, or other appropriate university personnel.

Sex and Violent Offender Registry

Effective January 1, 2003, Zachary's Law requires sheriff departments to jointly establish and maintain the Indiana Sheriff's Sex Offender Registry to provide detailed information about individuals who register as sex or violent offenders at Indiana sheriff departments (in Marion County, the Indianapolis Police Department). The purpose of the registry is to inform the general public about the identity, location, and appearance of sex and violent offenders who live, work, and study in Indiana. The registry can be found at <http://www.indianasheriffs.org/>.

The state of Indiana also keeps a sex and violent offender directory. The directory can be found on the Internet at <http://www.icrimewatch.net/indiana.php>.

Due to our close proximity to the state of Kentucky, the Sex/Criminal Web site can be accessed through <http://kpsor.state.ky.us>. If you have any questions about these registries, please contact the IU Southeast Police Department at (812) 941-2400 or in person at University Center South, 027.

Unit Performance Assessment

Recognizing the importance of an organized and ongoing assessment of candidate achievement and program improvement, the School of Education has developed a unit assessment system. Knowledge, skills, and dispositions expected of candidates have been identified and are assessed at certain decision points in each program. Assessment allows the School of Education to make improvements in program structures, course content, and pedagogy. This assessment system also provides candidates with periodic indications of their performance relative to standards and allows the School of Education to evaluate their competencies.

Undergraduate Programs in Education

General Information

IU Southeast offers a Bachelor of Science degree that leads to an initial license for the State of Indiana and/or a Statement of Eligibility for Kentucky. Undergraduate programs include Secondary Education (Science, Math, Language Arts, and Social Studies), Elementary Education, and Special Education (for "Mild Intervention/LBD").

Freshmen, beginning their studies in Fall 2010, and students who do not plan to finish their education degree program before August 31, 2013, will be required to complete an education degree program that complies with Rules for Educator Preparation and Accountability (REPA). See the School of Education website for more information on REPA and contact an advisor.

General Rules for All Undergraduate Programs

Transfer Credit

Although grades do not transfer and are not computed in a student's IU Southeast grade point average (GPA), the School of Education uses transfer grades to determine

eligibility requirements, including the GPA for admission to teacher education. Transfer grades are also used to determine graduation and licensing eligibility in academic plans and areas.

Currency of Course Work

All courses listed in the Professional Education Block must be completed within a 10-year period before graduation. Area requirements outside of education must also be completed within a 10-year period unless a waiver is granted by the program's coordinator. Approval would be based on the significance of changes in the particular content area.

Variance from Requirements

Students requesting a variance from course or program requirements may petition for an exception. Exception forms are available in the School of Education. Students will receive written notification of the decision and appeals process.

Good Standing in Teacher Education

To remain in good standing in the Teacher Education Program, candidates in elementary, secondary, and special education must:

1. maintain an overall Indiana University GPA of 2.5 or higher for elementary and special education, 2.75 or higher for secondary education;
2. complete each professional education course with a grade of C (2.0) or higher, and if pursuing special education, earn no less than a grade of B- (2.7) in each special education course;
3. maintain a minimum overall GPA in professional education courses of 2.5 (or Satisfactory in courses graded as S/F) for elementary and special education and 2.75 (or Satisfactory in courses graded as S/F) for secondary education; and
4. maintain a minimum GPA of 2.5 for elementary and special education majors in content area blocks, 2.75 for secondary education in each licensing area with no grade less than C;
5. maintain compliance with IU Southeast School of Education dispositions.

Candidate program status is assessed through multiple means at various summative decision points in the program. Candidates not in good standing may be required to complete professional improvement plans prior to continuing in the program.

To Be Eligible for Degree

Candidates must pass all decision points within their respective programs and complete all campuswide requirements in order to be eligible for a bachelor's degree. Candidates in the Elementary Education, Special Education, and Secondary Education Programs must apply for the degree by October 1 for graduation in May, March 1 for August graduation, and June 1 for December graduation.

To Be Eligible for Licensure

Candidates are responsible for completing the necessary application processes for a teaching license. License applications cannot be forwarded to the state until all program and degree requirements are met. To be eligible for teacher licensure, all candidates must meet the following requirements:

- Candidates for IN educator certification must:
 - Have been accepted into and successfully completed their particular SOE degree/certification program;
 - Have earned state approved certification in both CPR/AED and 'suicide recognition and prevention';
 - Have earned state-prescribed passing scores on the state-determined content and pedagogy assessment(s) (see the licensing advisor for details on specific tests);
 - Apply and pay for the appropriate license; and
 - Be recommended for the license by the IU Southeast licensing advisor.
- KY certification is usually available after acquiring appropriate IN license; additional testing may be required - see the licensing advisor.
- CHEM-C 104 Physical Sciences and Society (5 cr.)
- GEOG-G 107/108 Physical Systems of the Environment with Lab (3/2 cr.)
- BIOL-L 100 Humans and the Biological World (5 cr.)
- POLS-Y 103 Introduction to American Politics
- GEOG-G201 World Regional Geography
- Complete one of the following:
 - HIST-H 105 American History I
 - HIST-H 106 American History II
- Complete one of the following:
 - ENG-L 101 Ancient and Medieval World Literature
 - ENG-L 102 Modern World Literature

All Elementary undergraduate education candidates must have a concentration in at least one of the following content areas: ENL/ESL, Language Arts, Mathematics, Social Studies, or Science to apply for a K-6 teaching license in Indiana. Students must earn at least a C in each concentration course and obtain a minimum GPA of 2.5 across all concentration courses, unless otherwise noted.

ENL/ESL Concentration

Adding the ENL/ESL license includes these additional requirements: Earning a grade of B or higher in all ENL coursework, completing student teaching in ENL, completing the elementary education license, and passing the state-mandated ENL content test.

- EDUC-L 441 Bilingual Education: Introduction
- EDUC-X 470 Psycholinguistics for Teachers of Reading
- EDUC-L 403 Assessment Literacy for Cultural and Linguistic Diversity

- EDUC-L 436 Methods and Materials for Teaching ESL
- EDUC-M425 Student Teaching-ENL/ESL

Language Arts Concentration (15 cr.)

- EDUC-E 449 Trade Books and the Teacher
- Complete one of the following:
 - ENG-G 205 Intro to the English Language
 - ENG-G 207 Grammar and Usage
- Complete one of the following:
 - ENG-W 270 Argumentative Writing
 - ENG-W 350 Advanced Expository Writing
- Complete one of the following:
 - AFRO-A 169 Intro to African American Literature
 - ENG-L 101 Ancient and Medieval World Literature
 - ENG-L 102 Modern World Literature
 - ENG-L 107 Masterpieces of Asia
 - ENG-L 374 Ethnic American Literature
 - ENG-L 378 Studies in Women and Literature
- 3 additional credit hours in ENG or COMM

Mathematics Concentration (15 cr.)

- MATH-M 118 Finite Mathematics
- MATH-M 126 Trigonometric Functions
- MATH-K 300 Statistical Techniques for Health Professions
- 6 additional credit hours in MATH

Science Concentration

- BIOL-L 200 Environmental Biology
- PHYS-P 100 (5 cr.) Physics in the Modern World
- Complete one of the following:
 - AST-A 100 The Solar System
 - AST-A 105 Stars and Galaxies
 - AST-A 200 Introduction to Cosmology
- 4 additional credit hours in BIOL, GEOL, CHEM, PHYS, AST, or Physical Geography

Social Studies Concentration

- Complete the following history course that wasn't taken for the General Education Core
 - HIST-H 105 American History I
 - HIST-H 106 American History II
- Complete one of the following:
 - HIST-E 100 Issues in African History
 - HIST-F 100 Issues in Latin American History
 - HIST-G 100 Issues in Asian History
 - HIST-H 101 The World in the 20th Century I
 - HIST-W 101 World Civilizations to 1500
- Complete one of the following:
 - ECON-E 101 Survey of Economic Issues and Problems
 - ECON-E 201 Introduction to Microeconomics
- Complete one of the following:

- SOC-R 220 The Family
- SOC-S 163 Social Problems
- SOC-S 309 The Community

- 3 additional credit hours in HIST, PSY, ANTH, SOC, POLS, or Human Geography

Elementary Education Blocks (58 cr.)

Each education course must have B- or better, or a Satisfactory grade.

- Block 1
 - EDUC-E 339 Methods of Teaching Language Arts
 - EDUC-M 323 (2cr.) Teaching of Music in the Elementary Schools
 - EDUC-M 300 Teaching in a Pluralistic Society
 - EDUC-P 250 General Educational Psychology
 - EDUC-P 248 (2cr.) The Elementary School Child: Physical, Emotional & Social Development
 - EDUC-W 201 (1cr.) Beginning Technology Skills
 - EDUC-M 101 (1cr.) Laboratory/Filed Experience: Block 1 Practicum
 - EDUC-F 401 (1cr.) Topical Exploration in Education: Child as Learner Seminar
- Block 2
 - EDUC-E 340 Methods of Teaching Reading I
 - EDUC-E 325 Social Studies in the Elementary Schools
 - EDUC-E 343 Math in the Elementary Schools
 - EDUC-W 301 (1cr.) Integrating Technology into Teaching - Part I
 - EDUC-M 201 (1cr.) Laboratory/Filed Experience: Block 2 Practicum
 - EDUC-F 401 (1cr.) Topical Exploration in Education: Integration of Content
 - EDUC-M 333 (2cr.) Art Experiences for the Elementary Teacher
- Block 3
 - EDUC-E 341 Methods of Teaching Reading II
 - EDUC-E 328 Science in the Elementary Schools
 - EDUC-N 443 (2cr.) Teaching Elementary Mathematics Problem Solving
 - EDUC-P 320 Classroom Assessment
 - EDUC-M 356 (2cr.) Health and Wellness for Teachers
 - EDUC-W 401 (1cr.) Integrating Technology into Teaching - Part II
 - EDUC-M 301 (1cr.) Laboratory/Filed Experience: Block 3 Practicum
 - EDUC-F 401 (1cr.) Topical Exploration in Education: Intervention
- Block 4
 - EDUC-M 425 (11cr.) Student Teaching: Elementary
 - EDUC-F 401 (1cr.) Topical Exploration in Education: Literate Child Seminar

Program Information

Secondary Education (Bachelor of Science in Education)

Program Description

The School of Education offers programs in secondary education leading to the B.S. in Education in secondary education (middle school, junior high, high school) with teaching majors in language arts, mathematics, science, and social studies. Candidates who have completed one of these teaching majors may also be licensed in chemistry, earth/space science, economics, French, geographical perspectives, German, government and citizenship, historical perspectives, journalism, language arts, life science, mathematics, physics, psychology, sociology, Spanish, and theatre arts.

Admission Requirements

Admission to the Secondary Education Program comes at Summative Decision Point I. The procedure provides the faculty with opportunities to exercise professional judgment on the suitability of the candidate for a teaching career. Admission to the Secondary Education Program is based on a number of factors designed to select high-quality, prospective teachers and is also limited to the number of students who can be effectively accommodated given the available resources. Admission to and good standing in the Secondary Education Program are required for enrolling in certain professional education courses. Degree completion is contingent upon students passing summative decision points. Information about decision points can be found on the program Web site.

Completion of the degree, passage of state mandated tests, CPR-Heimlich certification and Suicide Prevention Training are needed to apply for an Indiana teaching license. Other requirements for licensing might be added dependent on state requirements.

The following are the admission, continuation, and completion requirements for Language Arts, Math, Science, and Social Studies in Secondary Education.

To be admitted to the Secondary Education Program (SEP), candidates must meet all of the requirements for Summative Decision Point I as listed below:

1. have taken EDUC-H 205 and earned a grade of at least 2.0 (C) and have a grade-point-average in professional education courses of at least 2.5;
2. have taken the communications courses (i.e., W131, S121, and second level writing course with no grade

less than 2.0 (C) and a grade point-average of at least 2.5;

3. have taken the required mathematics courses for your program and earned a grade of at least 2.0 (C)
4. have an overall grade-point-average of at least 2.5;
5. have at least a grade of 2.0 (C) in each course in the licensing area(s) and an overall average in each licensing area of at least 2.5;
6. have acceptable recommendations from the instructors and field experience teachers in EDUC-H 205

To be eligible to take the Educational Psychology Block 1 (i.e., P312/P313/M303/K200), candidates must meet the following requirements:

1. be admitted to the SEP at IUS;
2. have a grade of at least 2.0 (C) and a grade-point-average of at least 2.5 in the professional education coursework and in the coursework in all of their licensing areas;
3. have taken or be concurrently enrolled in EDUC W200;
4. have an overall grade-point-average of at least 2.5; and,
5. be eligible for student teaching in the spring of the next academic year (i.e., have completed at least 50 credit hours that count toward the 120 credit hour requirement to take the block in the fall semester and at least 62 credit hours to take the block in the spring semester).

To be eligible to enroll in the General Methods/Reading Methods Block 2 (M301/M314/M464/K205), candidates must meet the Summative Decision Point II requirements. These requirements include:

1. be admitted to the SEP at IUS;
2. have completed EDUC M300 with a "C" or better;
3. have a grade of at least 2.0 (C) and a grade-point-average of at least 2.5 in the professional education coursework and in the coursework in all of their licensing areas;
4. have an overall grade-point-average of at least 2.5;
5. be eligible to student teach in the spring semester following M301/M314/M464/F401;
6. have an acceptable portfolio; and
7. have acceptable recommendations from the instructors and field experience teachers in the P312/P313/M303/K200 block.

To be eligible to enroll in Specific Methods/Student Teaching Block 3 (M446/M480/K200), candidates must meet the following Summative Decision Point III requirements listed below:

1. have passed the Praxis II Content Knowledge Test (based on the Indiana standards);
2. have completed all of their general education requirements with appropriate grades;
3. have completed at least 75% of the coursework in the major;
4. be able to complete all requirements for their degree by the summer following student teaching;
5. have acceptable recommendations from their M301/M314/M464/F401 instructors and field experience teachers;

6. have an acceptable portfolio; and
7. have a grade of at least 2.0 (C) and a grade point average of at least 2.5 in the professional education coursework and in the coursework in all of their licensing areas.

To be eligible to graduate, candidates must meet all of the requirements for Summative Decision Point IV as listed below:

1. have completed and satisfactorily passed all coursework in professional education including Specific Methods and Student Teaching with no grade less than a 2.0 (C) and a GPA of at least 2.5;
2. have completed all coursework in general education with appropriate grades;
3. have completed all coursework in the major with no grade less than a 2.0 (C) and with a GPA of at least 2.5;
4. have an overall GPA of at least 2.5;
5. have an acceptable portfolio; and,
6. have earned at least 120 semester hours (not counting developmental courses such as ENG W100, MATH M006, M007, etc. and repeated courses).

Kentucky does not currently grant a license for physical science majors, nor does it grant licenses for content area minors.

Degree Requirements

Students receiving the Bachelor of Science in Secondary Education degree must complete 120 total credit hours including:

- General Education Core (30 cr.)
 - Professional Education Core (36 cr.)
 - Content Area Requirement (41-54 cr.)
 - Electives as needed to complete 120 total credit hours
-
- A minimum of 30 credit hours at the 300- or 400-level
 - Courses required for the major must be completed with a grade of C or higher
 - Courses are 3 credit hours unless otherwise noted
 - A minimum overall GPA of 2.5 is required

Professional Education Core (36 cr.)

The following list of major requirements includes 39 hours of coursework. The course marked with an asterisk is calculated toward the general education requirement.

- Pre-professional Education
 - EDUC-H 205 Introduction to Educational Thought
 - EDUC-W 200 Using Computers in Education
 - EDUC-M 300* Teaching in a Pluralistic Society
 - EDUC-K 205 Introduction to Exceptional Children (2 cr.)
- EDUC-P 312 Learning: Theory Into Practice
- EDUC-M 301 Laboratory/Field Experience (1 cr.)
- EDUC-M 303 Laboratory/Field Experience Junior High/Middle School (1 cr.)

- EDUC-M 314 General Methods SH/JH/MS Teachers
- EDUC-F 401 Topical Exploration in Education (1 cr.)
- EDUC-X 490 Language Arts Majors only - Research in Reading
- EDUC-M 464 Methods of Teaching Reading
- Specific Methods - Complete one of the following related to content area
 - Language Arts: EDUC-M 452 Methods of Teaching English in SH/JH/MS
 - Mathematics: EDUC-M 457 Methods of Teaching SH/JH/MS Mathematics
 - Science: EDUC-M 446 Methods of Teaching SH/JH/MS Science
 - Social Studies: EDUC-M 441 Methods of Teaching SH/JH/MS Social Studies
- EDUC-C 495 Seminar in Leadership Training(1 cr.)
- EDUC-M 480 Student Teaching: Secondary (12 cr.)

Content Area Requirements

Complete requirements for one content area listed.

Content areas offered:

- Language Arts
- Mathematics
- Science
 - Chemistry
 - Earth Space
 - Life
 - Physical
- Social Studies

Language Arts (41 cr.)

- COMM-S 353 Advanced Public Speaking
- EDUC-X 490 Reading
- ENG-G 205 Introduction to the English Language
- ENG-G 207 Grammar and Usage
- ENG-L 101 Ancient and Medieval World Literature
- ENG-L 102 Modern World Literature
 - This course fulfils a General Education requirement
- Complete the following:
 - ENG-L 310 Literary History I
 - ENG-L 312 Literary History II
- Complete one of the following:
 - ENG-L 313 Early Plays of Shakespeare
 - ENG-L 314 Late Plays of Shakespeare
- Complete the following:
 - ENG-W 397 Writing Center Th./Practice
- Complete one of the following:
 - ENG-L 364
 - ENG-L 370
 - ENG-L 374
 - ENG-L 378
 - ENG-L 383
 - ENG-L 389
 - AFRO-A 379

- ENG-L 371 Critical Practices
- ENG-W 206 Creative Writing
- ENG-W 270 Argumentative Writing
 - This course fulfils a General Education requirement
- ENG-W 350 Advanced Expository Writing
- JOUR-C 200 Introduction to Mass Communications

Mathematics (41 cr.)

- CSCI-C 201 Computer Programming II (4 cr.)
- MATH-M 215 Calculus I (5 cr.)
- MATH-M 216 Calculus II (5 cr.)
- MATH-M 303 Linear Algebra for Undergraduates
- MATH-M 311 Calculus 3
- MATH-M 360 Elements of Probability
- MATH-M 366 Elements of Statistical Inference
- MATH-M 436 Introduction to Geometries
- MATH-M 380 History of Mathematics
- MATH-M 391 Introduction to Mathematical Reasoning
- MATH-M 403 Introduction to Modern Algebra I
- MATH-M 413 Introduction to Analysis I

Chemistry (45 cr.)

- CHEM-C 105 Principles of Chemistry I
- CHEM-C 125 Experimental Chemistry I (2 cr.)
- CHEM-C 106 Principles of Chemistry II
- CHEM-C 126 Experimental Chemistry II (2 cr.)
- CHEM-C 341 Organic Chemistry 1 Lectures
- CHEM-C 343 Organic Chemistry Laboratory 1 (2 cr.)
- CHEM-C 342 Organic Chemistry Lectures 2
- CHEM-C 344 Organic Chemistry Laboratory 2 (2 cr.)
- CHEM-C 430 Inorganic Chemistry
- CHEM-C 484 Biomolecules and Catabolism (2 cr.)
- CHEM-C 486 Biol Chemistry Laboratory
- Complete one of the following
 - CHEM-C 315 Chemical Measurements Laboratory I
 - CHEM-C 317 Equilibria and Electrochemistry
 - CHEM-C 318 Spectrochemistry and Separations
 - CHEM-C 361 Physical Chemistry of Bulk Matter
 - CHEM-C 362 Physical Chemistry of Molecules
 - CHEM-C 303 Environmental Chemistry
 - CHEM-C 470 Polymer Chemistry
- Complete one of the following
 - CHEM-C 301 Chemistry Seminar 1 (1 cr.)
 - CHEM-C 302 Chemistry Seminar 2 (1 cr.)
 - EDUC-Q 490 Research in Science Education (1 cr.)
- EDUC-Q 450 - Science Technology and Society (STS) for a Changing World
- Complete one of the following
 - PHYS-P 201 General Physics 1 (5 cr.)
 - PHYS-P 221 Physics 1 (5 cr.)
- Complete one of the following
 - PHYS-P 202 General Physics 2

- PHYS-P 222 Physics 2

Earth Space Science (46 cr.)

- Complete one of the following
 - AST-A 100 The Solar System
 - AST-A 105 Stars and Galaxies
 - AST-A 200 Introduction to Cosmology
- Complete one of the following
 - BIOL-L 100 Humans and the Biological World
 - BIOL-L 200 Environmental Biology and Conservation
- EDUC-Q 213 Earth and Environmental Teaching Methods
- EDUC-Q 450 Science Technology and Society (STS) for a Changing World
- GEOG-G 304 Physical Meteorology and Climatology
- Complete two of the following
 - GEOG-G 308 Disasters: Natural and Human Induced
 - GEOG-G 314 Urban Geography
 - GEOG-G 315 Environmental Conservation
 - GEOG-G 333 Introductory Cartography
 - GEOG-G 338 Geographic Information Systems
 - GEOG-G 404 Geography of Soils
 - GEOG-G 432 Current Issues in Environmental Conservation
 - GEOG-G 435 Cartography and Graphics
 - GEOG-G 438 Advanced Geographic Information Systems
 - GEOG-G 439 GIS and Environmental Analysis
 - EDUC-Q 490 Research in Science Education
- GEOL-G 100 General Geology (5 cr.)
- GEOL-G 180 Dinosaurs
- GEOL-G 210 Oceanography
- Complete 3 additional GEOL-G courses at the 200-level or higher for 9 credit hours
- Complete one of the following
 - PHYS-P 100 Physics in the Modern World
 - PHYS-P 201 General Physics

Life Science (52 cr.)

- BIOL-L 101 Introduction to Biological Sciences I (5 cr.)
- BIOL-L 102 Introduction to Biological Sciences 2 (5 cr.)
- BIOL-L 211 Molecular Biology
- BIOL-L 311 Genetics
- BIOL-L 319 Genetics Laboratory
- BIOL-L 312 Cell Biology
- BIOL-L 318 Evolution (5 cr.)
- Complete one of the following
 - BIOL-L 473 Ecology
 - BIOL-L 303 Field Biology
- Complete one of the following
 - BIOL-L 474 Field and Laboratory Ecology (2 cr.)

- BIOL-L 490 Individual Study (2 cr.)
- EDUC-Q 490 Research in Science Education (2 cr.)
- Complete one of the following
 - CHEM-C 102 Elementary Chemistry 2
 - CHEM-C 106 Principles of Chemistry II
- Complete one of the following
 - CHEM-C 122 Elementary Chemistry Lab 2
 - CHEM-C 126 Experimental Chemistry II
- Complete one of the following
 - PHSL-P 416/418 Comparative Animal Physiology (5 cr.)
 - PLSC-B 370 Plant Physiology Lecture & Lab (5 cr.)
 - PHSL-P 215 Basic Human Physiology (5 cr.)
 - MICR-M 420 Environmental Microbiology (5 cr.)
- Complete one of the following
 - PLSC-B 373 Plant Growth and Development (5 cr.)
 - BIOL-L 317/BIOL-Z 318 Developmental Biology & Lab (5 cr.)
 - PLSC-B 375 Horticultural Plants: Biotechnology, Physiology, and Development (5 cr.)
 - PLSC-B 364 Summer Flowering Plants (5 cr.)
 - ANAT-A 215 Basic Human Anatomy (5 cr.)
- Complete one of the following
 - BIOL-L 403 Biology Seminar (1 cr.)
 - EDUC-Q 490 Research in Science Education (1 cr.)
- EDUC-Q 450 Science Technology and Society (STS) for a Changing World

Physical Science (49 cr.)

- Complete one of the following
 - AST-A 100 The Solar System
 - AST-A 105 Stars and Galaxies
 - AST-A 200 Introduction to Cosmology
- Complete one of the following
 - BIOL-L 100 Humans and the Biological World
 - BIOL-L 200 Environmental Biology and Conservation
- CHEM-C 106 Principles of Chemistry II
- CHEM-C 126 Experimental Chemistry II (2 cr.)
- CHEM-C 341 Organic Chemistry 1 Lectures
- CHEM-C 343 Organic Chemistry Laboratory 1 (2 cr.)
- CHEM-C 342 Organic Chemistry Lectures 2
- EDUC-Q 213 Earth and Environmental Teaching Methods
- EDUC-Q 450 Science Technology and Society (STS) for a Changing World
- GEOL-G 100 General Geology (5 cr.)
- GEOL-G 304 Physical Meteorology and Climatology
- MATH-M 126 Trigonometric Functions
- Complete one of the following
 - PHYS-P 201 General Physics 1 (5 cr.)

- PHYS-P 221 Physics 1 (5 cr.)
- Complete one of the following
 - PHYS-P 202 General Physics 2 (5 cr.)
 - PHYS-P 222 Physics 2 (5 cr.)
- Complete one of the following
 - PHYS-P 301 Physics 3
 - PHYS-P 310 Environmental Physics

Social Studies (54 cr.)

The following list of major requirements includes 60 hours of coursework. Courses marked with an asterisk are calculated toward the general education requirement.

- BUS-W 100 Principles of Business Administration
- ECON-E 101 Survey of Economic Issues and Problems
- EDUC-Q 450 Science Technology and Society (STS) for a Changing World
- GEOG-G 110 Human Geography in a Changing World
- GEOG-G 201 World Regional Geography
- HIST-H 101* Eur-Amer World since 1500 I
- HIST-H 105 American History I
- HIST-H 106 American History II
- HIST-H 113 History of Western Civilization I
- HIST-H 114 History of Western Civilization II
- Complete one of the following
 - HIST-G 100 Issues in Asian History
 - HIST-F 100 Issues in Latin American History
- HIST-H 236 The Historian's Craft
- HIST-A 363 Hoosier Nation: Indiana in American History
- Complete one of the following
 - HIST-J 495 Proseminar for History Majors
 - 300-level History Elective
- POLS-Y 103* Introduction to American Politics
- POLS-Y 105 Introduction to Political Theory
- PSY-P 101 Introductory Psychology 1
- PSY-P 102 Introductory Psychology 2
- SOC-S 163 Social Problems
- SOC-S 305 Population

Licensing Minor in Secondary Education

Program Description

The Education Minor is for Secondary Education Teaching only (junior high, middle, and high school). Students will be required to complete 33 hours in the professional education blocks. The Education Minor is open to majors that Indiana University Southeast School of Education has state approval to grant degrees. This program allows undergraduate students to complete a teaching licensure program with a major in a related program in which the state offers a content exam for teachers and in an area that the Indiana University Southeast School of Education is approved to offer. Interested students must meet the secondary admission requirements for acceptance to the Secondary Teacher Education Program (as described below). All individuals desiring to teach in Indiana must

complete and pass the Indiana Core Assessment Exam to be eligible for a teaching license.

To be admitted to the Secondary Education Program (SEP), candidates must meet all the requirements for Summative Decision Point I as listed below:

1. have taken EDUC-F 200 and earned a grade of at least 2.0 (C) and have a grade-point-average in professional education courses of at least 2.5
2. have taken the communication courses (i.e., ENG-W 131, SPCH-S 121, and second writing course approved by general education with no grade less than 2.0 (C) and a grade point-average of at least 2.5
3. have taken the required mathematics courses for your program and earned a grade of at least 2.0 (C)
4. have an overall grade-point-average of at least 2.5
5. have at least a grade of 2.0 (C) in each course in the licensing area(s) and an overall average in each licensing area of at least 2.5
6. have acceptable recommendation from the instructors and field experience teachers in EDUC-F 200

To be eligible to take the Education Psychology Block (i.e., P312/P313/M303/K200) candidates must meet the following requirements:

1. be admitted to the SEP at IUS;
2. have a grade of at least 2.0 (C) in M300 and in all coursework in all teaching licensing areas with a grade-point-average of at least 2.5;
3. have an overall grade-point-average of at least 2.5; and
4. be eligible for student teaching in the spring of the next academic year.

To be eligible to enroll in the General Methods/Reading Methods Block 2 candidates must meet the Summative Decision Point II requirements. These requirements include:

1. have a grade of at least 2.0 (C) and a grade-point-average of at least 2.5 in the professional education coursework and in the coursework in all licensing areas;
2. have an overall grade-point average of at least 2.5;
3. be eligible to student teach in the Spring semester following Block II (F401/M301/M314/M464); and
4. have acceptable recommendations from the instructors and field experience teachers in the Block I (K200/P312/P313/M303)

To be eligible to enroll in the Specific Methods and Student Teaching Block 3 candidates must meet the following Summative Decision Point III requirements in addition to maintaining the grades and grade-point-averages listed above:

1. have successfully completed at least 75% of the coursework in their major;
2. be able to complete all requirements for their degree by the summer following student teaching;

3. have acceptable recommendations from their Block II (M301/M314/M464/F401) instructors and field experience teachers

To be eligible to apply for a teaching license, candidates must meet all of the requirements for Summative Decision Point IV listed below:

1. have completed and satisfactorily passed all coursework in professional education including specific methods and student teaching with no grade less than a 2.0 (C) and a grade-point-average of at least 2.5;
2. have completed all coursework in the major with no grade less than a 2.0 (C) and with a grade-point-average of at least 2.5;
3. have an overall grade-point-average of at least 2.5;
4. have obtained their degree with a major in the appropriate content area for being licensed to teach.

To be eligible for licensure, candidates must:

1. complete all requirements for all Decision Points above; and
2. have passed the Praxis II Content Knowledge Test (prior to 5/31/2014 or the Indiana Content Knowledge Assessment for specified content area (based on the Indiana standards).

Professional Education (36)

- EDUC-F 200 Examining Self as Teacher
- EDUC-M 300 Teaching in a Pluralistic Society
- EDUC-K 205 Introduction to Exceptional Children

Candidates must be admitted to the Secondary Education Program to enroll in any of the professional education blocks below (passing scores for all Praxis I tests, prior to 5/31/2014 or CASA or other state approved alternatives based on Indiana Required Standards)

First Block

- EDUC-P 312 Learning: Theory into Practice
- EDUC-P 313 Adolescents in a Learning Community

Second Block

- EDUC-F 401 Topical Explorations in Education
- EDUC-M 314 General Methods for Sr/Jr/Middle School Teachers

Third Block

- EDUC-M 464 Methods of Teaching Reading
- EDUC-M 441 OR EDUC-M 446 OR EDUC-M 452 OR EDUC-M 457 OR EDUC-S 490 Methods of Teaching Senior/Junior High Content

Fourth Block

- EDUC-M 480 Student Teaching in Secondary Schools
- EDUC-F 401 Topical Exploration in Education

Special Education

Academics

Undergraduate Degrees

- Bachelor of Science - Special Education
- Bachelor of Science - Dual Major Elementary & Special Education

Program Information

- Program Description
- Student Learning Goals
- Program Structure
- Degree/Certificate Requirements
- Degree Program Admission Requirements
- Performance Level Requirements

Special Education (Bachelor of Science in Education)

Course work leading to the B.S. in Special Education has two components:

1. **General Education** - These requirements meet the campus-wide general education requirements.
2. **Professional and Pedagogical Studies** - Students complete courses and experiences leading to successful demonstration of what special educators need to know and be able to do.

General Education Component

Careful selection and completion of 30 credit hours of courses may allow double counting within General Education and requirements for the Special Education major. Courses within General Education marked with (M) or an approved alternative can be counted for the major and General Education.

Information Literacy/FYS (1 cr.)

- COAS-S 104 First Year Seminar

Written Communication (6 crs.)

- ENG-W 131 Elementary Composition (M)

One of the following:

- ENG-W 234 Technical Report Writing
- ENG-W 250 Writing in Context
- ENG-W 270 Argumentative Writing
- ENG-W 290 Writing in Arts & Sciences (M)

Speaking & Listening (3 crs.)

- COMM-S 121 Public Speaking (M)

Quantitative Reasoning (3 crs.)

- MATH-T 101 Mathematics for Elementary Teachers I (M)

Scientific Ways of Knowing (5 crs. with lab)

- BIOL-L 100 Humans and the Biological World **OR**
- CHEM-C 101/121 Elementary Chemistry + Lab **OR**
- CHEM-C 104 Physical Science & Society (M)

Social & Behavioral Ways of Knowing (6 crs.)

One of the following:

- POLS-Y 103 Introduction to American Politics
- POLS-Y 107 Introduction to Comparative Politics
- POLS-Y 109 Introduction to International Relations (M)

One of the following:

- HIST-H 105 American History I
- HIST-H 106 American History II
- GEOG-G 110 Introduction to Human Geography (M)

(NOTE: Cannot use G110 & G201; only 1 allowed)

Humanistic & Artistic Ways of Knowing (3 crs.)

One of the following:

- FINA-F 100 Fundamental Studio
- FINA-H 100 Introduction to Art History and Visual Culture
- FINA-N 110 Introduction to Studio Art for Non Majors
- MUS-E 241 Introduction to Music Fundamentals
- MUS-M 174 Music for the Listener
- THTR-T 105 Theatre Appreciation
- THTR-T 120 Acting

Reasoning About Ethical Issues or Diversity (3 crs.)

One of the following:

- SOC-S 163 Social Problems
- GEOG-G 201 World Regional Geography*

*(NOTE: Cannot use G110 & G201; only 1 allowed)

Program Requirements

- MATH-T 102 Mathematics for Elementary Teachers II
- MATH-T 103 Mathematics for Elementary Teachers III

One of the following (Different Discipline than used for Scientific Ways of Knowing):

- BIOL-L 100 Humans & the Biological World
- CHEM-C 101 Elementary Chemistry
- AST-A 100 The Solar System
- GEOG-G 107 Physical Systems of the Environment

One of the following:

- PHIL-P 100 Introduction to Philosophy
- PHIL-P 140 Introduction to Ethics

One of the following:

- ENG-L 101 Western World Masterpieces I
- ENG-L 102 Western World Masterpieces II
- ENG-L 104 Introduction to Fiction
- ENG-L 106 Introduction to Poetry
- HUMA-U 101 Introduction to Humanities
- HUMA-U 102 Introduction to Modern Humanities

Major Requirements

Exploration & Technology Area (6 credit hours)

- EDUC-F 200 Examining Self as Teacher
- EDUC-W 200 Using Computers in Education

Block 1 Child as Learner (17 credit hours)

- EDUC-K 339 Methods of Teaching Language Arts
- EDUC-P 250 General Educational Psychology
- EDUC-K 205 Introduction to Exceptional Children
- EDUC-K 200 Introductory Practicum in Special Education
- EDUC-M 101 Elementary Education Block 1 Clinical
- EDUC-F 401 Child as Learner Seminar 1
- EDUC-M 300 Teaching in a Pluralistic Society
- EDUC-K 490 Research in Special Education Topic: TBI

Block 2 The Literate Child (16 credit hours)

- EDUC-K 370 Introduction to Language and Learning Disorders
- EDUC-E 325 Social Studies in the Elementary School
- EDUC-E 343 Mathematics in the Elementary School
- EDUC-K 490 Research in Special Education Topic: Autism Spectrum Disorder
- EDUC-K 495 Lab/Field Experience in Special Education VT: Block 2
- And 1 of the following:
- EDUC-K 344 Education of the Socially & Emotionally Disturbed 2
- EDUC-K 345 Academic and Behavioral Assessment of the Mildly Handicapped Child

Block 3 Specific Methods (15 credit hours)

- EDUC-E 341 Methods of Teaching Reading II
- EDUC-E 328 Science in the Elementary Schools
- EDUC-N 443 Teaching Elem. School Math Problem Solving
- EDUC-K 495 Lab/Field Experience in Special Education VT: Block 3
- EDUC-P 313 Adolescents in a Learning Community

And 1 of the following:

- EDUC-K 345 Academic and Behavioral Assessment of the Mildly Handicapped Child
- EDUC-K 344 Education of the Socially & Emotionally Disturbed 2

Summer Block (6 credit hours)

- EDUC-K 453 Management of Academic and Social Behavior
- EDUC-K 352 Education of Students with Learning Disorders

Block 4 Student Teaching (12 credit hours)

- EDUC-K 480 Student Teaching in Special Education
- EDUC-K 362

*grade of 'B-' or higher required for each course upon completion unless otherwise stipulated as 'S'

Electives

Complete enough open electives as needed to reach the minimum 120 credit hour requirement.

Minor in English as a New Language/ English as a Second Language

The ENL/ESL program prepares students of any major with the skills needed to meet the growing demand

for ENL/ESL teachers in Indiana, Kentucky and the world. You do not have to speak another language to teach English. The minor provides students with an understanding of:

- Components of language and principles of language acquisition and development
- Culture as a component of effective instruction
- Issues related to equitable and appropriate content and language assessment for language learners
- Individual differentiation options for all students

Requirements:

- All Courses are 3 credit hours, unless otherwise noted
- Minimum grade of "B" for each course

Complete the following courses:

- EDUC-L 441 Bilingual Education: Introduction
- EDUC-X 470 Psycholinguistics for Teachers of Reading
- EDUC-L 403 Assessment Literacy for Cultural and Linguistic Diversity
- EDUC-L 436 Methods and Materials for Teaching ESL
- EDUC-M 425/480* Student Teaching-ENL/ESL

*For Education majors, the minor/concentration leads to a teaching license in addition to their main licensing area. This requires the addition of EDUC-M425/480 student teaching with ENL/ESL students and passing the state licensure exam.

Graduate Study in Education

The School of Education at Indiana University Southeast offers Master of Science degrees in Education with majors in Elementary Education, Secondary Education, and Counseling. The Candidates in the Master of Science degree in Elementary or Secondary Education may choose to add an area to their license: Reading, Gifted and Talented, Technology (Computer Education) and English as a Second Language. In addition, the School offers graduate certification (licensure) programs in Reading, certain areas of Special Education, Gifted and Talented Technology (Computer Education), English as a Second Language, and Educational Leadership (Building Level Administrator). These programs may also be used as concentrations to the Rank 1. We offer a substantial number of graduate-level courses applicable to license renewal, master's plus programs, professional development credit, or certification programs. The Master of Science Degree in Elementary or Secondary Education is designed for those holding a valid teaching license. The Master of Science Degree in Counseling is designed for those holding a valid teaching license as well as those who do not hold a teaching license but wish to become school counselors.

Graduate Advising at IU Southeast

Elementary Education Program Information

Program Description

The IU Southeast School of Education offers an Elementary Education program (EEP) leading to the B.S. in Elementary Education. It prepares candidates for the Indiana teaching license for Elementary Generalist (Kindergarten through Grade 6), and Kentucky teaching license for Elementary School (Primary through Grade 5). Candidates who pursue a major in Elementary Education are prepared to teach effectively in language arts, mathematics, science, and social studies.

There are 120 credit hours in the EEP, including the following four components:

1. General Education Courses—These courses meet the campus-wide general education requirements.
2. Pre-Elementary Education Courses—These courses prepare students to take elementary education courses.
3. Concentration Courses - These courses prepare students to master content knowledge.
4. Elementary Education Courses - These courses prepare students to teach in elementary schools.

Application Process

All candidates applying for admission to the elementary education undergraduate program must complete the application for admission. Applications must be submitted to the School of Education main office (HH00200) by December 1 for spring semester cohort and by August 1 for fall semester cohort. Applicants will receive formal letters notifying of their admission status.

Program Admission Requirements

To apply for admission to the Elementary Education undergraduate program, students must meet the following criteria:

1. An overall GPA 2.5 or better.
2. A GPA 2.5 or better in each Content area (Language Arts, Math, Social Studies, Science).
3. All General Education courses (except COAS-S 104), Pre-Elementary Education courses, and Concentration courses must have C or better.
4. Completed SPCH-S 121, MATH-T 101, EDUC-F 201, EDUC-F 202.
5. Completed Language Arts content courses (ENG-W 131, ENG-W 250, ENG-L 101 or ENG-L 102).
6. Including current enrollment, candidates have at least 55 credit hours towards their General Education courses, Pre-Elementary Education courses, and Concentration courses.
7. Have a 24 on the ACT (without writing) or 1100 on the SAT (without writing) or Praxis I scores of Math 175, Reading 176, and Writing 172 or a combined score of 527 (taken prior to August 31, 2013) or CASA scores of Math 220, Reading 220, and Writing 220.

Student Learning Goals

Candidates majoring in elementary education are expected to be professionals at all times and demonstrate a commitment to the development of the whole child. Content and pedagogical knowledge expected of candidates is articulated through the InTASC standards. These standards are:

1. Standard #1: Learner Development. The teacher understands how learners grow and develop, recognizing that patterns of learning and development vary individually within and across the cognitive, linguistic, social, emotional, and physical areas, and designs and implements developmentally appropriate and challenging learning experiences.
2. Standard #2: Learning Differences. The teacher uses understanding of individual differences and diverse cultures and communities to ensure inclusive learning environments that enable each learner to meet high standards.
3. Standard #3: Learning Environments. The teacher works with others to create environments that support individual and collaborative learning, and that encourage positive social interaction, active engagement in learning, and self-motivation.
4. Standard #4: Content Knowledge. The teacher understands the central concepts, tools of inquiry, and structures of the discipline(s) he or she teaches and creates learning experiences that make the discipline accessible and meaningful for learners to assure mastery of the content.
5. Standard #5: Application of Content. The teacher understands how to connect concepts and use differing perspectives to engage learners in critical thinking, creativity, and collaborative problem solving related to authentic local and global issues.
6. Standard #6: Assessment. The teacher understands and uses multiple methods of assessment to engage learners in their own growth, to monitor learner progress, and to guide the teacher's and learner's decision making.
7. Standard #7: Planning for Instruction. The teacher plans instruction that supports every student in meeting rigorous learning goals by drawing upon knowledge of content areas, curriculum, cross-disciplinary skills, and pedagogy, as well as knowledge of learners and the community context.
8. Standard #8: Instructional Strategies. The teacher understands and uses a variety of instructional strategies to encourage learners to develop deep understanding of content areas and their connections, and to build skills to apply knowledge in meaningful ways.
9. Standard #9: Professional Learning and Ethical Practice. The teacher engages in ongoing professional learning and uses evidence to continually evaluate his/her practice, particularly the effects of his/her choices and actions on others (learners, families, other professionals, and the community), and adapts practice to meet the needs of each learner.
10. Standard #10: Leadership and Collaboration. The teacher seeks appropriate leadership roles and opportunities to take responsibility for student learning, to collaborate with learners, families,

colleagues, other school professionals, and community members to ensure learner growth, and to advance the profession.

Progression Requirements

Applicants will be accepted into the Elementary Undergraduate Program in cohorts and will progress through the program together. Candidates who do not move through subsequent method blocks with their original cohort may only enter a later cohort if space permits.

For a bachelor's degree in elementary education, students must satisfy all general rules for undergraduate education programs, rules for admission to the program, requirements for remaining in good standing, criteria for admission to student teaching, and eligibility for a degree described in the undergraduate general information section of the "School of Education" portion of this bulletin.

Degree completion is contingent upon students passing four summative decision points. The first decision point is at application. The second decision point is at the beginning of block 2 of the program. The third is application to student teach. The fourth decision point is at the end of student teaching and degree completion. At each summative decision point, candidates are formally evaluated on specific criteria and a decision is made regarding each student's status in the program. A candidate's continuation status may be reevaluated at points other than summative decision points if significant difficulties are noted.

1. An overall GPA 2.5 or better.
2. Each Elementary Education course must have C or better and a Satisfactory grade.
3. To complete each block and graduate from the program, students must have passed the dispositional standards, summative decision points, and exit interviews.
4. To begin Block 2, students must have completed all courses in Block 1, Social Studies content courses (POLS-Y 103, HIST-H 105 or HIST-H 106, GEOG-G 201), and Math content courses (MATH-T 102, MATH-T 103).
5. To begin Block 3, students must have completed all courses in Block 2, and Science content courses (CHEM-C 104, BIOL-L 100, GEOG-G 107).
6. To begin Block 4, students must have completed all course work.
7. Students who student teach in Spring are required to complete an 8-day classroom experience at the beginning of the elementary school year in Fall.

Special Note for Transfer Students

If you are a student who have completed the State General Education Transfer Core, you must still have to complete the following courses if they are not a part of your General Education curriculum because they are also required for admission to the Elementary Education program. Each course must have C or better.

1. SPCH-S121
2. ENG-W131
3. 2ⁿ Writing Course
4. MATH-T101

5. CHEM-C104
6. POLS-Y103
7. HIST-H105 or HIST-H106
8. ENG-L101 or ENG-L102
9. GEOG-G201

Special Education Program Information

Program Description

Candidates for the Bachelor of Science in Special Education should first review "General Requirements for Undergraduate Degrees at IUS."

The bachelor's degree in special education leads to an Indiana license to teach students with disabilities, grades P-12. This special education license is in the area of Mild Intervention. Guided experiences with a wide range of children and youth and master special educators are the foundation of the program. Students have multiple and varied experiences in schools.

There are four major summative decision points for the Special Education Program. The first decision point is admission to the program. The second decision point is at the beginning of Block 2. The third is permission to student teach. The fourth decision point is at the end of student teaching and degree completion. At each summative decision point, candidates are formally evaluated on specific criteria and a decision is made regarding each student's status in the program. A candidate's continuation status may be reevaluated at points other than summative decision points.

Student Learning Goals

Candidates majoring in special education are expected to commit to demonstrating three broad program outcomes: (a) understanding their students' needs and contexts, (b) collaboratively planning and implementing effective learning experiences, and (c) continuously assessing the effects of their professional choices. What Special Educators should know and be able to do is expressed in the standards for the Council for Exceptional Children:

1. Foundations
2. Development and Characteristics of Learners
3. Individual Learning Difference
4. Instructional Strategies
5. Learning Environments and Social Interactions
6. Language
7. Instructional Planning
8. Assessment
9. Professional and Ethical Practice
10. Collaboration

Details of those standards, as well as the developmental and content standards for Exceptional Needs: Mild Intervention can be found in the program's handbook.

Program Structure

Course work leading to the B.S. in Special Education has two components:

1. **General Education** - These requirements meet the campus-wide general education requirements.

2. **Professional and Pedagogical Studies** - Students complete courses and experiences leading to successful demonstration of what special educators need to know and be able to do.

Degree/Certificate Requirements

For a bachelor's degree in special education, students must satisfy all general rules for undergraduate education programs, rules for admission to the program, requirements for remaining in good standing, criteria for admission to student teaching, and eligibility for a degree described in the undergraduate general information section of the "School of Education" portion of this bulletin. Degree completion is contingent upon students passing four summative decision points. Information about decision points can be found on the program Web site. Completion of the degree, faculty recommendation, and passage of state-mandated tests are needed to apply for an Indiana all-grade (P-12) license in Mild Intervention or a Kentucky Learning and Behavior Disorders license for Kentucky. NOTE: To be apprised of changes in licensure rules for both states, seek regular advisement from the program coordinator and School of Education.

Degree Program Admission Requirements

Students seeking admission must meet the following requirements for admission:

1. An overall GPA 2.5 or better.
2. A GPA 2.5 or better in each Content area (Language arts, math, social studies, science).
3. All General Education courses (except COAS-S 104) and all Additional Program Requirement Courses must have grades of C or better.
4. All Education courses must have grades of B- or better.
5. Completed MATH-T 101 and EDUC-F 200.
6. Completed Language Arts content courses (SPCH-S 121, ENG-W 131, 2nd Writing, Literature or Humanities).
7. Including current enrollment, candidates have a least 51 credit hours towards their General Education courses, Pre-Special Education courses and Additional Program Requirement Courses.
8. Have a 24 on the ACT (without writing) or 1100 SAT (without writing) or Praxis I scores of Math 175, Reading 176, and writing 175 or a combined score of 527 (taken prior to August 31, 2013) or CASA scores of Math 220, Reading 220, and Writing 220.

A total maximum of 50 Special Education and Elementary Education candidates will be admitted to the cohort each semester. If more than 50 applicants meet the minimum criteria for admission, student acceptance will be determined based on a point system which is described on the program's website.

All admitted students are in a conditional status until all grades are posted and a 2.5 minimum GPA is verified for the semester prior to starting Block 1. If a student is initially admitted to the cohort as a Special Education major and subsequently changes to Elementary Education, she/he will be held to all requirements for the Elementary Education program.

Performance-Level Requirements

In order to complete the degree, special education majors must:

1. pass the First-Year Seminar and complete the degree with at least a 2.5 GPA;
2. earn a grade of B- or higher in all specialty area content courses;
3. have a grade of C or higher in each Education course;
4. have a Satisfactory in all courses graded S/F;
5. have no less than a 2.5 GPA in the required mathematics courses (each with a grade of C or higher), the communication cluster (i.e., S 121, W 131, and second writing course) and each general education group (i.e., Arts and Letters, Social Science, and Natural Science); and
6. pass all four summative decision points.

School Information

- Mission Statement
- General Requirements

Mission Statement

To provide an excellent science, mathematics, and computing education through teaching, scholarship and service.

The mission is supported by:

- dedicated faculty who emphasize excellent teaching to enhance student learning;
- effective mentoring for our students so they can better achieve their full potential;
- ongoing research or creative scholarship efforts that expose our students and others to the exciting world of discovery;

- delivering the benefits of analytical, communication, problem solving, and critical thinking skills that are necessary for life-long learning to students;
- assuming the role of regional science, mathematical, and computing leadership through university service efforts, technical assistance to local schools, organizations, and businesses; the visiting scientist series; continuing education; and many other service-related contributions;
- fostering an educational environment and support services where students with a wide range of abilities can receive training and become proficient in science, mathematics, and computing;
- stimulating academic surroundings for traditional and non-traditional students that extend beyond the campus to encompass the entire region.

General Requirements of the School of Natural Sciences

Admission Requirements

To be fully admitted into any of the degree granting programs offered by the School of Natural Sciences, students must complete the following:

- Completion of student undergraduate program hours of 12 or more.
- Student undergraduate program GPA of 2.0 or more.
- Completion of ENG-W 131 with a C or better.
- Completion of the First Year Seminar (FYS).
- Completion of at least one introductory course in the major chosen by the student with a C or better.

Any student that has been fully admitted into a degree granting program may have the opportunity to participate in research. Students that wish to enroll in research must request permission from a faculty sponsor and enroll in an Independent Study Course in their major or in the following course:

NATS-R 300 - Research in the Sciences (0-3 cr) P: Written consent of faculty sponsor. Provides opportunity for students who want to participate in research to do so and students who received research fellowships to finish their work when their fellowship runs out.

Minimum Grade Requirements

The chart below outlines the minimum grade requirements for all degrees, certificates, and minors granted by the School of Natural Sciences. Some degrees may have higher requirements. See specific disciplines for details.

- General Education- Passing grade (Note: ENG-W 131 requires a grade of C or better)
- Discipline Core- (outside of Natural Science) C
- NSCI Discipline Core- C
- Discipline Core Electives- C
- General Electives- Passing grade

Note: Courses taken to satisfy more than one of the categories described above must meet the minimum grade requirement for both categories.

Credit Hour & Residency Requirement (Bachelor's Degrees)

Like all Baccalaureate degrees offered by IU Southeast, the School of Natural Sciences requires a minimum of 120

credit hours and a minimum of 30 credit hours of upper-level coursework (300-level or above). No more than 64 credit hours earned in accredited junior/community colleges may be applied toward a Baccalaureate degree.

The University Bachelor's Degree Residency Requirement dictates that students must complete no less than 26 credit hours at IU Southeast during their senior year and no less than 10 credit hours of coursework in the major field of study. In addition to this University Residency Requirement, the School of Natural Sciences requires that students complete the capstone course/requirement at IUS. Students may also be required to meet the program specific residency requirements (where applicable) as outlined in this Bulletin under each specific program.

Residency Requirement (Certificate Programs)

The University Certificate Program Residency Requirement dictates that a minimum of 50% of the required credit hours for a Certificate Program must be completed in residence at IU Southeast. In general, the School of Natural Sciences enforces this university residency requirement with no additions; however, students may be required to meet the program specific residency requirements (where applicable) as outlined in the Bulletin under each specific program.

Bachelor of Science in Actuarial Science - Online Collaborative Degree Requirements

Students receiving the Bachelor of Science in Actuarial Science must complete 120 total credit hours including:

- General Education Core (30 cr.)
 - Mathematics Core (31 cr.)
 - Actuarial Science Core (9 cr.)
 - Programming/Computer Science Core (6 cr.)
 - Business and Economics Core (15 cr.)
 - 400/500 Actuarial Science Electives (15 cr.)
 - Electives as needed to complete 120 total credit hours
-
- A minimum of 30 credit hours at the 300- or 400-level
 - Courses required for the major must be completed with a grade of C or higher
 - Courses are 3 credit hours unless otherwise noted
 - A minimum GPA of 2.0 is required
-

Mathematics Core (31 cr.)

- MATH-M 215 Calculus I (5 cr.)
- MATH-M 216 Calculus II (5 cr.)
- MATH-M 311 Calculus III
- MATH-M 447 Mathematical Models/Applications 1
- MATH-M 448 Mathematical Models/Applications 2
- Complete one of the following courses:
 - MATH-M 301 Linear Algebra and Application
 - MATH-M 303 Linear Algebra for Undergrad
- Complete one of the following courses:
 - MATH-M 360 Elements of Probability
 - MATH-M 463 Introduction to Probability Theory I

- Complete one of the following courses:
 - MATH-M 366 Elements of Statistical Inference
 - MATH-M 466 Introduction to Mathematical Statistics
 - STAT-S 420 Introduction to Statistical Theory
- Complete one of the following courses:
 - MATH-M 313 Elementary Difference Equations with Application
 - MATH-M 343 Introduction to Differential Equations with Application I

Actuarial Science Core (9 cr.)

- MATH-M 320 Theory of Interest
- MATH-M 445 Probability Theory Risk Mangement
- MATH-M 446 Financial Mathematics

Programming/Computer Science Core (6 cr.)

- CSCI-A 201 Introduction to Programming I
- MATH-M 367 Introduction Statistics Programming in R

Business and Economics Core (15 cr.)

- ECON-E 103 Introduction to Microeconomics
- ECON-E 104 Introducton to Macroeconomics
- BUS-A 201 Introduction to Financial Accounting
- BUS-A 202 Introduction to Managerial Accounting
- BUS-F 301 Financial Mangement

Actuarial Electives (15 cr.)

- Complete five of the following courses:
 - MATH-M 451 Financial Mathematics
 - MATH-M 485 Life Contingencies I
 - STAT-S 352 Data Modeling and Inference
 - STAT-S 431 Applied Linear Models I
 - STAT-S 432 Applied Linear Models II
 - STAT-S 450 Time Series Analysis

Allied Health

Indiana University Southeast offers a number of degrees and degree tracks in chemistry and biochemistry. These degrees can serve as the foundation for further graduate and professional training as well as preparing a person for entry into the workforce. The Bachelor of Science degrees are approved by the American Chemical Society. For more information about the chemistry program, contact the School of Natural Sciences.

Pre-Professional & Pre-Allied Health

Pre-Professional Science Curriculum

Admission to professional schools is very competitive.

Most programs expect applicants to have a four-year degree. IU Southeast School of Natural Science Advisors can assist students in determining an appropriate Pre-Professional plan of study. After meeting with a School of Natural Science Advisor, students are encouraged to contact the professional school(s) in which they plan to apply to verify prerequisite coursework. School of Natural Science Advisors will help students prepare for the admission process and may also suggest alternate pathways to rewarding careers should the desired professional school application be unsuccessful. Below is a list of some of the Professional Programs for which prerequisite coursework can be completed through several degrees in the School of Natural Sciences at IU Southeast.

- Pre-Medicine
- Pre-Dentistry
- Pre-Physician Assistant
- Pre-Optometry
- Pre-Veterinary
- Pre-Occupational Therapy
- Pre-Physical Therapy
- Pre-Pharmacy

*Note: This is not an exhaustive list. Students expecting to apply to a Professional Program should contact the School of Natural Sciences at (812) 941-2184 to schedule an advising appointment. It is suggested that students also meet with an appropriate Faculty Advisor (see contact information below):

- Dr. Michelle Zimmerman (Pre-Allied Health & Pre-Pharmacy)
 - micrzimm@ius.edu
- Dr. Kent Edwards (Pre-Med and General Pre-Professional)
 - kedmonds@ius.edu
- Dr. Jan Fleischer (Pre-Med and General Pre-Professional)
 - jmfleisc@ius.edu
- Dr. Gretchen Kirchner (Pre-Vet)
 - gkirchne@ius.edu

Pre-Allied Health Curriculum

Students interested in one of the allied health science degrees can take courses toward those degrees at IU Southeast. Students generally can take one to three years at IU Southeast and then must complete their degrees at another institution, such as the Indiana University Medical Center at Indianapolis.

Any student who is interested in allied health science programs should see a School of Natural Sciences Advisor for the most current information about the

availability of courses and programs and the requirements for completing degrees.

The following are some of the Allied Health Programs which students may begin at IU Southeast:

- Cytotechnology
- Dental Hygiene
- Occupational Therapy Assistant
- Physical Therapy Assistant
- Respiratory Therapy

Pre-Pharmacy

In cooperation with the Sullivan University College of Pharmacy, the School of Natural Sciences at Indiana University Southeast offers the first phase of a two-phase program, which leads to a Doctor of Pharmacy degree. The first phase, which is offered at IU Southeast, is a pre-pharmacy program that prepares students to enter the second phase that constitutes the pharmacy curriculum. The student may also be able to apply their graduate classes to complete their bachelor degrees either in Biology or Chemistry. Students should be aware that entrance into Sullivan College of Pharmacy is not guaranteed. Contact a School of Natural Sciences Advisor at <https://www.ius.edu/natural-sciences/> or (812) 941-2184 for additional information.

Medical Laboratory Science (Bachelor of Science)

The Bachelor of Science in Medical Laboratory Science program prepares students for a professional career in healthcare, analyzing clinical specimens in the hospital laboratory. Graduates are eligible to take the American Society of Clinical Pathology exam, leading to the MLS(ASCP) credential (required by most hospital laboratories).

Medical Laboratory Scientists (MLS) provide the science that supports healthcare, supplying information which allows care providers to determine diagnoses and treatments. MLS work in all areas of the medical laboratory, including Clinical Chemistry, Hematology, Microbiology, and Transfusion Services (Blood Bank). A degree in MLS is also good preparation for graduate or professional school, and provides options for careers in related scientific and healthcare fields.

The B.S. in MLS at IUS includes two years of general education courses and science prerequisites. During the Sophomore year, students may apply to enter the MLS program as juniors. Two years of specialized instruction include a semester-long internship at an affiliated hospital in the Louisville metro area. There is a critical need for laboratory professionals nationwide, so there are many jobs available and local hospitals offer work-agreement scholarships that will cover tuition.

Degree Requirements

Credit Hours: 120

GPA: 2.5

Mode of Instruction: In-Person

Science and Math courses require a minimum grade of C

Complete the following courses:

- BIOL-L 312 Cell Biology Lecture-C minimum (3)
- BIOL-L 211 Molecular Biology-C minimum (3)
- MICR-M 310 Microbiology-C minimum (3)
- BIOL-K 312 Immunology -C minimum (3)
- MICR-M315 Microbiology Lab-C minimum (3)
- ANAT-A 215 Basic Human Anatomy-C minimum (5)
- Reasoning about Ethical Issues/Diversity(3)
- COMM-S 121 Public Speaking (3)
- ENG-W 231, 234, or 290 (3)
- CLS-L 202 Laboratory Math and Techniques (1)
- CLS-C 407 Hematology (3)
- CLS-C 405 Clinical Chemistry (3)
- CLS-C 408 Hematology Methods (2)
- CLS-C 415 Clinical Molecular Diagnostics and Special Chemistry (3)
- CLS-C 406 Diagnostic Methods (2)
- CLS-I 407 Immunohematology (3)
- CSL-I 411 Clinical Immunodiagnostics (3)
- CLS-I 408 Blood Banking Methods (2)
- CLS-L 420 Urinalysis and Body Fluids Analysis (2)
- Social/Behavioral Sciences (3)
- Additional Gen Ed (3)
- Arts/Humanities (3)
- CLS-M 403 Clinical Microbiology (3)
- BIOL-L 490 Individual Study (3)
- CLS-M 404 Microbiology Methods (2)
- CLS-E 401 General Externship 1 (2)
- CLS-M 413 Advanced Clinical Microbiology (3)
- CLS-E 402 General Externship (2)
- CLS-M 411 Mycology and Parasitology(2)
- CLS-E 403 General Externship 3 (2)
- CLS-C 409 Hemostasis (2)
- CLS-E 404 General Externship 4 (2)
- CLS-B 399 Clinical Laboratory Management (3)
- BIOL-L 101 Introduction to Biological Sciences I-C minimum (5)
- BIOL-L 102 Introduction to Biological Sciences II-C minimum (5)
- CHEM-C 105 Principles of Chemistry I-C minimum (3)
- CHEM-C 106 Principles of Chemistry II- C minimum (3)
- CHEM-C 125 Experimental Chemistry I -C minimum (2)
- CHEM-C 126 Experimental Chemistry II- C minimum (2)
- COAS-S 104 (1) First Year Seminar
- ENG-W131 Elementary Composition (3)
- AHLT-M 330 Medical Terminology (3)
- General Elective (3)
- MATH-K 300 Statistical Techniques for Health Professions* (3)

***Enrollment Requirements: Prerequisite: MATH-M 101 with a C- or better or ALEKS Score \geq 25. Students will earn a minor in Biology upon completion of the degree.**

Health Information Management (Bachelor of Science)

Health Information Management is a multi-disciplinary degree, which combines training in the fields of health

informatics, business and health science. Students graduating with this degree will gain the skills necessary to work with health information systems and health data management, and be able to bridge the gap between clinicians and health information technology. Students will acquire the knowledge needed to become an integral component of the health information management system and master ICD-10-CM, CPT, and HCPCS II classification systems. The Health Information Management program at Indiana University Southeast is accredited by the Commission on Accreditation for Health Informatics and Information Management Education (CAHIIM).

Students pursuing this degree will be eligible to sit for the Registered Health Information Management Administrator (RHIA) certification examination. In addition, students will receive the Certificate in Medical Coding and be eligible to earn credentials in medical coding. Students have the option to sit for the Certified Coding Specialist (CCS) or Certified Coding Specialist – Physician Based (CCS-P) medical coding certification examination offered through the American Health Information Management Association (AHIMA) or to sit for the Certified Professional Coder (CPC) medical coding certification examination offered through the American Academy of Professional Coders (AAPC).

Student Learning Goals

1. Data Structure, Content, and Information Governance
2. Information Protection: Access, Disclosure, Archival, Privacy, and Security
3. Informatics, Analytics, and Data Use
4. Revenue Cycle Management
5. Health Law & Compliance
6. Organizational Management & Leadership

Degree Requirements

Students receiving the Bachelor of Science in Health Information Management degree must complete 120 total credit hours including:

- General Education Core (30 cr.)
- Major requirements (87 cr.)
- Electives as needed to complete 120 total credit hours
- A minimum GPA of 2.0 is required
- Courses are 3 credit hours unless otherwise noted
- Courses required for the major must be completed with a grade of C or higher
- A minimum of 30 credit hours at the 300- or 400-level

Major Requirements

Courses marked with an asterisk (*) can be used to satisfy a General Education Core Requirement.

- ENG-W 231* Professional Writing Skills
- COMM-S 121* Public Speaking
- MATH-M 114* Quantitative Literacy II
- Choose one of the following
 - PSY-P 101* Introductory Psychology 1
 - PSY-P 102* Introductory Psychology 2

- BIOL-L 100 Humans and the Biological World (5 cr.)
- ANAT-A 215 Basic Human Anatomy (5 cr.)
- PHSL-P 215 Basic Human Physiology (5 cr.)
- MATH-K 300 Statistical Techniques for Health Professions
- INFO-I 101 Introduction to Informatics (4 cr.)
- INFO-I 356 Globalization, Where We Fit In
- INFO-I 303 Organizational Informatics
- INFO-I 202 Social Informatics
- INFO-I 330 Legal and Social Informatics of Security
- INFO-I 308 Information Representation
- HIM-M 108 Introduction to Health Information Management
- AHLT-M 330 Medical Terminology
- AHLT-R 200 Pathology
- HIM-M 390 Medical Coding I
- HIM-M 391 Medical Coding II
- HIM-M 392 Physician Reimbursement
- AHLT-M 350 Medical Science for Health Information I
- HIM-M 331 Health Information Technology and Health Information Exchange
- HIM-M 318 Principles of Finance for Health Information Management
- HIM-M 302 Health Law II and Ethics
- HIM-M 313 Principles of Health Information Management
- HIM-M 314 Lab Enrichment for Principles of Health Information Management (1 cr.)
- HIM-M 329 Healthcare Data Analytics and Information Governance
- HIM-M 423 Quality and Performance Improvement in Healthcare
- HIM-M 435 Project Management for Health Information Management
- HIM-M 470 Healthcare Reimbursement System
- HIM-M 416 Principles of Management and Leadership for Health Information Management
- HIM-M 436 RHIA Exam Readiness
- HIM-M 445 HIM Practicum I

Certificate in Coding Technology

Program Description

An 18 credit hour program that trains students to code information using ICD-9-CM, CPT, and HCPCS in the health care setting. Introduction to ICD-10-CM basic coding principles also covered as part of the program as well as billing and reimbursement concepts for commercial insurance carriers, Medicare, Medicaid, Tricare, and Workers Compensation.

Student Learning Goals

1. Apply coding guidelines to selection of ICD-9-CM/ICD-10-CM, CPT, and HCPCS codes.
2. Demonstrate correlation of ICD-9-CM/ICD-10-CM codes to CPT and HCPCS code for billing and reimbursement purposes for all third party payers.
3. Apply HIPAA standards as related to confidentiality, privacy and security of the medical record.

Coding Technology Certificate Requirement

In addition to the IU Southeast Certificate Residency Requirement (minimum of 50% of total credits), students

completing the Certificate in Medical Coding are required to complete the following courses in residence at IU Southeast: HIM-M 390, HIM-M 391, & HIM-M 392.

Core Program

All courses listed below require a grade of C or better.

- AHLT-C 150 Body Structure and Function **OR** AHLT-A 215 Basic Human Anatomy
- AHLT-M 195 Medical Terminology **OR** AHLT-M 330 Medical Terminology
- HIM-M 390 Medical Coding I
- HIM-M 391 Medical Coding II
- HIM-M 392 Physician Reimbursement
- AHLT-R 200 Pathology

- <https://usss.iu.edu/apps/disclosures/StudentDisclosures/SE01.51.0713/51.0713-Gedt.html>.

CertificateHealthcare Documentation Certificate

Program Description

An 18 credit hour program that trains students to transcribe, format, proofread, and edit medical, surgical, radiological, and pathological reports dictated by physicians and other ancillary disciplines to produce a legal medical document. Career options are in medical transcription, medical transcription editor, healthcare documentation specialist, or medical scribe.

Student Learning Goals

1. Demonstrate correct usage of both English and medical terms.
2. Utilize correct capitalization, number, punctuation, abbreviations, and symbols used in medical reports.
3. Demonstrate computer skills to format, proofread, and edit a variety of medical reports to produce a legal document.

Healthcare Documentation Certificate Residency Requirement

For students who begin the program Fall 2020 an after.

In addition to the IU Southeast Certificate Residency Requirement (minimum of 50% of total credits), students completing the Certificate in Healthcare Documentation are required to complete the following courses in residence at IU Southeast: AHLT-M 393 & or AHLT-M 394.

Core Program

All courses listed below require a grade of C or better.

- AHLT-C 150 Body Structure and Function
- AHLT-M 330 Medical Terminology
- AHLT-M 393 Healthcare Documentation
- AHLT-M 394 Healthcare Documentation Practicum
- ENG-W 131
- Complete one of the following:
 - AHLT-R 200 Pathology
 - HIM-M 302 Health Law II and Ethics
 - HIM-M 470 Healthcare Reimbursement System

Gainful Employment Disclosure for Medical Transcription Certificate - <https://apps.usss.iu.edu/disclosures/plans/SE01.51.0708/Gedt.html>

Bachelor of Science in Applied Statistics - Online Collaborative

Degree Requirements

Students receiving the Bachelor of Science in Actuarial Science must complete 120 total credit hours including:

- General Education Core (30 cr.)
- Mathematics Core (22 cr.)
- Statistics and Probability Core (24 cr.)
- Programming Core (4 cr.)
- Upper-level Statistics Electives (12 cr.)
- Electives as needed to complete 120 total credit hours

- A minimum of 30 credit hours at the 300- or 400-level
- Courses required for the major must be completed with a grade of C or higher
- Courses are 3 credit hours unless otherwise noted
- A minimum GPA of 2.0 is required

Mathematics Core (22 cr.)

- MATH-M 215 Calculus 1 (5 cr)
- MATH-M 216 Calculus II (5 cr)
- MATH-M 311 Calculus III
- MATH-M 301 or MATH-M 303 Linear Algebra
- MATH-M 447 Mathematical Models/Applications I
- MATH-M 448 Mathematical Models/Applications II

Probability and Statistics Core (24 cr.)

- Complete one of the following
 - MATH-M 466 Introduction to Mathematical Statistics
 - MATH-M 463 Introduction to Probability Theory 1
- Complete one of the following
 - MATH-M 366 Elements of Statistical Inference
 - MATH-S 420 Introduction to Statistical Theory
- MATH-M 367 Introduction to Stat Programming in R
- Complete one of the following
 - MATH-M 574 Applied Linear Regression
 - STAT-S 431 Applied Linear Modeling
- STAT-S 252 Data Modeling and Inference
- STAT-S XXX Categorical Data Analysis
- STAT-S 470 Exploratory Data Analysis
- STAT-S 475 Statistical Learning and High-Dimensional Data Analysis

Programming Core (4 cr.)

- CSCI-A 201 Introduction to Programming I (4 cr.)

Upper-Level Statistics Electives (12 cr.)

- MATH-M 562 Designing of Experiments
- STAT-S 432 Applied Linear Models II

- STAT-S XXX Statistical Survey Methods
- Complete one of the following
 - STAT-S 450 Time Series Analysis
 - MATH-M 576 Forecasting

Biology and Allied Health Sciences

Indiana University Southeast offers a number of degrees and certificate options in biology, sustainability, and allied health. These degrees and certificates can serve as the foundation for further graduate and professional education or as the prerequisites for entry into the workforce. For further information on these degrees, contact the School of Natural Sciences at (812) 941-2284, and visit the biology home page at www.ius.edu/biology.

Mission/Vision Statement

The Mission of the Biology & Allied Health Sciences program is to provide an excellent science education through teaching, scholarship, and service. Our vision is to offer a number of degrees and certificate options in biology and allied health that support student career goals and aspirations. These degrees have a long history of providing students the foundation for further graduate and professional education or as the prerequisites for entry into the workforce. For further information on these degrees, contact the School of Natural Sciences at (812) 941-2284, and visit the biology home page at www.ius.edu/biology.

Scholarships/Awards

Four scholarships are awarded each fall. All students who are declared biology or related pre-professional majors are automatically considered. Important factors are GPA, participation in the department as Lab or Research Assistants, and contribution to service on campus or the community.

Biology

Biology is the science that studies life. It is multidisciplinary because it includes many different fields, ranging from cell biology and genetics to evolution, plant science and ecology. Some careers are applied, using biological knowledge to address problems in society and industry, while others are in research, advancing knowledge to produce new solutions.

Academics

Undergraduate Degrees

- Bachelor of Arts
- Bachelor of Science
- Bachelor of Arts-Double Major

Undergraduate Certificates

- Environmental Science

Minors

- Biology Minor
- Microbiology Minor
- Plant Sciences Minor

Learning Outcomes

1. Students demonstrate fundamental knowledge and skills in biology.
2. Students will analyze and critique biological data.
3. Students communicate effectively about the field of biology.

Biology (Bachelor of Science)

The B.S. in Biology degree provides a stronger background in science and math than the B.A. degree and will better prepare students for research-oriented careers as professional biologists and/or fulfill the preprofessional requirements for professional degrees in Health Sciences. The degree may also serve as a terminal degree for a variety of biology professions. Courses in second semester calculus, as well as individual study in biological research, are recommended depending on the career goals. Two courses in mathematics: Calculus (MATH-M 215 or MATH-M 119) and statistics (MATH-K 300) are required; second semester calculus (MATH-M 120 or MATH-M 216) is recommended for some programs such as veterinarian medicine and pharmacy. Biology major courses may be repeated only a limited number of times including late withdrawals.

Biology BS Residency Requirement

In addition to the IU Southeast Residency Requirement for Bachelor's Degrees and the School of Natural Science Residency Requirement, students pursuing the Bachelor of Science in Biology must complete a minimum of 15 credit hours in Biological Sciences, including at least two courses with associated lab, in residence at IU Southeast.

Degree Program Admission Requirements

To be fully admitted to the Bachelor of Science in Biology degree program, students must meet the *School of Natural Science's Admission Requirements* and complete BIOL-L 101 (Introduction to Biological Science I) or BIOL-L 102 (Introduction to Biological Science II) with a grade of C or better.

General Education Component

All students pursuing the Bachelor of Science in Biology must complete the campus General Education Core Requirements. See *General Education Core for all IU Southeast Baccalaureate Degrees* for a complete listing of requirements.

Core Program

All courses listed below require a grade of C or better. Courses marked with an asterisk (*) can be used to satisfy a General Education Core Requirement.

The program is divided into three tiers and students are expected to complete the courses with a C before they move to the next tier. Failure to do so may result in poor academic performance.

Tier 1: Biology: BIOL-L101*, BIOL-L102*, BIOL-L211, and BIOL-L317/Z318 or BIOL-L 346 or PLSC-B373 or PHSL-P416/P418 or PLSC-B370 or PHSL-P215; Chemistry: CHEM-C105*/C125*, CHEM-C106/C126.

Tier 2: Biology: BIOL-L311/L319; Organismal Diversity requirement; Chemistry CHEM-C341/C343, CHEM-

C342/C344; Calculus: MATH-M 119* or MATH-M 215* & Statistics: MATH-K 300.

Tier 3: Biology: Ecology requirement, BIOL-L318, BIOL-L312, BIOL-L403, Required Upper Level elective(s) 10 or 11 credits; Chemistry: CHEM-C484 (or C485); Physics* one-year sequence.

Tier 1

- BIOL-L 101* Introduction to Biological Sciences 1
- BIOL-L 102* Introduction to Biological Sciences 2
- BIOL-L 211 Molecular Biology
- CHEM-C 105* Principles of Chemistry I
- CHEM-C 125* Principles of Chemistry I Lab
- CHEM-C 106 Principles of Chemistry II
- CHEM-C 126 Principles of Chemistry II Lab

Physiology and Developmental Requirement (Choose one of the following as part of Tier 1)

- BIOL-L317 Developmental Biology **AND**
- BIOL-Z 318 Developmental Biology Lab

OR

- BIOL-L 346 Survey of Molecular Developmental Biology

OR

- PLSC-B 373 Plant Growth & Development

OR

- PHSL-P 416 Comparative Animal Physiology* **AND**
- PHSL-P 418 Lab in Comparative Animal Physiology

OR

- PLSC-B 370 Plant Physiology

OR

- PHSL-P 215 Human Physiology

Tier 2

- BIOL-L 311 Genetics & BIOL-L 319 Genetics Lab

Organismal Diversity Requirement (Choose one of the following as part of Tier 2)

- PLSC-B 364 Summer Flowering Plants

OR

- MICR-M 310 Microbiology **AND** MICR-M 315 Microbiology Lab

OR

- ZOOL-Z 373 Entomology **AND** ZOOL-Z 383 Laboratory in Entomology

OR

- ZOOL-Z 406 Vertebrate Zoology

Tier 3

(Complete all courses listed)

- BIOL-L 312 Cell Biology
- BIOL-L 318 Evolution
- BIOL-L 403 Biology Seminar
- Biology Elective(s)- 10-11 credits worth of 300/400 level AHLT, ANAT, BIOL, HIM, MICR, PLSC, or ZOOL courses.
 - HIM courses must be HIM-M 390, HIM-M 391, or HIM-M 392

Ecology requirement (Choose one of the following)

- BIOL-L 303 Field Biology OR BIOL-L 343 Applied Conservation Biology OR BIOL-L 473 Ecology AND BIOL-L 474 Ecology Lab OR MICR-M 420 Environmental Microbiology

General & Upper-Level Electives

Students must complete a minimum of 120 credit hours and 30 credit hours at the 300-level or above. Elective courses may be necessary to complete the minimum credit hour requirements.

Biology (Bachelor of Arts)

The liberal arts track and biology core curriculum expose the student to major subject areas in biology while providing considerable flexibility for each student. For example, minimal mathematics and chemistry requirements allow students to develop minor subject areas or a second major in another science area, or in an outside field such as sociology, journalism, business or geosciences. This degree is suitable for students who may apply for admission into law school or for those who seek employment in business, environmental studies, or industry. Biology major courses may be repeated only a limited number of times including late withdrawals.

The B.A. degree will not automatically fulfill requirements for entrance into medical, dental, optometry, medical technology, other allied health programs, or most graduate school programs. Students desiring eventual admission into a professional program or laboratory-related fields should follow the B.S. in Biology degree program.

Biology BA Residency Requirement

In addition to the IU Southeast Residency Requirement for Bachelor's Degrees and the School of Natural Science Residency Requirement, students pursuing the Bachelor of Arts in Biology must complete a minimum of 15 credit hours in Biological Sciences, including at least two courses with associated lab, in residence at IU Southeast

General Education Core & BA Distribution Component

All students pursuing the Bachelor of Arts in Biology must complete the campus General Education Core Requirements. See General Education Core for all IU Southeast Baccalaureate Degrees for a complete listing of requirements.

Students must also complete the campus BA Distribution requirements as stated in Bachelor of Arts Degree Requirements.

Core Program

All courses listed below require a grade of C or better.

Courses marked with an asterisk (*) can be used to satisfy a General Education Core Requirement or a BA Distribution Requirement.

The program is divided into three tiers and students are expected to complete the courses with a C before they move to the next tier. Failure to do so may result in poor academic performance.

Tier 1: Biology BIOL-L101*, BIOL-L102*, BIOL-L211, and BIOL-L317/ZOOL-Z318 or BIOL-L 346 or PLSC-B373 or PHSL-P 416/P418 or PLSC-B370 or PHSL-P215; Chemistry: CHEM-C 101*/C121* & CHEM-C102/C122; Mathematics*: MATH-M 122, MATH-M 125, or MATH-M 126.

Tier 2: Biology BIOL-L311/L319 & Organismal Diversity requirement; Computer Literacy: CSCI-C 106.

Tier 3: Biology Ecology requirement, BIOL-L318, BIOL-L312, BIOL-L403, Required Upper Level elective(s) 10 or 11 credits.

- BIOL-L 101* Introduction to Biological Sciences 1
- BIOL-L 102* Introduction to Biological Sciences 2
- BIOL-L 211 Molecular Biology
- CHEM-C 101* Elementary Chemistry I
- CHEM-C 121* Elementary Chemistry I Lab
- CHEM-C 102* Elementary Chemistry II
- CHEM-C 122* Elementary Chemistry II Lab
- MATH-M 122* College Algebra OR MATH-M 125 Pre-Calculus OR MATH-M 126 Trigonometric Functions

Physiology and Developmental Requirement (Choose one of the following as part of Tier 1)

- BIOL-L317 Developmental Biology **AND**
- BIOL-Z 318 Developmental Biology Lab

OR

- BIOL-L 346 Survey of Molecular Developmental Biology

OR

- PLSC-B 373 Plant Growth & Development

OR

- PHSL-P 416 Comparative Animal Physiology* **AND**
- PHSL-P 418 Lab in Comparative Animal Physiology

OR

- PLSC-B 370 Plant Physiology

OR

- PHSL-P 215 Human Physiology

Tier 2

- BIOL-L 311 Genetics & BIOL-L 319 Genetics Lab

Organismal Diversity Requirement (Choose one of the following as part of Tier 2)

- PLSC-B 364 Summer Flowering Plants

OR

- MICR-M 310 Microbiology **AND** MICR-M 315 Microbiology Lab

OR

- ZOOL-Z 373 Entomology **AND** ZOOL-Z 383 Laboratory in Entomology

OR

- ZOOL-Z 406 Vertebrate Zoology

Tier 3

(Complete all courses listed)

- BIOL-L 312 Cell Biology
- BIOL-L 318 Evolution
- BIOL-L 403 Biology Seminar
- Biology Elective(s)- 10-11 credits worth of 300/400 level AHLT, ANAT, BIOL, HIM, MICR, PLSC, or ZOOL courses.
 - HIM courses must be HIM-M 390, HIM-M 391, or HIM-M 392

Ecology requirement (Choose one of the following)

- BIOL-L 303 Field Biology OR BIOL-L 343 Applied Conservation Biology OR BIOL-L 473 Ecology AND BIOL-L 474 Ecology Lab OR MICR-M 420 Environmental Microbiology

General & Upper-Level Electives

Students must complete a minimum of 120 credit hours and 30 credit hours at the 300-level or above. Elective courses may be necessary to complete the minimum credit hour requirements.

Minor in Biology

Minor Requirement

All courses listed below require a grade of C or better

Course requirements include at least 20 credit hours chosen from the biological science courses listed below.

The 20 credit hours may include one and only one introductory biology course such as BIOL-L101, BIOL-L 102, PLSC-B 101, & ZOOL-Z 103.

- ANAT-A 464 Human Tissue Biology
- BIOL-K 312 Immunology
- BIOL-K 313 Laboratory in Immunology
- BIOL-L 211 Molecular Biology
- BIOL-L 303 Field Biology
- BIOL-L 304 Marine Biology
- BIOL-L 311 Genetics
- BIOL-L 312 Cell Biology
- BIOL-L 313 Cell Biology Laboratory
- BIOL-L 317 Developmental Biology
- BIOL-L 318 Evolution
- BIOL-L 319 Genetics Laboratory
- BIOL-L 323 Molecular Biology Laboratory
- BIOL-L 341 Natural History of Coral Reefs
- BIOL-L 346 Survey of Molecular Developmental Biology
- BIOL-L 473 Ecology
- BIOL-L 474 Laboratory in Ecology

- BIOL-Z 318 Developmental Biology Laboratory
- GEOL-G 210 Oceanography
- MICR-M 310 Microbiology
- MICR-M 315 Microbiology Laboratory
- MICR-M 350 Microbial Physiology and Biochemistry
- MICR-M 360 Microbial Physiology Laboratory
- MICR-M 420 Environmental Microbiology
- MICR-M 485 Microbial Genetics Laboratory
- PHSL-P 416 Comparative Animal Physiology
- PHSL-P 418 Lab in Comparative Animal Physiology
- PLSC-B 364 Summer Flowering Plants
- PLSC-B 370 Plant Physiology
- PLSC-B 373 Plant Growth and Development
- PLSC-B 375 Horticultural Plants: Biotechnology, Physiology and Development
- ZOOL-Z 373 Entomology
- ZOOL-Z 383 Entomology Laboratory
- ZOOL-Z 460 Ethology (Animal Behavior)
- ZOOL-Z 466 Endocrinology

Minor in Microbiology

The Minor in Microbiology degree provides an opportunity for students to supplement their major in another discipline with acknowledged course work in the biological sciences.

Prerequisite requirements are usually required for upper level course work and must be fulfilled before the courses can be taken. Biology major courses may be repeated only a limited number of times including late withdrawals.

Minor Requirements

All courses listed below require a grade of C or better.

Course requirements include at least 20 credit hours of either lecture or lab courses in the biological sciences.

The 20 credit hours may include no more than one introductory biology course such as BIOL-L 102, PLSC-B 101, or ZOOL-Z 103.

Introductory Course Options (may select 1 course)

- BIOL-L 102 Introduction to Biological Sciences 2
- PLSC-B 101 Plant Biology
- ZOOL-Z 103 Animal Biology Lectures & Lab

Minor Specific Course Options

- BIOL-K 312 Immunology
- BIOL-L 319 Genetics Laboratory
- MICR-M 310 Microbiology
- MICR-M 315 Microbiology Laboratory
- MICR-M 420 Environmental Microbiology
- BIOL-L 312 Cell Biology
- BIOL-L 313 Cell Biology Laboratory

Minor in Plant Sciences

The Minor in Plant Sciences provides an opportunity for students to supplement their major in another discipline with acknowledged course work in the plant sciences.

Biology major courses may be repeated only a limited number of times including late withdrawals.

Minor Requirements

All courses listed below require a grade of C or better.

Course requirements include at least 15 credit hours of either lecture or lab courses in the plant sciences. The 15

credit hours may include no more than one introductory biology course such as BIOL-L 102 or PLSC-B 101.

Introductory Course Options (may select 1 course)

- BIOL-L 102 Introduction to Biological Sciences 2
- PLSC-B 101 Plant Biology

Minor Specific Course Options

- PLSC-B 373 Plant Growth & Development
- PLSC-B 375 Horticulture Plants
- PLSC-B 370 Plant Physiology Lecture & Lab
- PLSC-B 364 Summer Flowering Plants

Biology and Chemistry (Bachelor of Arts)

This program is designed for students who desire to have a solid background in both chemistry and biology. This is especially recommended for individuals who plan to enter medical, dental, optometry, or other allied-medical schools.

Student Learning Goals

Upon completing the BA in Biology & Chemistry, students will...

1. have a broad understanding of chemistry & biology.
2. be able to analyze and critique biological data.
3. be able to evaluate and synthesize biological information from multiple sources.
4. demonstrate a broad range of biological skills.
5. present scientific work orally.
6. present scientific work in writing.
7. have applied knowledge in the fundamental areas of chemistry.
8. have applied laboratory knowledge and hands-on skills.
9. have written legible and complete experimental records.

Biology & Chemistry BA Residency Requirement

In addition to the IU Southeast Residency Requirement for Bachelor's Degrees and the School of Natural Science Residency Requirement, students pursuing the Bachelor of Arts in Biology & Chemistry must complete a minimum of 15 credit hours in Biological Sciences, including at least two courses with associated lab, as well as 15 credit hours in Chemistry, in residence at IU Southeast.

Degree Program Admission Requirements

To be fully admitted to the Bachelor of Arts in Biology & Chemistry degree program, students must meet the School of Natural Science's admission requirements and complete BIOL-L 101 (Introduction to Biological Science I), CHEM-C 105 (Principles of Chemistry I), & CHEM-C 125 (Experimental Chemistry I) all with grades of C or better.

General Education & BA Distribution Components

All students pursuing the Bachelor of Arts in Biology & Chemistry must complete the campus General Education Core Requirements. *See General Education Component for all IU Southeast Baccalaureate Degrees* for a complete listing of requirements.

Students must also complete the campus BA Distribution requirements as stated in the Bachelor of Arts Degree Requirements.

Core Program

All courses listed below require a grade of C or better.

Courses marked with an asterisk (*) can be used to satisfy a General Education Core Requirement or a BA Distribution Requirement.

Technical Writing Requirement

- ENG-W 234* Technical Report Writing

Physics and Mathematics Requirements

- MATH-M 215* Calculus I
- MATH-M 216 Calculus II
- PHYS-P 201 General Physics: Mechanics, Heat, and Sound **OR** PHYS-P 221* Physics I
- PHYS-P 202 General Physics: Electricity, Magnetism, Light & Nuclear Physics **OR** PHYS-P 222 Physics II

Major Specific Requirements

Dept. Course Number Title Credit Hours Minimum Grade

- CHEM-C 105* Principles of Chemistry I
- CHEM-C 106 Principles of Chemistry II
- CHEM-C 125* Experimental Chemistry I
- CHEM-C 126 Experimental Chemistry II
- CHEM-C 341 Organic Chemistry I Lecture
- CHEM-C 342 Organic Chemistry II Lecture
- CHEM-C 343 Organic Chemistry I Laboratory
- CHEM-C 344 Organic Chemistry II Laboratory
- CHEM-C 317 Equilibria and Electrochemistry
- CHEM-C 318 Spectroscopy and Separations
- CHEM-C 315 Chemical Measurements Lab I
- CHEM-C 361 Physical Chemistry of Bulk Matter
- CHEM-C 484 Biomolecules and Catabolism
- BIOL-L 101* Introduction to Biological Sciences I
- BIOL-L 102* Introduction to Biological Sciences II
- BIOL-L 211 Molecular Biology
- BIOL-L 311 Genetics
- BIOL-L 319 Genetics Laboratory
- BIOL-L 312 Cell Biology

Developmental Requirement (Select one option below)

- BIOL-L 317 Developmental Biology **AND** BIOL-Z 318 Developmental Biology Lab
- BIOL-L 346 Molecular Developmental Biology 3/2 C
- PLSC-B 373 Plant Growth & Development 5 C
- PLSC-B 375 Horticultural Plants (with coordinator permission) 5 C

Physiology Requirement (Select one option below)

- PLSC-B 370 Plant Physiology
- PHSL-P 416 Comparative Animal Physiology **AND** PHSL-P 418 Comparative Animal Physiology Lab

Capstone Courses

- CHEM-C 301 Chemistry Seminar **OR** CHEM-C 302 Chemistry Seminar

- BIOL-L 403 Biology Seminar

General & Upper-Level Electives

Students must complete a minimum of 120 credit hours and 30 credit hours at the 300-level or above. Elective courses may be necessary to complete the minimum credit hour requirements.

Chemistry

Indiana University Southeast offers a number of degrees and degree tracks in chemistry and biochemistry. These degrees can serve as the foundation for further graduate and professional training as well as preparing a person for entry into the workforce. The Bachelor of Science degrees are approved by the American Chemical Society. For more information about the chemistry program, contact the School of Natural Sciences.

- Sustainability Minor

Program Information

Mission/Vision Statement

The Chemistry Program at IU Southeast is committed to providing a complete quality undergraduate education necessary for chemistry majors to be competitive in the job market and to succeed in graduate/professional schools. The program is dedicated to offering quality courses to meet the needs of nursing, education, and other majors.

Scholarships/Awards

Students entering the university in pursuit of a chemistry degree complete for the four year renewable Malcom Kochert Scholarship for Physical Sciences. Three chemistry scholarships (Rand, Roy Goode, & Brian Hill) are available for chemistry juniors and seniors.

Learning Goals

1. Chemistry majors will gain knowledge in specific areas of chemistry, as measured against national norms.
2. Chemistry majors will demonstrate hands-on skills in the laboratory.
3. Chemistry majors will be able to communicate chemistry effectively.

4. Chemistry BS majors will participate in original research.

Chemistry (Bachelor of Science)

The Bachelor of Science degrees are approved by the American Chemical Society. These degrees are especially recommended for students who plan to pursue graduate studies in chemical sciences, including analytical, biological, inorganic, organic, medicinal, pharmaceutical, polymer, and physical chemistry, as well as those who are interested in pursuing advanced degrees in medicine, pharmacy, and dentistry. Students completing this program will receive a certificate from the American Chemical Society.

Chemistry

Degree Requirements

Students receiving the Bachelor of Science in Chemistry must complete 120 total credit hours including:

- General Education Core (30 cr.)
 - Chemistry Core (71 cr.)
 - Track (19 cr.)
 - Electives as needed to complete 120 total credit hours
-
- A minimum of 30 credit hours at the 300- or 400-level
 - Courses required for the major must be completed with a grade of C or higher
 - Courses are 3 credit hours unless otherwise noted
 - A minimum GPA of 2.0 is required

Chemistry Core (71 cr.)

Courses marked with an asterisk (*) can be used to satisfy a General Education Core Requirement.

- ENG-W 234 Technical Report Writing
- BIOL-L 101* Intro to Biological Sciences I (5 cr.)
- MATH-M 215* Calculus I (5 cr.)
- MATH-M 216 Calculus II (5 cr.)
- MATH-M 311 Calculus III
- PHYS-P 221* Physics I (5 cr.)
- PHYS-P 222 Physics II (5 cr.)
- CHEM-C 105* Principles of Chemistry I
- CHEM-C 106 Principles of Chemistry II
- CHEM-C 125* Experimental Chemistry I (2 cr.)
- CHEM-C 126 Experimental Chemistry II (2 cr.)
- CHEM-C 341 Organic Chemistry I Lecture
- CHEM-C 342 Organic Chemistry II Lecture
- CHEM-C 343 Organic Chemistry I Lab (2 cr.)
- CHEM-C 344 Organic Chemistry II Lab (2 cr.)
- CHEM-C 317 Equilibria and Electrochemistry
- CHEM-C 318 Spectroscopy and Separations
- CHEM-C 315 Chemical Measurements Lab I
- CHEM-C 361 Physical Chemistry of Bulk Matter
- CHEM-C 362 Physical Chemistry of Molecules
- CHEM-C 364 Introduction of Basic Measurements
- CHEM-C 409 Chemical Research
- CHEM-C 430 Inorganic Chemistry
- CHEM-C 470 Polymer Chemistry
- CHEM-C 484 Biomolecules and Catabolism

- Complete one of the following as a Capstone
 - CHEM-C 301 Chemistry Seminar I (1 cr.)
 - CHEM-C 302 Chemistry Seminar II (1 cr.)

Track (19 cr.)

Students must complete one of the following tracks: Traditional, or Biochemistry

Chemistry BS - Traditional Track

In addition to the Core Program Requirements stated above, students pursuing the Chemistry BS - Traditional Track must complete the Science Elective Requirement by selecting a minimum of 19 credit hours from the subjects listed below.

- Allied Health (AHLT – 200-level or above)
- Anatomy (ANAT – 200-level or above)
- Astronomy (AST – 200-level or above)
- Biology (BIOL 200-level or above)
- Chemistry (CHEM - 200-level or above & outside of major requirements)
- Computer Science (CSCI - 200-level or above)
- Physical Geography (GEOG - 100-level or above)
- Geology (GEOL - 100-level or above)
- Mathematics (MATH - 200-level or above & outside of major requirements)
- Microbiology (MICR - 200-level or above)
- Physiology (PHSL - 200-level or above)
- Physics (PHYS - 200-level or above & outside of requirements)
- Plant Sciences (PLSC - 200-level or above)
- Zoology (ZOO - 200-level or above)

Chemistry BS - Biochemistry Track

In addition to the Core Program Requirements stated above, students pursuing the Chemistry BS - Biochemistry Track must complete the Biochemistry Track Requirements listed below.

- BIOL-L 102 Introduction to Biological Sciences II (5 cr.)
- BIOL-L 211 Molecular Biology
- CHEM-C 485 Biosynthesis and Physiology
- CHEM-C 486 Biochemistry Laboratory (2 cr.)
- Complete 6 credits from the following list:
 - Allied Health (AHLT - 200 level or above)
 - Anatomy (ANAT - 200 level or above)
 - Biology (BIOL - 200-level or above & outside of major requirements)
 - Chemistry (CHEM - 200-level or above & outside of major requirements)
 - Computer Science (CSCI - 200-level or above)
 - Physical Geography (GEOG - 100-level or above)
 - Geology (GEOL - 100-level or above)
 - Mathematics (MATH - 200-level or above & outside of major requirements)
 - Microbiology (MICR - 200-level or above)
 - Physiology (PHSL - 200-level or above)
 - Physics (PHYS - 200-level or above & outside of requirements)
 - Plant Sciences (PLSC - 200-level or above)

- Zoology (ZOOL - 200-level or above)

Chemistry (Bachelor of Arts)

This degree is recommended for those students wanting to go to pre-professional schools or those interested in working in chemical industries.

Chemistry

The Business Management track is recommended for students who plan to pursue careers in industry, government, law, sales or other areas where business and administrative skills could enhance success in the field. It could also provide the basis for further studies in either the field of chemistry or business. Graduates of this program will have a seamless transition in the business of science and will have completed the required courses for entry into the MBA program.

The Biochemistry track is recommended for those students wanting to go on to medical, dental, pharmacy and other health-related pre-professional occupations, and those interested in working in chemical industries with emphasis in biotechnology and pharmaceuticals, which would require a strong background in biochemistry.

General Education & BA Distribution Component

All students pursuing the Bachelor of Arts in Chemistry must complete the campus General Education Core Requirements. See General Education Component for all IU Southeast Baccalaureate Degrees for a complete listing of requirements.

Students must also complete the campus BA Distribution requirements as stated in Bachelor of Arts Degree Requirements.

Core Program (for all Chemistry BA Tracks)

All courses listed below require a grade of C or better.

Courses marked with an asterisk (*) can be used to satisfy a General Education Core Requirement or a BA Distribution Requirement.

Technical Writing

- ENG-W 234* Technical Report Writing

Core Chemistry

- CHEM-C 105* Principles of Chemistry I
- CHEM-C 106 Principles of Chemistry II
- CHEM-C 125* Experimental Chemistry I
- CHEM-C 126 Experimental Chemistry II
- CHEM-C 341 Organic Chemistry 1 Lectures
- CHEM-C 342 Organic Chemistry 2 Lectures
- CHEM-C 343 Organic Chemistry Laboratory 1
- CHEM-C 344 Organic Chemistry Laboratory 2

Capstone

CHEM-C 301 Chemistry Seminar 1 OR CHEM-C 302 Chemistry Seminar 2

Chemistry BA - Traditional Track

In addition to the Core Program Requirements stated above, students pursuing the Traditional Track must complete the Traditional Track Requirements listed below. All courses taken to satisfy the Traditional Track Requirements require a grade of C or better. Courses

marked with an asterisk (*) can be used to satisfy a General Education Core Requirement or a BA Distribution Requirement.

- BIOL-L 100 Humans and the Biological World * OR BIOL-L 101 Introduction to Biological Sciences I OR BIOL-L 102 Introduction to Biological Sciences II
- MATH-M 215* Calculus I
- MATH-M 216 Calculus II
- PHYS-P 201* General Physics 1 OR PHYS-P 221 Physics 1
- PHYS-P 202 General Physics 2 OR PHYS-P 222 Physics 2
- CHEM-C 317 Equilibria and Electrochemistry
- CHEM-C 318 Spectroscopy and Separations
- CHEM-C 315 Chemical Measurements Lab I
- CHEM-C 361 Physical Chemistry of Bulk Matter

Chemistry BA - Business Management Track

In addition to the Core Program Requirements stated above, students pursuing the Business Management Track must complete the Business Management Track Requirements listed below. All courses taken to satisfy the Business Management Track Requirements require a grade of C or better. Courses marked with an asterisk (*) can be used to satisfy a General Education Core Requirement or a BA Distribution Requirement.

Science and Mathematics

- BIOL-L 100 Humans and the Biological World * OR BIOL-L 101 Introduction to Biological Sciences I OR BIOL-L 102 Introduction to Biological Sciences II
- MATH-M 215* Calculus I
- MATH-M 216 Calculus II
- PHYS-P 201* General Physics 1 OR PHYS-P 221 Physics 1
- PHYS-P 202 General Physics 2 OR PHYS-P 222 Physics 2
- CHEM-C 317 Equilibria and Electrochemistry
- CHEM-C 318 Spectroscopy and Separations
- CHEM-C 315 Chemical Measurements Lab I
- CHEM-C 361 Physical Chemistry of Bulk Matter

Business Courses

- BUS-A 201 Introduction to Financial Accounting
- BUS-A 202 Introduction to Managerial Accounting
- BUS-F 301 Financial Management
- BUS-M 301 Introduction to Marketing Management
- BUS-K 321 Management of Information Technology
- BUS-P 301 Operations Management
- ECON-E 201* Introduction to Microeconomics
- ECON-E 202 Introduction to Macroeconomics
- ECON-E 280 Applied Statistics for Business & Economics I

Chemistry BA - Biochemistry Track

In addition to the Core Program Requirements stated above, students pursuing the Biochemistry Track must complete the Biochemistry Track Requirements listed below. All courses taken to satisfy the Biochemistry Track Requirements require a grade of C or better. Courses marked with an asterisk (*) can be used to satisfy a

General Education Core Requirement or a BA Distribution Requirement.

Science and Mathematics

- MATH-M 119* Brief Survey of Calculus I **OR** MATH-M 215 Analytic Geometry with Calculus I
- BIOL-L 101* Introduction of Biological Sciences I
- PHYS-P 201* General Physics 1 **OR** PHYS-P 221* Physics 1

Biochemistry Courses

- CHEM-C 484 Biomolecules and Catabolism
- CHEM-C 485 Biosynthesis and Physiology
- CHEM-C 486 Biochemistry Laboratory
- CHEM-C Electives Choose **two** additional Chemistry Courses, 300-level or above (6 credits minimum)

General & Upper-Level Electives

Students must complete a minimum of 120 credit hours and 30 credit hours at the 300-level or above. Elective courses may be necessary to complete the minimum credit hour requirements.

Minor in Chemistry

Minor Requirements

All courses below require a grade of C or higher.

Chemistry Core (complete each of the following)

- CHEM-C 105 Principles of Chemistry I
- CHEM-C 106 Principles of Chemistry II
- CHEM-C 125 Experimental Chemistry I
- CHEM-C 126 Experimental Chemistry II
- CHEM-C 341 Organic Chemistry I Lecture
- CHEM-C 343 Organic Chemistry I Laboratory

Chemistry Electives (Choose two of the following)

Note: other 300-400 level Chemistry courses may be approved by the Chemistry coordinator. Speak with advisor for more information.

- CHEM-C 303 Environmental Chemistry
- CHEM-C 315 Chemical Measurements Lab I
- CHEM-C 317 Equilibria and Electrochemistry
- CHEM-C 318 Spectroscopy and Separations
- CHEM-C 333 Experimental Environmental Chemistry
- CHEM-C 342 Organic Chemistry II Lecture
- CHEM-C 344 Organic Chemistry II Laboratory
- CHEM-C 361 Physical Chemistry of Bulk Matter
- CHEM-C 362 Physical Chemistry of Molecules
- CHEM-C 364 Introduction to Basic Measurements
- CHEM-C 390 Special Topics in Chemistry (with permission only)
- CHEM-C 430 Inorganic Chemistry
- CHEM-C 470 Polymer Chemistry
- CHEM-C 484 Biomolecules and Catabolism
- CHEM-C 485 Biosynthesis and Physiology
- CHEM-C 486 Biochemistry Lab
- CHEM-C 490 Individual Study (with permission only)

Minor in Environmental Chemistry

Minor Requirements

All courses below require a grade of C or higher.

- CHEM-C 105 Principles of Chemistry I
- CHEM-C 106 Principles of Chemistry II
- CHEM-C 125 Experimental Chemistry I
- CHEM-C 126 Experimental Chemistry II
- CHEM-C 341 Organic Chemistry I Lectures
- CHEM-C 343 Organic Chemistry Laboratory I
- CHEM-C 303 Environmental Chemistry
- CHEM-C 317 Equilibria and Electrochemistry
- CHEM-C 318 Spectroscopy and Separations
- CHEM-C 333 Experimental Environmental Chemistry **OR** CHEM-C 315 Chemical Measurements Laboratory

Certificate in Environmental Science

The Certificate in Environmental Science provides an opportunity for students to supplement their major in another discipline with acknowledged course work in the environmental sciences. Prerequisite requirements are usually applicable for upper level course work and must be fulfilled before the courses can be taken. Biology major courses may be repeated only a limited number of times including late withdrawals. Required to be a major in Biology, Chemistry, Geoscience or Physics, or having completed a BA or BS degree. Students pursuing the General Studies degree may be able to add the Environmental Science Certificate with the coordinator's approval. Contact a Natural Science advisor for more information.

Certificate Requirements

Students pursuing a Certificate in Environmental Science must complete the following requirements

- 25 credit hours of required courses
- Courses must be completed with a grade of C or higher
- Courses are 3 credit hours unless otherwise noted
- A minimum cumulative GPA of 2.0 across all courses required for the certificate

Admission Requirements

The following courses are to be completed before admission into the certificate program.

- BIOL-L 101 Introduction to Biological Sciences I (5 cr.)
- BIOL-L 102 Introduction to Biological Sciences II (5 cr.)
- BIOL-L 211 Molecular Biology
- CHEM-C 105 Principles of Chemistry I
- CHEM-C 125 Experimental Chemistry I (2 cr.)
- CHEM-C 106 Principles of Chemistry II
- CHEM-C 126 Experimental Chemistry II (2 cr.)
- CHEM-C 341 Organic Chemistry I Lecture
- CHEM-C 343 Organic Chemistry Lab I (2 cr.)
- One of the following
 - GEOL-G 100 General Geology (5 cr.)
 - GEOG-G 107 Physical Systems of the Environment
- One of the following
 - MATH-M 122 College Algebra

- MATH-M 125 Pre-Calculus Mathematics
- One of the following sequences
 - PHYS-P 201/202 General Physics I/II (10 cr.)
 - PHYS-P 221/222 Physics I/II (10 cr.)

Course Requirements

- Eight credits from the following Biology Courses
 - BIOL-L 473/474 Ecology/Field & Laboratory Ecology (3/2 cr.)
 - MICR-M/BIOL-L 420/474 Environmental Microbiology/Field & Laboratory Ecology (3/2 cr.)
 - BIOL-L 343 Applied Conservation Biology (5 cr.)
 - BIOL-L 303 Field Biology
 - BIOL-L 490 Individual Study
- CHEM-C 303 Environmental Chemistry
- CHEM-C 333 Experimental Environment Chemistry (2 cr.)
- CHEM-C 318 Spectrochemistry and Separations
- GEOG-G 338 Geographic Information Systems
- GEOL-G 451 Principles of Hydrogeology
- Complete one of the following
 - PHYS-P 310 Environmental Physics
 - COAS-S 399 Internship

Computer Science

Computer Science is the chief discipline for teaching engineering principles and the tools used in software applications development. Training students in these principles and the use of software development tools is one of the primary goals of Computer Science at IU Southeast.

Program Information

Mission/Vision Statement

Our mission is to serve our constituencies in teaching, research, and service.

In teaching, we strive to provide an environment for our students to learn of computer science in particular and

instill the quest for knowledge about the greater world around them.

Through research, the faculty endeavors to generate new knowledge and stay current in a constantly changing discipline.

In service, we connect academic expertise and personal interests to our professional, university and the greater community common good.

Student Learning Goals

1. Computer Science students will demonstrate proficiency in the areas of algorithmic problem solving, data structures, and software design and analysis.
2. Computer Science students will work effectively in teams to design and implement solutions to computational problems and communicate effectively with a range of audiences using written, oral, and visual presentation skills.
3. Computer Science Graduates will be successful professionals in the computer science industry or a closely-related discipline and/or be admitted to a graduate program in computer science or a closely-related discipline defined by the Association of Computing Machinery (ACM) guidelines.

Computer Science BS Residency Requirement

The Computer Science department enforces the IU Southeast Residency Requirement and the School of Natural Sciences Residency Requirement for Bachelor's degrees with no additions.

Computer Science (Bachelor of Science)

A baccalaureate degree is offered in Computer Science.

This program recognizes the need to provide the understanding and knowledge of computer science appropriate for the varied careers available. Students may choose to emphasize Mathematics and Science, or Business, Information Systems, or Cybersecurity in their study of Computer Science at IU Southeast.

Computer Science

Degree Program Admission Requirements

To be fully admitted to the Bachelor of Science in Computer Science degree program, students must meet the School of Natural Science's admission requirements and complete CSCI-C 201 (Java Programming I) with a grade of C or better.

General Education Component

All students pursuing the Bachelor of Science in Computer Science must complete the campus General Education Core Requirements. See *General Education Component for all IU Southeast Baccalaureate Degrees* for a complete listing of requirements.

Core Program

All courses listed below for the Information Systems, the Science/Mathematics Track and/or the Cybersecurity Track require a grade of C or better. Courses marked with

an asterisk (*) can be used to satisfy a General Education Core Requirement.

Each student will select one of two major option areas in which to pursue advanced courses: (1) information systems or (2) science/mathematics. Within each option area there are required advanced sequences in computer science and related disciplines that enable students to tailor their advanced coursework to meet any one of several career objectives. Please note that taking the course requirements for either option may add up to a number less than the required 120 credit hours. The student should fulfill the remaining hours with electives.

Note: Students must petition the department coordinator for acceptance of any computer science-related coursework more than seven years old.

Information Systems Track

The Information Systems Option prepares students seeking employment in business or industry or who may pursue a graduate degree in information systems.

Within this option, the student may select courses that prepare them for careers in areas such as applications programming, business systems design and implementation, and information systems management.

Technical Writing Requirement (choose one)

- ENG-W 234 Technical Report Writing or
- ENG-W 290 Writing in the Arts and Sciences

Mathematics, Science and Business Requirements

Math

Complete one calculus sequence

- MATH-M 119* Brief Survey of Calculus I AND
- MATH-M 120 Brief Survey of Calculus II

OR

- MATH-M 215* Calculus I AND
- MATH-M 216 Calculus II

Choose one Statistics Course

- MATH-K 300 Statistical Techniques for Health Professions

OR

- ECON-E 280 Applied Statistics for Business & Econ

Physical Sciences: 3 options with a total of 1 or 2 courses

- PHYS-P 100* Physics in the Modern World

OR

- PHYS-P 201* General Physics I AND
- PHYS-P 202 General Physics II

OR

- PHYS-P 221* Physics 1 AND
- PHYS-P 222 Physics 2

Business and Economics

- BUS-A 201 Introduction to Financial Accounting

- BUS-A 202 Introduction to Managerial Accounting
- ECON-E 201 Introduction to Microeconomics
- ECON-E 202 Introduction to Macroeconomics
- BUS-F 301 Financial Management
- BUS-M 301 Introduction to Marketing Management
- BUS-P 301 Operations Management
- BUS-K 321 Management of Information Technology

Computer Science Requirements

- CSCI-C 201 Computer Programming II
- CSCI-C 202 Computer Programming
- CSCI-C 251 Foundations of Digital Computing
- CSCI-C 311 Programming Languages
- CSCI-C 335 Computer Structures
- CSCI-C 343 Data Structures
- CSCI-C 346 Software Engineering
- CSCI-B 438 Foundations of Computer Networking
- CSCI-C 455* Analysis of Algorithms I
- CSCI-P 451 Design Capstone
- CSCI-P 461 Implementation Capstone
- CSCI-B 461 Database Concepts
- CSCI-B/C/P 4XX Two elective courses in CSCI-B –C or -P numbered 400 or above.

¹CSCI-P445 and P446 must be completed as a Fall/Spring Sequence. If a student fails to complete CSCI-P446 the semester immediately following the completion of CSCI-P445, the student must repeat CSCI-P445 in a future semester in order to complete the sequence.

The Science/Mathematics Option prepares students seeking employment in the technical areas of computer applications or who may pursue a graduate degree in computer science. Within this option, the student may select courses that prepare them for careers in areas such as systems software design and implementation and scientific computing applications.

Technical Writing Requirement (choose one)

- ENG-W 234* Technical Report Writing

OR

- ENG-W 290* Writing in the Arts and Sciences

Mathematics Requirement (complete each course listed below)

- MATH-M 215* Calculus I
- MATH-M 216 Calculus II
- MATH-M 303 Linear Algebra for Undergraduates
- MATH-M 360 Elements of Probability Theory
- MATH-M 3xx/4xx One approved MATH-M course at 300 or 400 level

Natural and Physical Sciences Requirement (minimum of 15 credits required; must include General Chemistry Sequence or the Calculus Based Physics Sequence)

Physical Science Sequence (choose either CHEM-C 105/C125 & CHEM-C 106/C126 OR PHYS-P 221 & PHYS-P 222)

- CHEM-C 105/125 Principles of Chemistry I + lab; AND
- CHEM-C 106/126 Principles of Chemistry II + lab

OR

- PHYS-P 221 Physics I AND
- PHYS-P 222 Physics II

Natural & Physical Science Electives (to reach minimum of 15 credit hours)

Computer Science Requirements

- CSCI-C 104 Introduction to Computer Science
- CSCI-C 201 Computer Programming II
- CSCI-C 202 Computer Programming
- CSCI-C 251 Foundations of Digital Computing
- CSCI-C 311 Programming Languages
- CSCI-C 321 Advanced Programming
- CSCI-C 335 Computer Structures
- CSCI-C 343 Data Structures
- CSCI-C 346 Software Engineering
- CSCI-C 455 Analysis of Algorithms
- CSCI-P 436 Introduction to Operating Systems
- CSCI-C 437 Computer Security
- CSCI-P 445¹ Design Capstone
- CSCI-P 446¹ Implementation Capstone
- CSCI C463 or B498 Artificial Intelligence 1 or Introduction to Data Science
- CSCI-B/C/P 4XX 2 elective courses in CSCI-B, -C or -P numbered 400 or above.

¹CSCI-P445 and P446 must be completed as a Fall/Spring Sequence. If a student fails to complete CSCI-P446 the semester immediately following the completion of CSCI-P445, the student must repeat CSCI-P445 in a future semester in order to complete the sequence.

Cybersecurity Track

Math Requirement (Complete all listed below)

- MATH-M 215 Calculus I
- MATH-M 216 Calculus II
- MATH-M 303 Linear Algebra for Undergrad
- MATH-M 360 Elements of Probability
- CSCI-C 231 Intro: Mathematics of Cybersecurity

Science Requirements (Complete one of two options below and the Natural Science Electives)

- PHYS-P 221 Physics I (with lab) and PHYS-P 222 Physics II (with lab)

OR

- CHEM-C 105/125 General Chemistry I (with lab) and CHEM-C 106/126 General Chemistry II (with lab)

AND

- Natural Science Elective(s)- Complete five credits chosen from the following disciplines: Astronomy, Biology, Chemistry, Geosciences, or Physics.

Courses taken to satisfy above may not be used for Natural Science Electives.

Computer Science (Complete all courses listed below)

- CSCI-C 104 Intro. to Computer Science
- CSCI-C 201 Programming II
- CSCI-C 202 Intro. to SW Systems
- CSCI-C 251 Foundations of Digital Computing
- CSCI-C 335 Computer Structures
- CSCI-C 343 Data Structures
- CSCI-C 346 Software Engineering
- CSCI-B 438 Computer Networks
- CSCI-B 439 Network Security
- CSCI-P 436 Operating System Concepts
- CSCI-C 455 Analysis of Algorithms
- CSCI-P 445 Design Capstone
- CSCI-P 446 Implementation Capstone
- CSCI-C 437 Computer Security
- CSCI-C 407 Digital Forensics
- CSCI-C 439 Systems, Protocols, Information Assurance
- CSCI-C 321 Software Tools

General & Upper-Level Electives

Students must complete a minimum of 120 credit hours and 30 credit hours at the 300-level or above. Elective courses may be necessary to complete the minimum credit hour requirements.

Minor in Computer Science

Minor Requirements

All courses in core and concentrations require minimum grade of C to apply to minor.

Core Program

All courses are 4 credits unless noted otherwise.

- CSCI-C 201 Computer Programming II
- CSCI-C 202 Computer Programming
- CSCI-C 251 Foundations of Digital Computing

Specific Requirements for Concentrations

Select one concentration area and complete two required courses listed.

Cybersecurity

- CSCI-C 231 Introduction to Math of Cybersecurity
- CSCI-C 437 Computer Security (3 cr) or CSCI-C 407 Introduction to Digital Forensics (3 cr)

Computer Networking

- CSCI-B 438 Fundamentals of Computer Networks (3 cr)
- CSCI-B 439 Network Security

Database Systems

- CSCI-C 343 Data Structures
- CSCI-B 461 Database Concepts (3 cr)

Web Environment

- CSCI-C 343 Data Structures

- CSCI-P 422 Web Enterprise Systems **OR** CSCI-C 442 Database Systems

Certificate in Cybersecurity

The Certificate in Cybersecurity is a 21-23 credit program designed for students of any major or industry professionals who aspire to practice cybersecurity. All applicants are expected to have a working knowledge of common business applications software.

Certificate Requirements

Students pursuing a Certificate in Cybersecurity must complete the following requirements

- Cybersecurity Core (7 cr.)
- Track (14-15 cr.)
- All courses are 3 credit hours, unless otherwise noted
- An overall minimum GPA of 2.0 is required
- All courses require a minimum grade of C or higher

Cybersecurity Core (7 cr.)

- Complete one of the following
 - CSCI-C 251 Foundations of Digital Computing (4 cr.)
 - INFO-I 201 Mathematical Foundations of Informatics (4 cr.)
- CSCI-C 231 Introduction to the Mathematics of Cybersecurity

Select One Track

Tracks offered

- Hardware Security
- Information Security
- Networking Security

Hardware Security Track (15 cr.)

- Complete one of the following
 - CSCI-C 201 Computer Programming II (4 cr.)
 - INFO-I 210 Information Infrastructure I (4 cr.)
- Complete one of the following
 - CSCI-C 202 Introduction to Computer Software Systems (4 cr.)
 - INFO-I 211 Information Infrastructure II (4 cr.)
- CSCI-C 335 Computer Structures (4 cr.)
- CSCI-C 439 Systems, Protocol Security, and Information Assurance

Information Security Track (14 cr.)

- Complete one of the following
 - CSCI-A 201 Introduction to Programming I (4 cr.)
 - CSCI-C 201 Computer Programming II (4 cr.)
 - INFO-I 210 Information Infrastructure I (4 cr.)
- Complete one of the following
 - CSCI-A 202 Introduction to Programming II (4 cr.)
 - CSCI-C 202 Introduction to Computer Software Systems (4 cr.)

- INFO-I 211 Information Infrastructure II (4 cr.)

- Complete one of the following
 - CSCI-A 121 Cyberspace Influences on Privacy Security and Society
 - CSCI-C 437 Computer Security
- CSCI-C 407 Introduction to Digital Forensics

Networking Security Track (15 cr.)

- Complete one of the following
 - CSCI-C 201 Computer Programming II (4 cr.)
 - INFO-I 210 Information Infrastructure I (4 cr.)
- Complete one of the following
 - CSCI-C 202 Introduction to Computer Software Systems (4 cr.)
 - INFO-I 211 Information Infrastructure II (4 cr.)
- CSCI-B 438 Fundamentals of Computer Networks (4 cr.)
- CSCI-B 439 Network Security

Certificate in Information Technology

The Information Technology Certificate (ITC) is a 15-19 credit hour program designed for students of any major who aspire to incorporate computer information technology in their specific field. A student will acquire a strong background in problem solving techniques by completing two computer-programming courses.

Student Learning Goals

Upon completion of the ITC, students will be capable of the following:

- understanding, troubleshooting, and managing computing resources
- deploying technology in industry situations.

IT Certificate Residency Requirement

The Computer Science Department enforces the IU Southeast Certificate Residency Requirement (minimum of 50% of total credits) with no additions.

Admission Requirements

To be accepted into the ITC Program, a student must satisfy IUS admission requirements (see *Requirements for Entering Students*). Additionally, two years of high school mathematics or the equivalent score on the math placement test is indispensable. All courses required for the IT Certificate must be completed with a grade of C or higher. An overall GPA of at least a 2.0 is required.

IT Certificate Core

All courses below must be completed with a grade of C or higher.

- CSCI-C 106* Introduction to Computers and their Use **OR** BUS-K 201 Introduction to Computers and their Use

Choose one programming sequence (2 courses)

- CSCI-A 201 Introduction to Programming I
- CSCI-A 202 Introduction to Programming II

OR

- CSCI-C 201 Computer Programming II
- CSCI-C 202 Introduction to Software Systems

OR

- INFO-I 210 Information Infrastructure I
- INFO-I 211 Information Infrastructure II

IT Certificate Electives

All courses below require a grade of C or higher. If you would like to remain within a singular focus, please see the suggested lists below. These credits will not result in a track or concentration being added to the transcript for your certificate.

Complete one of the following Course sets(or mix any two courses from the lists below) that equal 14-19 credit hours:

Information Systems Courses

- CSCI-A 121 Cyberspace Influences on Privacy, Security, and Society
- CSCI-N 211 Introduction to Databases
- CSCI-A 211 Word Processing Applications
- CSCI-A 212 Spreadsheet Applications
- CSCI-A 213 Database Applications
- CSCI-A 247 Network Technologies and Administration
- CSCI-C 104 Introduction to Computer Science
- CSCI-C 105 Introduction to C Programming
- CSCI-C 343 Data Structures
- CSCI-N 341 Introduction to Client-Side Web Programming
- CSCI-N 342 Server-Side Programming for the Web
- INFO-I 202 Social Informatics
- INFO-I 308 Information Representation

Fine Arts Courses

- FINA-P 323 Introduction to Web Design
- FINA-S 254 Beginning Typography
- FINA-S 351 Graphic Design 2
- FINA-S 352 Graphic Design 3
- FINA-T 338 Special Topics in Digital Media

Geoscience Courses

- GEOG-G 338 Geographic Information Science
- GEOG-G 438 Advanced Geographic Information Systems

Journalism Courses

- JOUR-J 210 Visual Communication
- JOUR-J 362 Journalism Multimedia Storytelling
- JOUR-J 425 Supervision of School Media

Nursing Courses

- NURS-H 335 Data Analysis/Practice and Research
- Any Course From Another Listed Set

Sociology Courses

- SOC-S 380 Introduction to Methods and Social Research I
- SOC-S 381 Introduction to Methods and Social Research II

Psychology Courses

- PSY-P 341 Research and Quantitative Methods in Psychology I
- PSY-P 342 Research and Quantitative Methods in Psychology II
- PSY-P 354 Statistical Analysis in Psychology

Business Courses

- BUS-K 321 Management of Information Technology
- BUS-K 330 Special Topics: Information Technology Management Issues
- BUS-K 340 Enterprise Resource Planning Systems
- BUS-K 440 Business Intelligence
- BUS-P 301 Operations Management
- BUS-P 330 Project Management
- BUS-P 421 Supply Chain Management
- ECON-E 280 Applied Statistics for Business and Economics I
- ECON-E 281 Applied Statistics for Business and Economics II

Education Courses

- EDUC-W 200 Computer in Education **OR** EDUC-R 531 Computer in Education
- EDUC-W 506 Using the Internet in K-12 Classrooms
- EDUC-W 520 Technical Issues in Computer-Based Education
- EDUC-W 540 Computer-Based Teaching Methods

Criminal Justice Courses

- CJUS-P 295 Criminal Justice Data, Methods, and Resources
- Any Course From Another Listed Set

Certificate in Network Technology

The IU Southeast Certificate in Network Technology is an introductory program for teaching students about designing, configuring and maintaining computer networks. Upon completion of this program, students have the skills and knowledge for various entry-level positions in the field of information technology and computer networking. Possible careers may include IT technician, PC technician, computer network technician, network support technician, and computer support specialist. Graduates with this certificate can go on to complete their bachelor's degree or immediately enter the workforce.

- CSCI-C201 Computer Programming I **OR** INFO-I 210 Information Structure
- CSCI-C 202 Computer Programming II **OR** INFO-I 211 Information Structure II
- CSCI-A247 Network Technologies and Administration **OR** CSCI-B 439 Network Security
- CSCI-B 438 Fundamentals of Computer Networks

Certificate in Web Programming

The IU Southeast Certificate in Web Programming is an introductory program for students to gain the technical skills and techniques to build dynamic websites and applications. High quality web design is essential for the success of organizations, and they rely on web developers to design and maintain their online presence for customers around the world. Graduates with this certificate can go on

to complete their bachelor's degree or immediately enter the workforce.

Complete the following courses:

- CSCI-C 201 Computer Programming II **OR** INFO-I 210 Information Infrastructure I
- CSCI-C 202 Introduction to Software Systems **OR** INFO-I 211 Information Infrastructure II
- CSCI-A 213 Database Applications **OR** CSCI-C 442 Database Systems

Complete one of the following tracks:

- INFO-I 330 Legal and Social Informatics of Security
- INFO-I 427 Search Informatics

Informatics Track

- INFO-I 330 Legal and Social Informatics of Security
- INFO-I 427 Search Informatics

Computer Science Track

- CSCI-C 343 Data Structures and Algorithms
- CSCI-P 422 Web Programming

Bachelor of Science in Data Science - Online

Degree Requirements

Students receiving the Bachelor of Science in Data Science must complete 120 total credit hours including:

- General Education Core (30 cr.)
 - Data Science Core (65 cr.)
 - Electives as needed to complete 120 total credit hours
-
- A minimum of 30 credit hours at the 300- or 400-level
 - Courses required for the major must be completed with a grade of C or higher
 - A minimum GPA of 2.0 is required

Data Science Core

- Professional Speaking: Complete one of
 - COMM-C 180 Interpersonal Communication
 - COMM-C 223 Business and Professional Communication
 - COMM-S 122 Interpersonal Communication
 - SPCH-S 223 Business and Professional Communication
 - CMCL-C 122 Interpersonal Communication
- Professional Writing: Complete one of
 - ENG-W 230 Science Writing
 - ENG-W 231 Professional Writing Skills
 - ENG-W 233 Technical Writing
 - ENG-W 234 Technical Report Writing
 - ENG-W 270 Argumentative Writing
- CSCI-A 201 Programming I (4 cr.)
- CSCI-A 202 Programming II (4 cr.)
- CSCI-C 343 Data Structures
- MATH-M 220 Calculus for Data Science I
- MATH-M 230 Calculus for Data Science II
- Linear Algebra: Complete one of

- MATH-M 301 Linear Algebra and Applications
- MATH-M 303 Linear Algebra

- PBHL-B 302 Introduction to Biostatistics
- PBHL-B 285 Classical Biostatistical Regression Methods
- Statistical Learning & Data Analytics: Complete one of
 - PBHL-B 420 Introduction to Biostatistical Learning
 - INFO-I 415 Introduction to Statistical Learning
- INFO-I 223 Data Fluency
- Database Programming: Complete one of
 - CSCI-N 311 Database Programming
 - CSCI-C 442 Database Systems
 - INFO-I 308 Information Representation
 - CSCI-B 461 Database Concepts
- Introduction to Data Management: Complete one of
 - CSCI-N 211 Introduction to Database
 - CSCI-N 213 Database Applications
- CSCI-N 317 Computation for Scientific Applications
- INFO-I 416 Applied Cloud Computing for Data Intensive Sciences
- INFO-I 421 Applications of Data Mining
- INFO-I 453 Computer and Information Ethics
- NEWM-N 328 Visualizing Information
- PBHL-B 452 Fundamentals of Data Management
- Capstone: Complete one of
 - INFO-I 490 Professional Practicum/Internship
 - INFO-I 492 Senior Thesis

Program Information

Mission/Vision Statement

The mission of the Geoscience program is to provide an excellent scientific education through teaching, scholarship, and service. Our program offers a number of tracks in the Geosciences that support student career goals and aspirations. This program has a history of providing students with the knowledge and skills necessary for pursuing professional development and/or advanced education; and in preparation for employment.

Scholarships/Awards

Students entering the university in pursuit of a Geoscience degree can complete for the four year renewable Malcom Kochert Scholarship for Physical Sciences.

Student Learning Goals

1. Students will acquire substantive knowledge of global spatial patterns and concepts central to geosciences.
2. Students will have the analytical and technical skills necessary to perform spatial analysis and research using ArcGIS or other technology.
3. Students will acquire knowledge and skills sufficient to allow admittance to a graduate program or find employment in a related field.

Geoscience BA Residency Requirement

The Geoscience Department enforces the IU Southeast Residency Requirement and the School of Natural Sciences' Residency Requirement with no additions.

Degree Program Admission Requirements

To be fully admitted to the Bachelor of Arts in Geosciences degree program, students must meet the School of Natural Science's admission requirements and complete GEOG-G 107 (Physical Systems of the Environment) or GEOL-G 100 (General Geology) with a grade of C or better.

Geoscience (Bachelor of Arts)

The Geosciences program offers a Bachelor of Arts in Geosciences with five concentrations: Human Geography, Geographic Information Science, Environmental Geography, Physical Geography, and Geology. These disciplines prepare students for working in a broad range of Geoscience careers including the private sector, local, state and federal government, and as a preparation for graduate studies.

Geosciences

General Education & BA Distribution Components

All students pursuing the Bachelor of Arts in Geosciences must complete the campus General Education Core Requirements. See *General Education Component for all IU Southeast Baccalaureate Degrees* for a complete listing of requirements.

Students must also complete the campus BA Distribution requirements as stated in *Bachelor of Arts Degree Requirements*.

Core Program

All courses listed below require a grade of C or better.

Courses marked with an asterisk (*) can be used to satisfy a General Education Core Requirement or a BA Distribution Requirement.

Note: Students are eligible to complete no more than two geography tracks and may not double dip courses taken for the Geography/Geology Concentration Requirements, Upper-Level Geography/Geology Requirement, Geography/Geology Elective Requirements, & Geography/Geology Capstone to count for any of the other tracks, including the Geology Track.

Required Math (FOR ALL GEOGRAPHY TRACKS)

Note: Students are eligible to complete no more than two geography tracks.

- MATH-M 118* (or higher level) Finite Mathematics

Required Math (FOR GEOLOGY TRACK)

- MATH-M 215* Calculus I

Geoscience Core Requirements for all Geography Tracks and the Geology Tracks

- GEOL-G 100* General Geology
- GEOG-G 201* World Regional Geography
- GEOG-G 338 Geographic Information Science
(All students pursuing the GIS Track must complete this course on the IU Southeast campus.)

Required Geography Courses (required for all Geography Tracks)

- GEOG-G 107* Physical Systems of the Environment
- GEOG-G 108* Physical Systems of the Environment - Lab
- GEOG-G 110* Introduction to Human Geography
- GEOG-G 333 Introductory Cartography

Environmental Geography Track

Additional course work required outside of Geosciences for Environmental Track.

- BIOL-L 200* Environmental Biology & Conservation

Specific Requirements for Environmental Track - Upper Level Course

- GEOG-G 315 Environmental Conservation

Environmental Track Concentration Course: Students must select one.

- GEOG-G 307* Biogeography
- GEOG-G 308* Disasters: Natural/Human Induced
- GEOG-G 432 Current Issues in Environmental Conservation
- GEOL-G 300* Environmental and Urban Geology

Geography/Geology Electives

Students must select 6 additional credit hours at the 300-400 level, from Geography and Geology courses, that relate to the track, with approval of the Geoscience advisor.

Capstone

Students must select one capstone course. Students that wish to use the Internship or Research to satisfy the Capstone requirement must be pre-approved by the Geoscience Coordinator.

- GEOG-G 450 Undergraduate Readings and Research in Geography
- GEOG-G 460 Internship Geographical Analysis
- GEOG-G 490 Senior Seminar in Geography

Geographic Information Science Track

Additional coursework required outside of Geosciences for GIS Track

- MATH-K 300 Statistics

Choose one of the following Computer Science courses:

- CSCI-A 201 Introduction to Programming
- CSCI-N 211 Introduction to Databases

Specific Requirements for GIS Track - Upper Level Course

- GEOG-G 438 Advanced Geographic Information Science

GIS Track Concentration Course

- GEOG-G 439 Seminar in Geographic Information Science

Geography/Geology Electives

Students must select 6 additional credit hours at the 300-400 level, from Geography and Geology courses, that relate to the track, with approval of the Geoscience advisor.

Capstone

Students must select one capstone course. Students that wish to use the Internship or Research to satisfy the Capstone requirement must be pre-approved by the Geosciences Coordinator.

- GEOG-G 450 Undergraduate Research and Readings in Geography
- GEOG-G 460 Geography Internship
- GEOG-G 490 Senior Seminar in Geography

Human Geography Track

Specific Requirements for Human Geography Track - Upper Level Courses: students must select one.

- GEOG-G 323 Geography of Latin America
- GEOG-G 326 Geography of North America
- GEOG-G 425 Africa: Contemporary Geographic Problems

Human Geography Track Concentration Course - Students must select one.

- GEOG-G 213 Introduction to Economic Geography
- GEOG-G 307* Biogeography: Distribution of Life
- GEOG-G 418* Historical Geography

Geography/Geology Electives

Students must select 6 additional credit hours at the 300-400 level, from Geography and Geology courses, that relate to the track, with approval of the Geoscience advisor.

Capstone

Students must select one capstone course. Students that wish to use the Internship or Research to satisfy the Capstone requirement must be pre-approved by the Geosciences Coordinator.

- GEOG-G 450 Undergraduate Research and Readings in Geography
- GEOG-G 460 Internship Geographical Analysis
- GEOG-G 490 Senior Seminar in Geography

Physical Geography Track

Additional coursework required outside of Geosciences

Students must select 5 additional credit hours from approved laboratory courses in Biology (BIOL, PLSC, or ZOOL), Chemistry, or Physics.

Specific Requirements for Physical Geography Track - Upper Level Courses (Students must select one)

- GEOG-G 304* Physical Meteorology & Climatology
- GEOG-G 308* Natural Disasters
- GEOG-G 404 Geography of Soils
- GEOL-G 415* Geomorphology

Physical Geography Track Concentration

Students must select one course, but that course must be different than the one chosen as an upper level course.

- GEOG-G 304* Physical Meteorology & Climatology
- GEOG-G 308* Disasters: Natural/Human Induced
- GEOG-G 404 Geography of Soils
- GEOL-G 415* Geomorphology
- GEOL-G 451 Principles of Hydrogeology

Geography/Geology Electives

Students must select 6 additional credit hours at the 300-400 level, from Geography and Geology courses, that relate to the track, with approval of the Geoscience advisor.

Capstone

Students must select one capstone course. Students that wish to use the Internship or Research to satisfy the Capstone requirement must be pre-approved by the Geosciences Coordinator.

- GEOG-G 450 Undergraduate Research and Readings in Geography
- GEOG-G 460 Internship Geographical Analysis
- GEOG-G 490 Senior Seminar in Geography

Geology Track

Additional coursework required outside of Geosciences

Students on the Geology Track are required to complete 15 additional credit hours in Biology (BIOL, PLSC, or ZOOL), Chemistry, or Physics. It is recommended that students take a 10 credit hour sequence from one Natural Science Discipline (General Chemistry or General Physics) approved by the Geoscience Advisor.

Required Geology Courses

- GEOL-G 221* Introductory Mineralogy
- GEOL-G 222 Introduction to Petrology
- GEOL-G 334 Principles of Sedimentology and Stratigraphy

Specific Requirement for Geology Track - Upper Level Course

- GEOL-G 415* Geomorphology

Geology Track Concentration Course: students must select one course

- GEOG-G 304* Physical Meteorology and Climatology
- GEOG-G 404 Geography of Soils
- GEOL-G 300* Environmental and Urban Geology
- GEOL-G 451 Elements of Hydrogeology

Geography/Geology Electives

Students must select 6 additional credit hours at the 300-400 level, from Geography and Geology courses, that relate to the track, with approval of the Geoscience advisor.

Capstone

Students must select one capstone course. Both Internship and Research must be pre-approved by the Geosciences Coordinator.

- GEOL-G 410 Undergraduate Research in Geology
- GEOL-G 460 Internship in Geology

General & Upper-Level Electives

Students must complete a minimum of 120 credit hours and 30 credit hours at the 300-level or above. Elective courses may be necessary to complete the minimum credit hour requirements.

Minor in Geology

Required Courses

- GEOL-G 100 Earth Science – Geologic Aspects
- GEOL-G 221 Introductory Mineralogy
- GEOL-G 222 Introduction to Petrology

Electives

Students must select 6 additional credit hours in Geology courses at the 300-400 level, with at least 3 credit hours in lecture-based courses, with approval of the Geoscience advisor.

Minor in Geoscience

Required course. Students must select one.

- GEOG-G 107 Physical Systems of the Environment
- GEOL-G 100 Earth Science: Geologic Aspects

Course required for all Geoscience Concentration. Students must select one.

- AST-A 100 The Solar System
- AST-A 105 Stars and Galaxies
- GEOG-G 201 World Regional Geography
- GEOL-G 221 Introductory Mineralogy

Electives

Students must select 9-12 additional credit hours from Astronomy, Geography, and/or Geology courses, with at least 6 credit hours in lecture-based courses at the 300-400 level, with approval of the Geoscience advisor. Students cannot earn a minor in Geoscience if they apply for a Geoscience major or a Geography or Geology minor.

Minor in Geography

The Geography Minor is useful to all students interested in broadening their knowledge of the natural and socio-

economic systems of the World. The Geography Minor is an important addition to many majors, in particular Biology, Chemistry, Education, and Geology.

Required Courses (Complete all three)

- GEOG-G 107 Physical Systems of the Environment
- GEOG-G 110 Introduction to Human Geography
- GEOG-G 201 World Regional Geography

Course required for all Geography Concentration. Students must select one.

- GEOG-G 333 Introductory Cartography
- GEOG-G 338 Introduction of Geographic Information Science

Electives

Students must select 6 additional credit hours from Geography and Geology courses, with at least 3 credit hours in lecture-based courses at the 300-400 level, with approval of the Geoscience advisor.

Program Information

Mission/Vision Statement

The Department of Informatics fosters a broad and interdisciplinary view of informatics and uses this view to serve our constituencies in teaching, research, and civic engagement.

In teaching, we strive to prepare our students to become life-long learners as well as highly skilled professionals with strong technical and analytical skills that can be applied to other disciplines, such as arts & humanities, business, health sciences, natural sciences, and social sciences.

Through research, the faculty endeavors to generate new knowledge and stay current in a constantly changing social and psychology dimension of information

technology. The faculty introduces research results in the classroom and laboratory, and fosters the development of undergraduate research techniques thus promoting these necessary skills in our students.

In civic engagement, we thematically link community-based research, collaborative projects, service-learning, mentored internships, reflective experiential learning, and study abroad opportunities for helping our students advance on this essential learning goal.

Student Learning Goals

1. Students demonstrate knowledge of the basic facts and concepts of Informatics.
2. Students illustrate their knowledge of Informatics with critically analyzing Informatics Systems.
3. Students illustrate their knowledge to address social impact and analysis of technology.
4. Students create designs and develop Informatics systems.
5. Students communicate their learned Informatics knowledge articulately through spoken and written mediums.

Informatics BS Residency Requirement

The Informatics Department enforces the IU Southeast Residency Requirement and the School of Natural Sciences Residency Requirement with no additions.

Informatics (Bachelor of Science)

Students who successfully complete the Bachelor of Science in Informatics will have a sound understanding of Informatics and will wield a broad range of informatics skills to approach and synthesize information, and develop creative Informatics solutions. The students will also be conversant in both oral and written forms of interdisciplinary communication to facilitate the application of theory and methods to the socio-technical problems facing society today.

Informatics

Degree Program Admission Requirements

To be fully admitted to the Bachelor of Science in Informatics degree program, students must meet the School of Natural Science's admission requirements and complete INFO-I 101 (Introduction to Informatics) with a grade of C or better.

General Education Component

All students pursuing the Bachelor of Science in Informatics must complete the campus General Education Core Requirements. See General Education Component for all IU Southeast Baccalaureate Degrees for a complete listing of requirements.

Core Program

All courses listed below require a grade of C or better. Courses marked with an asterisk (*) can be used to satisfy a General Education Core Requirement.

Technical Writing Requirement

- ENG-W 234* Technical Report Writing

Information Technology Fluency Requirement

- INFO-I 110 Basic Tools of Informatics I - Programming Concepts
- INFO-I 111 Basic Tools of Informatics I - Introduction to Databases

Choose one option set from the following two options.

Note: The course sets in the options cannot be mixed and matched. Students must select and complete an option in its entirety.

- INFO-I 330 Legal and Social Informatics of Security AND
- INFO-I 427 Search Informatics

OR

- CSCI-N 341 Introduction to Client-side Web Programming AND
- CSCI-N 342 Server-side Programming for the Web

International Dimension

Choose from one of the following options:

1. Three semesters in the same foreign language, or demonstrated equivalent proficiency.
2. An international experience approved by the program director.
3. Two courses from the IU Southeast Informatics International Dimension list, displayed below.

Note: Some of these courses will not fulfill other General Education requirements. See <http://www.ius.edu/natural-sciences/programs/informatics/degree-requirements/international-dimension/index.html> to see if additional course options have been added since publication of this Bulletin.

- FINA-A 150 African, New World and Oceanic Art
- HIST-F 100 Issues in Latin American History
- HIST-F 232 Upheaval in 20th-Century Latin America
- HIST-G 100 Issues in Asian History
- HIST-H 207 Modern East Asian Civilization
- PHIL-P 170 Introduction to Asian Philosophy
- POLS-Y 107 Introduction to Comparative Politics
- POLS-Y 109 Introduction to International Relations
- POLS-Y 369 Introduction to East Asian Politics
- BUS-D 300 International Business Administration
- EALC-J 202 Second Year Japanese 2
- FINA-A 362 Art of Japan
- FINA-A 451 Art of the South Pacific
- FREN-F 250 Second Year French II: Language & Culture
- FREN-F 363 Introduction a la France Moderne
- GER-G 250 Intermediate German II
- HIST-E 100 Intro to African History
- INFO-I 356 Globalization, Where We Fit In
- MUS-M 375 Survey of Ethnic and Popular Music of the World
- PHIL-P 334 Buddhist Philosophy
- PHIL-P 374 Early Chinese Philosophy
- PSY-P 457 Topics in Psychology
- SOC-S 308 Global Society
- SPAN-S 250 Second Year Spanish II
- SPAN-S 275 Hispanic Culture and Conversation

- SPAN-S 411 Spain: The Cultural Context
- SPCH-S 427 Cross Cultural Communication

Informatics Core Requirements

- INFO-I 101 Introduction to Informatics
- INFO-I 201 Mathematical Foundations of Informatics
- INFO-I 202 Social Informatics
- INFO-I 210 Information Infrastructure I
- INFO-I 211 Information Infrastructure II
- INFO-I 300 Human-Computer Interaction
- INFO-I 308 Information Representation
- INFO-I 421 Applications for Data Mining
- INFO-Y 395 Career Development for Informatics Majors

Upper Division Major Electives

Select two of the following Upper Division Informatics courses.

- INFO-I 303 Organizational Informatics
- INFO-I 320 Distributed Systems and Collaborative Computing
- INFO-I 441 Interaction Design Practice

Capstone Course Requirement

Choose one of the following options (INFO-I-494/495 or INFO-I-491)

- INFO-I 494 Design and Development of an Information System; *and*
- INFO-I 495 Design and Development of an Information System

OR

- INFO-I 491 Capstone Project Internship*

***NOTE:** If the internship is selected, students are required to complete 6 credit hours INFO-I 491 for their capstone project internship, i.e. 360 hours of supervised work. There is a maximum of 6 credit hours allowed for INFO-I 491. Capstone project internship proposals must be pre-approved by the Informatics coordinator in writing before any work on the internship begins. Contact the Informatics coordinator at least 2 semesters in advance to the planned semester to discuss your proposal and its approval formalities.

Cognate-Specific Requirements

Students pursuing the B.S. in Informatics must select a cognate area or "track" and complete course work identified in the grids below to complete their degree. Cognate courses may not "double count" as International Dimension courses but may "double count" with General Education Requirements. Courses marked with an asterisk (*) will satisfy a General Education Requirement.

Choose one from the approved list of IU Southeast Cognate Areas: (**Note:** each cognate's specific courses are listed as follows.)

- Biology
- Business
- Chemistry
- Criminal Justice
- Computer Networking

- Digital Media
- Geosciences
- Health Science
- International Relations
- Journalism
- Pre-M.B.A.
- Psychology
- Public Service & Public Policy
- Sociology

Biology Cognate Core (21 credit hours)

- BIOL-L 101* Introduction to Biological Sciences 1
- BIOL-L 102* Introduction to Biological Sciences 2
- BIOL-L 211 Molecular Biology

Biology Cognate Electives

Choose two lectures and at least one corresponding, concurrent lab.

- BIOL-L 311/319 Genetics/ Genetics Laboratory
- BIOL-L 312/313 Cell Biology/ Cell Biology Laboratory
- MICR-M 310/315 Microbiology/ Microbiology Laboratory

Business Cognate Core (18 credit hours)

- BUS-A 201 Introduction to Financial Accounting
- ECON-E 201* Introduction to Microeconomics
- ECON-E 280 Applied Statistics for Business and Economics I

Business Cognate Electives

Choose any three courses from the list below.

- BUS-F 301 Financial Management
- BUS-K 321 Management Information Systems
- BUS-M 300 Introduction to Marketing*
- BUS-P 301 Operations Management
- BUS-Z 302 Managing and Behavior in Organizations

***Note:** BUS-M 301 Introduction to Marketing Management may be substituted for BUS-M 300, but BUS-M 301 has ECON-E 202 as an additional prerequisite.

Chemistry Cognate Core (20 credit hours)

- CHEM-C 105* Principles of Chemistry I
- CHEM-C 106 Principles of Chemistry II
- CHEM-C 125* Experimental Chemistry I
- CHEM-C 341 Organic Chemistry I Lectures
- CHEM-C 362 Physical Chemistry of Molecules

Chemistry Cognate Electives

Choose any two courses from the list below.

- CHEM-C 361 Physical Chemistry of Bulk Matter
- CHEM-C 342 Organic Chemistry Lectures 2
- CHEM-C 318 Spectrochemistry and Separations
- CHEM-C 484 Biomolecules and Catabolism
- CHEM-C 485 Biosynthesis and Physiology

Computer Networking Cognate Core (14 credit hours)

Note: If a CSCI Cognate Course is closed or is NOT offered in the desired semester, the Informatics student

needs to contact the Informatics Coordinator during the registration window of the said semester to find and preapprove a substitute course. Preapproval before taking the substitute course is mandatory.

- CSCI-A 247 Network Technologies and Administration
- CSCI-B 438 Fundamentals of Computer Networks
- CSCI-C 343 Data Structures
- CSCI-B 461 Database Concepts

Criminal Justice Cognate Core (18 credit hours)

Note: Criminal Justice Informatics students may not be required to meet all prerequisites listed elsewhere in the bulletin; however, to enroll in certain courses, you may need to contact your Academic Advisor for permission.

- CJUS-P 100 Intro to Criminal Justice
- CJUS-P 200 Theories of Crime and Deviance
- CJUS-P 295 Criminal Justice Data, Methods, & Resources

Criminal Justice Cognate Electives

Choose any three courses from the list below.

- CJUS-P 374 Substantive Criminal Law
- CJUS-P 302 Courts and Criminal Justice
- CJUS-P 301 Police in Contemporary Society

Digital Media Cognate Core (18 credit hours)

Note: For the courses listed here, Digital Media Informatics students may not be required to meet the FINA prerequisites as they are shown elsewhere in this bulletin; however, to enroll in certain courses, you may need to contact your Academic Advisor for permission.

- FINA-D 210 Digital Art: Survey and Practice
- FINA-P 323 Introduction to Web Design
- FINA-S 250 Graphic Design I
- FINA-S 351 Typography I
- Complete two of the following for 6 credit hours
 - FINA-S 217 Introduction to Video Art
 - FINA-S 305 Graphic Design Internship
 - FINA-S 310 Photography or FINA-S 291 Introduction to Photography

Geosciences Cognate Core (15 credit hours)

- MATH-K 300 Statistical Techniques for Health Professions
- GEOG-G 338 Geographic Information Science
- GEOG-G 438 Advanced Geographic Information Science
- GEOG-G 439 Seminar in Geographic Information Science

Geoscience Cognate Electives

Choose one course from the list below with program director approval.

- GEOG-G 450 Undergraduate Readings & Research in Geography
- GEOG-G 460 Internship Geographical Analysis

Health Science Cognate Core (13 credit hours)

- HIM-M 108 Introduction to Health Information Management
- HIM-M 302 Health Law and Ethics
- HIM-M 313 Principles of Health Information Management
- HIM-M 314 Lab Enrichment for Principles of Health Information Management
- HIM-M 331 Health Information Technology and Health Information Exchange

International Relations Cognate Core (18 credit hours)

- POLS-Y 107* Introduction to Comparative Politics
- POLS-Y 109* Introduction to International Relations
- POLS-Y 205 Analyzing Politics

International Relations Cognate Electives - Choose 3 of the following:

- POLS-Y 349 Comparative Public Policy
- POLS-Y 354 Ethnicity & Nationalism
- POLS-Y 360 US Foreign Policy
- POLS-Y 374 International Organizations
- POLS-Y 376 International Political Economy
- POLS-Y 471 Terrorism
- Topics Course Globalization
- Topics Course Human Rights

Journalism Cognate Core (15 credit hours)

- JOUR-C 200* Introduction to Mass Communication
- JOUR-J 200* Writing for Mass Media
- JOUR-J 210 Visual Communication
- JOUR-J 341 Newspaper Reporting
- FINA-P 323 Introduction to Web Design

Pre-MBA Cognate Core (30 credit hours)

- BUS-A 201 Introduction to Financial Accounting
- BUS-A 202 Introduction to Managerial Accounting
- ECON-E 201 Introduction to Microeconomics
- ECON-E 202 Introduction to Macroeconomics
- ECON-E 280 Applied Statistics for Business and Economics I
- BUS-F 301 Financial Management
- BUS-K 321 Management Information Systems
- BUS-P 301 Operations Management
- BUS-M 301 Introduction to Marketing Management
- MATH-M 119 Brief Survey of Calculus I

Psychology Cognate Core (16-18 credit hours)

**NOTE: Students enrolling in PSYC-P 493 must have program director's approval. Students will work with a professor to propose and carry out at least a one credit hour Informatics project related to any 300- or 400- level psychology class.*

- PSY-P 101* Introductory Psychology 1
- PSY-P 102* Introductory Psychology 2
- PSY-P 341 Research and Quantitative Methods I
- PSY-P 342 Research and Quantitative Methods II
- PSY-P 493 Independent Study*

Psychology Cognate Electives

Choose any one course from the list below.

- PSY-P 324 Abnormal Psychology
- PSY-P 329 Sensation and Perception
- PSY-P 335 Cognitive Psychology
- PSY-B 378 Introduction to Industrial Psychology

Public Service & Public Policy Cognate Core (15 credit hours)

- POLS-Y 103* Introduction to American Politics
- POLS-Y 205 Analyzing Politics

Public Service & Public Policy Cognate Electives

Choose four of the following

- POLS-Y 302 Public Bureaucracy in Modern Society
- POLS-Y 303 Public Policy
- POLS-Y 304 Constitutional Law
- POLS-Y 306 State Politics
- POLS-Y 349 Comparative Public Policy
- POLS-Y 379 Ethics in Public Policy
- POLS-Y 402 Public Budgeting
- POLS-Y 403 Legal Issues in Public Bureaucracy
- POLS-Y 404 Public Personnel Management

Sociology Cognate Core (18 credit hours)

- SOC-S 163* Social Problems
- SOC-S 380 Methods and Statistics 1
- SOC-S 381 Methods and Statistics 2

Sociology Cognate Electives

Choose any three courses from the list below.

- SOC-S 305 Population
- SOC-S 314 Social Aspects of Health & Medicine
- SOC-S 319 Science, Technology & Society
- SOC-S 360 Topics in Social Policy
- SOC-S 405 Selected Social Institutions
- SOC-R 481 Evaluation Research Methods

General & Upper-Level Electives

Students must complete a minimum of 120 credit hours and 30 credit hours at the 300-level or above. Elective courses may be necessary to complete the minimum credit hour requirements.

Bachelor of Science in Informatics - Online Collaborative Program Description

This is a joint degree offered by six campuses of IU, under the direction of the [Office of Collaborative Academic Programs](#). A faculty team, with representation from each campus, developed the shared curricular framework for this degree. The joint degree format permits the campuses to share faculty resources and thereby provide educational opportunities to students in their regions that those students might not otherwise have. Students may take informatics courses from any of the six participating campuses and have those courses apply to their degree at their home campus.

Learning Outcomes

1. Foundations of Informatics and Computing
 1. Knowledge of discrete mathematics (Sets, functions, etc.)
 2. Ability to understand and apply statistics for data analysis
 3. Ability to understand and apply the concepts of probability
 4. Basics of computers and informatics (including hardware, software, survey of informatics cognates)
 5. Knowledge of basic information representation: (binary, octal, and hex number systems)
2. Problem Solving and Programming
 1. Basic problem solving techniques (pseudocoding, flow charting)
 2. Low level representation of data (bit, byte, int, float, char, unicode, string, audio, video, image)
 3. Fundamental programming skills (variables, conditionals, loops, subprograms, and parameter passing)
 4. Proficiency in at least one programming language. Proficiency is defined as the ability to design, implement, test, and debug structured and object-oriented programs.
 5. Ability to design, implement, test, and debug web-based solutions
 6. Ability to discuss and/or construct memory based structures and algorithms (Arrays (single, multidimensional), Lists (single, double, circular), stacks, queues, binary trees)
3. Analysis and Design of Large Systems
 1. Ability to use object oriented modeling to devise a solution to a large-scale problem
 2. Ability to perform functional decomposition of a large-scale problem
 3. Ability to develop a data model and subsequent design and implementation of a database for a discipline-specific problem (including knowledge of XML and SQL)
 4. Ability to carry out key tasks of project management as it relates to large information systems projects
 5. Ability to identify elements of proper interface design, and ability to build user-centered interfaces
4. Collaboration and Teamwork with Emphasis on Virtual Teams
 1. Proficiency of contemporary technological tools for communication and collaboration
 2. Proficiency of technological tools for collaboratively designing and coding programs
 3. Ability to effectively utilize oral, written, and visual communications of both qualitative and quantitative information within the context of a team
 4. Skills, behaviors and attitudes necessary to function as an effective team member
5. Societal and Ethical Implications of Informatics

1. Articulate legal and ethical issues when using the creative work of others; respect the intellectual property of others
2. Awareness of societal laws and ethical use of information including the use of scenarios and cases to show the applications of ethical principles
3. Understanding of information privacy laws
4. Create a personal code of ethics; articulate principles for resolving ethical conflicts
5. Applications of ethical principles in research (IRB, human subject studies, animal studies, maintaining anonymity and proper data handling)
6. Application of Informatics Skills to Another Area of Specialization (cognate)
 1. Assessed by each cognate area

Degree Requirements

Students receiving the Bachelor of Science in Informatics degree must complete 120 total credit hours including:

- General Education Core (30 cr.)
 - Informatics Core (48 cr.)
 - Specialization Area (15 - 18 cr.)
 - Electives as needed to complete 120 total credit hours
-
- A minimum of 30 credit hours at the 300- or 400-level
 - Courses required for the major must be completed with a grade of C or higher
 - A minimum GPA of 2.0 is required
 - Courses are 3 credit hours unless otherwise noted

Informatics Core (48 cr.)

Note about required INFO-C courses: These courses were created for joint online program, and are not exact replicas of the INFO-I courses taken by students in the on-campus program. Instead they contain the breadth of possibilities offered by all participating campuses combined and when viewed in their entirety provide the same core learning outcomes as the on-campus face-to-face programs.

Dept.	Course Number	Course Name	Credit Hours	Minimum Grade
INFO-C	100	Informatics 3 Foundations		C
INFO-C	112	Tools of Informatics: Programming and Databases	3	C
INFO-C	201	Mathematical Foundations of Informatics	3	C
INFO-C	203	Social Informatics	3	C
INFO-C	210	Problem Solving and	3	C

			Programming I		
INFO-C	211		Problem Solving and Programming II	3	C
INFO-C	300		Human Computer Interaction	3	C
INFO-C	307		Data Representation and Organization	3	C
INFO-C	399		Database Systems	3	C
INFO-C	413		Web Design and Development	3	C
INFO-C	450		System Design	3	C
INFO-C	451		System Implementation	3	C
INFO-C	452		Project Management	3	C
INFO-	XXX		Informatics Electives	9	C

Specialization Area (15 - 18 cr.)

Students must complete one of the following specializations: Business, Health Information Management, Legal Informatics, Enterprise Resource Planning or Sustainability.

Business (15 cr.)

- BUS-J 404 Business and Society
- BUS-Z 440 Personnel: Human Resource Management
- Complete one of the following:
 - BUS-A 200 Foundations of Accounting
 - BUS-A 201 Introduction to Financial Accounting
 - BUS-A 202 Introduction to Managerial Accounting
- Complete one of the following:
 - BUS-M 300 Introduction to Marketing
 - BUS-M 301 Introduction to Marketing Management
- Complete one of the following:
 - BUS-F 301 Financial Management
 - BUS-F 302 Financial Decision Making

Health Information Management (15 cr.)

- Complete one of the following:
 - HIM-M 330 Medical Terminology
 - HIM-M 195 Medical Terminology
 - AHLT-M 195 Medical Terminology
 - AHLT-M 330 Medical Terminology

- Complete one of the following:
 - HIM-M 108 Introduction to Health Information Management
 - HIM-M 101 Introduction to Health Records
 - AHLT-M 192 Introduction to Health Information Management and Reimbursement
 - AHLT-M 392 Introduction to Health Information Management and Reimbursement
- Complete one of the following:
 - HIM-M 325 Health Information Requirements and Standards I
 - HIM-M 301 Healthcare Quality and Information Management
- Complete one of the following:
 - HIM-M 425 Quantitative Analysis of Health Information
 - HIM-M 107 Computer Application in Health Information Technology
- Complete one of the following:
 - HIM-M 350/351 (6 cr.) Pathophysiology and Pharmacology for HIM I & II
 - HIM-M 410 Computer Systems in Healthcare

Legal Informatics (15 cr.)

- INFO-C 401 Foundations in Legal Informatics
- INFO-C 402 Legal and Social Informatics of Security
- INFO-C 403 Electronic Discovery
- INFO-C 404 Litigation Support Systems and Courtroom Presentations
- INFO-C 405 Technology and the Law

Enterprise Resource Planning (18. cr)

- BUS-A 200 Introduction to Financial Accounting
- BUS-K 321 Management of Information Technology
- Complete two of the following:
 - BUS-M 300 Introduction to Marketing
 - BUS-F 301 Financial Management
 - BUS-P 301 Operations Management
 - BUS-P 421 Supply Chain Management
- BUS-K 301 Enterprise Resource Planning
- Complete one of the following:
 - BUS-K 440 Business Intelligence
 - BUS-S 435 Advanced Topics in Computer Information Systems

Sustainability (15 cr.)

- SUST-S 201 Foundations of Sustainability
- Complete 9 credit hours from the two following lists with at least one course from each
 - Science Options:
 - AHLT-H 331 Environmental Health
 - GEOG-G 315 Environmental Conservation
 - GEOL-G 185 Global Environmental Change
 - GEOL-G 400 Energy: Sources and Needs

- GEOL-G 476 Climate Change Science
- Social Science, Cultural, Economic Options:
 - BUS-B 399 Business and Society
 - GEOG-G 338 Geographic Information Systems
 - PHIL-P 306 Business Ethics
 - POLS-Y 308 Urban Politics
 - SOC-S 308 Global Society
 - SUST-B 399 Human Behavior and Social Institutions
- Complete one of the following
 - SUST-S 490 Sustainability Practicum
 - SUST-S 491 Internship in Sustainability

Academic Policies Specific to this Collaborative Degree Program

1. Movement between on-campus degree programs and the collaborative B.S. in Informatics

To provide flexibility in scheduling for students, while maintaining the continuity of the informatics program, the faculty will identify specific points in the informatics curriculum when students can move back and forth between the online and on-campus programs. At any other point in the program, students who are currently enrolled in an on-campus informatics program must receive permission from their advisor and the campus informatics director to change to the collaborative online program. Similarly, students who are currently enrolled in the collaborative online program must receive permission to change to an on-campus program. The student's campus of enrollment will determine how often such permission may be granted to a particular student.

Minor in Informatics

Students interested in the Informatics Minor are required to take the following:

- Three courses from the Informatics core course list.
- Two courses from the upper division Informatics courses.

Why obtain a Minor in Informatics?

- Informatics and computing are affecting almost all human endeavors.
- Adding an Informatics Minor will complement and enhance a student's major area of study.
- The graduate will more effectively use technology in her/his vocations and avocations.

Suggested Informatics Minor Tracts (Sequence)

Transdisciplinary Track - Informatics Minor (can be completed in 1 year - Spring, Summer, Fall)

- INFO-I 101
- INFO-I 202
- INFO-I 303
- INFO-I 330
- INFO-I 356

The Transdisciplinary Track is recommended for students pursuing a non-technical major. Many of the courses on the Transdisciplinary Track are offered online, so it is a very flexible track that can be accommodated into one's schedule easily. Students interested in the Transdisciplinary Track should contact the Academic Advisors in the School of Natural Sciences (LF 258) for personal guidance on developing a semester-by-semester course plan.

Design Track - Informatics Minor

- INFO-I 101
- INFO-I 210
- INFO-I 300
- INFO-I 303
- INFO-I 330

Technical Track - Informatics Minor

- INFO-I 101
- INFO-I 210
- INFO-I 308
- INFO-I 320
- INFO-I 427

Note: INFO-I 110 and INFO-I 111 are recommended for students with no prior exposure to computer programming.

Mathematics

Indiana University Southeast offers Bachelor of Arts and Bachelor of Science degrees in mathematics which provide a sound background for students who plan on studying for advanced degrees in mathematics, as well as for students who plan on following careers in industry, business, or education.

Contact Information

Natural Sciences Office: (812) 941-2284
Website: <https://www.ius.edu/mathematics/>

Academics

Undergraduate Degrees

- Bachelor of Arts
- Bachelor of Science

Minors

- Mathematics Minor

Program Information

Student Learning Goals

1. Students will demonstrate mathematical knowledge.
2. Students will demonstrate analytical and reasoning skills.
3. Students will be prepared for further study and for careers in their field.

Mathematics BA Residency Requirement

The Mathematics Department enforces the IU Southeast Residency Requirement and the School of Natural Science Residency Requirement with no additions.

Degree Program Admission Requirements

To be fully admitted to the Bachelor of Arts in Mathematics degree program, students must meet the School of Natural Science's admission requirements and complete

MATH-M 215 (Analytic Geometry & Calculus I) with a grade of C or better.

Mathematics (Bachelor of Science)

The Bachelor of Science in Mathematics gives a sound preparation in mathematics along with substantial background in the natural sciences. The BS in Mathematics will prepare students for a career in the actuarial field, statistics, or data analysis, or graduate study in mathematics, statistics, or related fields. The degree can be readily completed along with a degree in secondary education for students who wish to teach high school mathematics. With suitable electives, the degree may prepare a student for graduate study in computer science or careers in software development, management science, finance, or other areas in business or industry.

Mathematics

Because the BS in Mathematics shares many courses with the BS in Secondary Education with a major in mathematics, it is straightforward to complete a double degree in these areas. It is also not difficult to complete double degrees in Computer Science/Math-Science Option with the BS in Mathematics. The BS in Mathematics can be combined with coursework in business for those interested in careers in actuarial science, finance, or management science.

Student Learning Goals

1. Students will acquire mathematical knowledge.
2. Students will develop analytical and reasoning skills.
3. Students will be prepared for further study and for careers in their field.

Mathematics BS Residency Requirement

The Mathematics Department enforces the IU Southeast Residency Requirement and School of Natural Sciences Residency Requirement with no additions.

Degree Program Admission Requirements

To be fully admitted to the Bachelor of Science in Mathematics degree program, students must meet the School of Natural Science's admission requirements and complete MATH-M 215 (Analytic Geometry with Calculus I) with a grade of C or better.

General Education Component

All students pursuing the Bachelor of Science in Mathematics must complete the campus General Education Core Requirements. See *General Education Component for all IU Southeast Baccalaureate Degrees* for a complete listing of requirements.

Core Program

All courses listed below require a grade of C or better. Courses marked with an asterisk (*) can be used to satisfy a General Education Core Requirement.

Written Communication

- ENG-W 234* Technical Report Writing

AND

- MATH-M 380 History of Mathematics

Career Focus

Choose one of the following

- NATS-S 100 Introduction to Pre-Professional Science Studies
- EDUC-F 200 Examining self as Teacher

Choose one of the following

- *Two semesters of the same foreign language*
- *Eight hours of courses in the School of Education*
- *Eight hours in Computer Science above the CSCI-C 201-202 sequence already required by the BS in Mathematics*

Science Requirements

- BIOL Three (3) credit hours in Biology
- CSCI-C 201 Computer Programming II
- CSCI-C 202 Introduction to Software Systems

Student must choose one of two options:

Physics PHYS-P 221-222 or CHEM-C 105-125 and C106-126

- PHYS-P 221* Physics I
- PHYS-P 222 Physics II

OR

- CHEM-C 105* Principles of Chemistry I
- CHEM-C 125* Experimental Chemistry I
- CHEM-C 106 Principles of Chemistry II
- CHEM-C 126 Experimental Chemistry II

Mathematics Core

- MATH-M 215* Analytic Geometry and Calculus I
- MATH-M 216 Analytic Geometry and Calculus II
- MATH-M 303 Linear Algebra for Undergraduates
- MATH-M 311 Calculus 3
- MATH-M 360 Elements of Probability
- MATH-M 366 Statistical Inference
- MATH-M 391 Introduction to Mathematical Reasoning
- MATH-M 403 Introduction to Modern Algebra I
- MATH-M 413 Introduction to Analysis I

Choose one of the following

- MATH-M 493 Senior Thesis in Mathematics
- EDUC-F 401 Topical Exploration in Education

Mathematics Electives (Select 3 of the following.)

Note: Courses selected to satisfy the Written Communication Requirement and the Math Sequence Requirement may not double count as Mathematics Electives.

- MATH-M 312 Calculus IV
- MATH-M 313 Elementary Differential Equations with Applications
- MATH-M 366 Elements of Statistical Inference
- MATH-M 380 History of Mathematics
- MATH-M 403 Introduction to Modern Algebra I
- MATH-M 404 Introduction to Modern Algebra II

- MATH-M 405 Number Theory
- MATH-M 413 Introduction to Analysis I
- MATH-M 414 Introduction to Analysis II
- MATH-M 415 Elementary Complex Variables with Applications
- MATH-M 421 Elementary Topology I
- MATH-M 422 Elementary Topology II
- MATH-M 435 Introduction to Differential Geometry
- MATH-M 436 Introduction to Geometries
- MATH-M 471 Numerical Analysis I

Because the B.S. in Secondary Education (teaching major in mathematics) requires a substantial amount of mathematics, it is straightforward to complete a B.S. in Mathematics as well as the B.S. in Secondary Education by completing the latter degree and taking several additional courses. Likewise, it is straightforward to complete the B.S. in Mathematics along with the B.S. in Computer Science (Mathematics/Science Option), by completing the latter degree and taking several additional courses. Students pursuing either option will receive a double degree (not a double major) by completing all required courses for each degree. Please contact the Mathematics Department advisor for more information.

General & Upper-Level Electives

Students must complete a minimum of 120 credit hours and 30 credit hours at the 300-level or above. Elective courses may be necessary to complete the minimum credit hour requirements.

Mathematics (Bachelor of Arts)

The Bachelor of Arts in Mathematics gives a sound preparation in mathematics for students who desire a broad liberal arts education. A BA in mathematics will prepare a student for graduate study in mathematics, statistics, or related fields, as well as career paths suitable for all liberal arts degrees, such as law. A BA in mathematics will prepare a student to enter careers in statistics, data analysis, or the actuarial field. With suitable electives, a the degree will prepare a student for further study in management science, finance, or other areas.

Mathematics

General Education Component

All students pursuing the Bachelor of Arts in Mathematics must complete the campus General Education Core Requirements. See *General Education Component for all IU Southeast Baccalaureate Degrees* for a complete listing of requirements.

Students must also complete the campus BA Distribution requirements as stated in *Bachelor of Arts Degree Requirements*.

Written Communication

- ENG-W 234 Technical Report Writing
- MATH-M 380 History of Mathematics

Science Requirement

- CSCI-C 201 Computer Programming II

Mathematics Core

- MATH-M 215 Analytic Geometry and Calculus I

- MATH-M 216 Analytic Geometry and Calculus II
- MATH-M 303 Linear Algebra for Undergraduates
- MATH-M 311 Calculus III
- MATH-M 360 Elements of Probability
- MATH-M 366 Statistical Inference
- MATH-M 391 Introduction to Mathematical Reasoning
- Math-M 403 Introduction to Modern Algebra I
- MATH-M 413 Introduction to Analysis I

Choose one of the following

- MATH-M 493 **Senior** Thesis
- EDUC-F 401 Block four

Career Focus: Choose one of the following

- NATS-S 100 Introduction to Pre-professional Science Studies
- EDUC-F 200 Examining Self As Teacher

Mathematics Elective

The student must take one additional mathematics course at the 300 or 400 level (excluding K 300).

Note: Courses selected to satisfy the Written Communication Requirement and the Math Sequence Requirement may not double count as the Mathematics Elective.

These requirements are a minimum. It is strongly recommended that the candidate take electives in areas related to mathematics. Depending on interests and goals, the candidate may choose these from other mathematics offerings; from computer science offerings such as C 251; from physics offerings such as P 221-P 222; from chemistry offerings such as C 105-C 106; or from various education courses leading to certification.

- MATH-M 312 Calculus IV
- MATH-M 313 Elementary Differential Equations with Applications
- MATH-M 380 History of Mathematics
- MATH-M 403 Introduction to Modern Algebra I
- MATH-M 404 Introduction to Modern Algebra II
- MATH-M 405 Number Theory
- MATH-M 413 Introduction to Analysis I
- MATH-M 414 Introduction to Analysis II
- MATH-M 415 Elementary Complex Variables with Applications
- MATH-M 421 Elementary Topology I
- MATH-M 422 Elementary Topology II
- MATH-M 425 Graph (Network) Theory and Combinatorial Theory
- MATH-M 435 Introduction to Differential Geometry
- MATH-M 447 Mathematical Models and Applications I
- MATH-M 471 Numerical Analysis I

General & Upper-Level Electives

Students must complete a minimum of 120 credit hours and 30 credit hours at the 300-level or above. Elective courses may be necessary to complete the minimum credit hour requirements.

Minor in Mathematics

Minor Requirements

All courses listed below require a grade of C or better.

Complete all three courses below:

- MATH-M 215 Calculus I
- MATH-M 216 Calculus II
- MATH-M 311 Calculus III

Complete one of the three courses below:

- MATH-M 303 Linear Algebra for Undergraduates
- MATH-M 313 Elementary Differential Equations with Applications
- MATH-M 360 Elements of Probability

Program Information

Vision Statement

Physics is the connection of explanatory concepts, principles, theories and hypotheses to the physical world.

These connections are often made in a quantitative way using the language of mathematics. Verification of the accuracy of these conceptual connections rests in measurements made of the physical world.

It is the actual process of how the scientific community makes the connection between concepts and physical measurements which insures that scientific knowledge is reliable. This is science's most important feature.

Communicating an understanding of this process to students is the primary goal of all physics courses taught at IUS.

Student Learning Goals

1. Students will demonstrate an understanding of the role of empirical data in establishing scientific knowledge.
2. Students will demonstrate an understanding that, in addition to empirical evidence, science involves skepticism and rational arguments; that it is not opinion but is rather a reasoned consensus among informed experts which improves over time.
3. Students demonstrate an understanding of several paradigm examples of the fundamental conceptual models which underlie our current understanding of the physical world.
4. Students demonstrate technical skill in the use of several fundamental tools used in physics.

Physics BA Residency Requirement

In addition to the University Credit Hour & Residency Requirement, Physics Majors must complete the

Capstone Course (PHYS-S406) and a minimum of two upper-level (300-400 level) Physics courses in residence at IU Southeast.

Degree Program Admission Requirements

To be fully admitted to the Bachelor of Arts in Physics degree program, students must meet the School of Natural Science's admission requirements and complete PHYS-P221 (Physics I) with a grade of C or better.

Physics (Bachelor of Arts)

The physics department at IUS has a vibrant atmosphere despite its small size. Small class sizes and a small student to teacher ratio are conducive to effective learning, manifested in the fact that the gain scores in national standardized assessment tests in the introductory physics courses are considerably higher than the national average. All full-time physics faculty members at IUS hold a Ph. D. degree. The faculty members engage in research and scholarship and publish regularly in internationally recognized peer-reviewed journals. Plenty of opportunities exists for undergraduate students to gain professional experience by working closely with faculty and getting involved in their research projects.

Physics

General Education Component

All students pursuing the Bachelor of Arts in Physics must complete the campus General Education Core Requirements. See *General Education Component for all IU Southeast Baccalaureate Degrees* for a complete listing of requirements.

Students must also complete the campus BA Distribution requirements as stated in *Bachelor of Arts Degree Requirements*. Courses marked with an asterisk (*) below will satisfy a General Education or BA Distribution Requirement.

Mathematics Requirements

- MATH-M 215* Analytic Geometry and Calculus I
- MATH-M 216 Analytic Geometry and Calculus II
- MATH-M 311 Calculus III
- MATH-M 313 Differential Equations

Chemistry Requirements

- CHEM-C 105* General Chemistry I
- CHEM-C 125* Experimental Chemistry I
- CHEM-C 106 General Chemistry II
- CHEM-C 126 Experimental Chemistry II

Computer Science Requirements

- CSCI-C 201 Computer Programming II
- CSCI-C 202 Introduction to Software Systems

Physics Requirements

- PHYS-P 221* Physics I
- PHYS-P 222 Physics II
- PHYS-P 301 Physics III
- PHYS-P 309 Intermediate Physics Lab
- PHYS-P 331 Theory of Electricity and Magnetism I

- PHYS-P 340 Thermodynamics and Statistical Mechanics
- PHYS-P 441 Analytical Mechanics
- PHYS-P 453 Intro. to Quantum Mechanics
- PHYS-S 406 Physics Research/Capstone

General & Upper-Level Electives

Students must complete a minimum of 120 credit hours and 30 credit hours at the 300-level or above. Elective courses may be necessary to complete the minimum credit hour requirements.

Minor in Physics

Minor Requirements

All courses listed below require a grade of C or better.

Complete a minimum of 18 credit hours of physics.

- PHYS-P 201 & 202 General Physics I & II

OR

- PHYS-P 221 & 222 Physics I & II

Complete each of the following

- PHYS-P 301 Physics III
- PHYS-P 309 Modern Physics Lab
- PHYS-P One additional course, 300-level or above

Sustainability and Regeneration (Bachelor of Science)

Program Description

The Brundtland Commission (formerly, the World Commission on Environment and Development, 1987) envisioned the concept: sustainable development is development that "meets the needs of the present generation without compromising the ability of future generations to meet their own needs." The logical components of a sustainable development strategy encompass environmental, economic, social, and

political elements. This bachelor's curriculum is a truly multidisciplinary program, based on the three pillars of sustainability: environmental, social and economic.

Students attracted to the sustainability degree are expected to work for governments, private businesses, and special interest organizations that seek to sustain and improve both current and future conditions for life on earth. The interdisciplinary degree seeks to provide them with skills and perspectives that will serve the development of their own rewarding careers in this field.

The strengths of the BS program are:

- Offers a holistic interdisciplinary approach.
- Engages students in relevant civic engagement opportunities in the Southern Indiana - Louisville metropolitan region.
- Provides an alternative program for students interested in environmental issues but less interested in scientific occupations.
- Enhances the practical experience with courses in the social sciences, humanities, natural sciences, and business.
- Requires application of knowledge with independent research in a project.

Degree Requirements

- *General*

Complete 120 total credit hours, with at least 30 at the 300-400 (upper division) level, and a program cumulative grade point average of 2.0.

- *General Education Requirements (30 credit hours)*

Complete the [University General Education](#) requirements. Note: Some of the course options in some categories of the General Education curriculum also fulfill specific major requirements. Please see annotations in major grid below, identifying these double-duty courses, for maximizing your degree completion efficiency.

- *Major*
 - *Breadth Requirements (15 credit hours)*

Mathematics and Statistics

- MATH-A 118¹ Finite Math for Social and Biological Sciences

AND

- MATH-K 300 Statistical Techniques for Health Professions

OR

- PSY-P 341 Research in Psychology I

OR

- SOC-S 380 Methods of Social Research

OR

- ECON-E 280 Applied Statistics for Business and Economics

Social and Natural Sciences

- GEOG-G 338 Geographic Information Science

OR

- ECON-E 338 Business and Economic Applications of Geographical Information Systems

AND

- SOC-S 163² Social Problems

OR

- SOC-S 203 Sociological Concepts and Perspectives

Research Writing: Choose one

- ENG-W 231³ Professional Writing Skills
- ENG-W 234³ Technical Report Writing
- ENG-W 270³ Argumentative Writing

¹ Fulfills General Education Quantitative Reasoning requirement too.

² Fulfills General Education Social and Behavioral Sciences requirement too.

³ Fulfills General Education Second Level Written Communications Requirements too.

- *Primary Sustainability Courses (12 credit hours)*
- SUST-S 211 Sustainability and Regeneration: The Essentials
- PHYS-P 120 Energy and Technology
- PHIL-P 237 Environmental Ethics
- SOC-S 309 The Community
- *Secondary Sustainability Courses (9 credit hours)*

Complete one course from each discipline, Environmental, Social, and Economic Sustainability

Environmental Sustainability: Choose one

- EDUC-Q 450/550 Science Technology and Society for a Changing World
- BIOL-L 200 Environmental Biology and Conservation

Social Sustainability: Choose one

- SOC-S 305 Population
- SOC-S 308 Global Society

Economic Sustainability: Choose one

- POLS-Y 376 International Political Economy
- ECON-E 363 Environmental and Natural Resource Economics
- *Specialization Area (12-13 credit hours)*

Choose one specialization area and complete a minimum of 12-13 credit hours in that area, beyond what was taken for Secondary Sustainability area above. Upper level (300-400 level) courses not used to fulfill the required secondary courses above may be used to fulfill this requirement. Course list is subject to change. Please consult with academic advisor for current

offerings. Check schedule of classes for necessary pre-requisites.

Environmental Sustainability Track Options

- BIOL-L 303 Field Biology
- BIOL-L 343 Applied Conservation Biology
- BIOL-L 473/474 Ecology (lecture+ lab)
- CHEM-C 303 Environmental Chemistry
- CHEM-C 305 Environmental Chemistry Seminar
- CHEM-C 318 Spectrochemistry and Separations
- CHEM-C 333 Experimental Environmental Chemistry
- EDUC-Q 450 Science, Technology, & Society for a Changing World
- GEOG-G 304 Physical Climatology
- GEOG-G 307 Biogeography
- GEOG-G 308 Disasters: Natural and Human Induced
- GEOG-G 314 Urban Geography
- GEOG-G 315 Environmental Conservation
- GEOG-G 338 Geographic Information Science
- GEOG-G 369 Geography of Food
- GEOG-G 404 Geography of Soils
- GEOL-G 300 Environmental and Urban Geology
- GEOL-G 400 Energy: Sources and Needs
- GEOL-G 430 Principles of Hydrology
- GEOG-G 438 Advanced Geographic Information Systems
- GEOG-G 439 GIS and Environmental Analysis
- MICR-M 420 Environmental Microbiology
- PHYS-P 310 Environmental Physics

Social Sustainability Track Options

- HIST-F 350 The Environment in Latin American History
- HIST-F 360 Natural Disasters in Latin American History
- HIST-H 243 Environmental History
- HIST-H 373 History of Science and Technology
- PSY-P 488 Environmental Psychology and Sustainable Living
- POLS-Y 303 Policy Making in the U.S
- REL-R 371 Religion, Ethics, and the Environment
- SOC-R 463 Inequality and Society
- SOC-S 305 Populations
- SOC-S 308 Global Society
- SUST-S 361 Substantiality Abroad

Economic Sustainability Track Options

- ECON-E 363 Environmental and Natural Resource Economics
- POLS-Y 376 International Political Economy
- SOC-S 360 Topics in Social Policy
- SOC-S 419 Social Movements and Collective Action
- SOC-S 403 Industry, Labor, and Community

Internship Option

Students may elect a COAS-S 399 Internship as part of the specialization area. A maximum of 2 credit hours of internship credit may be applied to the specialization area;

and must be pre-approved by faculty member sponsoring the internship.

- *Required Associated Discipline Minor (15-20)*

Bachelor's of Science students choose and complete a minor related to their area of specialization. Courses taken elsewhere in the degree may count toward the minor requirements.

Environmental Sustainability

- Biology
- Environmental Chemistry
- Geography
- Geology
- Geosciences
- Microbiology
- Physics

Social Sustainability

- Creative Writing
- History
- Literature
- Philosophy
- Professional Writing
- Psychology
- Sociology
- Writing

Economic Sustainability:

- Economics
- Political Science

- *Senior Experience Requirements (6 credit hours)*

To begin work on the Senior Experience, students must have completed all primary and secondary coursework as well as a minimum of 5 credits of specialization courses. As part of the Senior Experience, all students must complete one Experiential Learning Course and the Sustainability Capstone course.

- SUST-S 491 Internship in Sustainability
- SUST-S 415 Research in Sustainability and Regeneration

Capstone Course

- SUST-S 410 Readings in Sustainability and Regeneration

Sustainability and Regeneration (Bachelor of Arts)

Program Description

The Brundtland Commission (formerly, the World Commission on Environment and Development, 1987) envisioned the concept: sustainable development is development that "meets the needs of the present generation without compromising the ability of future generations to meet their own needs." The logical components of a sustainable development strategy encompass environmental, economic, social, and political elements. This bachelor's curriculum is a truly multidisciplinary program, based on the three pillars of sustainability: environmental, social and economic.

Students attracted to the sustainability degree are expected to work for governments, private businesses, and special interest organizations that seek to sustain and improve both current and future conditions for life on earth. The interdisciplinary degree seeks to provide them with skills and perspectives that will serve the development of their own rewarding careers in this field.

The strengths of the BA program are:

- Offers a holistic interdisciplinary approach.
- Engages students in relevant civic engagement opportunities in the Southern Indiana - Louisville metropolitan region.
- Provides an alternative program for students interested in environmental issues but less interested in scientific occupations.
- Enhances the liberal arts experience with courses in the social sciences, humanities, natural sciences, and business.

Degree Requirements

- *General*

Complete 120 total credit hours, with at least 30 at the 300-400 (upper division) level, and a program cumulative grade point average of 2.0.

- *General Education Requirements (30 credit hours)*

Complete the [University General Education](#) requirements. Note: Some of the course options in some categories of the General Education curriculum also fulfill specific major requirements. Please see annotations in major grid below, identifying these double-duty courses, for maximizing your degree completion efficiency.

- *Bachelor of Arts Distribution Requirements (27 credits hours)*

Complete the additional BA Distribution requirements beyond General Education. Note: Some of the course options in some categories of the BA Distribution curriculum also fulfill specific major requirements. Please see annotations in major grid below, identifying these double-duty courses, for maximizing your degree completion efficiency.

- *Major*
 - *Breadth Requirements (9 credit hours)*
- *Mathematics:*
 - MATH-A 118¹ Finite Math for Social and Biological Sciences

Social Sciences: Choose one

- SOC-S 163² Social Problems
- SOC-S 203² Sociological Concepts & Perspectives

Research Writing: Choose one

- ENG-W 231³ Professional Writing Skills
- ENG-W 234³ Technical Report Writing

- ENG-W 270³ Argumentative Writing

¹Fulfills General Education Quantitative Reasoning requirement too.

²Together fulfill both the General Education and BA Distribution Requirements in Social Sciences too.

³Fulfills General Education Second Level Writing requirement too.

- *Primary Sustainability Courses (12 credit hours)*
- SUST-S 211 Sustainability and Regeneration: The Essentials
- PHYS-P 120¹ Energy and Technology
- PHIL-P 237 Environmental Ethics
- SOC-S 309 The Community

¹Also fulfills BA Distribution requirement in Natural Sciences.

- *Secondary Sustainability Courses (9 credits)*

Complete one course from each discipline, Environmental, Social and Economic sustainability.

Environmental Sustainability: Choose one

- EDUC-Q 450 Science Technology and Society for a Changing World
- BIOL-L 200 Environmental Biology and Conservation

Social Sustainability: Choose one

- SOC-S 305 Population
- SOC-S 308 Global Society

Economic Sustainability: Choose One

- POLS-Y 376 International Political Economy
- ECON-E 363 Environmental and Natural Resource Economics
- *Specialization Area Requirements (12-13)*

Choose one specialization area and complete a minimum of 12-13 credit hours in that area, beyond what was taken for Secondary Sustainability area above. Upper level (300-400 level) courses not used to fulfill the required secondary courses above may be used to fulfill this requirement. Course list is subject to change. Please consult with academic advisor for current offerings. Check schedule of classes for necessary pre-requisites.

Environmental Sustainability Options

- BIOL-L 303 Field Biology
- BIOL-L 343 Applied Conservation Biology
- BIOL-L 473/474 Ecology (lecture+ lab)
- CHEM-C 303 Environmental Chemistry
- CHEM-C 305 Environmental Chemistry Seminar
- CHEM-C 318 Spectrochemistry and Separations
- CHEM-C 333 Experimental Environmental Chemistry
- EDUC-Q 450 Science, Technology, & Society for a Changing World

- SUST-S 491 Internship in Sustainability

Internship Option

Students may elect a COAS-S 399 Internship as part of the specialization area. A maximum of 2 credit hours of internship credit may be applied to the specialization area; and must be pre-approved by faculty member sponsoring the internship.

- *Senior Experience Requirements (6 credit hours)*

To begin work on Senior Experience, student must have completed all primary & secondary coursework as well as a minimum of 5 credits of specialization courses. As part of the Senior Experience, all students must complete one Experiential Learning Course and the Sustainability Capstone course.

Experiential Learning: Choose one

- SUST-S 415 Research in Sustainability and Regeneration

Capstone

- SUST-S 410 Readings in Sustainability and Regeneration

Minor in Sustainability and Regeneration

The Minor in Sustainability provides an interdisciplinary combination of courses in a liberal arts setting that will prepare students for careers in environmental and sustainability education, advocacy, and management.

Minor Requirements

All courses listed below require a grade of C or better.

Primary Courses (Complete each of the following)

- SUST-S 211 Sustainability and Regeneration: The Essentials
- PHYS-P 120 Energy & Technology
- PHIL-P 237 Environmental Ethics
- SOC-S 309 The Community

Secondary Courses (Complete one course from each discipline below)

Environmental Science (Choose one)

- EDUC-Q 450 & 550 Science Technology & Society in a Changing World
- BIOL-L 200 Environmental Biology

Social Sustainability (Choose one)

- SOC-S 305 Populations & Human Ecology
- SOC-S 308 Global Society

Economic Sustainability (Choose one)

- ECON-E 363 Environmental & Natural Resources
- POLS-Y 376 International Political Economy

Bachelor of Arts in Sustainability Studies - Online

Degree Requirements

Students receiving the Bachelor of Arts in Sustainability Studies must complete 120 total credit hours including:

- General Education Core (30 cr.)
 - Foreign Language Requirement (14 cr.)
 - Bachelor of Arts Distribution Requirement (15 cr.)
 - Sustainability Core (42 cr.)
 - Electives as needed to complete 120 total credit hours
-
- A minimum of 30 credit hours at the 300- or 400-level
 - Courses required for the major must be completed with a grade of C or higher
 - Courses are 3 credit hours unless otherwise noted
 - A minimum GPA of 2.0 is required
-

Sustainability Core

- SUST-C 301 Foundations of Sustainability
- Complete 3 credits from the following
 - GEOG-G 107 Physical Systems of the Environment
 - GEOG-G 108 Physical Systems of the Environment - Lab (2 cr.)
 - GEOG-G 110 Intro to Human Geography
 - GEOG-G 111 Hurricanes (1 cr.)
 - GEOG-G 112 Thunderstorms and Tornadoes (1 cr.)
 - GEOG-G 113 Ozone Hole (1 cr.)
 - GEOG-G 114 Greenhouse Effect and Global Warming (1 cr.)
 - GEOG-G 123 Soil Survey
 - GEOG-G 208 Environment and Society
 - GEOL-G 135 Indiana Geology
 - GEOL-G 136 Indiana Geology - Lab (2 cr.)
 - GEOL-G 101 Intro to Earth Science
 - GEOL-G 107 Earth and our Environment
 - GEOL-G 110 How the Earth Works
 - GEOL-G 115 Intro to Oceanography
 - GEOL-G 185 Global Environmental Change
 - PHYS-P 120 Energy and Technology
- Complete one introductory level sustainability science course from the following:
 - GEOG-G 107 Physical Systems of the Environment
 - GEOG-G 108 Physical Systems of the Environment lab
 - GEOG-G 110 Human Geography in a Changing World
 - GEOL-G 101 Introduction to Earth Science
 - GEOL-G 185 Global Environmental Change
- Complete one upper-level sustainability science course from the following:
 - GEOL-G 400 Energy: Sources and Needs
 - BIOL-L 325 Ecological Principles
- Complete two courses in the Social & Behavioral Foundations of Sustainability from the following:
 - AAAD-A 301 Community Planning and Development
 - AAAD-D 3XX Minority People in the United States
 - AAAD-A 3XX The Urban Community
 - CHRI-C 3XX Topics in Latino Studies - Sustainability related topics
 - GEOG-G 315 Environmental Conservation
 - POLS-Y 308 Urban Politics
 - POLS-Y 346 Politics of the Developing World
 - SOC-S 308 Global Society
 - SUST-C 340 Social and Behavioral Foundations of Sustainability
- Complete 3 credits in Arts and Humanities and Sustainability from the following:
 - SUST-C 350 Sustainability in the Arts and Humanities
 - ENG-L 301 Early British Literature Survey: Through the eyes of Animals
- Complete 6 credits from the following
 - SOC-S 261 Research Methods in Sociology
 - SOC-S 262 Statistics for Sociology
 - ECON-E 270 Intro to Statistical Theory in Economics and Business
 - GEOG-G 338 Geographic Information Science
 - GEOG-G 438 Advanced Geographical Information Science
 - SUST-C 320 Methods and Applications in Sustainability
- Complete 3 credits from the following
 - ENGL-W 270 Argumentative Writing
 - ENG-W 231 Professional Writing Skills
 - ENG-W 234 Technical Report Writing
 - ENG-W 230 Science Writing
 - ENG-W 250 Writing in Context - Nature Writing
- Complete 3 credits in Business and Economics of Sustainability from the following:
 - GEOG-G 314 Urban Geography
 - PHIL-P 306 Business Ethics
 - SUST-C 360 Business and Economics of Sustainability
- Complete Sustainability Capstone
 - SUST-C 490 Capstone in Sustainability
- Sustainability Electives - Complete 6 additional credit hours from the noted lists.

Certificate in Sustainability

The certificate program provides an interdisciplinary combination of courses in a liberal arts setting that will prepare students for careers in environmental and sustainability education, advocacy, and management. The Brundtland Commission (formerly, the World Commission on Environment and Development, 1987) envisioned the concept: sustainable development is development that “meets the needs of the present generation without compromising the ability of future generations to meet their own needs.” The logical components of a sustainable development strategy encompass environmental, economic, social, and political elements. Students attracted to the environmental and sustainability management certificate are expected to work for governments, private businesses, and special interest organizations that seek to sustain and improve both current and future conditions for life on earth. The interdisciplinary certificate program seeks to provide them with skills and perspectives that will serve the development of their own rewarding careers in this field. The strengths of the certificate program are: Offers a holistic interdisciplinary approach; Engages students in relevant civic engagement opportunities in the Southern Indiana - Louisville metropolitan region; Provides an alternative program for students interested in environmental issues but less interested in scientific occupations; Enhances the liberal arts experience with courses in the social sciences, humanities, natural sciences, education and business.

Student Learning Goals

1. Comprehend the three pillars of sustainability: Environmental, Social and Economic.

2. Explain their inter-relationships Environmental, Social and Economic sustainability.
3. Identify sustainability principles within their academic specialty.
4. Be able to begin to analyze local, national and global problems using sustainability principles
5. Be able to begin to apply principles of sustainability to propose solution local, national and global problems.
6. Document how sustainability principles have influenced personal and professional values.

Sustainability Certificate Residency Requirement

The Sustainability Certificate program enforces the IU Southeast Certificate Residency Requirement (minimum of 50% of total credits) with no additions.

Core Program

All courses listed below require a grade of C or better.

Primary Courses (Complete each of the following)

- PHYS-P 120 Energy & Technology
- PHIL-P 237 Environmental Ethics
- SOC-S 309 The Community

Secondary Courses (Complete one course from each discipline below)

Environmental Science (Choose one)

- EDUC-Q 450 & 550 Science Technology & Society in a Changing World
- BIOL-L 200 Environmental Biology

Social Sustainability (Choose one)

- SOC-S 305 Populations & Human Ecology
- SOC-S 308 Global Society

Economic Sustainability (Choose one)

- ECON-E 363 Environmental & Natural Resources
- POLS-Y 376 International Political Economy

Specialization Are (Choose one are and complete a minimum of 8 credit hours in that area.)

Environmental Sustainability Course List

- BIOL-L 303 Field Biology
- BIOL-L 343 Applied Conservation Biology
- BIOL-L &
- BIOL-L 473 &
- 474 Ecology &
- Ecology Lab
- BIOL-L 579 Community Ecology
- CHEM-C 303 Environmental Chemistry
- CHEM-C 305 Environmental Chemistry Seminar
- CHEM-C 318 Spectrochemistry & Separations
- CHEM-C 333 Experimental Environmental Chemistry
- GEOG-G 213 Introduction to Economic Geography
- GEOG-G 307 Biogeography
- GEOG-G 315 Environmental Conservation
- GEOG-G 338 Geographic Information Science
- GEOG-G 432 Current Issues in Environmental Conservation

- GEOG-G 438 Advanced Geographic Information Systems
- GEOG-G 439 Seminar in Geographic Information
- GEOL-G 400 Energy: Sources and Needs
- MICR-M 420 Environmental Microbiology
- PHYS-P 310 Environmental Physics

Social Sustainability Course List

- REL-R 371 Religion, Ethics, and the Environment
- POLS-Y 303 Formation of Public Policy
- PSY-P 457 Topics in Psychology: Environmental Psychology & Sustainable Living
- SOC-S 305 Populations & Human Ecology
- SOC-S 308 Global Society

Economic Sustainability Course List

- ECON-E 363 Environmental & Natural Resources
- POLS-Y 376 International Political Economy
- SOC-S 360 Topics in Social Policy
- SOC-S 419 Social Movements and Collective Action
- SOC-S 403 Industry, Labor, & Community

Internship (A max. of 2 credits of Internship may be applied toward specialization area)

- COAS-S 399 Internship

Financial Aid

Students may not currently receive Financial Aid for the Sustainability Certificate.

General Information

Standards of Performance

Students in the School of Nursing are expected to adhere to standards of performance and ethics that are the foundation of the nursing profession. These standards include:

- IU Southeast Code of Student Rights, Responsibilities, and Conduct
- [ANA Code of Ethics for Nurses](#); and
- IU Southeast School of Nursing Essential Abilities (see immediately below).

Essential Abilities

Students accepted into the IU Southeast School of Nursing program will need the cognitive ability, emotional stability, and physical endurance to complete the program and practice professional nursing. When determining professional suitability for the practice of nursing, the student must be able to do the following: exercise safe judgments based on assessment data, remain visibly calm in emergency situations, interact in a caring manner with others, follow directions, be flexible, and demonstrate honesty, integrity, commitment, cooperation, respect, and accountability. The student must not pose a significant risk to the health and safety of self or others. Qualified applicants are expected to meet all admission criteria and matriculating students are expected to meet all progression criteria, as well as the following essential abilities:

1. Essential judgment skills to include: ability to identify, assess, and comprehend conditions surrounding patient situations for the purpose of problem solving around patient conditions and coming to appropriate conclusions and/or course of actions.
2. Essential physical/neurological functions to include: ability to use the senses of seeing, hearing, touch, and smell to make correct judgments regarding patient conditions and meet physical expectations to perform required interventions for the purpose of demonstrating competence to safely engage in the practice of nursing. Behaviors that demonstrate essential neurological and physical functions include, but are not limited to observation, listening, understanding relationships, writing, and psychomotor abilities consistent with course and program expectations.
3. Essential communication skills to include: ability to communicate effectively with fellow students, faculty, patients, and all members of the health care team. Skills include verbal, written, and nonverbal abilities as well as information technology skills consistent with effective communication.
4. Essential emotional coping skills: ability to demonstrate the mental health necessary to safely engage in the practice of nursing as determined by professional standards of practice.
5. Essential intellectual/conceptual skills to include: ability to measure, calculate, analyze, synthesize, and evaluate to engage competently in the safe practice of nursing.
6. Other essential behavioral attributes: ability to engage in activities consistent with safe nursing practice without demonstrated behaviors of addiction to, abuse of, or dependence on alcohol or other drugs that may impair behavior or judgment. The student must demonstrate responsibility and accountability for actions as a student in the School of Nursing and as a developing professional nurse consistent with accepted standards of practice (School of Nursing, General Policies, C-5 - Essential Abilities).

Students failing to meet these essential abilities, as determined by faculty, at any point in their academic program may have their progress interrupted until they have demonstrated their ability to meet these essential

abilities within negotiated time frames. Refer to Student Policies for more information.

ANA Standards of Professional Performance

The American Nurses Association has implemented Standards of Professional Performance (2010) that describe a competent level of behavior in the professional role. Registered nurses are accountable for their professional actions to themselves, their patients, their peers, and ultimately to society.

1. The registered nurse practices ethically.
2. The registered nurse attains knowledge and competency that reflects current nursing practice.
3. The registered nurse integrates evidence and research findings into practice.
4. The registered nurse contributes to quality nursing practice.
5. The registered nurse communicates effectively in all areas of practice.
6. The registered nurse demonstrates leadership in the professional practice settings and the profession.
7. The registered nurse collaborates with healthcare consumer, family and others in the conduct of nursing practice.
8. The registered nurse evaluates her or his own nursing practice in relation to professional practice standards and guidelines, relevant statutes, rules, and regulations.
9. The registered nurse utilizes appropriate resources to plan and provide nursing services that are safe, effective, and financially responsible.
10. The registered nurse practices in an environmentally safe and healthy manner.

ANA Code of Ethics for Nurses

Each person, upon entering the nursing profession, inherits a measure of the responsibility and trust associated with the profession, along with the corresponding obligation to adhere to the standards of ethical practice and conduct it has set. Nursing students are expected to show responsibility in their behavior; to deal with faculty, peers, patients, and clinical staff in a direct and honest manner; and to be professional in their conduct. ***Students who violate accepted standards for professional nursing may be discharged from the program.*** The Code of Ethics for Nurses was adopted by the American Nurses Association in 1950 and revised in 1960, 1968, 1976, 1985, and 2001 (Reissued in 2010).

1. The nurse practices with compassion and respect for the inherent dignity, worth and unique attributes of every person.
2. The nurse's primary commitment is to the patient, whether an individual, family, group, community or population.
3. The nurse promotes, advocates for, and protects the rights, health, and safety of the patient.
4. The nurse has authority, accountability, and responsibility for nursing practice; makes decisions; and takes action consistent with the obligation to promote health and to provide optimal care.
5. The nurse owes the same duties to self as to others, including the responsibility to promote health and safety, preserve wholeness of character

and integrity, maintain competence, and continue personal and professional growth.

6. The nurse, through individual and collective effort, establishes, maintains, and improves the ethical environments of the work setting and conditions of employment that are conducive to safe, quality health care.
7. The nurse, in all roles and settings, advances the profession through research and scholarly inquiry, professional standards development, and the generation of both nursing and health policy.
8. The nurse collaborates with other health professionals and the public to protect human rights, promote health diplomacy, and reduce health disparities.
9. The profession of nursing, collectively through its professional organizations, must articulate nursing values, maintain the integrity of the profession, and integrate principles of social justice into nursing and health policy.

Student Nurses Association (SNA)

With membership of approximately 50,000 nursing students nationwide, the National Student Nurses' Association (SNA) mentors the professional development of future nurses and facilitates their entrance into the profession by providing educational resources, leadership opportunities, and career guidance.

Indiana University Southeast School of Nursing students are encouraged to join the SNA as sophomores to gain experience for leadership positions in the association as juniors and seniors.

Students are also encouraged to become involved in other IU Southeast student groups, activities, programs, and leadership experiences. For more information, contact the Office of Campus Life.

Mission

The mission of the Indiana University Southeast School of Nursing is to create a community of learning that supports excellence in education, utilizing evidence-based practice to promote the health of the people we serve.

We strive to nurture students, faculty, and staff from diverse backgrounds while addressing society's need for caring, competent professionals.

Student Outcomes

1. A critical thinker who demonstrates intellectual engagement and uses evidence as a basis for clinical reasoning and decision making.
2. A culturally sensitive individual who promotes diversity, equity, and inclusion across the care continuum
3. A knowledgeable care coordinator who facilitates access to resources across the continuum of health care environments in order to meet the evolving health care needs of individuals, families, communities, and populations.
4. An individual who understands and considers the impact of health care policy, finance, and regulatory environments on care delivery.
5. An individual who embodies the professional identity of the nurse and who translates the inherent values

of the nursing profession into the ethical and legal practice of nursing.

6. An effective communicator who collaborates with inter-professional team members, patients, and their support systems for improved health outcomes.
7. A competent care provider who is prepared to practice to the full capacity of the professional nurse role in diverse health care environments.
8. An accountable leader and manager who applies principles of systems and organizational processes and who balances resources to promote quality care and patient safety.
9. An individual who embraces and employs innovations in information management and technology in the delivery of quality patient care.

The outcomes listed are for the BSN program, not the Applied Health Science and Graduate nursing programs.

Policies and Procedures

The School of Nursing is committed to educating professional nurses and is obligated to provide safe and effective care to the clients we serve. Students are expected to be in compliance with program requirements at all times

BSN Requirements and Registering for Nursing Classes

In order to register for nursing classes, authorization must be granted from the School of Nursing. Annual requirements must be up-to-date and current for the entire academic year in which the student is enrolling before the student can be authorized.

Academic Standing

Good Standing - Students who maintain a minimum cumulative grade point average (GPA) of 2.0 and earn a grade of "C" (2.0) or better in all required general education and didactic courses and a grade of "S" in all required practicum/clinical courses will be considered in good standing.

Graduation Requirements

1. 120 credit hours of course completed course work in the nursing curriculum
2. Grade point average of 2.0 (C) or above
3. Grade of C or above in each required course and satisfactory (S) in all practica
4. Incomplete, deferred grades removed from the transcript
5. Special credit courses on transcript
6. Course work completed within six years of enrollment in nursing courses

Senior Recognition Awards

Senior awards provide a mechanism for recognizing graduates for their accomplishments in academics, leadership and competency achievements. The School of Nursing recognizes outstanding graduates annually at the baccalaureate ceremony.

Scholarships

The student financial aid program provides assistance and advice to students. Scholarships, grants, loans, and

part-time employment are available singly or in various combinations to assist in meeting the difference between the cost of attending IU Southeast and the amount the student and the student's family can reasonably be expected to provide. Contact the Financial Aid Office (US-105) at www.ius.edu/FinancialAid/ or call (812) 941-2246.

Scholarships are available specifically for nursing students. On-line scholarship applications are open each year from October 1^s through March 10^t.

Applied Health Science

The Applied Science program covers the basic technical and applied aspects of health science. Courses include health care delivery and leadership, health communication, policy, and ethics. Students learn about the economics of health care and receive foundational knowledge in legal matters. Our program is designed to enhance potential for career advancement within the health care sector in entry- and mid-level positions in health-related organizations.

 - Health Administration

Program Information

Learning Outcomes

- **PLO 01:** Utilize problem solving, critical thinking, and decision-making skills in a variety of health care settings and situations.
- **PLO 02:** Utilize effective leadership and management strategies in common health care delivery systems and environments.
- **PLO 03:** Apply evidence-based health care practices for optimum health outcomes.
- **PLO 04:** Demonstrate accountability within the legal and ethical parameters of the health care system.
- **PLO 05:** Integrate communication skills into professional roles.
- **PLO 06:** Utilize information technology in the delivery of health care.
- **PLO 07:** Explore the historical and contemporary social determinants of health that shape health status, health behavior, and health inequalities.
- **PLO 08:** Utilize the core functions of public health for population health change
- **PLO 09:** Construct interventions to promote health and prevent illness.
- **PLO 10:** Evaluate outcome measures related to program effectiveness and accountability.

- **PLO 11:** Integrate value based leadership in professional practice.
- **PLO 12:** Evaluate effective leadership competencies in diverse practice settings.
- **PLO 13:** Utilize diverse strategies to assess organizational effectiveness.

Bachelor of Science in Applied Health Science (Administration and Education)

Mission Statement:

The Online B.S. in Applied Health Science will:

1. Provide students with extensive preparation for work in any field that addresses people's health.
2. Address the needs of those students seeking a broad understanding of the science of human health and its application to their chosen career.
3. Respond to a strong need for a degree in the health sciences for students who have a desire to work in health related areas, but who do not wish to be in a clinical program.
4. Respond to a need for students to continue their degree progression should they not gain entry into the selective, competitive programs nursing, dental hygiene, and radiology.
5. Permit students who have earned an associate degree and for the large pool of similarly degreed health care workers who need a bachelor degree for advancement in their current positions or in related areas in health to continue their formal education.
6. Prepare students for entry and mid-level positions in for-profit and not-for-profit health-related organizations.
7. Prepare students to acquire knowledge of various health care related subjects and apply this knowledge to improve the health of those with whom they come in contact.
8. Provide students the basic, technical and applied aspects of health science, and help students apply this knowledge to a variety of career opportunities.

Student Learning Outcomes:

- Utilize problem-solving, critical thinking, and decision-making skills in a variety of health care settings and situations.
- Utilize effective leadership and management strategies in common health care delivery systems and environments.
- Apply evidence-based health care practices for optimum health outcomes.
- Demonstrate accountability within the legal and ethical parameters of the health care system.
- Integrate communication skills into professional roles.
- Utilize information technology in the delivery of health care.
- Explore the historical and contemporary social determinants of health that shape health status, health behavior, and health inequalities.

Courses:

Course requirements fall into four categories, and are defined by student learning outcomes. Minimum passing grade for each course is C.

1. General Education: 30 credit hours

Using the Statewide Transfer General Education Core as the basis, campuses will retain their own general education curriculum. Some campuses require more than the 30 hours in the STGEC. AA or AS degree-holders who have earned the STGEC will have their credits accepted toward the completion of general education requirements.

- Information Literacy and Library Instruction (1 cr.)
- Written Communication I (3 cr.)
- Written Communication II (3 cr.)
- Oral Communication (3 cr.)
- Quantitative Reasoning (3 cr.)
- Reasoning about Ethical Questions or Diversity (3 cr.)
- Natural & Physical Sciences (5 cr.)
- Arts & Humanities (3 cr.)
- Social & Behavioral Sciences (3 cr.)
- Additional course in Arts, Humanities, or Social & Behavioral Sciences (3 cr.)

2. AHS Core: 42 credit hours

- Health Care Delivery & Leadership (6 cr)
- Health Communication & Disparities (6 cr)
- Health Policy, Ethics, & Legal Issues (6 cr)
- Epidemiology/Biostatistics & Population Health (6 cr)
- Research (3 cr)
- Consumer Health (3 cr)
- Economics of Health Care (3 cr)
- Informatics (3 cr)
- Grant Writing & Internship (6 cr)

3. AHS Track (one required): 18 credit hours

Coursework will provide instruction in the skills necessary to conduct general health and wellness assessments and the techniques of health education.

Track 1 Courses are:

- Community Health Assessment, Education, & Promotion (6 cr)
- Program Assessment, Planning, & Evaluation I (6 cr)
- Program Assessment, Planning, & Evaluation II (6 cr)

Coursework will provide instruction in health care organization, planning, budgeting and finance.

Track 2 courses are:

- Health Care Administration and Strategic Planning (6 cr)
- Health Care Budgeting & Finance (6 cr)
- Health Care Organization Supervision & Resource Management (6 cr)

4. Electives: 30 credit hours

Bachelor of Arts in Applied Health Science

Program Description

The curriculum of the Applied Health Science B.S. will focus on the non-clinical aspects of health care management and education, and, as such, it complements a wide variety of clinical degrees available at IU. The BS AHS is designed to serve both traditional and non-traditional students attending full- or part-time. Individuals currently working in the health care industry with college credits and/or associates degrees will find the courses they need to complete a baccalaureate degree and advance their career prospects.

The IU Collaborative B.S. in Applied Health Science will require 120 credit hours. Students will complete the general education of their campus of admission (home campus) and collaborative requirements as outlined below.

Degree Requirements

General

Complete 120 total credit hours, *with at least 30 at the 300-400 (upper division) level*, with a program cumulative grade point average of 2.0. All AHSC courses must have a cumulative 2.0 GPA.

General Education Requirements

Complete the [University General Education curriculum](#) requirements.

Applied Health Science Core Courses

Complete the following courses:

- AHSC-H 302 Essentials of the Healthcare Delivery System
- AHSC-H 303 Leadership and Management in Healthcare
- AHSC-H 330 Intercultural Health Communication (6)
- AHSC-H 310 Health Policy, Ethics, and Legal Issues (6)
- AHSC-H 360 Epidemiology/Biostatistics and Population Health (6)
- AHSC-H 340 Research in Health Sciences
- AHSC-H 320 Consumer Health
- AHSC-H 350 Economics of Health Care
- AHSC-H 370 Informatics
- AHSC-H 480 AHS Capstone: Grant Writing and Internship (6)

Applied Health Science Track (One Required)

Community Health Educator

Coursework will provide instruction in the skills necessary to conduct general health and wellness assessments and the techniques of health education.

Complete the following three courses:

- AHSC-C 415 Health Care Delivery & Leadership (6)
- AHSC-C 425 Program Assessment, Planning, & Evaluation I (6)
- AHSC-C 435 Program Assessment, Planning, & Evaluation II (3)

- AHSC-C 430 Environmental Health (3)

Health Administration

Coursework will provide instruction in health care organization, planning, budgeting, and finance.

Complete the following three courses:

- AHSC-A 420 Health Care Budgeting and Finance (6)
- AHSC-A 430 Health Care Organization Supervision and Resource Management (6)
- AHSC-A 440 Health Care Administration and Strategic Planning (6)

Electives (To Total 120 Credit Hours)

Nursing

The goal of the IU Southeast School of Nursing faculty is to educate high quality, caring professionals to be leaders who meet the needs of diverse people in a variety of health care settings.

- Master of Science in Nursing

Program Information

Admission Requirements

Application Requirements: Traditional students

1. Application to the School of Nursing includes submission of the online application form and taking the HESI admission assessment test. Additional requirements include required immunizations, Basic Life Support certification, criminal background check and drug screen.
2. The applicant must be admitted to Indiana University Southeast as a degree seeking student prior to admission to the nursing major.
3. A student who is enrolled in nursing course work at another university must apply as a transfer student.
4. Completion of pre-nursing general education courses is required for admission.
5. Applicants must meet all minimal criteria, as published in the campus Bulletin, to be considered for admission.
6. If a transfer course has been approved by the Admission, Progression, and Graduation committee (APG) to satisfy a requirement, there must be written documentation of the approval.
7. Complete all required course work by the established deadline date. This includes independent study/correspondence course work and courses for which students have received an incomplete (I).
8. The Admission, Progression, Graduation (APG) committee considers and acts upon applications for admission to the baccalaureate nursing major.
9. Knowledge and competencies developed in courses that fulfill the requirements for anatomy, physiology,

chemistry, and microbiology are considered time-limited. If any of these courses were taken more than seven (7) years prior to admission to the nursing program, the course must be repeated or validated through testing.

Admission Grade Point Average (GPA)

1. Maintain a minimum Indiana University community GPA of 2.5 on a 4.0 scale. This does not include transfer or FX courses.
2. Demonstrate a pre-nursing admission program GPA of 2.7 on a 4.0 scale for all completed coursework required for admission (Semester 1 and 2 courses, excluding FYS and elective).
3. Students must achieve a grade of C (2.0) or higher in all program requirements.

Additional requirements for the nursing program including a background check, drug screen and meeting immunization and CPR requirements. Refer to policy on annual requirements.

Admission and Readmission to the Nursing Program

Students admitted to the BSN major must formally accept or decline admission in writing prior to beginning of the semester to which the student has been admitted.

- Students who have been accepted to the BSN program but decline acceptance for any reason must reapply to the program and compete with the applicant pool for the semester in which they request admission for the second time.
- BSN students have only two opportunities to decline admission in writing prior to losing their eligibility to apply.

Learning Outcomes

1. Graduate is a critical thinker who demonstrates intellectual engagement and uses evidence as a basis for clinical reasoning and decision making.
2. Graduate is a culturally sensitive individual who provides holistic individual, family, community, and population-centered nursing care.
3. Graduate is a knowledgeable coordinator who facilitates access to resources across the continuum of health care environments in order to meet the evolving health care needs of individuals, families, communities, and populations.
4. Graduate is an individual who understands and considers the impact of health care policy, finance and regulatory environments on care delivery.
5. Graduate is an individual who embodies the professional identity of the nurse and who translates the inherent values of the nursing profession into the ethical and legal practice of nursing.
6. Graduate is an effective communicator who collaborates with interprofessional team members, patients, and their support systems for improved health outcomes.
7. Graduate is a competent care provider who is prepared to practice to the full capacity of the professional nurse role in diverse health care environments.

8. Graduate is an accountable leader and manager who applies principles of systems and organizational processes and who balances resources to promote quality care and patient safety.
9. Graduate is an individual who embraces and employs innovations in information management and technology in the delivery of quality patient care.

Nursing (Bachelor of Science in Nursing)

Bachelor of Science in Nursing (BSN)

Admission Requirements

Application Requirements: Basic/traditional students

1. Application to the School of Nursing includes submission of the online application form and taking the Kaplan admission assessment test. Additional requirements include required immunizations, Basic Life Support certification, criminal background check and drug screen.
2. The applicant must be admitted to Indiana University Southeast as a degree seeking student prior to admission to the nursing major.
3. A student, who is enrolled in nursing course work at another university, must apply as a transfer student.
4. Completion of general education courses is required for admission.
5. Applicants must meet all minimal criteria, as published in the campus Bulletin, to be considered for admission.
6. If a transfer course has been approved by the Admission, Progression, and Graduation committee (APG) to satisfy a requirement, the student must submit a copy of the letter from the APG approving the course.
7. Complete all required course work by the established deadline date. This includes independent study/correspondence course work and courses for which students have received an incomplete (I). Applications received after the deadline will be considered at the discretion of the faculty.
8. The Admission, Progression, Graduation (APG) committee considers and acts upon applications for admission to the baccalaureate nursing major.
9. Knowledge and competencies developed in courses that fulfill the requirements for anatomy, physiology, and microbiology are considered time-limited. If any of these courses were taken more than seven (7) years prior to admission to the nursing program, the course must be repeated or validated through testing.

Admission Grade Point Average (GPA)

1. Maintain a minimum Indiana University cumulative GPA of 2.5 on a 4.0 scale. This does not include transfer or FX courses.
2. Demonstrate a pre-nursing admission program GPA of 2.7 on a 4.0 scale for all completed coursework required for admission (Semester 1 and 2 courses).
3. Students must achieve a grade of C (2.0) or higher in all program requirements.

Priority for Admission*

1. Priority for admission will be given to all qualified applicants who have completed the majority (more than half) of their prerequisite course work at Indiana University Southeast.
2. If additional spaces are available, the next priority is given to students who completed the majority of the course work on another Indiana University campus. Students transferring the majority of prerequisite course work from a non-IU school are accorded lowest priority for admission.

*Admission is conditional pending outcome of background check, drug screen and meeting immunization and CPR requirements. Refer to policy on annual requirements and registering for class.

Admission and Readmission to the Nursing program

Students admitted to the BSN and RN-BSN nursing major must formally accept or decline admission in writing prior to beginning of the semester to which the student has been admitted.

- Students who have been accepted to the BSN program but decline acceptance for any reason must reapply to the program and compete with the applicant pool for the semester in which they request admission for the second time.
- BSN students have only two opportunities to decline admission in writing prior to losing their eligibility to apply.
- Students who have been accepted to the RN-BSN program but decline acceptance for any reason must declare a new admission target date.

Basic/Traditional - School of Nursing Admission requirements

Dept. Course Number Title Credit Hours Minimum Grade

Semester 1

- ENG-W 131 Elementary Composition I 3 C
- PSY-P 101 Introductory Psychology I 3 C
- HON-H 104 Honors Seminar or SPCH-S 121 Public Speaking 3C
- Diversity Course 3 C
- Quantitative Reasoning 3 C
- COAS-S 104 First Year Seminar 1 C

Semester 2

- ANAT-A 215 Basic Human Anatomy 5 C
- SOC-S 163 Social Problems 3 C
- ENG-W Approved 2d Level Written Communication Course 3 C
- CHEM-C 102 Elementary Chemistry II 3 C
- CHEM-C 122 Elementary Chemistry Lab II 2 C

- NURS-S 485 Professional Growth and Empowerment 2 C
- NURS-S 486 NCLEX Success through Critical Thinking 1 C

Assessment of Student Learning—Basic students only

At specified times in the BSN nursing curriculum, student knowledge and skills are assessed to determine if students are progressing as expected toward expected outcomes:

- Preliminary Assessment
 - Students take this test as part of the admission process. The assessment includes measures of reading comprehension, vocabulary, grammar, and math. A weighted score composed of 25% reading comprehension score and 75% pre-nursing GPA is used to rank students for admission to the nursing major.
- Intra-curricular Assessments:
 - Testing occurs periodically during the student's progression through the program.
- Exit Exam
 - The final assessment occurs in the fourth year, spring semester.

RN to BSN Degree Completion Option

Admission to the RN to BSN classroom cohort or online nursing classes

1. Registered nurses seeking admission to the Indiana University Southeast School of Nursing must apply to the Office of Admissions at IU Southeast. With exception of admission to the nursing cohort, all School of Nursing policies pertinent to the BSN program majors also apply to registered nurse undergraduate students.
2. To be eligible to take online nursing classes, the RN student must have graduated from an ACEN accredited school of nursing and submit proof of licensure in the state of practice.
3. The RN-BSN classroom requires an Indiana license, immunizations, Basic Life Support certification, and criminal background check.
4. Admission to the Nursing cohort is not competitive. RN students who have successfully completed general education requirements and maintain a 2.5 cumulative GPA and 2.7 nursing GPA are eligible to begin the nursing cohort.
5. There is no time limit for general education classes in the RN-BSN program.
6. The nursing admission GPA is calculated on all completed courses required for the BSN degree. Grades earned in transfer courses accepted and applied to required general education credit hours will count in the calculation of the entry GPA.

RN to BSN Completion - School of Nursing Admission Requirements

- ENG-W 131 Elementary Composition I 3 C
- HON-H 104 Honors Seminar or SPCH-S 121 Public Speaking or 3 C

School Information

Vision Statement

Vision

The mission of the School of Social Sciences is to provide students with a historical and contemporary context for investigating and understanding the individual, communities and societies, and the commonality and diversity of the human condition through our teaching, research, and service. Because the School is committed to excellence, we encourage and support continuous development by teachers/scholars to create, share and

advance knowledge, and we endorse the principles of the scientific method.

We strive to provide high quality instruction, which promotes lifelong learning and allows students to develop the capabilities needed to meet the complexities and challenges of the future. We seek to fulfill our mission by instilling in our students, especially our majors, the knowledge and skills to analyze information in a rational and logical manner, communicate effectively, and apply a healthy skepticism to simplistic explanations of complex problems.

Criminal Justice

Criminal justice is multidisciplinary, drawing on broad fields of knowledge, including law, the social and behavioral sciences, and the natural sciences. Indiana University Southeast offers a Bachelor of Science degree through the School of Social Sciences and Indiana University School for Public and Environmental Affairs.

This program provides you with a general understanding of the nature of crime and includes an analysis of the entire criminal justice system and its relationship with other institutions in society. Through this program, you will develop problem-solving abilities and organizational skills to face problems confronting our society such as community and police relations, urban crime, and issues involving correctional facilities.

Social Sciences Office: (812) 941-2391

Website: <https://www.ius.edu/criminal-justice/>

Academics

Undergraduate Degrees

- Bachelor of Science in Criminology and Criminal Justice

Minors

- Criminal Justice Minor

Program Information

Student Learning Goals

1: Through the in-depth exploration of social scientific and legal research, the students shall learn about the causes of crime; the tools and methods used to study, prevent, and control crime; the institutions, principles, and actors involved in the apprehension, prosecution, punishment, and reintegration of offenders; and the legal and political framework under which the justice system and its primary actors operate.

2: Graduates will be able to evaluate crime control policy and aspects of the criminal justice system by critically analyzing the role of political, economic, legal, and social factors. In doing so, students should demonstrate their comprehension of relevant criminological theories and justice structures as well as their ability to practically apply such knowledge to contemporary justice issues, particularly as they relate to the dynamics of inequality in social relations.

3: Graduates will identify and analyze the major historical and contemporary issues facing the criminal justice

system, including events, information, programs, policies, and concepts that affect the operation of criminal justice agencies and actors, as well as issues affecting contemporary urban society and respect for racial, ethnic, cultural, and gender diversity.

4: Graduates will read, understand, analyze, and synthesize relevant information, including qualitative and quantitative social scientific data, and substantive and procedural legal doctrines relevant to criminal justice, and evaluate the public policy implications of such information.

5: Graduates will demonstrate a deep understanding of how structural inequalities in society are shaped by historical, psychological, social, and political factors. In doing so, students will evaluate elements of gender, race and ethnicity, social class, sexual orientation, and other global issues and interpret how these function at both a micro and macro level.

Scholarships/Awards

Denzinger Scholarship

Criminology and Criminal Justice (Bachelor of Science)

The Bachelor of Science in Criminology and Criminal Justice is designed to study the origins, nature, and causes of norm-violating behavior as well as societal reactions to this behavior. The study of criminal justice begins with a study of the entire criminal justice system and its interrelation with society. Advanced study inquires into the political, organizational, social, and behavioral aspects of various components of the criminal justice system. Research courses give students the tools to analyze criminal justice and the skills important for career development. Legal courses provide an awareness of the values of due process and the limits of government power in a democratic society.

Criminology and Criminal Justice is multidisciplinary, drawing on broad fields of knowledge, including law, the social and behavioral sciences, and the natural sciences. Indiana University Southeast offers a Bachelor of Science degree through the School of Social Sciences. A major in criminology and criminal justice provides an excellent liberal arts background for a wide variety of career fields. Career opportunities in criminal justice include police agencies, prosecutors, defense attorneys, courts, and correctional agencies. Other specialized roles in criminal justice include juvenile probation officers, volunteer administrators, criminologists, forensic scientists, forensic psychologists, medical examiners, and policy analysts. Many criminology and criminal justice majors choose to continue their education in law school or graduate school.

Degree/Certificate Requirements Defined

See "General Requirements for Undergraduate Degrees at IU Southeast".

Additional B.S. Requirements (14 to 20 hours):

In addition to General Education requirements complete a course from each of the following 4 categories.

1. MATH-K 300 or ECON-E 270
2. Any course in CSCI or INFO, 200 level or above
3. Additional Science with a lab

4. Ethical Questions or Diversity course

Major Specific Requirements

- ENG-W 290 Writing in the Arts & Sciences
- MATH-M 118 or higher Finite Mathematics - or higher

Choose one of the following:

- COMM-S 121 Public Speaking
- PHIL-P 113 Introduction to Debate, Argument, and Persuasion

Students must take all of the following courses:

- CJUS-P 100 Introduction to Criminal Justice
- CJUS-P 199 Careers in Criminal Justice*
- CJUS-P 200 Theories of Crime and Deviance
- CJUS-P 295 Criminal Justice Data, Methods, and Resources
- CJUS-P 470 Senior Seminar in Criminal Justice

Students must take three of the following courses:

- CJUS-P 301 Police in Contemporary Society
- CJUS-P 302 Courts and Criminal Justice
- CJUS-P 303 Corrections and Criminal Justice
- CJUS-P 335 Substantive Criminal Law
- CJUS-P 375 American Juvenile Justice System

Criminal Justice/System Course (3 credit hours):

- CJUS-P 301 Police in Contemporary Society
- CJUS-P 302 Courts and Criminal Justice
- CJUS-P 303 Corrections and Criminal Justice
- CJUS-P 304 Probation and Parole
- CJUS-P 375 American Juvenile Justice System

Criminology/Theory Course (3 credit hours):

- CJUS-P 362 Sex Offenders
- CJUS-P 407 Terrorism
- CJUS-P 426 Juvenile Delinquency
- CJUS-P 444 Victimization
- CJUS-P 457 Seminar on White Collar Crime

Applied/Administration Course (3 credit hours):

- CJUS-P 313 Conflict Management
- CJUS-P 320 Foundations of Criminal Investigation
- CJUS-P 325 Principles of Forensic Investigation
- CJUS-P 330 Criminal Justice Ethics
- CJUS-P 372 Evidence
- CJUS-P 373 Correctional Law
- CJUS-P 374 Substantive Criminal Law
- CJUS-P 376 Procedural Criminal Law
- CJUS-P 411 Criminal Justice Management
- CJUS-P 413 Police Community Relations

Socio-legal and Cultural Justice Studies Course (3 credit hours):

- CJUS-P 335 Race, Gender and Inequality in the Criminal Justice System
- CJUS-P 305 Deviant Images/Deviant Projects
- CJUS-P 306 Drugs, Society and Justice
- CJUS-P 316 Crime in the Movies
- CJUS-P 360 Psychology and the Law

- CJUS-P 416 Capital Punishment
- CJUS-P 423 Sexuality and Law
- CJUS-P 458 Wrongful Conviction
- CJUS-P 471 Comparative Study in Criminal Justice Studies

Additional Courses

- CJUS-xx 3xx/4xx Additional CJUS course at the 300/400 level (3 credit hours)
- CJUS-xx 3xx/4xx Additional CJUS course at the 300/400 level (3 credit hours)

Students must complete two social science electives from a single discipline with at least one at the 300-level or above (6 credit hours):

- XXXX-x xxx Single discipline area
- XXXX-x 3xx/4xx Single discipline area

Electives - as needed to reach 120 credit hours.

Minor in Criminal Justice

Specific Requirements for Minor

Fifteen (15) credit hours, consisting of:

- CJUS-P 100 Introduction to Criminal Justice
- CJUS-P 200 Theories of Crime and Deviance
- CJUS-P 295 Criminal Justice Data, Methods and Resources
- Plus any two CJUS courses (3 cr. each)

History

History is the investigation of change and continuity in human societies over time. Historical study aims to understand the past in order to better understand the present. Studying history creates a trained habit of thinking in the long term and integrating a multi-disciplinary approach to the past by studying politics, society, the economy, arts, and other intellectual and cultural facets of the human experience. History is both a study of humanities and a social science. It addresses the study of individuals and the broader society, teaching you to shift your focus back and forth between the two, evaluating issues in context.

The skills and knowledge acquired in the History major at IU Southeast prepare students for success. Like other liberal arts disciplines, history sharpens your ability to think critically, argue logically, conduct research, analyze data, and communicate clearly, both orally and in writing. The coursework in history is excellent preparation for entering the professional world or graduate school.

Program Information

Student Learning Goals

- 1: Students will develop skills in researching, critical thinking, data analysis, and oral & written communication.
- 2: Students develop the skills and methods of historical scholars.
- 3: Students learn knowledge about the past in at least three geographic regions.
- 4: Students take self-assessments and create a career development plan tailored to their interests.

Bachelor of Science in History

Program Description

While long recognizing that history covers all recorded expressions of human activity--political, economic, social, cultural, and intellectual--beginning in the 1970s historians adapted social science techniques to study history, including the construction of databases, statistical analysis, and mapping systems to reveal patterns in history that were not available from traditional interpretations of written records. Use of these tools has expanded dramatically over the last three decades as new technological developments have changed the way that people research and explore history, as well the way history is shared and learned. Students and scholars are pushed beyond the boundaries of books and journals into new media that require sophisticated mathematical, geographic, and technological understanding.

The Bachelor of Science degree program melds the broad perspective, analytical, and effective communication skills inherent in the Bachelor of Arts degree with a working knowledge of statistics, science, and computing to prepare students to for work or further research in economic history, digital humanities, finance, business administration, information systems, marketing, and government agencies.

Degree Requirements

General

Complete 120 total credit hours, with at least 30 at the 300-400 (upper division) level, with a program cumulative grade point average of 2.0

General Education Requirements (30 credit hours)

Complete the University General Education curriculum requirements.

Note: The following courses are not a re-statement of the University's General Education Requirement but a list of specific General Education courses that are also requirements or pre-requisites for course work in the school/major.

- ENG-W 290 Writing in the Arts & Sciences
- MATH-A 118 (or higher) Finite Math for Soc & Biol Sci

Bachelor of Science Requirements (7 credits hours)

Complete 2 courses, one with a lab; one without from Computer, Physical or Life Sciences disciplines, in addition to the lab course take to fulfill the University General Education requirements. Computer science

courses are those under department heading CSCI-*. For Physical and Life Science choices, see [BA Distribution Requirement](#) list, and select from choices in the Methods of Inquiry in the Natural Sciences.

Major Requirements:

- HIST-xx- 1xx -Any 100-level HIST course
- HIST-xx- 1xx -Any 100-level HIST course
- HIST-xx- 1xx -Any 100-level HIST course
- HIST-xx- 1xx -Any 100-level HIST course
- HIST-H 199 Careers for History Majors
- HIST-xx- 2xx-4xx -Geographical Area 1*
- HIST-xx- 2xx-4xx -Geographical Area 1*
- HIST-xx- 2xx-4xx -Geographical Area 2*
- HIST-xx- 2xx-4xx -Geographical Area 3*
- HIST-xx- 2xx-4xx -Any 200-400 level HIST course
- HIST-xx- 2xx-4xx -Any 200-400 level HIST course
- HIST-H 236 The Historian's Craft
- HIST-J 495 Proseminar for History Majors
- xxxx-x xxx -Non-HIST elective
- xxxx-x xxx- Non-HIST elective

*Students must complete 12 units from three selected geographical areas. Six (6) units must be from one of the selected areas.

Geographical Areas:

United States History

- HIST-A 260 Early North American Women's History
- HIST-A 261 Modern American Women's History
- HIST-A 301 Colonial North America, 1500-1763
- HIST-A 302 Revolutionary America, 1763-1791
- HIST-A 303 United States, 1792-1829
- HIST-A 304 United States, 1830-1865
- HIST-A 310 Survey of American Indians I
- HIST-A 313 Origins of Modern America, 1865-1919
- HIST-A 314 Recent U.S. History, 1919-1945
- HIST-A 315 Recent U.S. History, 1945-present
- HIST-A 317 American Social History, 1865-present
- HIST-A 333 History of Indiana 1
- HIST-A 348 Civil War and Reconstruction
- HIST-A 356 African-American History II
- HIST-A 380 The Vietnam War
- HIST-A 381 Civil Rights Era in the U.S.
- HIST-H 218 History of Motion Pictures
- HIST-H 233 Sports in History
- HIST-H 373 History of Science and Technology
- HIST-H 407 Oral History

European History

- HIST-B 323 History of the Holocaust
- HIST-B 356 French Revolution and Napoleon
- HIST-B 377 History of Germany Since 1648
- HIST-H 205 Ancient Civilization
- HIST-H 206 Medieval Civilization
- HIST-H 222 Renaissance and Reformation

Latin American History

- HIST-F 216/416 History of Slavery in the Americas
- HIST-F 232 Upheaval in 20th Century Latin America
- HIST-F 341 Latin America: Conquest and Empire

- HIST-F 342 Latin America: Evolution and Revolution
- HIST-F 350 The Environment in Latin American History
- HIST-F 360 Natural Disasters in Latin American History

Asian History

- HIST-G 200 Issues in Asian History
- HIST-G 300 Issues in Asian History
- HIST-G 385 Modern China
- HIST-G 387 Contemporary China
- HIST-H 207 Modern East Asian Civilizations
- HIST-H 208 American-East Asian Relations

World History Can be used for 200-400 level electives)

- HIST-H 243 Environmental History
- HIST-H 376 Atlantic World History
- HIST-H 425 Topics in History
- HIST-W 255 Natural Disasters in World History
- HIST-W 300 Topics in World History

Bachelor of Arts in History - Online

Degree Requirements

Students receiving the Bachelor of Arts in History degree must complete 120 total credit hours including:

- General Education Core (30 cr.)
 - Foreign Language Requirement (14 cr.)
 - Bachelor of Arts Distribution Requirement (15 cr.)
 - History Foundations (15 cr.)
 - Advanced Study in History (21 cr.)
 - Electives as needed to complete 120 total credit hours
-
- A minimum of 30 credit hours at the 300- or 400-level
 - Courses required for the major must be completed with a grade of C or higher
 - Courses are 3 credit hours unless otherwise noted
 - A minimum GPA of 2.0 is required

History Foundations (15 cr.)

- Complete one of the following sequences:
 - HIST-H 105 American History I and HIST-H 106 American History II
 - HIST-H 108 Perspectives on the World to 1800 and HIST-H 109 Perspectives on the World since 1800
 - HIST-H 113 History of Western Civilization I and HIST-H 114 History of Western Civilization II
- Complete two additional 100/200 level history courses
- HIST-J 216 Sophomore History Seminar

Advanced Study in History (21 cr.)

- Complete six history courses at the 300/400 level covering at least three of the following regions:
 - HIST-A: U.S.
 - HIST-B: Western Europe
 - HIST-D: Russia/Eastern Europe

- HIST-E: Africa
- HIST-F: Latin America
- HIST-G: East Asia

- HIST-J 496 Proseminar in History

Bachelor of Arts in History

The study of history covers all recorded expressions of human activity: political, economic, social, cultural, and intellectual. Because of its broad scope, history provides an exceptional introduction to all studies that concern human beings and their activities. Historians seek to understand not only the past but also how it informs the present. History focuses on the complex but essential issues of change over time.

The discipline of history demands and develops a broad perspective, analytical skills, and an ability to communicate with clarity and acumen. It is among the most useful disciplines because it enhances skills that can be beneficial in any vocational setting.

Degree Requirements

Students receiving the Bachelor of Arts in History degree must complete 120 total credit hours including:

- General Education Core (30 cr.)
 - Foreign Language Requirement (14 cr.)
 - Bachelor of Arts Distribution Requirement (15 cr.)
 - Major Specific Requirements (37 cr.)
 - Electives as needed to complete 120 total credit hours
-
- A minimum of 30 credit hours at the 300- or 400-level
 - Courses required for the major must be completed with a grade of C- or higher
 - A minimum GPA of 2.0 is required
 - Courses are 3 credit hours unless otherwise noted

Major Specific Requirements (37 hours)

HIST-H 199 Careers for History Majors

Four courses from HIST- E 100, HIST-F 100, HIST-G 100, HIST-H 101, HIST-H 103, HIST-H 104, HIST-H 105, HIST-H 106

Six courses at the 200, 300 or 400 level, including two courses in one geographical area, one course in a second geographical area, one course in a third geographical area, and two additional courses;

HIST- H 236 Must take before senior year; cannot be taken at the same time as a senior seminar or the semester previous to senior seminar.

HIST-J 495 Students will not be authorized for Senior Seminar, in a semester in which they are taking Sophomore Seminar or in a semester immediately following the semester in which they took Sophomore Seminar.

No more than three courses that count toward the major can be transferred in or taken online via another IU campus.

HIST-H 236 and HIST-J 495 must be taken from IU Southeast faculty and will not be replaced with another class.

- HIST-H 199 Careers for History Majors
- HIST-E 100 Issues in African History
- HIST-F 100 Issues in Latin American History
- HIST-G 100 Issues in Asian History
- HIST-H 101 The World in the 20th Century
- HIST-H 103 Europe: Renaissance to Napoleon
- HIST-H 104 Europe: Napoleon to the Present
- HIST-H 105 American History I
- HIST-H 106 American History II
- HIST-H 236 The Historian's Craft

Capstone

- HIST-J 495 Proseminar for History Majors

Geographical Area History Courses

Minor in History

Degree Requirements

Requirements for a Minor in History: 18 credit hours in history, including: three courses from among HIST-E 100, HIST-F 100, HIST-G 100, HIST-G101, HIST-G102, HIST-H 101, HIST-H 103, HIST-H 104, HIST-H 105, HIST-H 106, HIST-W101; and three 200, 300, or 400-level courses, including HIST-H 236 and one course from a second geographical area.

- HIST-E 100 Issues in African History
- HIST-F 100 Issues in Latin American History
- HIST-G 100 Issues in Asian History
- HIST-H 101 The World in the Twentieth Century
- HIST-H 103 Europe: Renaissance to Napoleon
- HIST-H 104 Europe: Napoleon to the Present
- HIST-H 105 American History I
- HIST-H 106 American History II
- HIST-H 236 The Historian's Craft

Specific Requirements for Minor in History

HIST-H 236 is required for Minor in History.

- HIST-H 236 The Historian's Craft

International Studies

International Studies draws from different disciplines, including language and culture, history, political science, economics and geography, providing flexible preparation for an increasingly global and rapidly changing world. Employers want skills the International Studies students learn, including multi-cultural competency, the ability to work in a diverse environment, multi-lingual communications skills, analytical and information management skills, and more. Common areas of employment for students majoring in International Studies include the private business sector, non-profit organizations, government, and education.

Program Information

Student Learning Goals

1. Students majoring in International Studies will understand a range of historical, cultural, political, economic, and social systems around the globe and their interrelationships.
2. Students majoring in International Studies will understand a particular world region's history, cultural, political, economic, and social systems, and a language of the region.
3. Students majoring in International Studies will develop a sense of global citizenship.
4. Students majoring in International Studies will develop effective analytical skills and oral and written communication skills.

International Studies (Bachelor of Arts)

Mission/Vision Statement

To create students who can operate successfully throughout their lives in an ever-expanding and diversifying global environment.

Core Program

The major in International Studies includes core requirements and requirements for one regional concentration. In addition, an international engagement experience is required. This may be study abroad (preferred) or a domestic/local alternative that may include an internship or volunteer work. Study in approved study abroad programs will be applied to fulfillment of other requirements in the major. Students should speak with an international studies faculty member for more details.

Completion of the third year of foreign language study in a language correlating to a student's regional concentration - 2 classes of the following in the same language: FREN-F 313, FREN- 314, FREN-F 315, or FREN-F 316 (Europe or Africa); GER-G 310 and GER-G 311 (Europe); EALC-J 301 and EALC-J 302 (Asia); SPAN-S 311, SPAN-S 312, or SPAN-S 317 (Europe or Latin America).

1. INTL-I 100 Introduction to International Studies - must be taken face-to-face with an IU Southeast faculty member
2. POLS-T 388 Qualitative Research Methods
3. INTL-I 104 Colloquium in International Studies - to be taken every Fall semester
4. INTL-I 199 Careers for International Studies Majors
5. INTL-I 400 International Studies Capstone Seminar - must be taken face-to-face with an IU Southeast faculty member
6. ECON-E 333 International Economics or POLS-Y 376 International Political Economy
7. GEOG-G 201 World Regional Geography
8. POLS-Y 109 Introduction to International Relations or POLS-Y 107 Introduction to Comparative Politics

9. HIST-H 101 The World in the 20th Century

10. In addition to required coursework, students who earn a BA in International Studies are required to complete an International Engagement Experience. Regardless of which option students choose, they should contact the head of the IS department when they reach 60 credit hours to plan for their experience. All experiences must be approved by IS faculty, both in planning and for completion. This requirement could be fulfilled in either of the following ways:

1. (Preferred) Successful completion of an IS-faculty-approved Study Abroad Program.
2. Successful completion of a local International Engagement Experience developed in consultation with a full-time IS-faculty mentor.

- EALC-J 301 Third Year Japanese I
- EALC-J 302 Third Year Japanese II

East Asia Concentration

For the Asian Concentration, it is expected that students will need to take 3rd year Japanese courses through Metroversity and/or study abroad programs in order to meet the requirements of this concentration. Students may also choose to study Chinese through Metroversity to meet their 3-year language requirement. See the International Studies Program Coordinator for advising.

EAST ASIA (15 credit hours, at least 12 at the 200 level or higher):

Group A: Language and Culture (one course) FINA-A 362, FINA-A 451, FINA-A 456, REL-R 153, REL-R 354

Group B: History and Philosophy (one course) HIST-G 100, HIST-G 200, HIST-G 300, HIST-G 385, HIST-G 387, HIST-H 207, HIST-H 208, PHIL-P 170, PHIL-P 374

Group C: Politics and Geography (one course) POLS-Y 369

Group D: Two other courses in the concentration

- FINA-A 362 Art of Japan
- FINA-A 451 Art of the South Pacific
- FINA-A 456 Samoa Art and Culture

- REL-R 153 Religions of Asia
- REL-R 354 Buddhism
- HIST-G 100 Introduction to Asian History
- HIST-G 200
- 300 Issues in Asian History
- HIST-G 385 Modern China
- HIST-G 387 Contemporary China
- HIST-H 207 Modern East Asian Civilization
- HIST-H 208 American-East Asian Relations
- PHIL-P 170 Intro to Asian Philosophy
- PHIL-P 374 Early Chinese Philosophy
- POLS-Y 369 Asian Politics

Africa Concentration

For the African Concentration, it is expected that students will need to take courses through Metroversity and/or study abroad programs in order to meet the requirements of this concentration. See the International Studies Program Coordinator for advising.

AFRICA (15 credit hours, at least 12 at the 200 level or higher):

Group A: Language and Culture (one course) FREN-F 415, FINA-A 150

Subject to Departmental Approval: FREN-F 305

Group B: History and Philosophy (one course) HIST-E 100, REL-R 257

Group C: Politics and Geography (one course) GEOG-G 425

Group D: Two other courses in the concentration Courses to be taken on a study abroad program or through Metroversity and are subject to the approval of the Program Coordinator of International Studies

- FREN-F 415 La Culture Francophone
- FINA-A 150 African, New World/Oceanic Art
- FREN-F 305 Chefs D'Oeuvre De La Litterature Francaise I*
- HIST-E 100 Issues in African History
- REL-R 257 Introduction to Islam
- GEOG-G 425 Africa: Contemporary Geography Problems

**Denotes courses that are subject to departmental approval.*

Global Health Concentration

GROUP A: Choose 1 of the following:

- PAHM-B320 Global Systems of Healthcare Delivery (3 cr.)
- HIST-H 333 Epidemics in History (3 cr.)
- HIST-F 3 (number pending) Public Health and Medicine in Latin American History (3 cr.)
- POLS-Y349 Comparative Public Policy (3 cr.)
- SOC-S314 Social Aspects of Health and Medicine (3 cr.)

GROUP B: Take each of the following:

- AHLT-M330 Medical Terminology (3 cr.)
- AHLT-C150 Body Structure and Function (3 cr.)
- AHLT-M393 Healthcare Documentation (3 cr.)

- AHLT-R200 Pathology (3 cr.)
- AHLT-M394 Healthcare Documentation Practicum (3 cr.)

*students will complete 18 credits (6 courses) in Allied Health, allignning with the Health Documentation Certificate requirements. The certificate will be earned during this concentration if the courses are completed correctly.

Global Environment Concentration (15 credit hours)

Requirements:

Select One course from the Core (3 credits)

- One course from two of three groups (A: History and Politics, B: Geography, C: Culture and Philosophy) (6 credits)
- Two Electives from Groups A, B, or C (6 credits)

Concentration Core

(Choose One. Must take H243 if already completed Y109 or Y376 for IS Major Core):

- HIST-H 243 Environmental History
- POLS-Y 376 International Political Economy (only if student took ECON-E 333) - cannot double dip with IS core.
- POLS-Y 109 Introduction to International Relations (Taken at IU Southeast) - cannot double dip with IS core

Group A: History and Politics

- HIST-F 350 The Environment in Latin America History
- HIST-F 360 Natural Disasters in Latin America History
- HIST-W 255 Natural Disasters in World History
- POLS-Y 335 Western European Politics
- HIST-H 243 Environmental History, IF not taken as in concentration core
- POLS-Y 109 Intro to International Relations (Taken at IU Southeast)
- POLS-Y 376 International Political Economy, IF not already taken for concentration core or IS core

Group B: Physical Geography & Demography

- GEOG-G 304 Physical Climatology (P: GEOG-G 107)
- GEOG-G 308 Disasters: Natural and Human Induced
- GEOG-G 315 Environmental Conservation (P: GEOG-G 107) (online replicated)
- GEOG-G 432 Current Issues in Environmental Conservation
- GEOG-G 320 Population Geography
- GEOG-G 338 Geographic Information Science

GEOG-G 107 is recommended as the Natural Science Gen Ed for pre-requisite purposes

Group C: Culture and Philosophy

Any Course from Modern Languages with an environmental theme or issue addressed in the course

content from conversation, literature, culture, or civilization courses.

- MLNG-C 301 Environmental Topics in Global Cultures (Environment-focused course taught in English, possibly cross-listed with language class) (3 cr.) Repeatable for up to 6 credits. No credit for foreign language BA.
- GER-E 220 Environmentalism in German-Speaking Cultures (3 cr)
- PHIL-P 237 Environmental Ethics

Global Culture Studies (15 credit Hours)

Requirements:

- One course from the Core (3 credits)
- Two courses from Group A: Global Perspectives on Culture, and one course from Group B: Global Perspectives from History and Politics (9 credits)
- One elective from any Group A or B (3 credits)

Core

- MLNG-C 100 Global Stories in Translation. (3 cr.) (New course undergoing approval)

Group A: Global Perspectives on Culture.

- FINA – A 439 Avant-Garde Art, 1900-1945
- FINA – A 458 Topics in Ethnographic Arts
- FINA- A 362 Art of Japan

- POLS-Y 335 European Politics
- POLS-Y 337 Latin American Politics
- POLS-Y 354 Nationalism in Europe
- POLS-Y 369 Asian Politics

Minor in International Studies

Minor Requirements

1. INTL-I 100 - Introduction to International Studies (3 credits) - must be taken face-to-face with an IU Southeast faculty member
2. Two years of a single foreign language.
3. Two of the following options (6 credits):
 - ECON-E 333 International Economics **OR** POLS-Y 376 International Political Economy
 - GEOG-G 201 World Regional Geography
 - POLS-Y 109 Introduction to International Relations **OR** POLS-Y107 Introduction to Comparative Politics
 - HIST-H 101 The World in the 20th Century
4. One course from each group of a selected International Studies concentration (A, B, and C, as displayed below):

Europe Concentration

Group A: Language and Culture

- FREN-F 300 Lectures et Analyses Littéraires
- FREN-F 363 Introduction a la France Moderne
- FREN-F 461 La France Contemporaine
- FREN-F 474 Theme Et Version
- FREN-F 475 Le Francais Oral: Cours Avance

- FREN-F 495 Individual Readings in French (Variable Topics)
- GER-G 362 Introduction to Contemporary Germany
- GER-G 363 Introduction to German Cultural History
- GER-G 415 Perspectives on German Literature

- HIST-F 350 The Environment in Latin American History
- HIST-F 360 Natural Disasters in Latin American History
- HIST-H 231 Women, Men, and Family in History*

Group C: Politics and Geography

- POLS-Y 337 Latin American Politics
- GEOG-G 323 Geography of Latin America

East Asia Concentration

Group A: Language and Culture

- FINA-A 362 Art of Japan
- FINA-A 451 Art of the South Pacific
- FINA-A 456 Samoa Art and Culture
- REL-R 153 Religions of Asia
- REL-R 354 Buddhism

Group B: History and Philosophy

- HIST-G 100 Introduction to Asian History
- HIST-G 200/300 Issues in Asian History
- HIST-G 385 Modern China
- HIST-G 387 Contemporary China
- HIST-H 207 Modern East Asian Civilization
- HIST-H 208 American-East Asian Relations
- PHIL-P 170 Intro to Asian Philosophy
- PHIL-P 374 Early Chinese Philosophy

Group C: Politics and Geography

- POLS-Y 369 Asian Politics

Africa Concentration

For the African Concentration, it is expected that students will need to take courses through Metroversity and/or study abroad programs in order to meet the requirements of this concentration. See the International Studies Program Coordinator for advising.

Group A: Language and Culture

- FINA-A 150 Africa, New World, and Oceanic Art
- FREN-F 305 Chefs D'Oeuvre De La Litterature Franciase I*
- FREN-F 415 La Culture Francophone

Group B: History and Philosophy

- HIST-E 100 Issues in African History
- REL-R 257 Introduction to Islam

Group C: Politics and Geography

- GEOG-G 425 Africa: Contemporary Geographic Problems

**Denotes a course that is subject to departmental approval.*

Neuroscience

Neuroscience is an interdisciplinary field that involves psychology, biology and chemistry, but can also include other areas such as computer science, communications or philosophy. Part of this field involves scientific research about the nervous system, while another involves applying knowledge of the nervous system to diagnosing and treating human disorders.

Academics

Undergraduate Degrees

- Bachelors of Science

Program Information

Student Learning Goals

- 1: Neuroscience majors will learn substantive knowledge in the fundamental areas of neuroscience.
- 2: Neuroscience majors will demonstrate an understanding of neuroscience and psychological methodology.
- 3: Graduating seniors should be able to apply the principles of neuroscience and psychology in real-life settings.
- 4: Graduating seniors should be aware of and proficient in using neuroscience and psychological resources (Information competency).
- 5: Graduating seniors should be able to document critical thinking ability when discussing or writing about neuroscience and psychological issues.
- 6: Graduating seniors should be able to communicate effectively about the field of neuroscience and psychology in both an oral and written format.
- 7: Graduating seniors should be able to work effectively with other students and professionals in the field of neuroscience and psychology.
- 8: Graduating seniors and alumni should be prepared for careers in neuroscience and psychology-related fields.

Bachelor of Science in Neuroscience

Program Description

The Bachelor of Science in Neuroscience combines psychology, biology and chemistry to illuminate the biological basis of human action, while allowing students to develop skills that are useful in careers ranging from doctor, scientist, or veterinarian to occupational therapist and bioinformatics.

Whether your goal is to work in a hospital, biotechnology firm or government agency, the B.S. in Neuroscience will place you at the threshold of a field that promises to

provide innovative solutions to some of the most pressing human health concerns of modern times.

Degree Requirements

General

Complete 120 total credit hours, *with at least 30 at the 300-400 (upper division) level*, with a program cumulative grade point average of 2.0.

General Education Requirements

Complete the University General Education curriculum requirements.

Math Requirement

MATH-M 118 Finite Mathematics - 3 credit hours

Psychology Core

- PSY-P 101 Introductory Psychology I*
- PSY-P 102 Introductory Psychology II
- PSY-P 341 Research Methods and Statistics I
- PSY-P 342 Research Methods and Statistics II*
- PSY-B 452 Seminar in Psychology (Capstone Course)
- PSY-P 199 Planning Your Psychology Career
- PSY-P 326 Behavioral Neuroscience
- PSY-P407 Drugs and the Nervous System
OR AHLT-M 350 Medical Sciences for Health Information -I Pharmacology

PSY-P 341 and PSY-P 342 must be taken in consecutive semesters.

Advanced Neuroscience Courses (select 3 credit hours):

- PSY-P 329 Sensation and Perception
- PSY-P 335 Cognitive Psychology
- PSY-P 408 Brain and Cognition
- PSY-P 411 Neural Bases of Learning and Memory
- PSY-P 417 Animal Behavior
- PSY-P 418 Behavior Genetics
- PSY-P 461 Human Memory
- PSY-P 493 Neuroscience Independent Research Course
- COAS-S 399 Neuroscience Internship

Natural Science Courses (10 credit hours)

- CHEM-C 101 Elementary Chemistry I*
- CHEM-C 121 Elementary Chemistry Laboratory I*
- BIOL-L 101 Introduction to the Biological Sciences

Philosophy (select 3 credit hours)

- PHIL-P 393 Bioethics
- PHIL-P 360 Introduction to the Philosophy of Mind

Additional Natural Science (select 2 options)

- BIOL-L 211 Molecular Biology AND BIOL-L 323 Molecular Biology Lab
- BIOL-L 311 Genetics AND BIOL-L 319 Genetics Laboratory
- PHSL-P 215 Basic Mammalian Physiology
- PHSL-P 416 Comparative Animal Physiology AND PHSL-P 418 Lab in Comparative Animal Physiology

- CHEM-C 102 Elementary Chemistry II **AND** CHEM-C 122 Elementary Chemistry II Laboratory
- PHYS-P 100 Physics in the Modern World
- PHYS-P 105 Basic Physics of Sound
- PHYS-P 120 Energy and Technology
- PHYS-P 201 General Physics: Mechanics, Heat, and Sound

**Fulfills Campus-wide General Education Requirement*

Political Science

Political Science is the study of power. Power is at the core of almost any kind of relationship – in families, workplaces, religious, community or government organizations. Political Science is primarily interested in the power relationship between citizens and their governments and in the power relationship among governments, whether it is between or within countries. Political scientists study how different governments use power, how power functions within government institutions and bureaucracies, as well as the sources and limits of governmental power. Political scientists examine interactions between citizens and government through elections, participation in interest groups, grassroots activism, and public opinion.

- Public Sector Management Certificate

Minors

- Political Science Minor

Program Information

Student Learning Goals

- 1: Students will develop skills in research, critical thinking, data analysis, and oral and written communications.
- 2: Students develop the skills and methods of political scientists.
- 3: Students will become knowledgeable of the discipline of Political Science.

Scholarships/Awards

Thomas P. and Ellie Wolf Prize in Political Science and the Linda C. Gugin Scholarship - See a faculty member for more information.

Political Science (Bachelor of Arts)

Political Science is the study of power. Power is the core of any kind of relationship - in families, workplaces, religious and other community organizations, or, indeed, in governments. In Political Science we are primarily interested in the power relationships between citizens and their governments and in the power relationship among governments, whether it is between or within countries. In addition, political science focuses on how this power can be harnessed to help others in a society

and to make a difference by helping to create communities and institutions that foster broader participation. Political scientists study how different governments use power, how power functions within governmental institutions and bureaucracies, as well as the sources and limits of governmental power. Political scientists examine interactions of citizens and government through the exercise of power in elections, participation in interest groups, grassroots activism, and with public opinion. The political science program consists of a traditional track and a public administration track.

Degree Requirements

See "General Requirements for Undergraduate Degrees at IU Southeast" and "General Requirements for the Bachelor of Arts Degree."

Traditional Track

Core Program

- POLS-Y 103 Introduction to American Politics
- POLS-Y 199 Careers for Political Science Majors
- POLS-Y 387 Research Methods in Political Science (Must be taken from an IU Southeast faculty member)
- POLS-T 388 Qualitative Research Methods
- POLS-Y 490 Senior Seminar in Political Science (Must be taken from an IU Southeast faculty member)

Major Specific Requirements

Students must take at least one upper-level course in each of the following four areas:

1. American Politics - Y 301, Y 302, Y303, Y 304, Y 306, Y 317, Y 319, Y 322, Y 324, Y 402, Y 403, Y 404
 2. Comparative Politics - Y 335, Y 337, Y 349, Y369
 3. International Relations - Y 354, Y 360, Y 376, Y471
 4. Political Theory - T 385, T 390, Y 384, Y 392
- POLS-T 385 Politics, Psychology, and Power
 - POLS-T 389 Politics and Theatre
 - POLS-T 390 Theories of Power
 - POLS-Y 301 Political Parties and Interest Groups
 - POLS-Y 302 Public Bureaucracy in Modern Society
 - POLS-Y 303 Formation of Public Policy in the United States
 - POLS-Y 304 Constitutional Law
 - POLS-Y 306 State Politics in the United States
 - POLS-Y 317 Voting, Elections, and Public Opinion
 - POLS-Y 318 The American Presidency
 - POLS-Y 319 The United States Congress
 - POLS-Y 322 The American Presidency
 - POLS-Y 324 Women and Politics
 - POLS-Y 360 United States Foreign Policy
 - POLS-Y 402 Politics of the Budgetary Process
 - POLS-Y 403 Legal Issues in Public Bureaucracy
 - POLS-Y 404 Political Issues in Public Personnel Administration
 - POLS-Y 335 West European Politics
 - POLS-Y 337 Latin American Politics
 - POLS-Y 349 Comparative Public Policy
 - POLS-Y 354 Nationalism in Europe

- POLS-Y 369 Introduction to East Asian Politics
- POLS-Y 471 Terrorism
- POLS-Y 376 International Political Economy
- POLS-Y 384 Developments in American Political Thought
- POLS-Y 392 Problems of Contemporary Political Philosophy

Electives: Students must take at least 3 courses from any of the sub-fields noted above or any of the offerings listed below. These elective credits must total to nine credit hours.

- POLS-Y 105 Introduction to Political Theory
- POLS-Y 107 Introduction to Comparative Politics
- POLS-Y 109 Introduction to International Relations
- POLS-Y 200 Contemporary Political Problems
- POLS-Y 351 Political Simulations
- POLS-Y 401 Studies in Political Science
- POLS-Y 480 Undergraduate Readings in Political Science
- POLS-Y 481 Field Experience in Political Science
- COAS-S 399 Internship in Political Science

Courses in other fields: Economics, history, and sociology are academic areas that majors will find useful, especially those planning to attend graduate school or law school.
Capstone

- POLS-Y 490 Senior Seminar in Political Science (Must be taken from an IU Southeast faculty member)

Public Administration Track

Core Program

- POLS-Y 103 Introduction to American Politics
- POLS-Y 199 Careers for Political Science Majors
- POLS-Y 302 Public Bureaucracy in Modern Society
- POLS-Y 303 Formation of Public Policy in the United States **OR** POLS-Y 306 State Politics in the United States
- POLS-Y 387 Research Methods in Political Science (Must be taken from an IU Southeast faculty member)
- POLS-T 388 Qualitative Research Methods
- COAS-S 399 Internship in Public Administration (must serve a minimum of a three-credit hour internship in an approved public or nongovernmental [nonprofit] organization.
- POLS-Y 490 Senior Seminar in Political Science (Must be taken from an IU Southeast faculty member)

Major Specific Requirements

300-400-Level Public Administration Courses (6 cr.) - Student must complete at least two 300-400 level courses in the public administration area. These include: Y 402 Politics of the Budgetary Process, Y 403 Legal Issues in Public Bureaucracy, or Y 404 Political Issues in Public Personnel Management.

300-400 Level Distribution Requirements (6 cr.) - Students must complete at least two other 300- 400-level courses in political science from any of the following

areas: comparative politics, international relations, and theory. Interdisciplinary concentrations in other areas may be substituted for these 300- 400-level distributional requirements upon recommendation of academic advisor.

- POLS-T 385 Politics, Psychology, and Power
- POLS-T 390 Theories of Power
- POLS-Y 335 West European Politics
- POLS-Y 337 Latin American Politics
- POLS-Y 349 Comparative Public Policy
- POLS-Y 354 Nationalism in Europe
- POLS-Y 369 Introduction to East Asian Politics
- POLS-Y 350 Politics of the European Union
- POLS-Y 360 United States Foreign Policy
- POLS-Y 471 Terrorism
- POLS-Y 376 International Political Economy
- POLS-Y 384 Developments in American Political Thought
- POLS-Y 392 Problems of Contemporary Political Philosophy

Capstone

- POLS-Y 490 Senior Seminar in Political Science (Must be taken from an IU Southeast faculty member)

Honors Program

Admission Requirements

Admission to the Political Science Honors Program requires the following: The student must be a political science major with junior standing; the student must have at least a 3.3 GPA in all courses and at least a 3.5 GPA in political science courses; and the student must have completed 15 hours of political science courses including Y 387.

- POLS-T 388 Qualitative Research Methods

OR

- POLS-Y 387 Research Methods in Political Science (Must be taken from an IU Southeast faculty member)

Specific Requirements

Once admitted to the program, in addition to meeting the requirements for the political science major, honors students will complete Y498 (1 cr.) taken in conjunction with three advanced political science courses and Y498 (1 cr.) taken in conjunction with Y490. These additional credits can be completed at any time between admission to the honors program and graduation. The honors student also must present a research paper at an undergraduate or professional conference or have the paper published in a journal. Finally, honors students must maintain the 3.3 GPA in all courses and the 3.5 GPA in political science courses.

- POLS-Y 498 Honors Readings in Political Science
- POLS-Y 499 Reading for Honors

Seniors who have a GPA of 3.5 or higher (both overall and in the major) will be invited to join the national Political Science honor society, Pi Sigma Alpha.

Minor in Political Science

Minimum of 15 credit hours, including:

- POLS-Y 103 Introduction to American Politics (3 cr.)
- One course in comparative politics at any level
- One course in international relations at any level
- One course in political theory at any level
- One course in American politics at the 300- 400-level

(At least 9 credit hours of the minor must be taken on this campus.)

Psychology

Psychological disorders, dreams, attachment in children, genetic influences on intelligence, shyness, eyewitness testimony, neuroscience, sensation & perception - these are just a few of the numerous topics covered in psychology. Although you may find many definitions, psychology is commonly defined as the scientific study of behavior and mental processes.

- 7: Graduating seniors should be able to work effectively with other students and professionals in the field of psychology.

Psychology (Bachelor of Arts)

Mission/Vision Statement

Faculty of the Psychology Program is dedicated to providing our students with an exemplary educational foundation that will enable them to pursue their career goals and to be educated members of our society. The Psychology Program has developed a challenging

curriculum where students develop the knowledge base and skills that today's employers demand and are necessary for the continuation of their education, such as written and oral communication, critical thinking, and teamwork.

Degree/Certificate Requirements

See "General Requirements for Undergraduate Degrees at IU Southeast" and "General Requirements for the Bachelor of Arts Degree."

General Education Component

Note: This is not a re-statement of the University's General Education Requirement but a list of specific General Education courses which are also requirements or pre-requisites for course work in the school/major.

- MATH-A 118 Finite Mathematics for the Social and Biological Sciences

OR

- MATH-M 118 Finite Mathematics

Major Specific Requirements

35 credit hours including:

1. PSY-P 101
2. PSY-P 102
3. PSY-P 199 Majors should take this course within their first 60 hours.
4. PSY-P 341 & P342 (This is a two-semester course. The grade for this course will be given after completion of both semesters. PSY-P 342 fulfills the research writing requirement for psychology majors.)
5. PSY-B 452
6. One of the "psychology as an experimental science" group: PSY-P 325; PSY-P 326; PSY-P 329; PSY-P 335; PSY-P 407; PSY-P 408; PSY-P 411; PSY-P 417; PSY-P 418; PSY-P 461.
7. One of the "psychology as a social science" group: PSY-B 310; PSY-B 354; PSY-B 388; PSY-P 305; PSY-P 319; PSY-P 320.
8. One of the "psychology as an applied science" group: PSY-B 366; PSY-B 378; PSY-B 386; PSY-P 324; PSY-P 336; PSY-P 363; PSY-P 430.
9. 9 hours of electives in Psychology. Only 6 hours from COAS-S 399, PSY-P 493, PSY-P 494, and PSY-P 495 may be used for completing the requirements for the psychology major or minor.
 - PSY-P 101 Introductory Psychology 1
 - PSY-P 102 Introductory Psychology 2
 - PSY-P 199 Planning your Psychology Career
 - PSY-P 341 Research and Quantitative Methods in Psychology I
 - PSY-P 342 Research and Quantitative Methods in Psychology II
 - PSY-B 452 Seminar in Psychology

One from the "Psychology as an experimental science" group

- PSY-P 325 Psychology of Learning
- PSY-P 326 Behavioral Neuroscience
- PSY-P 329 Sensation and Perception
- PSY-P 335 Cognitive Psychology

- PSY-P 407 Drugs and the Nervous System
- PSY-P 411 Neural Bases of Learning and Memory
- PSY-P 417 Animal Behaviour
- PSY-P 418 Behavior Genetics
- PSY-P 461 Human Memory
- PSY-P 408 Brain and Cognition

One from the "Psychology as a social science" group

- PSY-B 310 Life Span Development
- PSY-B 354 Adult Development and Aging
- PSY-B 388 Human Sexuality
- PSY-P 305 Psychology and Culture
- PSY-P 319 Psychology of Personality
- PSY-P 320 Social Psychology

One from the "Psychology as an applied science" group

- PSY-B 379 Industrial/ Organizational Psychology
- PSY-B 386 Introduction to Counseling
- PSY-P 324 Abnormal Psychology
- PSY-P 336 Psychological Tests and Individual Differences
- PSY-P 430 Behavior Modification
- PSY-P 363 Psychology and Schools

Electives

9 hours of electives in Psychology. Only 6 hours from COAS-S 399, PSY-P 493, PSY-P 494, and PSY-P 495 may be used for completing the requirements for the psychology major or minor.

Capstone

- PSY-B 452 Seminar in Psychology

Psychology (Bachelor of Science)

Mission/Vision Statement

Faculty of the Psychology Program are dedicated to providing our students with an exemplary educational foundation that will enable them to pursue their career goals and to be educated members of our society. The Psychology Program has developed a challenging curriculum where students develop the knowledge base and skills that today's employers demand and are necessary for the continuation of their education, such as written and oral communication, critical thinking, and teamwork.

Degree/Certificate Requirements

See "General Requirements for Undergraduate Degrees at IU Southeast" and "General Requirements for the Bachelor of Arts Degree."

General Education Component

Note: This is not a re-statement of the University's General Education Requirement but a list of specific General Education courses which are also requirements or pre-requisites for course work in the school/major.

Note: MATH-M 101, MATH-102 or a placement score that would place students in the following math

- MATH-M 118 Finite Mathematics

BA/BS Distribution Component

Total Natural Sciences requirements for the BS in Psychology are four courses, which must include two biological science courses (one with a lab) and one chemistry course. A total of two of the Natural Science courses must be lab courses.

Major Specific Requirements

41 credit hours including:

1. PSY-P 101
 2. PSY-P 102
 3. PSY-P 199
 4. PSY-P 341 & P342 (This is a two-semester course. The grade for this course will be given after completion of both semesters. PSY-P 342 fulfills the research writing requirement for psychology majors.)
 5. PSY-B 452
 6. Applied experience (3 credits): Research (PSY-P 454, PSY-P 477, PSY-P 493, PSY-P 495) or Internship (COAS-S 399, PSY-P 301)
 7. Three of the "psychology as an experimental science" group: PSY-P 325; PSY-P 326; PSY-P 329; PSY-P 335; PSY-P 407; PSY-P 408; PSY-P 411; PSY-P 417; PSY-P 418; PSY-P 461.
 8. One of the "psychology as a social science" group: PSY-B 310; PSY-B 354; PSY-B 388; PSY-P 305, PSY-P 319; PSY-P 320.
 9. One of the "psychology as an applied science" group: PSY-B 366; PSY-B 378; PSY-B 386; PSY-P 324; PSY-P 336; PSY-P 363; PSY-P 430.
 10. 6 hours of electives in Psychology. Only 6 hours from COAS-S 399, PSY-P 493, PSY-P 494, and PSY-P 495 may be used for completing the requirements for the psychology major or minor.
- PSY-P 101 Introductory Psychology 1
 - PSY-P 102 Introductory Psychology 2
 - PSY-P 199 Planning your Psychology Career
 - PSY-P 341 Research and Quantitative Methods in Psychology I
 - PSY-P 342 Research and Quantitative Methods in Psychology II
 - PSY-B 452 Seminar in Psychology

Applied Research - 3 credits (choose one of the following)

- PSY-P 454 Field Experience in International Psychology
- PSY-P 477 Applied Research in Psychology
- PSY-P 493 Supervised Research
- PSY-P 495 Readings and Research in Psychology
- COAS-S 399 Internship
- PSY-P 301 Psychology and Human Problems

Three from the "Psychology as an experimental science" group

- PSY-P 325 Psychology of Learning
- PSY-P 326 Behavioral Neuroscience
- PSY-P 329 Sensation and Perception
- PSY-P 335 Cognitive Psychology
- PSY-P 407 Drugs and the Nervous System
- PSY-P 411 Neural Bases of Learning and Memory
- PSY-P 417 Animal Behavior
- PSY-P 418 Behavior Genetics

- PSY-P 461 Human Memory
- PSY-P 408 Brain and Cognition

One from the "Psychology as a social science" group

- PSY-B 310 Life Span Development
- PSY-B 354 Adult Development and Aging
- PSY-B 388 Human Sexuality
- PSY-P 305 Psychology and Culture
- PSY-P 319 Psychology of Personality
- PSY-P 320 Social Psychology

One from the "Psychology as an applied science" group

- PSY-B 379 Industrial/ Organizational Psychology
- PSY-B 386 Introduction to Counseling
- PSY-P 324 Abnormal Psychology
- PSY-P 336 Psychological Tests and Individual Differences
- PSY-P 430 Behavior Modification
- PSY-P 363 Psychology and Schools

Electives

6 hours of electives in Psychology. Only 6 hours from COAS-S 399, PSY-P 493, PSY-P 494, and PSY-P 495 may be used for completing the requirements for the psychology major or minor.

Capstone

- PSY-B 452 Seminar in Psychology

Minor in Pre-Expressive Therapy Degree Requirements

18 credit hours in Psychology including:

- PSY-P 101 Introductory Psychology 1
- PSY-P 102 Introductory Psychology 2
- PSY-P 324 Abnormal Psychology
- PSY-B 310 Life-Span Development
- PSY-B 386 Introduction to Counseling

One course from the following list:

- PSY-B 354 Adult Development and Aging
- PSY-P 316 Psychology of Childhood and Adolescence
- PSY-P 319 Psychology of Personality
- PSY-P 335 Cognitive Psychology
- PSY-P 425 Behavioral Disorders of Childhood and Adolescence

Minor in Psychology

General Requirements

Students pursuing a minor in Psychology must complete the following requirements

- 18 credit hours in Psychology
- Courses must be completed with a grade of C- or higher
- Courses are 3 credit hours unless otherwise noted
- A minimum cumulative GPA of 2.0 across all courses required in the minor
- Minors are awarded concurrently with Baccalaureate degrees

Course Requirements

- PSY-P 101 Introductory Psychology 1
- PSY-P 102 Introductory Psychology 2
- Complete one of the following "Psychology as an experimental science" courses
 - PSY-P 325 The Psychology of Learning
 - PSY-P 326 Behavioral Neuroscience
 - PSY-P 329 Sensation and Perception
 - PSY-P 335 Cognitive Psychology
 - PSY-P 407 Drugs and the Nervous System
 - PSY-P 408 Brain and Cognition
 - PSY-P 411 Neural Bases of Learning and Memory
 - PSY-P 417 Animal Behavior
 - PSY-P 461 Human Memory
- Complete one of the following "Psychology as a social science" courses
 - PSY-B 310 Life Span Development
 - PSY-B 354 Adult Development and Aging
 - PSY-B 388 Human Sexuality
 - PSY-P 305 Psychology and Cultures
 - PSY-P 319 The Psychology of Personality
 - PSY-P 320 Social Psychology
- Complete one of the following "as an applied science" courses
 - PSY-B 366 Concepts and Applications in Organizational Psychology
 - PSY-B 378 Introduction to Industrial Psychology
 - PSY-B 386 Introduction to Counseling
 - PSY-P 324 Abnormal Psychology
 - PSY-P 336 Psychological Tests and Individual Differences
 - PSY-P 363 Psychology in the Schools
 - PSY-P 430 Behavior Modification Psychology
- Complete one additional PSY course at the 200-400 level

Social Sciences

This multidisciplinary degree asks students to build projects and research using a variety of fields, but offers a level of specificity by focusing on the Social Sciences, fields known for studying human society and relationships: Criminal Justice, Economics, History, International Studies, Journalism and Media, Political Science, Psychology, and Sociology. The varied discipline curriculum prepares students with up-to-date social sciences content and methodological skills, including oral and written communication, interpersonal relationship building, team work, analytical and critical thinking, research, and problem solving skills.

The degree is specifically designed for students with over 75 accumulated credit hours, either transfer or prior IU coursework, but who have not followed a specific degree plan. The requirement flexibility provides students a means to graduate in a timely manner with the content and skills students need to achieve their career goals, but with equal academic rigor; as it incorporates the research methodology and capstone courses common to other,

discipline-specific majors within the School of Social Sciences

Contact Information

Social Sciences Office: (812) 941-2391

Academics

Undergraduate Degrees

- Bachelors of Arts
- Bachelors of Science

Undergraduate Certificates

- Conflict Analysis and Resolution
- Diversity and Intercultural Competency

Undergraduate Minors

- Interdisciplinary Pre-Law Minor

Program Information

Learning Goals

- Students will develop substantive knowledge in at least two fields within the Social Sciences.
- Students will communicate Effectively in oral presentations and in written projects.
- Students will develop analytical skills and/or skills in research methodology specific to the fields of Social Sciences studied.

Bachelor of Arts in Social Sciences

Student Learning Goals

The interdisciplinary nature of this degree yields both overall learning goals, and discipline specific learning goals.

Overall

1. Students will develop substantive knowledge in at least two fields within the Social Sciences.
2. Students will communicate effectively in oral presentations and in written projects.
3. Students will develop critical thinking and analytical skills, argumentation and skills in research methodology specific to the fields of Social Sciences studied.

Discipline Specific

- Criminal Justice
- Economics
- History
- International Studies
- Journalism
- Political Science
- Psychology
- Sociology

Degree Requirements

Students receiving the Bachelor of Arts in Social Sciences degree must complete 120 total credit hours including:

- General Education Core (30 cr.)
- Foreign Language Requirement (14 cr.)
- Bachelor of Arts Distribution Requirement (15 cr.)

- Social Science Track One or Track Two (36 cr.)
-
- A minimum of 30 credit hours at the 300- or 400-level
 - Courses required for the major must be completed with a grade of C- or higher
 - A minimum GPA of 2.0 is required
 - Courses are 3 credit hours unless otherwise noted
-

Track Requirements

Multiple tracks are available for the students to assist them in attaining their degree. The student should determine the appropriate track with the assistance of a Social Science advisor.

Dual Discipline Track (minimum 36 credit hours with grade of C- or better to apply to degree)

- 18 credit hours from *two* different disciplines in School of Social Sciences or Economics.
- Complete the methods/statistics and capstone course(s) from one of the disciplines chosen, as part of the 18 required; as specified in grid below:
- **Criminal Justice**
 - CJUS-P 295 Criminal Justice Data, Methods, and Resources
 - CJUS-P 470 Senior Seminar in Criminal Justice

Economics

- ECON-E 270 Intro to Statistical Theory in Economics and Business
- BUS-K 352 Business Analytics: Redictive and Prescriptive Analytics

History

- HIST-H 236 The Historian's Craft
- HIST-J 495 Proseminar for History Majors

International Studies

- HIST-H 236 The Historian's Craft

OR

- POLS-T/Y 388/387 Qualitative Research Methods AND Research Methods
- INTL-I 400 International Studies Capstone Seminar - Must be taken face-to-face on the IU Southeast campus

Journalism and Media

- JOUR-J 200 Reporting, Writing, and Editing I
- JOUR-J 362 Journalism Multimedia Storytelling

OR

- JOUR-J 429 Public Relations Campaigns

Political Science

- POLS-T 388 Qualitative Research Methods
- POLS-Y 387 Research Methods in Political Science

- POLS-Y 490 Senior Seminar in Political Science

Psychology

- PSY-P 341 Research in Psychology I
- PSY-P 342 Research in Psychology II

AND

- PSY-B 452 Seminar in Psychology

Sociology

- SOC-S 380 Methods of Social Research I
- SOC-S 381 Methods of Social Research II

AND

- SOC-S 470 Senior Seminar

Triple Discipline Track (minimum 36 credit hours with grade of C- or better to apply to degree)

- Complete a minimum of 12 credit hours in *three* different disciplines in the School of Social Sciences and Economics.
- Select one of these disciplines and include in the 12 credit hours the discipline's methods/statistics and capstone course as specified in the grid above.

Bachelor of Science in Social Sciences

Student Learning Goals

The interdisciplinary nature of this degree yields both overall learning goals, and discipline specific learning goals.

Overall

1. Students will develop substantive knowledge in at least two fields within the Social Sciences.
2. Students will communicate effectively in oral presentations and in written projects.
3. Students will develop critical thinking and analytical skills, argumentation and skills in research methodology specific to the fields of Social Sciences studied.

Discipline Specific

- Criminal Justice
- Economics
- History
- International Studies
- Journalism
- Political Science
- Psychology
- Sociology

Degree Requirements

Students receiving the Bachelor of Science in Social Sciences degree must complete 120 total credit hours including:

- General Education Core (30 cr.)

- Bachelor of Science Distribution Requirement (14-18 cr.)
- Social Sciences Track Requirement (36 cr.)
- Electives as needed to complete 120 total credit hours

- A minimum of 30 credit hours at the 300- or 400-level
- Courses required for the major must be completed with a grade of C- or higher
- Courses are 3 credit hours unless otherwise noted
- A minimum GPA of 2.0 is required

Bachelor of Science Distribution Requirement

- MATH-A 118 or higher
- Three additional in life science or physical science courses, with a least one having an associated or integrated lab component. (11-15 credit hours, depending on choice of courses.)
- See list of courses distinguishing between Life and Physical Sciences.

Track Requirement

Multiple tracks are available for the students to assist them in attaining their degree. The student should determine the appropriate track with the assistance of a Social Science advisor.

Dual Discipline Track (minimum 36 credit hours with grade of C- or better to apply to degree)

- 18 credit hours from *two* different disciplines in School of Social Sciences or Economics.
- Complete the methods/statistics and capstone course(s) from one of the disciplines chosen, as part of the 18 required; as specified in grid below:

Criminal Justice

- CJUS-P 295 Criminal Justice Data, Methods, and Resources
- CJUS-P 470 Senior Seminar in Criminal Justice

Economics

- ECON-E 270 Introduction to Statistical Theory in Economics and Business
- BUS-K 352 Business Analytics: Predictive and Prescriptive Analytics

History

- HIST-H 236 The Historian's Craft
- HIST-J 495 Proseminar for History Majors

International Studies

- HIST-H 236 The Historian's Craft

- POLS-Y 490 Senior Seminar in Political Science

Psychology

- PSY-P 341 Research in Psychology I
- PSY--P 342 Research in Psychology II

AND

- PSY-B 452 Seminar in Psychology

Sociology

- SOC-S 380 Methods of Social Research I
- SOC-S 381 Methods of Social Research II

AND

- SOC-S 470 Senior Seminar

Triple Discipline Track (minimum 36 credit hours with grade of C- or better to apply to degree)

- Complete a minimum of 12 credit hours in *three* different disciplines in the School of Social Sciences and Economics.
- Select one of these disciplines and include in the 12 credit hours the discipline's methods/statistics and capstone course as specified in the grid above.

Interdisciplinary Pre-Law Minor Minor Requirements

18 credit hours chosen from across offerings in the Schools of Arts & Letters, Business, and Social Sciences. Minimum grade of C- in each course and overall GPA of 2.0 across all 18 credits required.

1. PHIL-P 150 - Elementary Logic (3 credits)
2. POLS-Y 304 - Constitutional Law (3 credits)
3. SPCH-S 228 - Argument and Debate OR PHIL-P 113 Introduction to Debate, Argument, and Persuasion (3 credits)
4. 9 credits (3 courses) choose one from each of the following distribution areas:
 - Critical Reading, Writing and Problem Solving
 - Public Service, Promotion of Justice and Background Knowledge
 - Organization, Management, Relationship Building and Collaboration

Note: No more than two courses from any single discipline. Two of the three required courses must be at the 300 level or higher. Some courses have pre- or co-requisites. See *Courses* section of this Bulletin for details.

Distribution Area Options

Critical Reading, Writing, and Problem Solving

- ENG-W 270/420 Argumentative Writing
- ENG-L 371 Critical Practices
- HIST-A 302 Revolutionary America 1763-1791
- HIST-A 303 United States 1792-1829
- POLS-T 385 Politics, Psychology, and Power
- POLS-Y 349 Comparative Public Policy
- POLS-Y 384 Developments in American Political Thought
- POLS-Y 392 Problems of Contemporary Political Philosophy
- SOC-S 360 Topics in Social Policy
- SOC-S 403 Industry, Labor, and Community

Public Service, Promotion of Justice, and Background Knowledge

- HIST-A 381 Civil Rights Era in the U.S.
- HIST-F 341 Latin America: Conquest and Empire
- HIST-F 342 Latin America: Evolution and Revolution
- PHIL-P 343 Classics in Social and Political Philosophy
- PHIL-P 345 Problems in Social and Political Philosophy
- POLS-T 390 Theories of Power
- POLS-Y 103 Introduction to American Politics
- POLS-Y 306 State Politics in the U.S.
- POLS-Y 317 Voting, Elections, Public Opinion
- POLS-Y 337 Latin American Politics
- SOC-R 463 Inequality and Society

Organization, Management, Relationship Building, and Collaboration

- BUS-L 201 Legal Environment of Business
- POLS-Y 302 Public Bureaucracy in Modern Society
- POLS-Y 303 Formation of Public Policy in the United States
- PSY-B 378 Introduction to Industrial Psychology
- SPCH-S 229 Discussion and Group Methods
- SPCH-S 306 Leadership

Sociology

Sociology is the scientific study of human social relationships with a focus on the causes and consequences of human group behavior. Sociologists are concerned with the divisions of society regarding culturally shared and learned beliefs and behavior patterns. Sociology involves the gathering of information about society that is used to make generalizations and predictions about causes and consequences of social behavior.

Program Information

- Mission Statement and Learning Goals

Sociology Program Information**Mission/Vision Statement**

The Sociology Department is a student-centered community engaged in active learning. We strive to create an environment in which students gain an understanding of human social behavior by cultivating the sociological imagination. The sociological imagination involves the ability to understand how individual lives and personal problems are connected to public issues and the structure of society. Students are also encouraged to explore their own position in and relationship to society, and especially how it's shaped by race, class and gender. At its core, the sociological mission is rooted in social theory and the scientific method and how these can be applied to improve social conditions.

Student Learning Goals

1: Sociology students should demonstrate a working knowledge (by defining, mastering the characteristics of, and being able to apply the concept to an example) of key concepts in sociology.

2: Sociology students should demonstrate a working knowledge of the major theories in sociology, the role of theory in building knowledge, and for a given social phenomena, construct a reasoned argument based on a theoretical perspective.

3: Sociology students should demonstrate a working knowledge of research methods in sociology; including recognizing how the scientific method is used; applying the proper statistical procedure to data; and interpreting the data appropriately.

4: Sociology students should demonstrate a working knowledge of cultural diversity including the significance of race, ethnicity, gender, class and sexuality both within the U.S. society and in the global world.

5: Demonstrate a working knowledge of what it takes to transform from student to professional and how to effectively use that college career to successfully make the shift.

Sociology (Bachelor of Arts)**Degree Requirements**

Students receiving the Bachelor of Arts in Sociology degree must complete 120 total credit hours including:

- General Education Component (30 cr.)
 - Bachelor of Arts Foreign Language Requirement (14 cr.)
 - Bachelor of Arts Distribution Requirement (15 cr.)
 - Traditional Track or Gender Studies Track (30 - 37 cr.)
 - Electives as needed to complete 120 total credit hours
-
- A minimum of 30 credit hours at the 300- or 400-level
 - Courses required for the major must be completed with a grade of C- or higher

- A minimum GPA of 2.0 is required

Note: This is not a re-statement of the University's General Education Requirement but a list of specific General Education courses which are also requirements or pre-requisites for course work in the school/major.

- SOC-S 163 Social Problems
- MATH-A 118 Finite Mathematics **OR** MATH-M 118 Finite Mathematics

Traditional Track

The traditional track of the sociology major requires a minimum of 30 credit hours in sociology.

- SOC-S 163 Social Problems
- SOC-S 199 Careers in Sociology
- SOC-S 380 Introduction to Social Research Methods I
- SOC-S 381 Introduction to Social Research Methods II
- SOC-S 260 Intermediate Sociological Writing
- SOC-S 441 Topics in Social Theory
- SOC 200-level and above Sociology Elective
- SOC 200-level and above Sociology Elective
- SOC 200-level and above Sociology Elective
- SOC 300/400 Sociology Elective

Capstone

- SOC-S 470 Senior Seminar

Gender Studies Track**Specific Requirements for Track**

The Gender Studies Track in Sociology requires a total of 37 credit hours. Specific courses are listed below.

- GNDR-G 101 Gender, Culture, and Society
- SOC-S 163 Social Problems
- SOC-S 199 Careers in Sociology
- SOC-S 380 Introduction to Social Research Methods I
- SOC-S 381 Introduction to Social Research Methods II
- SOC-S 260 Intermediate Sociological Writing
- SOC-S 441 Topics in Social Theory

Electives

- SOC 300/400 Sociology Elective

Must take 6 credit hours of sociology courses:

- SOC-R 320 Sexuality & Society
- SOC-R 326 Masculinity & Society
- SOC-S 310 Sociology of Women in America
- SOC-S 338 Sociology of Sex Roles
- SOC-S 413 Gender & Society
- SOC-S 416 The Family
- SOC A Sociology course with a gender component as approved by the instructor.

Must take 3 credit hours of social science courses:

- POLS-Y 324 Women & Politics
- PSY-P 460 Women: a Psychological Perspective

- Other Social Science classes with a gender component and an advisor's approval

Must take 3 credit hours of Arts & Letters courses:

- ENG-L 207 Women and Literature
- COMM-S 450 Gender and Communication
- Other class with gender component and an advisor's approval

Capstone

- SOC-S 470 Senior Seminar Senior with a gender-related topic for the seminar paper

Sociology (Bachelor of Science)

The purpose of this program is to provide Sociology students with greater depth of knowledge in Sociology as a science and more development of research skills than currently provided by the Sociology B.A. program, which provides a more generalized education in Sociology.

Degree Requirements

Students receiving the Bachelor of Science in Sociology degree must complete 120 total credit hours including:

- General Education Component (30 cr.)
 - Bachelor of Science Distribution Requirement (8 cr.)
 - Sociology Core (37 cr.)
 - Sociology Capstone (3 cr.)
 - Electives as needed to complete 120 total credit hours
-
- A minimum of 30 credit hours at the 300- or 400-level
 - Courses required for the major must be completed with a grade of C- or higher
 - A minimum GPA of 2.0 is required

Note: This is not a re-statement of the University's General Education Requirement but a list of specific General Education courses which are also requirements or pre-requisites for course work in the school/major.

- SOC-S 163 Social Problems
- MATH-A 118 Finite Mathematics for the Social and Biological Sciences

B.S. Distribution Component

- Additional Life or Physical Science from BA list *
- Additional Life or Physical Science from BA list *

*Note: Must take at least one life science and one physical science.

Sociology Core

The B.S. in Sociology requires a minimum of 37 credit hours in sociology. Specific requirements are listed below.

- SOC-S 163 Social Problems
- SOC-S 199 Careers in Sociology
- SOC-S 380 Introduction to Social Research Methods I
- SOC-S 381 Introduction to Social Research Methods II
- SOC-S 260 Intermediate Sociological Writing
- SOC-S 441 Topics in Social Theory

Choose one of the following courses: "Sociology as an Applied Science"

- SOC-S 305 Population & Human Ecology
- SOC-S 308 Global Society
- SOC-S 309 The Community
- SOC-S 360 Topics in Social Policy
- SOC-S 361 Cities & Suburbs
- SOC-S 403 Industry, Labor, and Community
- SOC-S 431 Topics in Social Psychology

Choose three of the following courses: "Social Groups, Institutions, and Society" or "Sociology as an Applied Science"

- SOC-R 318 The Self & Social Interaction
- SOC-R 319 Sport & Society
- SOC-R 320 Sexuality & Society
- SOC-R 326 Masculinity & Society
- SOC-R 327 Sociology of Death & Dying
- SOC-R 463 Inequality & Society
- SOC-S 203 Sociological Concepts & Perspectives
- SOC-S 301 Topics in Gender
- SOC-S 304 Global Issues in Gender
- SOC-S 305 Population & Human Ecology
- SOC-S 308 Global Society
- SOC-S 309 The Community
- SOC-S 312 Education & Society
- SOC-S 313 Religion & Society
- SOC-S 314 Social Aspects of Health & Medicine
- SOC-S 315 Work & Occupations
- SOC-S 319 Science & Society
- SOC-S 331 Sociology of Aging
- SOC-S 335 Race & Ethnic Relations
- SOC-S 338 Sociology of Gender Roles
- SOC-S 344 Sociology of Childhood
- SOC-S 345 Food and Society
- SOC-S 360 Topics in Social Policy
- SOC-S 361 Cities & Suburbs
- SOC-S 403 Industry, Labor, and Community
- SOC-S 405 Selected Social Institutions
- SOC-S 413 Gender & Society
- SOC-S 416 The Family
- SOC-S 419 Social Movements & Collective Action
- SOC-S 431 Topics in Social Psychology

Electives

Complete one of the following

- SOC 300/400 Sociology Elective

Complete two of the following

- BUS-M 300 Introduction to Marketing
- COMM-I 334 Public Relations in Strategic Communication
- COMM-S 229 Discussion and Group Methods

- SOC-S 470 Senior Seminar in Sociology

Minor in Sociology

Degree Requirements

18 credit hours, including: SOC-S 163 and 15 additional hours of 200-400-level sociology courses.

Certificate in Asian Affairs

Description

The Certificate in Asian Affairs is intended to give students an understanding of Asian societies today, offering insights into cultural, social, political, historical, geographic, and economic variables essential to appreciating Asian societies, as well as a basic introduction to one Asian language.

Certificate Requirements

The certificate requires 15-16 hours, with a minimum cumulative G.P.A. of 2.0. Students must complete one course from each of the 4 areas (12-13 credit hours): Language, Culture, History & Philosophy, and Politics & Geography. Student choose one additional course from one of the 4 areas or may complete a Study Abroad in Asia for a minimum of 3 credit hours. Study Abroad in Asia is strongly recommended.

- No more than two courses below the 200-level will count toward the certificate.
- **Language**
 - EALC-J varies Students will take 1 language course in Japanese. Specific course will depend on student performance on a placement test

Culture (choose one course)

- FINA-A 362 The Art of Japan
- FINA-A 451 Art of the South Pacific
- FINA-A 456 The Art and Culture of Samoa, Western Polynesia
- REL-R 153 Religions of Asia
- REL-R 354 Buddhism

History & Philosophy (choose one course)

- HIST-G 100 Introduction to Asian History
- HIST-G 200 Issues in Asian History
- HIST-G 300 Issues in Asian History
- HIST-H 207 Modern East Asian Civilization
- HIST-H 208 American-East Asian Relations
- HIST-G 385 Modern China
- HIST-G 387 Contemporary China
- PHIL-P 170 Introduction to Asian Philosophy
- PHIL-P 374 Early Chinese Philosophy

Politics & Geography (choose one course)

- POLS-Y 369 Introduction to Asian Politics

Elective (choose one additional course from any area listed above. Summer Study Abroad in Asia is strongly encouraged.)

* Please note that other appropriate courses may be offered and substituted subject to approval.

Certificate in Conflict Analysis and Resolution

The Certificate in Conflict Analysis and Resolution develops conflict management skills and the ability to analyze conflict over time and in various settings. The required curriculum focuses primarily on interpersonal conflicts and offers students a fundamental knowledge and understanding of the theories of conflict and applicable problem solving strategies. Transformative conflict resolution requires mediation and negotiation, and only through an understanding of the ethical, cultural and power dynamics at play is resolution possible. Elective courses provide social, historical and international perspectives of conflict. With such knowledge, students learn the stakes in resolution, patterns over time, and precedents for success.

Students are required to complete 18 hours with a minimum G.P.A. of 2.0, including at least nine hours at the 300-level or above.

Required Coursework

- CJUS-P 313 Conflict Management

Choose Two of the Following:

- BUS-M 421 Fundamentals of Negotiation
- PHIL-P 140 Introduction to Ethics
- PSY-P 321 Group Dynamics
- SOC-R 318 The Self and Social Interaction
- CMCL-C 427 Cross Cultural Communication

Choose Three Elective Courses from the Following:

- CJUS-P 330 Ethics in Criminal Justice
- CJUS-P 335 Race, Gender and Inequality in the Criminal Justice System
- COMM-S 229 Discussion and Group Methods
- HIST-A 301 Colonial North America
- HIST-A 302 Revolutionary United States
- HIST-A 381 Civil Rights Era in the United States
- HIST-B 315 European Anti-Semitism, Enlightenment to the Holocaust
- HIST-B 323 History of the Holocaust
- HIST-B 360 Europe from Napoleon to the First World War
- HIST-B 361 Europe in the Twentieth Century
- HIST-F 341 Latin America: Conquest and Empire
- HIST-F 342 Latin America: Evolution and Revolution
- HIST-H 101 The World in the Twentieth Century
- PHIL-P 113 Debate, Argument, and Persuasion
- POLS-Y 107 Introduction to Comparative Politics
- POLS-Y 109 Introduction to International Relations
- POLS-Y 335 West European Politics
- POLS-Y 337 Latin American Politics
- POLS-Y 351 Political Simulations (1 cr. Repeatable two times)
- POLS-Y 369 Intro to East Asian Politics

- POLS-Y 392 Special Topics in Political Science: Theories of Power
- POLS-Y 471 Terrorism
- SOC-S 419 Social Movements and Collective Behavior
- SOC-R 463 Inequality and Society
- SOC-S 335 Race and Ethnic Relations

Certificate in Diversity and Intercultural Competency

The Certificate in Diversity is designed to prepare students to be familiar with different types of diversity as well as the contexts and theories related to diversity. Diversity is defined differently according to one's own perspective, and this certificate prepares students for negotiating diverse cultures and identities in different fields of study. The certificate also enables students to understand the impact of diversity in local, world, and national contexts.

Students are required to complete 18 credit hours with a minimum G.P.A. of 2.0, including

- At least nine hours must be completed at the 300-level or above.
- Six credit hours must be taken in the humanities
- Six credit hours must be taken in the social sciences
- Coursework towards the certificate must cover at least three of the following areas: sex and gender, sexuality, race and ethnicity, religion, age/generation, nationality, or class.

Humanities Courses

- AFRO-A 169 Introduction to African American Literature

Elective (choose one additional course from any area listed above or complete a Study Abroad. Study Abroad in Latin America is strongly encouraged.)

* Denotes courses that are subject to departmental approval.

Certificate in Public Sector Management

The primary target of this certificate is people who are either currently working in a governmental office (whether political or not), or who are seeking employment with the government and have not yet completed a college

degree. Government employees face very different rules, constraints, and work situations than do private sector employees. This certificate will help provide public sector employees with the skills needed to face these challenges.

Student Learning Goals

The certificate is meant to help students develop skills that would be useful for working in government offices or non-profit agencies. These skills include written and oral communication skills, as well as skills in budgeting and managing personnel in a political environment, the making of public policy, and the legal environment in which government agencies operate.

Certificate Requirements

The certificate requires 15 hours, with a minimum cumulative G.P.A. of 2.0 to be awarded a certificate.

Core Program

- POLS-Y 103 Introduction to American Politics

Certificate Specific Requirements

Students must successfully complete any four of the courses below:

- POLS-Y 302 Public Bureaucracy in Modern Society
- POLS-Y 303 Formation of Public Policy in the United States
- POLS-Y 306 State Politics in the United States
- POLS-Y 401 Topics in Political Science - Seminar in Grant Writing, cross listed with PSY-P 457
- POLS-Y 402 Politics of the Budgetary Process
- POLS-Y 403 Legal Issues in Public Bureaucracy
- POLS-Y 404 Political Issues in Public Personnel Management

Post-Baccalaureate Certificate in Asian Affairs

Description

The Post-Baccalaureate Certificate in Asian Affairs is intended to give students an understanding of Asian societies today, offering insights into cultural, social, political, historical, geographic, and economic variables essential to appreciating Asian societies, as well as a basic introduction to one Asian language.

Certificate Requirements

The certificate requires 15-16 hours, with a minimum cumulative G.P.A. of 2.0. Students must complete one course from each of the 4 areas (12-13 credit hours): Language, Culture, History & Philosophy, and Politics & Geography. Student choose one additional course from one of the 4 areas or may complete a Study Abroad in Asia for a minimum of 3 credit hours. Study Abroad in Asia is strongly recommended.

- No more than two courses below the 200-level will count toward the certificate.
- **Language**
 - EALC-J varies Students will take 1 language course in Japanese. Specific course will depend on student performance on a placement test

Culture (choose one course)

- FINA-A 362 The Art of Japan

Post-Baccalaureate Certificate in International Affairs

Description

The Post-Baccalaureate Certificate in International Affairs is intended to give students an understanding of international issues today, offering insights into cultural, social, political, historical, geographic, and economic variables essential to appreciating an increasingly globalized world, as well as a basic introduction to one foreign language.

Certificate Requirements

The certificate requires 15 hours, with a minimum cumulative G.P.A. of 2.0. Students must complete POLS-Y376 or Y333, GEOG-G201, POLS-Y109 or Y107, HIST-H101, and one elective from the International Studies curriculum. Students are strongly encouraged to complete a Study Abroad to satisfy the 3 credit hour elective requirement.

Complete each course listed below

- POLS-Y 376 International Political Economy
OR POLS-Y 333 International Economics
GEOG-G 201 World Regional Geography
POLS-Y 109 Intro. to International Relations
OR POLS-Y 107 Intro. to Comparative Politics
- HIST-H 101 The World in the 20th Century
- Choose one elective from the International Studies curriculum or complete a Study Abroad

No more than two courses below the 200-level will count toward the certificate.

Post-Baccalaureate Certificate in Latin American Affairs

Description

The Post-Baccalaureate Certificate in Latin American Affairs is intended to give students an understanding of Latin American societies today, offering insights into cultural, social, political, historical, geographic, and economic variables essential to appreciating Latin American societies, as well as a basic introduction to one Latin American language.

Certificate Requirements

The certificate requires 15-16 hours, with a minimum cumulative G.P.A. of 2.0. Students must complete one course from each of the 4 areas (12-13 credit hours): Language, Culture, History & Philosophy, and Politics & Geography. Students choose one additional course from one of the 4 areas or may complete a Study Abroad in Latin America for a minimum of 3 credit hours. Study Abroad in Latin America is strongly recommended.

- No more than two courses below the 200-level will count toward the certificate.

Language

- SPAN-S varies Students will take 1 language course in Spanish. Specific course will depend on student performance on a placement test

Culture (choose one course)

- FINA-A 150 Africa, New World, & Oceanic Art

- SPAN-S 412 Spanish America: The Cultural Context
- SPAN-S 471 Survey of Spanish American Literature I
- SPAN-S 472 Survey of Spanish American Literature II
- SPAN-S 275* Hispanic Culture and Conversation
- SPAN-S 291* Hispanic Literature and Civilization
- SPAN-S 301* The Hispanic World I
- SPAN-S 302* The Hispanic World II
- SPAN-S 303* The Hispanic World
- SPAN-S 363* Introduccion a la Cultura Hispanica
- SPAN-S 494* Individual Readings in the Hispanic Studies

History & Philosophy (choose one course)

- HIST-F 100 Issues in Latin American History: Introduction
- HIST-F 216/416 History of Slavery in the Americas
- HIST-F 341 Latin America: Conquest and Empire
- HIST-F 342 Latin America: Evolution and Revolution
- HIST-F 350 The Environment in Latin American History
- HIST-F 360 Natural Disasters in Latin American History
- HIST-F 232 Upheaval in 20th-Century Latin America
- HIST-H 231* Women, Men, and Family in History

Politics & Geography (choose one course)

- POLS-Y 337 Latin American Politics
- GEOG-G 323 Geography of Latin America

Elective (choose one additional course from any area listed above or complete a Study Abroad.

Study Abroad in Latin America is strongly encouraged.)

* Denotes courses that are subject to departmental approval.

Post-Baccalaureate Certificate in Public Sector Management

The primary target of this certificate is people who are either currently working in a governmental office (whether political or not), or who are seeking employment with the government and have not yet completed a college degree. Government employees face very different rules, constraints, and work situations than do private sector employees. This certificate will help provide public sector employees with the skills needed to face these challenges.

Student Learning Goals

The certificate is meant to help students develop skills that would be useful for working in government offices or non-profit agencies. These skills include written and oral communication skills, as well as skills in budgeting and managing personnel in a political environment, the making of public policy, and the legal environment in which government agencies operate.

Certificate Requirements

The certificate requires 15 hours, with a minimum cumulative G.P.A. of 2.0 to be awarded a certificate.

Core Program

- POLS-Y 103 Introduction to American Politics

Certificate Specific Requirements

Students must successfully complete any four of the courses below:

- POLS-Y 302 Public Bureaucracy in Modern Society
- POLS-Y 303 Formation of Public Policy in the United States
- POLS-Y 306 State Politics in the United States
- POLS-Y 401 Topics in Political Science - Seminar in Grant Writing, cross listed with PSY-P 457
- POLS-Y 402 Politics of the Budgetary Process
- POLS-Y 403 Legal Issues in Public Bureaucracy
- POLS-Y 404 Political Issues in Public Personnel Management

Metroversity

IU Southeast is a member of [Kentuckiana Metroversity](#), a consortium of institutions of higher education in the Louisville metropolitan area. Member institutions include Bellarmine University, Ivy Tech Sellersburg, Jefferson Community and Technical College, Louisville Presbyterian Theological Seminary, Southern Baptist Theological Seminary, Spaulding University and University of Louisville.

Fulltime students at any Metroversity college or university can take up to two classes (or a maximum of 8 hours) as an undergraduate or one course (up to 4 credit hours) as a graduate student at another Metroversity school during the fall and spring semester. Students must be in good standing having earned a minimum of twelve hours at their home institution and a 2.0 GPA at the undergraduate level or 3.0 GPA at the graduate level to participate. An exception will be made for students enrolling in the ROTC program.

Reserve Officers Training Program

The educational program of Indiana University Southeast includes the Air Force (AFROTC) and Army (ROTC) Reserve Officers' Training Corps programs. Courses for IU Southeast students are held on the Belknap campus of the University of Louisville under the auspices of the Metroversity Program. This is a non-degree program

General Qualifications

Any student, regardless of sex, race, or ethnic background, is eligible for the AFROTC or ROTC if he or she is:

- a citizen of the United States (noncitizens may enroll but must obtain citizenship prior to their junior year)
- of sound physical condition
- of sound moral character
- able to complete all commissioning requirements before age 30 (may be waived to age 35)
- a full-time student

Air Force

Dougherty Hall University of Louisville

Phone: (502) 852-6576

If you are a full-time student, there is no cost for enrollment in the AFROTC program other than tuition

of the university. The AFROTC furnishes uniforms and AFROTC textbooks. Veterans Affairs benefits may be continued while in the AFROTC program. Membership in a Reserve or National Guard Unit does not prevent enrollment in the AFROTC program. Married students are eligible.

AFROTC is designed to be a four-year program. However, the ROTC curriculum can be compressed in some cases allowing students to join as late as their sophomore year. Students in ROTC must enroll in the appropriate Aerospace Science courses. Freshmen and sophomores will enroll Aerospace Science A 101 and A 151 or A 201 and A 251. There is no other application procedure. Enrolling in these courses does not incur a military obligation. During the first two years, the student attends class for one hour and leadership laboratory for two hours each week, earning 2 credit hours per semester. After successfully completing the sophomore year and a four-week summer field training program, the qualified cadet will gain entry into the Professional Officer Course.

Professional Officer Course (POC) is designed for juniors and seniors. Students must serve 4 semesters as a POC member in order to meet AFROTC requirements. As a POC member the student attends class three hours a week and leadership laboratory for three hours a week, earning 3 credit hours per semester. While a member of the POC, the cadet receives \$300-\$600 per month tax free each academic year and, in some cases, a full scholarship. Upon completion of degree that student will be commissioned as a Second Lieutenant in the United States Air Force.

Field training is offered during the summer months, normally between the sophomore and junior year, at Maxwell Air Force Base in Montgomery, Alabama. The major areas of study include officer training, aircraft orientation, career orientation, survival training, physical training, base functions, and Air Force environment. Travel to and from the encampment is paid, as well as all expenses for room and board. Additionally, the student is paid for the encampments.

Scholarships are available to highly qualified students. Scholarships cover full tuition, laboratory expenses, incidental fees, and books. Scholarship cadets also receive \$300-\$600 per month tax free. Students who are not on scholarship when they first enter college may qualify for a scholarship while attending college. Interested students should contact the AFROTC office at (502) 852-6576 or by e-mail at airforce@louisville.edu. Students may also visit the AFROTC offices in Dougherty Hall, University of Louisville, or the Web page.

Army

Room 209 Dougherty Hall

University of Louisville

Louisville, KY 40292

Phone: (502) 852-7902

The Army Reserve Officers' Training Corps (ROTC) program provides students in any academic discipline an

opportunity to develop leadership and management skills and obtain a commission as a second lieutenant in the United States Army.

The Army ROTC program is traditionally a four-year program. The first two years of the program comprise the Basic Course. This includes classroom studies in such subjects as military history, leadership development, and national defense. Students may enroll in the first two years of the program without incurring any future military obligation (non-scholarship). ROTC books and uniforms are provided. In lieu of the Basic Course, students may qualify for the Advanced Course if they are prior service member and have completed basic training or attend Cadet Initial Entry Training during the summer before they begin their junior year.

The Upper Division ROTC classes are normally taken in the junior and senior years. Students contract with ROTC and receive a stipend of \$450-500 per academic month. Enrollment in the Upper Division will enable students to continue to sharpen their management skills and teach new ROTC students the skills that have been learned in the Basic Course. Between the junior and senior years, students attend the ROTC Advanced Camp. Students who have completed the Army ROTC program will be ready to become commissioned officers in the U.S. Army upon graduation from college.

Army ROTC awards three and four-year National Scholarships to high school seniors and two and three-year campus-based scholarships that pay for tuition and fees, plus a \$600 per semester allowance for books and a monthly stipend of \$300Fr/350So/450Jr/500Sr. Students may also receive tuition-remission grants.

All Army ROTC courses are conducted at the University of Louisville, Belknap Campus, in Dougherty Hall. Contact the IU Southeast registrar for further guidance to sign up for this Metroversity program. Interested students should also contact the enrollment officer at the University of Louisville, (502) 852-7902, for the latest program information.

Schools

Indiana University Southeast has seven undergraduate degree-granting academic schools/divisions: School of Arts and Letters; School of Business; General Studies Degree Program; School of Education; School of Natural Sciences; School of Nursing; and School of Social Sciences. The Purdue School of Technology has a presence on the campus and also grants degrees from Purdue University.

Within the undergraduate schools/divisions are the academic departments, offering major and minor programs.

Degree Listings by School

- School of Arts & Letters
- School of Business
- School of Education
- School of Natural Sciences
- School of Nursing
- School of Social Sciences

Policies

It is the student's responsibility to be aware of all academic regulations and degree requirements. All academic units establish certain academic requirements that must be met before a degree is granted. These regulations concern such matters as curricula and courses, specific credit hours required, majors and minors, and campus residence. Advisors, deans, and administrators will always help a student to become aware of these requirements, but the student is responsible for fulfilling them. At the end of the student's course of study, the faculty and Trustees of Indiana University vote upon the conferring of the degree. If requirements have not been satisfied, the degree will be withheld pending adequate fulfillment.

Absences

Class attendance is a predictor of successful completion of any course, and is required. Absences must be explained to the satisfaction of the instructor, who will decide whether missed assignments may be made up.

A student who is absent from the final examination and who has a passing grade up to that time may be given a grade of I (Incomplete) at the discretion of the instructor. The student must contact the instructor within two weeks of the examination date to schedule a make-up examination. Failure to do so may result in a failing grade being awarded in the course.

Academic Advising

Students who are new to IU Southeast and who have a declared major can expect to receive academic advising from a professional advisor in the School that offers his/her intended academic program. Professional advisors guide students through the more specific degree requirements associated with his/her School/Division. In most units, faculty assume advising responsibilities once students attain upper-level status, i.e., junior or senior. Faculty provide information about career and advanced study opportunities in their fields, as well as academic advising about their specific disciplines.

Students without a declared major will receive advising in the Advising Center for Exploratory Students (ACES). ACES advisors will guide students through an exploration process in order to best assist students in declaring an appropriate major.

Grade Forgiveness

Fresh Start

Effective and Applicable Fall 2020 forward

Fresh Start purposely replaces and supersedes "Academic Bankruptcy." It provides undergraduate students returning to Indiana University Southeast after a hiatus a comparable GPA platform to transfer students, whereby prior credit earned applies to degree requirements, but the grades and grade points of that prior IU history are not included in calculation of the cumulative program GPA. All grades, credits, and courses remain *visible* on the transcript, but an adjustment is applied to the academic record to remove the GPA points/values from the cumulative Program GPA calculation that appears at the bottom of the student's official transcript. Credit for any prior IU coursework completed with grades of C or better, including credit taken as a non-degree, visiting student will continue to count towards degree and/

or program requirements. Students begin their post-Fresh Start academic record with a renewed Program GPA of 0.0, just like they were brand new freshman.

Eligibility and Application to Record

- For undergraduates pursuing first bachelor's degree only;
- Who have not been enrolled at any IU campus for at least two calendar years;
- Who have now re-enrolled at IU Southeast and stay enrolled through census date;
- And submit application on or before last day of scheduled classes of the return semester.

All IU Southeast undergraduate students who meet the criteria, regardless of the academic unit of enrollment, are eligible to apply for Fresh Start.

For additional information on either of these policies, see full statements here.

Adding/Dropping Courses

- Auditing (Noncredit Registration)
- Course Enrollment
- Dropping/Withdrawing from Courses
- Late Registrations and Course Additions
- Late Withdrawal Policy

Auditing (Noncredit Registration)

Some students may wish to enroll in a course without working for or expecting to receive formal credit. They may enroll as special audit students. New students must be eligible for admission. The application for admission, the application fee, and appropriate academic credentials are required. Students previously enrolled or concurrently enrolled in credit courses may enroll as auditors by informing registration personnel during the registration period or before the first class meeting. Changes from audit to credit status are prohibited after the second week of classes (first week of classes in summer sessions), unless approved by the Executive Vice Chancellor for Academic Affairs. Fees for audit courses are the same as for credit courses. Courses completed as audits will be entered on the student's transcript with an "NC" notation for "no credit" in place of a grade. The NC notation recorded for an audited course may not be changed subsequently to a regular grade for credit.

Course Enrollment

Registration is available online allowing admitted and current student to register via any device and from any location at their convenience.

Dropping/Withdrawing from Courses

Any student can drop one or more classes until the end of the ninth week of a semester or the fourth week of a summer session—commonly referred to as the "Last Day to Withdraw." (For courses meeting on nonstandard dates, completion of two-thirds of the session is the guideline for withdrawing from a course.)

- When a student drops a class (classes) prior to the first day of classes, the course is not listed on his/her academic record.

- When a student drops a class (classes) during the 100% refund period, the course is not listed on his/her official academic record.
- When a student drops one or more classes after the 100% refund period and before the "Last Day to Withdraw," a grade of "W" (Withdrawn) is recorded on the academic record for the class (classes).
- A student who stops attending without officially dropping the course will receive a grade of "F".

Late Registrations and Course Additions

The first week of all semesters is the "free add-drop period." Students may freely add into classes where there are spaces available and they have met any stated pre-requisites or permissions without securing instructor approval, and may withdraw from courses assured of having no "W" on their record and a 100% refund of tuition and fees related to the course. At the end of the first week of classes is the census date, which marks the end of the free add-drop period.

From the day after census to the end of all fee refund periods (end of 4th week of the Fall and Spring semesters), students must have permission of the instructor and/or program coordinator to add a class, even when there are open spaces. After the census date, students at IU use the "E-add/E-drop" application available from the One.iu.edu portal to log requests to add or drop courses. The system collects and sends the requests electronically to the instructors for their approval. Accepting a late addition into a class is wholly at the discretion of the instructor.

After the end of all fee refund periods for all sessions in a semester, a student should not expect to be allowed to enroll in any course for the current semester. Any exceptions to this policy would be for extraordinary, well-documented circumstances only, and require approval by the instructor, the dean of the school offering the course, and the executive vice chancellor for academic affairs. These additional approvals cannot be acquired via the "E-dd/E-Drop" system.

Students should not attend courses in which they are not officially enrolled, as doing so can be construed as an act of academic dishonesty or as a theft of services and could be subject to appropriate disciplinary or legal sanctions. Students who are stopped from officially registering for a class they are actively pursuing with consent of the instructor by unresolved balances from prior semesters are encouraged to pursue multiple payment plan options through the Student Central Office.

Late Withdrawal Policy and Practice

Students are generally expected to know when the last day to drop a class is and govern themselves accordingly. However, students who have extenuating circumstances such as an extended illness or equivalent distress that prevents them from completing their classes and that causes them to fail to meet the deadline for withdrawing with an automatic assignment of a non-punitive "W" grade may request either a late drop or Late Withdrawal Petition from Student Central.

- Following the general withdrawal deadline, by the last day of classes for the term as stated in the

academic calendar (before the start of the final exam period), students may request a late drop by securing the permission of the instructor and the dean/second level approver of the school offering the class via Late Drop/Add after 1st week via one.iu.edu).

- Once the final exam period for any term has begun, students may only submit a Petition for Late Withdrawal (obtained from the Office of the Registrar) to seek a non-punitive "W" in a course. The Executive Vice Chancellor for Academic Affairs alone decides on Late Withdrawal Petitions.
- The deadlines for filing a Late Withdrawal Petition are March 15 for the immediately preceding fall semester, September 1 for the immediately preceding spring semester, and November 1 for the immediately preceding summer session(s). Requests for late withdrawal from terms before the immediately prior term will be accepted at the sole discretion of the Executive Vice Chancellor of Academic Affairs. Petitions submitted after the deadlines may be summarily denied for untimeliness.
- A desire to avoid a low grade is not an acceptable reason for requesting a late withdrawal.
- Approval is not automatic and will be based on the criteria described in the policy. Students are expected to provide appropriate documentation to substantiate their reasons for seeking late withdrawal.
- A completed withdrawal form, if approved, will be dated and processed as of the date it was originally submitted by the student to Student Central.

Bad Weather

Normally Indiana University Southeast does not cancel classes due to bad weather. On those rare occasions when conditions indicate that a delay or a cancellation is necessary, an official announcement will be broadcast on local television stations and through IU Notify. The announcement will state that classes either will be delayed on the snow schedule listed as follows or will be cancelled for a specific period of time. On the snow schedule, only emergency personnel should report before the time indicated. Campus closing information is also available on the campus Web site and by calling (812) 941-2567.

Snow Schedule

Monday through Friday classes:

- 8 a.m. classes meet from 10 a.m. until 10:55 a.m.
 - 9:30 a.m. classes meet from 11 a.m. until 11:55 a.m.
 - 11 a.m. classes meet from 12 noon until 12:55 p.m.
- All other classes meet at regular times.

Saturday classes:

- Morning classes meet from 10 a.m. until 12 noon.
- Afternoon classes meet at regular times.

Off-campus classes:

- Off-campus classes meet according to those facilities' schedules.

Change of Major

Students without a declared major should continually work with his/her advisor in the Advising Center for Exploratory

Students in identifying an appropriate major and taking preliminary coursework in that major. The advisors in the Advising Center for Exploratory Students will assist in declaring a major and updating electronic records.

An upper division student who wants to change majors or schools should contact the professional advisor of the school to which he or she wishes to transfer. If a student is uncertain as to an appropriate major, he or she should contact the Advising Center for Exploratory Students.

Credit Hours

Classification of Students

Class standing is based on the number of credit hours completed by the student as identified by the program cumulative statistics:

Freshman	1–29
Sophomore	30–59
Junior	60–89
Senior	90 or more
Graduate	students who have applied for and been accepted into a graduate degree program.

Course Load

Students who register for 12 or more credit hours in an academic term are regarded as full-time students. Students will not be permitted to enroll in more than 18 hours during a regular semester or more than 8 credit hours during a summer session without appropriate unit override approval.

Enrollment Status

Academic Session	Certification Status	Undergraduate Credits	Graduate Credits
All Terms	Full time	12 cr.	8 cr.
	3/4 time	9–11 cr.	6–7 cr.
	1/2 time	6–8 cr.	4–5 cr.

Policy and Guidelines for Determining Units of Academic Credit

A unit of academic credit is awarded to a student upon successful completion of an approved instructional course, or by the demonstrations of competency, demonstration of proficiency, or fulfillment of learning outcomes that is the equivalent to that provided by an approved instructional course.

Indiana University policy states that a 3-credit hour lecture class "shall meet for approximately 2,000 minutes, excluding the final examination period." IU Southeast guidelines require a 3-credit lecture class to meet for a minimum of 2,100 minutes, excluding the final examination period. The following guidelines are based on these standards, supplements by the federal requirement that the standards for award of a credit hour should include the expectation of an approximate 1:2 ratio of time spent in the classroom to time spent in study/preparation and completion of outside class assignments for a traditional class format. The study/preparation times in this policy refer to the time required for a typical student to complete the study of and out-of-class work needed to receive a passing grade in the course or other academic activity, in the judgment of the appropriate faculty.

Emerging delivery methodologies may necessitate determining a unit of credit with non-time based methods.

These courses shall use demonstration of competency, demonstration of proficiency, or fulfillment of learning outcomes to insure these courses are equivalent to traditionally delivered courses.

The following minimum standards for a unit of academic credit may only be modified by an academic unit when necessary to fulfill requirements of an accreditation agency. If modification of the following standards is necessary, these standards should be treated as a minimum requirement for a unit of academic credit.

- For instructional formats which are structured around time spent in class or other instructional activity, one unit of academic credit will be awarded on the basis of a total time commitment of 2100 minutes per academic term (not including any scheduled final exam period) spent in classroom, laboratory, studio, supervised field experience, or other forms of scheduled student/faculty interaction, and in study, preparation, and work on out-of-class assignments. For example, the standard 3-credit-hour lecture course will meet for 2100 minutes each semester with the expectation that the average student will also spend 4200 minutes in out-of-class study, preparation and work on assignments. For formats other than standard lecture courses, the ratio of scheduled time to out-of-class time will vary according to the instructional format and the judgment of the appropriate faculty as to the optimal mix of instructional activities to promote student learning.
- For instructional formats that are not structured around time spent in class or other instructional activity, such as asynchronous delivery methods*, independent study, student teaching, internships, and student research, one unit of academic credit will be awarded on the basis of either:
 - demonstration of competency, demonstration of proficiency, or fulfillment of learning outcomes as judged by the appropriate faculty to be equivalent to a traditionally defined unit of credit, or
 - what is judged by the appropriate faculty to be equivalent to a total time commitment of 2100 minutes for an average student

*Asynchronous delivery methodologies include but are not limited to correspondence instruction, computer-based instruction, and courses combining differing delivery methodologies.

Enrollment and Degree Verification

The Office of the Registrar is the official certifying body for verification of academic record information to agencies responsible for loan deferments, insurance companies, and other agencies that provide student benefits based on enrollment.

Indiana University Southeast has partnered with the National Student Clearinghouse to provide enrollment verification information for loan deferments and degree verification requests.

Acting as the university's agent, the National Student Clearinghouse data is based on official IU Southeast student records. Information about what has been shared with external agencies including lenders is available 24 hours a day, 7 days a week, 365 days a year from the National Student Clearinghouse Web site.

Academic record information, available for verification, may include prior and/or current enrollment, enrollment status (full-time, part-time), grades, GPA, and final degree conferral. Enrollment information is available for certification at the end of the 100% refund period for a particular term.

Enrollment cannot be certified for future terms even if a student has already registered for classes and paid for the term. Enrollments cannot be verified until after the first week of classes.

Current students who simply want an unofficial copy of their course schedule or transcript may obtain one without charge through One.IU.

Facility Usage

The Trustees of Indiana University reserve the right to control the use of university facilities to ensure that events conducted therein are compatible with the mission of the university. The university will at all times seek to offer to students and faculty groups opportunities to meet, hear, and exchange ideas and views, however controversial, but it does not license and will not tolerate what is illegal. For the purposes of this policy statement, the term "facilities" shall include grounds owned by the university as well as non-residential buildings and structures that are on university property.

Groups wishing to reserve space in the IU Southeast lodges should contact the Office of Residence Life and Housing for amenities, rates and fees, policies and availability. Space in residential lodges is generally only available for use when classes are not in session.

University-related individuals or groups wishing to reserve university conference facilities (University Center North) contact the Office of Conference and Catering (OCC) at 812-941-2155. When a university-related group or office wishes to use a university facility for an income-producing event, specific authorization for the event must be obtained from the manager of OCC. A facility usage fee may be charged for the event. University-related individuals or groups seeking to reserve classroom space for course-related academic reasons during the course of a semester, contact the Office of the Registrar at seregr@ius.edu.

Individuals and groups who are not university-related but wish to reserve a university facility should start their inquiry with the OCC in University Center North.

The university does not routinely make its facilities available for income-producing purposes to enrich an individual, organization, or commercial sponsor. Non-university-related individuals or organizations wishing to use a university facility for income-producing purposes must write to the OCC, setting forth the nature of the income-producing activity and its purposes.

General Operational Caveats Governing Use of University Facilities

- All requests for the use of university facilities should be made in writing and should be submitted not less than five working days before the scheduled event.
- Time, place, and manner of the use of university facilities may be restricted if it interferes with the university's educational mission.
- Groups requesting overnight accommodations in university lodges must complete appropriate releases, agreements, and pre-payments no less than 30 days prior to their arrival on campus.
- Charges will be assessed in accordance with the current schedule of facility fees on file in the OCC.
- The university catering service will provide all food and beverage services for any event held in university facilities. Sponsors of any activity requiring food or beverage service must make arrangements through the OCC; and exceptions to this practice approved by that office.
- Possession or use of alcoholic beverages on university property is permitted by authorization only.
- The university reserves the right to reject any and all applications for the use of facilities. Further, the university reserves the right to make adjustments in confirmed reservations for facilities when such action becomes necessary.

Questions regarding this policy and practices should be directed to Office of Conference and Catering, (812) 941-2155.

Grading System

- All Possible Grades Awarded
- Credit Earned by Examination (S/A)
- GPA and Credit Hour Calculations
- Grade Appeals Process
- Grade Point Average
- Grade Replacement Policy
- Incompletes (I)
- Pass/Fail Option (P/F)

All Possible Grades Awarded

Standard Letter Grading—used in GPA calculation

Grade	Points
A+	4.0 (highest passing grade)
A	4.0
A-	3.7
B+	3.3
B	3.0
B-	2.7
C+	2.3
C	2.0
C-	1.7
D+	1.3
D	1.0
D-	0.7 (lowest passing grade)
F	0.0 (failing grade)

FN	Given to those students whose lack of attendance is the basis for a failing grade; last date of attendance will be required; will appear on transcript as F.
FNN	Given to those students who never attended the class; will appear on transcript as F.

Passing Grades—not used in GPA calculation

Grade	Description
P	Pass
S	Satisfactory

Non Standard Grading—not used in GPA calculation

Grade	Description
I	Incomplete
R	Deferred Grade (For courses which may not be completed in one term)
NC	Course taken on an Audit basis (No Credit)
NR	Grade not yet submitted by the instructor. After instructor submittal, the true grade will replace the NR.
NY	Signifies enrollment in a special program for which credit earned will be recorded when completed. Typically used for courses taken under Study Abroad program

Withdraw from courses—not used in GPA calculation

Grade	Description
W	Withdraw after the first week of classes. Grade will appear on transcript

Credit Earned by Examination (S/A)

Academic departments at IUS, on a case-by-case basis, may grant students course credit based on demonstration of proficiency in a particular discipline. A personal skill, talent, job experience, or other experiential based proficiency may be considered in the evaluation process.

Each department establishes the appropriate academic standards and methods of evaluation. In general, students may be required to sit for an exam, complete an assignment, audition, or provide a portfolio to establish their level of skill. Some departments also may require that a student take additional, typically more advanced, courses in the discipline before awarding the introductory or lower level credit.

In other cases, instead of processing as special credit, the department may simply waive the requirement that the student take that specific course. However, overall degree requirements (total hours) remain, and students complete another course in order to satisfy the overall requirements. For more information, contact your school advisor.

Departments generally grade the work "S" for Satisfactory or choose not to award special credit. In exceptional circumstances, an "A" may be awarded if it is deemed outstanding.

If special credit is to be awarded, the department awarding the credit will submit a special credit request electronically. The Bursar's office and the student will be notified. The credit is posted to the student's academic record by the Registrar's Office only after the recording fee is paid. Check your Student Center via One.IU to verify the posting of the grade.

Special Credit appears on the transcript for the semester it was awarded. The heading "Indiana University Special Credit" accompanies the course information and grade.

Unprocessed Special Credit forms expire 120 days from the date of issue.

GPA and Credit Hour Calculations

Only courses with grades of A+ through D- and F are used in calculating a Grade Point Average (GPA). P and S grades are passing grades in completed courses, but are not used in calculation of a GPA. Courses taken at other non-IU institutions are not used in calculating the IU GPA.

A student's grade point average (GPA) is determined by dividing the sum of all grade points earned by the sum of all credit hours attempted. Note that only Indiana University courses, regardless of the campus where they were taken, are counted in the GPA. To calculate grade points, multiply the credit hours for each course by the numerical equivalent of the grade.

A minimum program cumulative GPA of 2.0 is required for graduation. See specific degree program requirements for more detailed information. Students are considered to be in good standing if they are maintaining an overall GPA of 2.0 (C) or higher.

Grade Appeals Process

The grade assigned by the course Instructor at the end of a term is the student's grade for that course. Only in exceptional cases will this final grade be changed. Such requests are normally initiated by the instructor to correct an error in the calculation of the grade. This Student Initiated Grade Appeal process may also be used to request that a final grade of A - D- be modified to show a non-GPA relevant "S" (Satisfactory) or "P" (pass) grade on the transcript, if that serves student's academic interests and does not impose additional, unintended burdens.

If a student disputes their final course grade, the following process, which occurs within the School that offered the course, applies. The only valid reasons for requesting consideration of a grade change or displayed grade change are:

1. Miscalculation of grade (human error)
2. Procedural error (e.g., failure to follow announced grading procedures)

3. Non-academic reasons (e.g., discrimination that is banned by University policy)
4. In case of request to change grading basis to display "S" or "P", prolonged state, national, or regional disruptions occurring during the graded semester that had demonstrated negative effects on student performance.

Grade Change Request Process

1. The student must discuss the matter with the Instructor within 14 calendar days of the start of the next academic term (including summer sessions). In the event that the faculty member does not respond within 14 calendar days, the student should proceed to step 2. After discussing the matter with the student, the Instructor must inform the student of his or her decision in 14 calendar days. If approved, a change of recorded grade is launched in E-grade change. A change of grading basis to display an "S" or "P" goes to the Office of the Registrar for processing.
2. If the issue is not resolved to the student's satisfaction, the student submits a Grade Change Request form (appeal) to the Office of the Dean of the School that oversees the course within 7 calendar days of being informed of the Instructor's decision. This form may be obtained at Student Central. If approved, a change of recorded grade is launched in E-grade change. A change of grading basis to display an "S" or "P" goes to the Office of the Registrar for processing.
3. If the school-based review process cannot resolve the matter, the student and the Dean will be informed, and the Dean will initiate a review of the student's request. As part of this review, the Dean will discuss the appeal request with the student, the Instructor and/or the Program Coordinator. In an appeal to the Dean, the burden of proof rests with the student.
4. The dean must notify the student in writing of the outcome/decision within 14 calendar days of the start of dean's review period. The deans' decision is final. Final decisions that require adjustment to the student record to effect are forwarded to the Office of the Registrar for processing.

Time Limitations

- Exceptions to the specified time limitations will be considered in exigent, serious, documented circumstance (e.g., prolonged hospitalization, military deployment, prolonged regional disruptions to transportation or resources) that prevented the student from filing the petition or the faculty member from responding within the stated time period.
- The total review process from faculty-student discussion to final outcome should take no longer than 45 calendar days.

Grade Point Average

The grade point average is reported in two ways:

- As the semester gpa, which is the calculation of all grades received in a single semester.
- As the cumulative gpa, which is the calculation of all grades received while an undergraduate or a graduate student at the university.

If the student enrolled at more than one IU campus during an academic career, the cumulative GPA would reflect the student's Indiana University GPA, and not separate it by campus. Separate GPAs are calculated for undergraduate work and for graduate work, so if the student pursued both an undergraduate degree and a graduate degree at IU, the GPA's would be calculated separately and both would appear on the transcript.

Grade Replacement Policy

X (retaken/replaced). For undergraduates only: A letter grade may be changed to an "X" when a student has retaken a course. The faculty governance organization on each campus may adopt a grade replacement policy consistent with these principles: (1) Students shall be allowed to replace the grade in any course unless the faculty of a unit decides that it will not allow its students to replace grades in courses required for a major, minor, certificate, honors program, or other recognition by the unit. (2) The "X" shall replace the original grade and be recorded on the student's transcript for the term in which the course was taken the first time. The letter grade shall be recorded on the transcript for the term in which the course was retaken. The terms do not have to be contiguous. (3) The student is required to obtain the consent of the [principal administrator](#) of the student's unit. (4) The grade replacement option may not be exercised if the original grade was assigned as a result of the student's academic misconduct. (5) Only the grade earned on retake shall be reported on the student's transcript and counted toward grade point average. The previous grade shall be changed to an "X" on the student's transcript and the credit hours shall not be counted. The previous grade shall not appear on the transcript but may be retained as an internal grade by the student's unit and the campus registrar. (6) A student may exercise the grade replacement option for any letter grade received. (7) A student may exercise the grade replacement option for up to three courses or courses that total 10 credit hours. A campus policy may allow students to replace grades in more than three courses or 10 credit hours. If a student transfers between campuses with different policies, or takes courses on multiple campuses, eligibility for grade replacement is determined by the policy of the student's degree-granting campus. (8) A student must receive a letter grade upon retake in order to change the previous grade to an "X." The previous grade remains on the transcript if the student receives a "W," "I" or "NC" in the retaken course. (9) The course that the student retakes should be the same course as the previous one, but need not be offered by the same instructor. Account should be taken of the fact that course numbers and titles are occasionally changed. The principal administrator of the unit offering the original course shall determine whether there is course equivalency. (10) A student may exercise the grade replacement option for the same course more than once, but each replacement counts toward the maximum courses or credit hours allowed.

Note: A grade of W or I in a repeated course will not qualify to remove the original grade.

For more detailed information on the grade replacement policy, contact Student Central.

Incompletes (I)

The grade of I (Incomplete) indicates that the student has satisfactorily completed the major portion of a course but is prevented by extraordinary circumstances from completing the balance of the course. The grade of I will be given only if the instructor has sufficient reason to believe that the failure to complete the requirements of the course was beyond the student's control and that it would be unjust to hold the student to the time limits normally fixed for completion of the required assignments. The grade of I will not be awarded simply to exempt a student from paying tuition for a repeated course.

If the instructor does not otherwise act to remove the I within 12 months, the registrar will automatically change the I to an F. Both the student and the instructor in whose course the student received the I will be notified of this change of grade.

Pass/Fail Option (P/F)

Any undergraduate student in good academic standing (not on probation) may enroll during the junior and senior years (after 60 or more credit hours) in a maximum of four elective courses to be taken with a grade of P (Pass) or F (Fail). The Pass/Fail option is open for a maximum of two courses per year, including summer sessions. For this option, the year is defined as August 15 of one year to August 14 of the succeeding year. The course selected for the Pass/Fail option must be an elective, and it must not be a prerequisite course. It may not be used to satisfy any of the general education requirements, nor may it be counted as a part of the student's concentration area. The course or courses may be used to meet the 300- to 400-level course requirement.

As designated in the *Academic Handbook*, the grades of A, B, C, and D shall be considered as passing (P) under this option. Instructors will not be notified of those registering for this option, but any Pass/Fail option choices will be transmitted to the Office of the Registrar, and the conversion of the instructor's grade into P or F will be made by the registrar.

In order to initiate the Pass/Fail option, students must consult their dean, who is responsible for determining the elective nature of the course and signing the required form. Students must file the completed form at Student Central, University Center South, Room 103. The Pass/Fail option must be selected within three weeks after enrollment during the regular academic semesters. In no case will the grades A, B, C, or D be substituted at a later time for those courses in which the student elected the Pass/Fail option. In computing the grade point average, the P grade will not be used; an F grade will be used.

Probation, Suspension, Readmission

The IU Southeast Undergraduate Academic Probation and Suspension Policy (APSP) is designed to inform students of academic performance expectations, provide a structure for consistent intervention when students are not performing well, and connect students with the staff and resources that can help facilitate their academic success. The APSP applies to undergraduate students

only and takes precedence over qualification for student financial aid and/or maintaining student visa status. For more information about the policy, please consult the full APSP, located on the IU Southeast Registrar's home page (www.ius.edu/registrar).

1. A student is considered to be in good standing when maintaining an overall grade point average (GPA) of 2.0 (C) or higher. A student whose cumulative GPA falls below 2.0 (C) and who has attempted at least six credit hours of IU coursework, will be placed on academic probation.
2. When a student on academic probation raises his or her cumulative grade point average—for all work attempted at IU Southeast and elsewhere—to at least 2.0, the student is released from probation.
3. Students on academic probation who earn a 2.0 (C) semester Program GPA or higher, but still have below a 2.0 Program cumulative GPA are placed on continued academic probation.
4. When a student on academic probation fails to make a 2.0 semester Program GPA or higher in all attempted IU coursework during an academic semester, the student shall be academically suspended. Students fulfilling a first suspension are not eligible to take classes at IU Southeast for one semester; this includes both summer and fall semesters after a spring suspension.
5. After fulfilling the terms of a first suspension, a student may return to IU Southeast after meeting with an academic advisor or designated academic administrator.
6. A student who has been academically suspended once before and is still below a 2.0 cumulative Program GPA and who fails to earn a 2.0 semester Program GPA in a subsequent semester will be academically suspended for a second time.
7. After fulfilling the terms of a second academic suspension, a student may appeal for reinstatement to the dean of his/her School or a designated academic administrator. Reinstatement after a second suspension is not guaranteed.
8. A student who has been academically suspended twice before and is still below a 2.0 cumulative Program GPA and who fails to earn a 2.0 semester Program GPA in a subsequent semester will be academically dismissed from IU Southeast.
9. Students who are dismissed are no longer eligible to take classes at IU Southeast and may not appeal for immediate reinstatement. In some justifiable circumstances and with approval from a student's dean, or a designated academic administrator, a student may return to IU Southeast after sitting out for two full years. Students must contact the Office of Admissions before returning. It is highly recommended that students wishing to pursue reinstatement at this point complete an academic bankruptcy and/or show proof of academic success at another college or university. If a student is allowed to return, he/she must earn a 2.0 semester Program GPA every semester from that point forward. Failure to do so will result in permanent dismissal.

Release of Information in Student Records

STUDENTS RIGHTS UNDER FERPA

The Family Educational Rights and Privacy Act (FERPA) affords students certain rights with respect to their education records. These rights include:

1. *The right to inspect and review the student's education records within 45 days of the day the University receives a request for access.*
2. *The right to request the amendment of the student's education records that the student believes are inaccurate, misleading, or otherwise in violation of the student's privacy rights under FERPA.* A student who wishes to ask the University to amend a record should write the University official responsible for the record, clearly identify the part of the record the student wants changed, and specify why it should be changed. If the University decides not to amend the record as requested, the University will notify the student in writing of the decision and the student's right to a hearing regarding the request for amendment. Additional information regarding the hearing procedures will be provided to the student when notified of the right to a hearing.
3. *The right to provide written consent before the University discloses personally identifiable information from the student's education records, except to the extent that FERPA authorizes disclosure without consent.* The University discloses education records without a student's prior written consent under the FERPA exception for disclosure to school officials with legitimate educational interests. A school official is a person employed by the University in an administrative, supervisory, academic or research, or support staff position (including law enforcement unit personnel and health staff); a person or entity with whom the University has contracted as its agent to provide a service instead of using University employees or officials (such as an attorney, auditor, or collection agent; the Indiana University Foundation and Indiana University Alumni Association; and vendors of services such as email or other electronic applications, enrollment verification, and so on); a person serving on the Board of Trustees; or a student serving on an official committee, such as a disciplinary or grievance committee, or assisting another school official in performing his or her tasks. A school official has a legitimate educational interest if the official needs to review an education record in order to fulfill his or her professional responsibilities for the University. Upon request, the University may disclose education records without consent to officials of another school in which a student seeks or intends to enroll. Finally, "public information" may be released freely unless the student files the appropriate form requesting that certain public information not be released. This form is available at the Office of the Registrar. Public information is limited to name; address; e-mail address; phone; major field of study; dates of attendance; admission or enrollment status; campus; school, college, or division; class standing; degrees and awards; activities; sports; and athletic information.

4. *The right to file a complaint with the U.S. Department of Education concerning alleged failures by Indiana University to comply with the requirements of FERPA.* The name and address of the Office that administers FERPA is:

Family Policy Compliance

U.S. Department of Education

400 Maryland Avenue, SW 400

Washington, DC 20202-5901

(Approved: University Faculty Council 3/29/77; Amended 10/2/2001, Administrative Practice)

RELEASE OF STUDENT INFORMATION POLICY

In compliance with Section 438 of the "General Education Provisions Act" (as amended) entitled "Family Educational Rights and Privacy Act," the following constitutes the institution's policy which instructs the student in the procedures available to provide appropriate access to personal records, while protecting their confidentiality.

- Certain definitions and principles contained in the law and proposed guidelines are specifically adopted in the policy:
1. "Student" is defined as one who has attended or is attending Indiana University, and whose records are in the files of the University.
 2. "Educational records" do not include records retained by individuals which are not accessible to any other person except a substitute faculty/staff member.
 3. "Public information" is limited to name; address; e-mail address; phone; major field of study; dates of attendance; admission or enrollment status; campus; school, college, or division; class standing; degrees and awards; activities; sports; and athletic information. Records of arrests and/or convictions and traffic accident information are public information and may be released to anyone making inquiry.
 4. "Record" means any information or data recorded in any medium, including but not limited to: handwriting, print, tapes, film, microfilm, microfiche, and electronic media.
- Public information shall be released freely unless the student files the appropriate form requesting that certain public information not be released. This form is available at: [See campus-specific documents for location.]
 - All students have records in one or more of the following offices and maintained by the administrative officer listed: [See campus-specific documents for appropriate offices, locations, and officers for permanent record, school or college files, etc.]
 - Some departments maintain records separate from the school or college. A list of departments which have separate records, their location, and person responsible for the record may be obtained from the office of the dean of the school or college in which the department is located.
 - Students may also have records in the following places: [See campus-specific documents for a list

of appropriate offices such as financial aid, bursar, placement and police.]

- The privacy of all records may be broken at a time of emergency defined in terms of the following considerations:
 1. The seriousness of the threat to health or safety
 2. The need for access to the record in meeting the emergency
 3. Whether the person requesting the records is in a position to deal with the emergency
 4. The extent to which time is of the essence in dealing with the emergency
- A student's record is open to the student, with the following exceptions:
 1. Confidential letters of recommendation placed in files prior to January 1, 1975
 2. Records of parents' financial status
 3. Employment records; see below
 4. Medical and psychological records; see below
 5. Some items of academic record under certain conditions; see below
- The employment records excluded from accessibility are kept in the normal course of business which relate exclusively to persons as employees and are not used for any other purposes.
- Medical and psychological records are presently governed by State Statute, Burns Indiana Statutes, 1971 Code Edition, 34-1-14-5 and 25-33-1-17 which rigidly protects their confidentiality. They are not available to anyone other than those providing treatment, but can be reviewed by a physician or appropriate professional of the student-patient's choice.
- To ensure the validity and confidentiality of references prepared off-campus and on-campus, certain documents may carry waivers, signed by the student relinquishing the right of access to the document.

Waivers are subject to the following conditions:

- Waivers can be signed only for the specific purposes of application for admission, candidacy for honor or honorary recognition (including financial aid based at least in part on merit), and candidacy for employment.
- Waivers cannot be required.
- The student shall be told, upon request, the names of those supplying references.

All items in the academic record not covered by waivers are open to the student. Material not covered by waivers may not be protected by keeping it out of the student's file.

- Student records are open to school officials who have a legitimate educational interest in their contents, except where access is prohibited by special policies such as those governing medical and psychological records.

1. A "school official" is a person employed by the University in an administrative, supervisory, academic or research, or support staff position (including law enforcement unit personnel and health staff); a person or company with whom the University has contracted (such as an attorney, auditor, or collection agent); a person serving on the Board of Trustees; or a student serving on an official committee, such as a disciplinary or grievance committee, or assisting another school official in performing his or her tasks. Faculty members are considered to be advisors with a legitimate educational interest for all students currently enrolled in their classes or seeking enrollment, and others that they may be advising on an assigned basis.
2. The determination of "a legitimate educational interest" will be made by the person responsible for the maintenance of the record. This determination must be made scrupulously and with respect for the individual whose records are involved.
3. Academic documents inaccessible to students (because the documents have been filed before January 1, 1975 or are segregated by waivers) are to be used only for the purpose for which they were prepared.
- The University has established the following procedures enabling the student to have access to his record and has provided for interpretation and challenge:
 1. The student may see his or her record by filling out a request form at the office where the record of interest is maintained.
 2. Access is to be granted promptly and no later than thirty days from the date of request.
 3. The student may make the request in person or by mail.
 4. The student may obtain copies upon request (for which the University may charge).
 5. The student may request and receive interpretation of his or her record from the person (or designee) responsible for the maintenance of the record.
 6. If the student considers the record faulty, he or she can request and receive an informal and/or formal hearing of the case to the end that the record will be corrected if judged faulty or in violation of privacy:
 - The informal hearing will be in conference with the person (or his or her designee) responsible for the maintenance of the record and-- where appropriate--the party or parties authoring the record segment in question.
 - The student may request a formal hearing by obtaining from the Dean for Student Services' Office a request form on which he or she must designate the location of the record in question and a brief explanation of the reason for faulting the record. A panel of not fewer than ten Hearing Officers will be appointed by the chief administrative officer for each campus. The Dean for Student Services will forward a copy of the request to the person responsible for the record and will provide the student and the keeper of the record with three

names of Hearing Officers. The parties (student and keeper of the record in challenge) shall each strike one name; the remaining Hearing Officer shall conduct an administrative hearing with both parties present.

- The hearing shall be held within a reasonable period of time; notice of the date, place, and time must be given reasonably in advance. The student shall be afforded a full and fair opportunity to present relevant evidence and may be assisted or represented by any person of his or her choosing (including an attorney at his or her own expense). A written decision based solely upon the evidence presented shall be prepared within a reasonable amount of time and shall include a summary of the evidence and the reasons for the decision. The judgment of the Hearing Officer shall be final, and the record shall be changed or retained as recommended.
- If the institution decides the information is accurate, it shall inform the student of his or her right to place in his or her educational record a statement commenting upon the information, and/or noting any reasons for disagreeing with the decision. Any statement of this sort shall be maintained as long as the student's educational record or contested portion is maintained; if the student's educational record or contested portion is disclosed to any party, the student's statement shall also be disclosed.
- Normally, records can be released--or access given--to third parties (i.e., anyone not a "school official") only at the written request of the student.

Without the consent of the student, releases to third parties may be given only as follows:

1. To parents of students who are dependents as defined by IRS standards.
2. To federal officers as prescribed by law.
3. As required by state law.
4. To research projects on behalf of educational agencies for test norms, improving instruction, etc. (provided that the agencies guarantee no personal identification of students)
5. To accrediting agencies carrying out their functions.
6. In response to a judicial order or lawfully issued subpoena (provided that the student is notified prior to compliance or provided that a reasonable attempt to notify the student has been made)
7. By IU police to other law enforcement agencies in the investigation of a specific criminal case.
 - A student may secure from the Registrar's Office a "consent form" authorizing the release of specified records to specific individuals.
 - A notification of releases made to third parties must be kept in the student's record.

This notification is open only to the student and the person in charge of the record.

- The third party must be informed that no further release of personally identifiable data is authorized without the written consent of the student.
- Nothing in this policy requires the continued maintenance of any student record. However, if under the terms of this policy a student has requested access to the record, no destruction of the record shall be made before access has been granted to the student. Persons in charge of records should ensure that only pertinent items are retained in student files.

(Approved: University Faculty Council 3/29/77; Amended 10/2/2001, Administrative Practice)

Transfer to Other Indiana University Campuses

Each year many Indiana University students transfer from one campus of the university to another to continue their studies toward a degree, or take advantage of another campus' offerings. Indiana University credits transferred from one campus to another will be evaluated and accepted in terms at least as favorable as credits transferred from other accredited institutions in the United States. Generally, students transferring to another campus within Indiana University are treated much more favorably because of the similarity of course work on the eight campuses.

Students who wish to transfer to another IU campus on a permanent or temporary basis should follow these two steps to trouble-free intercampus transfer:

Step One

Current students should contact the central office at their present campus. That office will help students find out if they are eligible for transfer and may suggest other resources and ways in which they can prepare, for example:

- Meet with a home campus advisor to discuss academic preparation, grades, and other eligibility issues.
- Consult the intercampus transfer office at the proposed new campus if academic and/or eligibility questions remain. Generally students need to be in good academic standing at their original campus to make a permanent transfer. To transfer temporarily, students need to be degree or credential seeking at their home campus.
- If applicable, talk to the financial aid offices at the present and proposed campuses.
- Visit the new campus to explore possible academic and social adjustment issues. Some campuses may establish special open house events for those students who have expressed interest or require attendance at special orientation programs.

Step Two

Students who decide to proceed with the transfer should submit their intercampus transfer request. The receiving

campus will respond to students and their home campus. Those who later decide not to transfer should notify both campuses. The contact office for IU Southeast is the [Office of Admissions](#). The online applications for requesting an Inter-campus Transfer are found at <http://www.iupui.edu/~moveiu/>.

Campus Life

IU Southeast, through the Office of Student Affairs, is committed to involving students in all aspects of student life.

Student Affairs at IU Southeast encompasses the areas of admissions, financial aid, orientation, campus life, residence life and housing, career services and internships, mentoring program, personal counseling services, the children's center, athletics and intramurals, volunteer programs, and non-traditional student programs.

These departments support the academic mission of IU Southeast and help the individual student to develop as a whole person. A significant amount of learning occurs outside the classroom, and Student Affairs facilitates that educational and personal development through diverse co-curricular programs and services designed to challenge and support students.

Athletics

IU Southeast is a member of the National Association of Intercollegiate Athletics (NAIA). The Grenadiers are also members of the River States Conference (RSC). Currently, seven IU Southeast sports teams compete in intercollegiate athletics—men's and women's basketball, baseball, men's and women's tennis, women's volleyball, and softball. IU Southeast students, faculty, and staff members with a valid CrimsonCard are admitted to all regular season home athletic contests at no charge. Complete athletic schedules can be accessed at IUS Athletics, the online home of IU Southeast Athletics.

Intramural activities are available to all IU Southeast students, faculty, and staff throughout the fall and spring semesters. Some activities are separate for men and women, while others are coed. Some of the activities include basketball, softball, volleyball, kickball and flag football. For a current listing of activities, go to the [Intramurals](#) page.

Unstructured recreational activities are available free of charge to all students, faculty, and staff. During scheduled open recreation periods, the Activities Building is available for basketball, volleyball, weight lifting, jogging, etc. The fitness center offers both free weights and other types of fitness equipment. For further information, contact the Athletic Office at (812) 941-2432 or visit IUS Athletics.

Facilities include a 1,200-seat Activities Building that houses the Grenadier basketball teams, volleyball team, and a weight room/fitness center. The Koetter Sports Complex is an outdoor sports venue that houses the baseball, softball and tennis facilities.

Drug-Free Campus

The Drug-Free Schools and Communities Act Amendments of 1989, enacted by Congress as Public Law 101-226, require an institution of higher education

to adopt and implement a program designed to prevent the unlawful possession, use or distribution of illicit drugs and alcohol by students and employees or be ineligible to receive federal funds or any other form of federal financial assistance.

All students are encouraged and cautioned to read the following information. Questions or comments should be addressed to the Dean of Student Life, University Center South 010, (812) 941-2316.

- Possession of Unlawful Drugs or Alcohol
- University Sanctions for Violation of Drug-Free Campus
- Applicable Legal Sanctions
- Description of Health Risks Associated with Alcohol and Controlled Substances (Drugs)
- Available Drug or Alcohol Treatment

Possession of Unlawful Drugs or Alcohol

The University may discipline a student for the following acts of personal misconduct (see NOTE below):

1. Unauthorized possession, use, or supplying alcoholic beverages to others contrary to law or university policy.

Indiana University prohibits:

- Public intoxication, use or possession of alcoholic beverages on university property (including any undergraduate residence supervised by the university, including fraternity and sorority houses) except as otherwise noted in the *IU Code of Student Rights, Responsibilities, and Conduct*, Part II, Section H (22) b and Part II, Section H (22) c.
- Providing alcohol contrary to law.

2. Unauthorized possession, manufacture, sale, distribution, or use of illegal drugs, any controlled substance, or drug paraphernalia. Being under the influence of illegal drugs or unauthorized controlled substances.

NOTE: Students should be advised that under Indiana Law, it is illegal for a minor which is defined as a "person less than twenty-one years of age" to possess or consume an alcoholic beverage. Further, it is illegal for a minor to transport an alcoholic beverage (even if unopened) unless "accompanied by at least one parent or guardian."

University Sanctions for Violation of Drug-Free Campus

Violations of the provisions set forth in section "Possession of Unlawful Drugs or Alcohol" of the Drug-Free campus policy are considered "personal misconduct." The University may discipline a student for acts of personal misconduct that are not committed on University property if the acts relate to the security of the University community or the integrity of the educational process. The Vice Chancellor for Enrollment Management and Student Affairs and Judicial Officers are authorized to impose sanctions for acts of personal misconduct.

Sanctions in each case are made only after a meeting and a determination of responsibility. Sanctions will vary depending upon the nature and circumstances of the offense and the student's prior record. These

standards require the usual sanction for drug dealing to be suspension or expulsion from the University. Residence Life and Housing has a “zero tolerance policy” for illegal drug use. Violation of that policy results in removal from student housing.

Campus disciplinary charges and criminal charges may both be filed for the same action. Students may be subject to sanction by both the campus and by the courts for the same action.

For more complete details of sanctions and the judicial process, refer to <http://www.ius.edu/dean-of-students/code-of-conduct/iu-southeast-code-procedures.php>. The IU Code of Student Rights, Responsibilities, and Conduct can be viewed at <http://studentcode.iu.edu/>.

Applicable Legal Sanctions

The following information concerns the criminal penalties that can be imposed by State or Federal statute for violations related to alcohol or illegal drug possession, use or distribution.

All students are reminded that conviction under state and federal laws that prohibit alcohol-related and drug-related conduct can result in fines, confiscation of automobiles and other property, and imprisonment. In addition, licenses to practice in certain professions may be revoked, and many employment opportunities may be barred.

It is impractical to list all the alcohol and drug-related state and federal crimes and penalties, but all persons should be aware that in Indiana any person under 21 who possesses an alcoholic beverage, and any person who provides alcohol to such person, is at risk of arrest.

A person convicted of driving while intoxicated may be punished by fine, be jailed and lose the license to drive an automobile. Any selling of alcoholic beverages without a license is illegal.

Possession, or use, distribution, or manufacture, of controlled substances (drugs) illegally can result in arrest and conviction or a drug law violation and

- fines up to \$10,000 (Indiana)
- fines up to \$250,000 (Federal)
- imprisonment up to life (Federal) and
- confiscation of property

Under Indiana's Lifeline Law, people younger than 21 years-old who are under the influence of alcohol will not be prosecuted for crimes such as possession, intoxication, or consumption of alcohol if they call 911 for medical help for another person or in case of sexual assault and cooperate with police.

Description of Health Risks Associated with Alcohol and Controlled Substances (Drugs)

All persons should be aware of the health risks caused by the use of alcohol, and by the illegal use of controlled substances (drugs).

- Consumption of more than two average servings of alcohol in several hours can impair coordination and reasoning to make driving unsafe.

- Consumption of alcohol by a pregnant woman can damage the unborn child. A pregnant woman should consult her physician about this risk.
- Regular and heavy alcohol consumption can cause serious damage to liver, nervous and circulatory system, mental disorders and other health problems.
- Drinking large amounts of alcohol in a short time may quickly produce unconsciousness, coma, and even death.

Use of controlled substances (drugs) can result in damage to health and impairment of physical condition, including:

- Impaired short term memory or comprehension
- Anxiety, delusions, hallucinations
- Loss of appetite resulting in a general damage to the user's health, over a long term
- A drug-dependent newborn if the mother is a drug user during pregnancy.
- AIDS, as a result of “needle-sharing” among drug users
- Death from overdose

Pregnant women who use alcohol, drugs, or who smoke should consult their physicians

The health risks associated with drugs or excessive use of alcohol are many and are different for different drugs, but all nonprescription use of drugs and excessive use of alcohol endangers your health. THERE ARE NO GOOD REASONS FOR USING A DRUG THAT IS NOT PRESCRIBED BY YOUR DOCTOR OR FOR DRINKING TO EXCESS.

Available Drug or Alcohol Treatment

Indiana University Southeast offers student counseling assistance through:

Personal Counseling Services

University Center South 243; PH (812) 941-2244

Hours: Monday through Friday 8:00 a.m. – 5:00 p.m.

Other hours by appointment

Parking and Motor Vehicles

All IU Southeast students are eligible to purchase a ST parking permit. These permits give students access to all parking areas marked with red "Student Parking Permit" signs. Students must display a valid "ST" permit in their vehicle.

Faculty/Staff parking areas are marked with EM signs and are restricted to those vehicles displaying a valid "EM" permit. All full and part-time staff and faculty are eligible to purchase a EM parking permit.

Disabled parking spaces are clearly designated. Vehicles parking in these areas must display a valid IU Southeast "D" permit. In the event all Handicapped parking spaces are occupied, this permit also allows parking in either the EM or ST parking areas.

To obtain a IU Southeast D permit bring into the University Police Office (UC 027) a copy of your handicap registration with picture ID, a completed state of Indiana

"Application for Disability Parking Placard or Disability Plate-State Form 42070" including signature by a certified Indiana physician or a state handicap placard with registration and picture ID.

Motorcycle parking permits are available at the University Police Office. *Motorcycles are not allowed to use the regular hanging parking permit.*

The permit dispensers near the campus entrances offer daily permits. Daily permits may also be purchased at the Parking Operations Office located in University Center South, room 232.

Temporary permits allow you to park in the ST zone anytime or the EM zone after 6 p.m. and weekends.

Parking permits can be purchased by going to parking.iu.edu.

Residence Life and Housing

Meadow Lodge 103
Phone: (812) 941-2115
www.ius.edu/housing/

The Office of Residence Life and Housing creates living-learning environments committed to holistic student development, academic success, and civic engagement.

The department strives to provide safe, well-maintained, housing facilities that engage students in meaningful discourse and interaction while providing opportunities for personal growth and service to the community.

On-campus housing is provided through the Office of Residence Life and Housing. Approximately 400 students live on campus at IU Southeast in five lodges. Each lodge features full apartments with semi-private bathrooms, full kitchens, and common living spaces. Each lodge also features a central great room, a computer lab, free laundry facilities, mail delivery, high-tech security access, and quiet study spaces. Students live in one, two, or four-bedroom apartments. Some bedrooms are double-occupancy while others are single occupancy. Housing fees include all utilities and high-speed Internet and wireless access.

Acceptance to the university does not guarantee housing to any student. Students and prospective students who want to live on campus should apply as early as possible to ensure the best possible consideration for housing. Assignments are made in the order in which completed applications (application submitted and the application fee paid) are received. Students who currently live on campus are assigned first, followed by new students. Short-term housing is available to visiting students and conference guests during the summer months at competitive rates.

More information about living on campus, including the Residence Hall Application and Contract and housing rates, may be found at www.ius.edu/housing.

Safety and Security

Indiana University Police Department

The Indiana University Police Department is a fully empowered law enforcement agency. The department patrols the campus on a 24-hour basis. The office is located in University Center North, room 027, and

the phone number is (812) 941-2400. Any criminal or suspicious activity and all vehicular accidents that occur on campus should be reported to 911 immediately. There are three types of emergency phones available across campus that will provide a direct line to the police department. There are yellow boxes in and around buildings, blue stanchions around the lodges, and silver boxes at the main entrance of each lodge.

Emergency Response and Evacuation Procedures

IU Notify is the University Emergency Alert System. It is used to immediately notify the campus community upon the confirmation of a significant emergency or dangerous situation involving an immediate threat to the health or safety of students or employees occurring on the campus.

IU Notify sends updates (text, voice message, and email) to cell, home, and work phones, and email accounts that are registered with the IU Notify system. A test of the IU Notify Emergency Notification System is conducted at least once per calendar year.

University police will confirm the significant emergency or dangerous situation involving an immediate threat to the health or safety of students or employees on campus.

The chief of police (or designee) depending on the situation and when time permits will consult with the vice chancellor for Administrative Affairs, Enrollment Management and Student Affairs, or Academic Affairs to make the decision whether a significant emergency exists, which segment of the campus community will be notified, and the content of the notification. The emergency notification will be made without delay for the safety of the campus community unless issuing a notification will, in professional judgment of the University Police, compromise the efforts to assist a victim or to contain, respond to, or otherwise mitigate the emergency.

The emergency notification will be sent by the University Police. Follow-up information will be provided to the University community as needed. If the emergency notification needs to be disseminated outside of the campus community, the telephone information line and communication with local news agencies will be used.

Fire drills are scheduled annually to test the evacuation procedures for buildings on campus.

Law Enforcement Authority

The IUPD employs sworn police officers, certified by the state of Indiana, and meet state mandated training requirements. These officers have full police powers as granted by the state of Indiana (IC 21-39-4), and have access to national and state law enforcement networks.

IUPD officers have primary jurisdiction on any real property owned or occupied by the university, including the streets passing through and adjacent to such property. In addition, these officers have the power to assist university officials in the enforcement of IU's rules and regulations.

Working Relationship with State and Local Enforcement Agencies

By resolution of the Indiana University Board of Trustees, university police are authorized to exercise police powers beyond the primary jurisdiction in certain circumstances.

The IUPD maintains a cooperative working relationship with municipal and county law enforcement agencies in the geographic areas in which campuses are located, as well as Indiana State Police and Federal agencies.

When investigating alleged criminal offenses, the IUPD

cooperates with the appropriate law enforcement agencies and other criminal justice authorities.

These cooperative working relationships include:

- New Albany Police Department works closely with us and will assist us in response to criminal offenses when requested. There is not an MOU between the departments.
- Floyd County Sheriff's Office works closely with us and will assist us in response to criminal offenses when requested. There is not an MOU between the departments.
- Indiana State Police works closely with us and will assist us in response to criminal offenses when requested. There is not an MOU between the departments.

IUPD officers normally investigate all criminal offenses that occur in the IUPD's primary jurisdiction, and work with the staff of cooperating agencies when incidents arise that require joint investigative efforts, resources, crime-related reports, and exchanges of information. The officers of IUPD and cooperating agencies communicate regularly at the scene of incidents that occur in and around the campus. Meetings may be held between the IUPD and cooperating law enforcement agencies for purposes of sharing information, on both a formal and informal basis. Local and state police agencies provide back-up assistance for any emergency that might require extensive police services. Any law enforcement officer may come onto campus at any time; just as IUPD officers have powers to arrest, city and state police can arrest students and visitors on campus for violations of law within their agencies' jurisdictions. In addition, the university has the responsibility of advising the appropriate authorities of violations of civil or criminal law committed by anyone on campus, either when a request for specific information is made or when there is a danger to life or property.

Sex Offenses

Prevention and Education Programs

IU offers educational programs to promote the awareness of rape, acquaintance rape, and other forcible and non-forcible sex offenses. These programs are offered through:

- IUPD-4201 Grant Line Rd, UC 027
- Dean of Student Life Office-4201 Grant Line Rd, UC 010
- University Personal Counseling Services-4201 Grant Line Rd, UC 207
- The Center for Women and Families 812-944-6743

Procedures for Victims

- **Get to a Safe Place as Soon as Possible.**
- **Preserve Physical Evidence** - In the case of sexual assault, it is particularly important to remember that it may be necessary to preserve evidence for use in court or in university disciplinary proceedings. Do not change your clothes, wash, douche, or use the toilet before seeking medical attention, as such activities may result in the loss of evidence.
- **Contact the Police** -If you are the victim of sexual assault, get help as soon as possible. Report the assault immediately by calling the IUPD at 812-941-2400 or coming to the police department,

located at 4201 Grant Line Rd, New Albany, IN 47150 in person.

- **Get Medical Attention** - Victims of sexual assault should seek medical attention as soon as possible. This is necessary to mitigate the risk of sexually transmitted diseases or pregnancy and to determine the existence or extent of, and to treat, any physical injury. Additionally, medical personnel will obtain evidence to help in the investigation. Not seeking medical attention could have physical and emotional consequences. Victims of sexual violence may be eligible for certain services at no cost; the IUPD can provide victims with resources concerning health care cost and reporting to your insurance company, as stated in state laws. IUPD personnel will assist a victim with transportation to a hospital, if necessary. Some area hospitals have personnel who have been specially trained to deal with sexual assaults.

Reporting and Response Procedures

If you choose to report the incident to the IUPD, an officer will take a statement from you regarding what happened.

The officer will ask you to describe the assailant(s) and may ask questions about the scene of the crime, any witnesses, and what happened before and after the incident. If you wish, you may have a support person with you during the interview. **IMPORTANT:** Reporting an incident to the police is a separate step from choosing to prosecute. When you file a report, you are NOT obligated to continue with legal proceedings or university disciplinary action. YOU can CHOOSE whether or not to participate in proceedings at any point.

There are numerous reasons to report sexual assault to the IUPD, including:

- Assisting the victim;
- Taking actions to prevent further victimization, including issuing a crime alert to warn the campus community of an impending threat to safety;
- Apprehending the assailant;
- Collection and preservation of evidence necessary for prosecution;
- Seeking justice for the wrong that has been done to the victim; and
- Having the incident recorded for purposes of reporting statistics about incidents that occurred on campus.

In the case of crimes not occurring on university property, IUPD personnel will also assist in contacting the appropriate law enforcement agency, at the victim's request.

Counseling Service

Victims may choose to seek assistance from the following on-campus resources:

- University Counseling and Psychological Services (812-941-2244) is located at 4201 Grant Line Rd, UC South Room 207. Counselors can provide confidential support for you during this difficult period. They can inform you of common emotional reactions and discuss coping methods that may assist you immediately following the assault and later. Talking about your concerns with a counselor in a safe and supportive environment may help you sort through your feelings and decide what

to do. You do not need to disclose your name if you call the University Personal Counseling and Psychological Services Center for information. Counselors will not reveal your identity to anyone without your permission. Students may be seen on an emergency walk-in basis or by appointment.

- Assistance and support for dealing with personal and academic issues is also available from the Dean of Student Life Office (4201 Grant Line Rd, UC Room 010, 812-941-2316)

Victims may also consult off-campus resources, including the Center for Women and Families (812-944-6743), which provides a confidential hotline at 877-803-7577, and advocacy services 24 hours a day, seven days a week.

University Disciplinary Procedures

If a sex offense involves another student, regardless of where the alleged offense occurred, the victim may request that disciplinary action be initiated within the university. The accuser and the accused are both entitled to the same opportunities to have others present during a disciplinary proceeding. The outcome of the proceedings will be provided to both the accuser and the accused. This may only include the final determination with respect to the alleged sex offense and any sanction that is imposed against the accused. The victim cannot be required to sign a nondisclosure agreement or to otherwise agree to a prohibition from discussing the case.

Notification of final results is made to both the victim and the accused, in the same manner and within the same time frame. Sanctions may include counseling, suspension, expulsion, or termination from the university.

More information concerning university procedures for disciplinary action is contained in the Code of Student Rights, Responsibilities and Conduct.

Student victims may also request changes in university classroom, academic, and/or living arrangements; these requests will be granted when such changes are reasonably available.

Sex and Violent Offender Registry

Effective January 1, 2003, Zachary's Law requires sheriff departments to jointly establish and maintain the Indiana Sheriff's Sex Offender Registry to provide detailed information about individuals who register as sex or violent offenders at Indiana sheriff departments (in Marion County, the Indianapolis Police Department). The purpose of the registry is to inform the general public about the identity, location, and appearance of sex and violent offenders who live, work, and study in Indiana. The registry can be found at the [Indiana Sheriffs'](#) website.

The state of Indiana also keeps a Sex and Violent Offender Directory. The [directory](#) can be accessed on the Internet.

Due to our close proximity to the state of Kentucky, the Sex/Criminal website can be accessed through [Kentucky sex offender registry](#). If you have any questions about these registries, please contact the IU Southeast Police Department at (812) 941-2400 or in person at University Center North, 027.

The National Sex Offender Public Website (NSOPW) is coordinated by the U.S. Department of Justice. The website "is a cooperative effort between jurisdictions hosting public sex offender registries ("Jurisdictions")

and the federal government and is offered free of charge to the public. These Jurisdictions include the 50 states, U.S. Territories, the District of Columbia, and participating tribes. The Website provides an advanced search tool that allows a user to submit a single national query to obtain information about sex offenders; a listing of public registry Web sites by state, territory, and tribe; and information on sexual abuse education and prevention" (source: NSOPW).

In April 2012, Indiana University implemented policy PS-01, "Programs Involving Children." The policy requires that all faculty, staff, students, volunteers, and all others involved with applicable programs have been subject to a criminal background check and sex offender registry check within the last three years.

If you have any questions about these registries, please contact the IU Southeast Police department at ext. 2400 or stop by the office in UC 027.

Missing Student Notification

IU's policy is to thoroughly investigate all reports of missing persons, and to ensure that all missing person notifications are made promptly and in accordance with applicable state and federal law.

If a student who resides in on-campus housing is believed to be missing, this must be reported immediately to the IUPD. The IUPD will obtain a report and initiate an investigation. If the IUPD determines that a student is missing and has been missing for more than 24 hours, the IUPD will notify local law enforcement and inform the student's designated contact person(s) no more than 24 hours after the student is determined to be missing.

These procedures may be implemented in less than 24 hours if circumstances warrant.

In addition to identifying an emergency contact, any student who resides in on-campus housing facility may identify the same or different person to be contacted should the student be determined to be missing. If a student has identified such a person, the IUPD will notify that person no more than 24 hours after the student is determined to be missing. If the missing student is under the age of 18 and is not an emancipated person, the IUPD will notify the student's parent or legal guardian in addition to the student's designated contact. This contact information will be registered confidentially, will be accessible only to authorized campus officials, and will not be disclosed outside of a need to further a missing student investigation. A student can register their missing student contact information by:

- Contacting Residence Life in Meadow Lodge Room 113

Information about the missing person will be entered into National Crime Information Center (NCIC) within two hours of being received by police. This information will also be sent to any police department near the location where the missing student was last seen, or any law enforcement agency to which the reporting party requests the information be sent, provided the officer considers the request to be reasonable.

First Aid

The University Police Department should be contacted immediately in the event of injury or illness. Limited first

aid supplies are maintained by the department; and all officers and office staff are certified in first aid, CPR, and the use of AEDs. If an ambulance is required, the responsibility for payment of the ambulance costs belongs to the party requiring treatment.

Harassment

Forms of harassment including sexual harassment and harassment on the basis of race, color, sexual orientation, national origin, or religion are violations of university policy and various state and federal laws. IU Southeast values diversity and will not tolerate harassment. Women and men who believe they are victims of harassment or who believe others have been victimized are encouraged to report such incidents. IU Southeast will promptly investigate every complaint, respond, and take corrective action to stop the harassment. Investigations of these complaints will be conducted in a fair and thorough manner, which—to the extent possible—protects the privacy and reputation of both the complainant and the accused. To report harassment or to receive information regarding the definition of harassment and how it can be handled, consult the Office of Diversity located in Room 231 of University Center South; the telephone number is (812) 941-2306. Academic-related complaints about a faculty member should be reported to the dean of the school that offers the course or to the Academic Affairs Office. A complete description of the IU Southeast Complaint Process is available [online](#).

Crime Prevention

Ongoing crime prevention efforts by IU Southeast include:

- emergency phone system
- 24-hour police patrol
- burglar alarms and surveillance cameras in key areas
- crime prevention and safety seminars presented to any group requesting presentations
- crime prevention and safety literature available at the university police office

The university police maintain a daily log of all crime and fire reports filed with the department. Copies of the IU Southeast Campus Security and Fire Safety Annual Report are available in the police office and may be requested by mail.

Student Government Association

The Student Government Association (SGA) includes an elected student body president, vice president, student senate of 24 members (18 elected in the spring and 6 reserved for the freshman class), and a five-seat judiciary branch headed by a chief justice and appointed by the president with confirmation from the senate. In addition, all students can be active in SGA by attending meetings and serving on committees.

The president of the student body serves as a nonvoting member of the IU Southeast Faculty Senate, a member of the IU University Students Association (AUSA), and on various other committees. The president is also responsible for maintaining communication between the faculty and administration and the Student Senate, as well as campus organizations and the student body in general. The president may approve or veto legislation of the Student Senate, and—subject to confirmation by the Student Senate and the appointment of the Chancellor

—nominate student members to serve on campus committees that formulate campus policies. The president may also issue limited policy decisions by executive order or proclamation.

The Student Senate Chair, elected from the Student Senate, presides over the meetings of the Student Senate. The Student Senate provides communication between the student body and the administration and faculty. By resolution, it requests changes and makes recommendations to the administration and faculty concerning campus policies and procedures. Additionally, the Student Senate approves funding for events from the Student Government Association funds that provide the campus community with increased social, cultural, and educational opportunities.

The Student Court serves as the interpreters of the Student Body Constitution and spells out the duties, responsibilities, and authority of the members and officers of SGA. By holding open court sessions each month, the court also serves as a forum for student concerns and complaints.

Student ID (CrimsonCard)

Need your CrimsonCard?

Visit us at the CrimsonCard Desk of the UITS Support Center, University Center South, Room 212. All you need is a valid photo ID.

What is a CrimsonCard?

- Your official identification on campus
- Your library card
- Your secure access to residential halls
- Your printing and copying card
- Your identification to purchase and sell back books
- Your easy payment for on-campus and off-campus vendors

How to Add Funds to Your CrimsonCard:

- Go to the CrimsonCard website and add funds by selecting **"Make a Deposit"**

Lost or Stolen CrimsonCard?

- Go to the CrimsonCard website and deactivate your card under **"Manage Your ID Card"**, **"My ID Card"**, and then **"Deactivate"**
- Replacement cards are \$25.00

Visit the CrimsonCard website to also see a list of off campus vendors that accept the CrimsonCard, check balances, and set notifications. Contact CrimsonCard Services at (812) 941-2072 if you have any further questions.

Student Involvement and Organizations

The Office of Campus Life helps to educate students and build a strong community through out-of-classroom involvement on campus. Supporting student organizations, teaching about leadership, encouraging community service, planning and promoting events, offering special services for adult students and students with children, and orienting new students are the primary ways Campus

Life educates students to become well-rounded, engaged citizens and successful, involved alumni.

More than 100 student organizations weave the colorful and diverse fabric of campus life. These include special interest and advocacy groups, student publications, Greek-letter social fraternities and sororities, student government, academic clubs and honor societies, performance ensembles, religious and non-religious groups, sports clubs, and intramurals. The Office of Campus Life assists students who want to organize a new student group and make their own contributions to a vibrant campus environment.

Organizations that want to use campus facilities and receive other support and services must register with the Office of Campus Life. This process includes filing a registration form along with the group's constitution, submitting a membership roster with IU Southeast students and a list of officers, identifying an advisor who is a member of the IU Southeast faculty or full-time staff, and setting up a MyInvolvement.ius.edu database account.

For more information on student involvement and student organizations, contact the Campus Life Office at (812) 941-2316.

Student Activity Fee

Financial support for many co-curricular activities comes from the Student Activity Fee, which all undergraduate and graduate students pay each semester. The amount is determined by the number of credit hours in which the student is enrolled.

Currently the organizations and programs receiving these funds include the Horizon, IU Southeast Literary Review, Student Government Association, Children's Center, Student Involvement, Student Planner, Student Program Council, Learning Enrichment Fund, Undergraduate and Graduate research journals, Athletics, Registered Student Organization Grant, Leadership Development, Family and Parent Programs, Cheerleaders, and Game Room.

Student Leadership Opportunities

The Office of Campus Life offers leadership development for students serving in leadership capacities on and off campus, and for those interested in being more involved, learn more about themselves and the community, and experience success. Programs and other resources are designed to educate students about varying leadership philosophies, strategies, and styles and to develop the practical skills of successful leaders. Leadership development benefits the campus community by training and supporting leaders of the student organizations that greatly enrich the institution. It also prepares students to be active citizens, productive employees, and involved alumni.

Student Ambassador Program

The Student Ambassador Program is an excellent opportunity for upper-level students to assert themselves in leadership positions while providing an important service to incoming students. Student ambassadors represent the university by leading tours, participating in open house events and maintaining contact with prospective students.

Orientation Leaders Program

Orientation leaders, a.k.a. the Crimson Crew, aid new students in their transition to college. They uphold the IU Southeast mission by exposing new students to the high-quality educational programs and services that promote student learning and prepare students for productive citizenship. They also assist family members by introducing them to university resources and areas of support for their student.

Student Rights, Responsibilities, and Conduct

It is important that students understand their rights and responsibilities. Copies of the Indiana University Code of Student Rights, Responsibilities, and Conduct are available from the Office of the Dean of Student Life, University Center South, room 010. It is also accessible online at <http://studentcode.iu.edu/>. Students are responsible for becoming acquainted with the regulations in this document, which covers such issues as academic dishonesty, grievance procedures, discrimination, and overall conduct.

Student Services

IU Southeast is a safe, social, technically advanced and easy-to-navigate campus, with a robust Code of Student Rights, Responsibilities and Conduct.

But there may be times when you want or need assistance. Whatever your request, we're ready to help you with a range of resources, including campus police and emergency response, academic tutoring, 24-7 computer and network tech support, personal counseling and more.

Adult Student Services

Adult Student Services

Director: Kimberly Pelle
Campus Office: US 206
Telephone: (812) 941-2650
<https://www.ius.edu/adult-students/index.php>

Adult Student Services provides programs, information, and support to nontraditional and Veteran students, and advocates to the campus at large for the unique needs of adult students. In addition, this office offers The Adult Student Center (ASC), located in University South, US 206, a 24/7 facility where adult and Veteran students can network, study with their peers, relax, engage with friends and classmates, and find answers to their questions. Open to all IU Southeast students, the Adult Student Center offers a variety of academic, social, cultural, and family programs and events, local phone service, a scanner, computers, a microwave and refrigerator, soft seating, and comfortable environment.

Adult Student Services works closely with and collaborates with many student organizations and campus offices. Contact the Adult Student Center at (812) 941-2650

Career Development Center

Career Development Center

Donna Reed

University Center South 106

Phone: (812) 941-2275

Fax: (812) 941-2557

<https://www.ius.edu/career/>

The Career Development Center provides students and alumni opportunities for career exploration and employment leading to productive citizenship contributing to the intellectual, cultural and economic development of the region.

- Career Guidance
- Professional Job Search
- Job Board
- Job Fairs
- Federal Work-Study Program
- Career Resources
- Internship Program

Career Guidance

Career coaches assist students in a variety of ways to help them choose their majors and investigate career options. Students have the option to take career interest inventories that suggest which careers match students' interests, personalities, and skills. Talking with professionals in the "real world of work" through an informational interview or a job shadowing experience provides another way to gain valuable career information. We offer individual sessions as well as online resources for job search strategies, resume critiquing, and mock interviewing. An appointment may be made by visiting our website at www.ius.edu/career and clicking the "Request an Appointment" button. Please call (812) 941-2275 or stop by the office in University Center South Room 106 if you have any questions or issues setting up an appointment.

Professional Job Search

Students seeking professional positions are encouraged to utilize the Career Development Center to receive assistance with resume preparation, interviewing, and job search techniques. Numerous employers list job opportunities, which are posted on our online job board, Handshake.

Each fall and spring semester, employers recruit on campus via formal interview, schedule positions, job fairs, information tables, and school-specific career days and events. Students and alumni are encouraged to review the list of upcoming events on Grenadier Central or the IU Southeast Events calendar.

Job Board

Handshake is an online database of part-time hourly and work-study positions, internships, and full-time professional positions. This service is for all enrolled IU Southeast students and IU alumni. Students and alumni are encouraged to access their accounts online through the Career Development Center's website to utilize this resource.

Job Fairs

Job fairs are a major employment resource for college students and graduates. IU Southeast hosts multiple fairs each fall and spring semester.

The two major fairs are held in October and April each year and attract several employers from the region. These fairs are free and open to the public. Most employers

are from the local area (50-mile radius of Louisville, Kentucky) and seek candidates for a wide variety of full-time positions, part-time positions, and internships. For a full list of all career fairs and events, including major-specific opportunities, visit Grenadier Central or the IU Southeast Events calendar.

Federal Work-Study Program

Students who qualify for the Federal Work-Study Program will be notified of their eligibility by the Office of Financial Aid. These students may apply for employment opportunities established especially for the Work-Study Program. Work study positions may be viewed online on Handshake. Students can access Handshake at www.ius.edu/career. For questions, please reach out to webjob@ius.edu or call 812-941-2275.

Career Resources

The Career Development Center utilizes a variety of career exploration tools, resources and assessments to assist students in the career planning process. Some of these resources are:

- Traitify is an online personality assessment that uses pictures to help you find out more about your personality type. Once you find out what your personality type is, the assessment will recommend possible career options, people you may enjoy working with, and what type of work environment you will thrive in.
- The "What Can I Do With This Major?" guide breaks down your major of interest into common career areas, employers and career planning strategies.
- The Strong Interest Inventory is a powerful resource utilized to help students make satisfying career decisions based on their interests.
- Candid Career is a premier provider of thousands of informational video interviews with real professionals through an easy-to-use website.

These licensed programs are available to all students, graduates, faculty and staff of IU Southeast and are easily accessed through the Career Development Center website, www.ius.edu/career.

Internship Program

The purpose of the IU Southeast Internship Program is to provide students with opportunities to apply classroom knowledge to real-world work environments. Internships are designed for sophomore, junior and senior students enrolled in bachelor's degree programs. Typically, these work assignments last for approximately 10-14 weeks and can be volunteer, full-time positions or part-time positions. Internships can be paid or unpaid and can be taken for academic credit or for zero credit. Benefits from internship participation include an opportunity to test a career choice, gain confidence in one's abilities, develop professional skills, gain work experience, and develop networking contacts for future employment opportunities. All internship assignments must be coordinated through the Career Development Center.

Center for Mentoring

Center for Mentoring

Coordinator: Christy Thomas
Campus Office: US 106B

Telephone: (812) 941-2516
Email: mentorin@ius.edu
<http://www.ius.edu/mentoring>

The Center for Mentoring comprises the following:

- Peer Mentoring Program
 - Access To Success Program
 - Collegiate Summer Institute
- University Mentoring Program
- Career Mentoring Program

Mentoring Program

The Mentoring Program pairs students with university faculty, staff, and alumni mentors who can work with students from their first year of college on through graduation. Mentors are knowledgeable and experienced. They provide a personal connection, sense of belonging, guidance, support, and encouragement. One of the main goals of the mentoring relationship is to assist in the long-term success of students. Any student enrolled at IU Southeast can participate in the Mentoring Program.

Access To Success Program

The Access To Success Program is a one year program designed to successfully assist first year students in their transition to campus life at IU Southeast. Peer mentors provide one-on-one mentoring services for first generation, minority students, 21st Century Scholars, and adult learners.

Collegiate Summer Institute

The Collegiate Summer Institute (CSI) is a component of the Access To Success Program. CSI, which is held in July, is geared towards early college preparation for first year students who qualify. Students who successfully complete the Collegiate Summer Institute receive First Year Seminar credit.

Multicultural Initiatives

The Center for Mentoring sponsors events and programs to enhance retention of diverse students enrolled at IU Southeast. Programs provide opportunities for social integration to the campus community as well as encouragement for student engagement and academic success.

Disability Services

Office of Disability Services

Director: Matthew Springer
Campus Office: US 207
Telephone: (812) 941-2243
Fax: (812) 941-2542
Email: mtspring@ius.edu
<https://www.ius.edu/disability-services/>

The Office of Disability Services (ODS) is dedicated to opening doors of equal opportunity to individuals with disabilities attending Indiana University Southeast. Students with documented disabilities are encouraged to make an appointment with the ODS coordinator to discuss any academic accommodations they may need in order to have access to their education as soon as possible; preferably before or directly after they have been admitted to the university. The ODS assists students with

documented disabilities by determining their eligibility for services and then working with students and faculty to determine reasonable accommodations and services which will, in turn, give the student equal access to the university.

Services of this office are based on documented need and may include: preadmission consultation; testing accommodations; American Sign Language interpreters, and referrals to other campus and community resources. The student is responsible for timely providing ODS with current, comprehensive, and adequate documentation of the student's disability completed by a medical or psychological professional. Appropriate documentation is a necessary prerequisite for any academic modification or accommodation. Documentation guidelines are available on the ODS website, or can be provided by the ODS coordinator.

Foreign Language Laboratory

Foreign Language Laboratory

Director: Charles Pooser

Campus Office: KV 237

<https://www.ius.edu/arts-and-letters/programs/modern-languages/foreign-language-lab.php>

The Modern Language Resource Center is located in KV 236 and contains materials for students at all levels of language study. The center offers computers and a wide screen television for viewing films and other video materials, and a variety of cultural and language-learning resources. The center also serves as a dedicated space for the faculty of Modern Languages and other entities to host student gatherings, meetings, and student presentations. The Center is available during the hours that Knobview Hall is open, as long as nothing has been specifically scheduled for its use. Posted at the entrance is a schedule of the classes held in the center as well as special events and the hours that language tutors will be available. See any full-time member of the Modern Languages department for more information.

University Information Technology Services - UITS

University Information Technology Services

Executive Director: Lee Staton

Help Desk

Campus Office: US 212

Telephone: (812) 941-2447

Email: helpdesk@ius.edu

<https://www.ius.edu/it/>

IU Southeast provides a wide array of technology services to enrolled students:

- An IU computing account for access to e-mail and all services.
- One.IU - a one-stop shop for university services - to do everything from checking grades to paying a bill.
- [Storage at IU](#) – Learn about IU's cloud storage options that allow you to share, store, and collaborate.
- No-cost software by streaming popular titles from [IUanyWare](#) or downloading them from IUware.

- Both wired and wireless printing in all Student Technology Centers with [IU Print](#).
- No-cost tech skills workshops and video tutorials from [UITS IT Training](#).
- Tech support from the [UITS Support Center](#) and IU Knowledge Base, available 24 hours a day, 7 days a week.
- Access to online class resources through Canvas, the university's course management system.
- Comfortable study lounges for working individually or in collaborative groups. Use IU-provided computers or bring your own devices.
- Access our wireless network that covers virtually the entire campus inside and out, including every campus residence lodge.
- More than 800 Windows and Mac workstations in Student Technology Centers (STCs), classrooms, and open locations;

Campus computing resources are state-of-the-art and can provide appropriate functionality for most instructional or resource needs. [Visit the UITS Web site](#) for details.

Library Services

Library Services

Director: Kate Ziady

Service Desk: (812) 941-2485

<https://www.ius.edu/library/>

Mission: The Indiana University Southeast Library empowers and serves its communities by facilitating lifelong learning through physical and digital collections, services, and programs, and is an active partner in the teaching, learning, and research missions of the campus.

As part of Indiana University, the Library provides access to millions of books, journals, films, government documents, and other sources, in physical and online formats, through local collections and interlibrary loan. The Library also houses several special collections, including the Curriculum Materials Center (a collection of children and young adult literature and resources for education majors and community members); the Center for Cultural Resources; the William L. Simon Sheet Music Collection; the IU Southeast Oral History Project; the institutional archive of IU Southeast; and the archives of Ars Femina. A mini-branch of the Floyd County Library within the Library provides students, staff, faculty, and the community access to bestsellers and leisure reading. Additionally, the Library is a selective depository of U.S. Government Publications.

Research help is available whenever the library is open. You can visit us at the Service Desk, which is staffed by student peer research assistants, call us, or ask questions online through chat and email. Faculty librarians are on call to answer in-depth research questions, either in person or online. Students, faculty, and staff can also schedule research consultations with a librarian through Book-a-Librarian.

The Library is embedded within the First-Year Seminar curriculum and participates in the general education curriculum through our information literacy instruction program, with customized and interactive instruction sessions taught by faculty librarians. In addition, online

Canvas modules and research guides are available anytime to provide help with using the Library's resources.

The IU Southeast Library building offers a variety of individual and collaborative workspaces, including a quiet floor, reservable group study rooms, and comfortable couches and chairs. There are computer workstations on every floor, with scanning and printing equipment on the main floor, including a poster (plotter) printer. The Library is also home to the Writing Center and the Institute of Learning and Teaching Excellence (ILTE) for faculty.

Indiana University Southeast participates in the Kentuckiana Metroversity cooperative agreement which enables IU Southeast students access to the library collections of colleges and universities in the Louisville metropolitan area.

Mathematics Laboratory

Math Resource Lab

Director: Cynthia A. Light
Campus Office: PS 020C
Telephone: (812) 941-2615

clight@ius.edu

<https://www.ius.edu/math-resource-lab/>

Mathematics Laboratory, in Physical Sciences 015, provides free walk in tutoring for students in all levels of mathematics classes. Students may sharpen their skills using both computer tutorials (coordinated to texts used in courses) and individual tutoring. For more information about the Mathematics Laboratory, please visit the Math Resource Lab website.

Office of Overseas Study

Study Abroad

Email: IntProgs@ius.edu

<https://www.ius.edu/international-programs/>

The IU Southeast Office of Study Abroad and Global Awareness (SAGA) mission is to increase the campus community's awareness, understanding, and appreciation of a wide variety of international cultures, practices, thoughts, and traditions.

The SAGA office offers campus wide support and implement on-and off-campus initiatives of multicultural and international scope. While this office works in tandem with various academic programs, it is primarily an administrative entity.

The co-directors of the office of Study Abroad and Global Initiatives (SAGA) oversee program development and curriculum matters related to overseas study programs, and work closely with the Office of Overseas Study at IU Bloomington.

The committee members advise and assist the co-directors in developing and promoting international activities and events at IUS.

The committee and co-directors actively support international students and organizations' efforts and assist the Admissions counselors and School advisors for High-School and International Recruitment and Study Abroad programs and scholarships.

The office of Study Abroad and Global Awareness works closely with several administrative entities, including the IUS Academic Affairs Faculty Diversity Coordinator (Academy of Diversity and Inclusive Education), to coordinate various diversity initiatives, such as the International Education week (Fall), the Fair-trade Wares of the World (Fall), and the International Festival (Spring), provide faculty input to the overseas strategic planning process, actively promote multicultural awareness, and position IUS as a culturally inclusive campus in the Kentuckiana community.

Counseling and Psychological Services

Counseling and Psychological Services

Director: Michael Day, Psy.D., HSPP
Counselor/Care Manager: Karen Richie, DSW, LCSW

Counselor/Psychologist: Kristina Peterson, Psy.D., HSPP
Campus Office: US 207

Telephone: (812) 941-2244

Email: sepersco@ius.edu

<https://www.ius.edu/personal-counseling/>

The IU Southeast Counseling and Psychological Services (CAPS) provides a licensed and professionally trained staff that offers limited counseling and consultation to currently enrolled students. We can help students achieve their personal and academic goals by providing short-term therapeutic intervention for a variety of mental health concerns including, but not limited to, anxiety, depression, relationship difficulties, sexuality concerns, etc.; limited psychological testing; and social support services related to homelessness, financial difficulties, lack of access to healthcare, and food insecurity. We also offer consultation and referral services for students, parents, faculty, and staff related to mental health concerns. Additional services include outreach and psychoeducational programming for classes, university departments/divisions, and student organizations. All services are free and confidential.

If you hear of anyone who has thoughts, plans, or intentions to cause harm to oneself or someone else, please contact Counseling and Psychological Services at 812-941-2244 or the [IU Southeast Police](#) at 812-941-2400.

For more information, please visit the [Counseling and Psychological Services](#) website.

Student Success Center

Student Success Center

Director: Ryan Norwood
Office Services Assistant Senior: Regina McCarty

21st Century Scholar Success Coach: Jani Henderson

Success Coach: Richard Stettenbenz

Campus Office: US 203

Telephone: (812) 941-2312

Office Hours: Monday- Friday 8am-5pm

<https://www.ius.edu/ssc/>

Mission Statement

Student Success Center Mission Statement

The mission of the Student Success Center is to provide students with academic resources to assess, supplement, and encourage their growth as motivated and successful members of the campus community.

Test Center Mission Statement

The mission of the Test Center is to provide a welcoming and secure test environment for students, faculty, and members of the community. The Center maintains membership with and adheres to professional standard and guidelines set forth by the National College Testing Association (NCTA).

The Student Success Center provides information and resources to help students improve their academic performance. The center provides assistance in the following:

- peer-tutoring for select 100- and 200-level courses
- Supplemental Instruction (SI) available in select courses
- study skills brochures and website tutorials
- placement in writing courses, mathematics, and modern languages
- testing accommodations for students with disabilities
- credit-by-examination opportunities
- professional certification exams
- test proctoring for independent-study and online examinations

Veterans' Services

Veteran Services

School Certifying Officer: Kimberly Pelle

Campus Office: US 201

Veteran Services website

Veteran's benefits of several types are available to IU Southeast students. Our Veteran's Service Specialist/ Certifying Officer assists students with completing forms and processing certifications. Popular programs administered through IUS include:

- **Chapter 30 - New Montgomery GI Bill**
- Eligible service personnel: Active - Army, Air Force, Navy, Marine Corps, Coast Guard
- **Chapter 31 - VA Vocational Rehabilitation (Voc Rehab)**
- Eligible service personnel: Active - Army, Air Force, Navy, Marine Corps, Coast Guard
- **Chapter 33 - Post 9/11 GI Bill/Yellow Ribbon School**

- Eligible service personnel: Military duty after 11 Sep 2001 for all Military service to include the Reserves or National Guard. Includes any transfer of Entitlement to Spouse and/or Child.

Chapter 35 - Survivors and Dependents Educational Assistance (DEA)

- Eligible persons: Spouse or Dependent of a Disabled/ Deceased Veteran

Chapter 1606 - Military Reserve/Guardsman

- Eligible service personnel: Reservist or Guardsmen any service.

GI Bill® is a registered trademark of the U.S. Department of Veterans Affairs (VA). More information about education benefits offered by VA is available at the official U.S. government web site at <https://benefits.va.gov/gibill>.

Statement of Policy and Practice

In compliance with 38 USC 3679(e) as amended by the Veteran's Benefits and Transition Act of 2018, IU Southeast allows covered individuals to attend or participate in the course of education beginning when it is scheduled to start per the published Schedule of Classes, without regard to whether they have presented a certificate of eligibility, statement of benefits, or VAF-28-1905. If certification to the Veteran's Administration (VA) reveals that an individual is not eligible for benefits either fully or partially, the student is responsible for resolving any financial debts to the school. Students must submit an in-house worksheet each semester they are requesting certification with the VA, found at <https://one.iu.edu/task/iu/request-gi-bill-certification>.

IU Southeast does not impose any penalty, such as late fees, denial of access to classes, libraries, or classrooms; or mandate that covered individuals borrow additional monies, because of covered persons' inability to meet their financial obligations to the university due to delayed disbursement of funds from the VA under Chapters 31 or 33.

The Writing Center

The Writing Center

Director: Leigh Ann Meyer

Campus Office: Library, Room 330

Telephone: (812) 941-2498

Email: iuswrite@ius.edu

Website: <https://www.ius.edu/writing-center/>

Accounts (free): <http://www.ius.mycourseonline.com>

The mission of The Writing Center is to help all IU Southeast students to become stronger, more confident writers.

We offer students, faculty, and staff assistance in all areas of writing and during any stage of a writing project.

We are staffed with trained consultants from across many disciplines and subjects ready to engage in one-on-one conversations about writing concerns and questions.

Consultations are student driven, which means we make sure to address your concerns.

Check the web site for hours of availability and for information regarding many aspects of writing at IU Southeast, including writing resources, documentation styles, publishing, and competitions: <https://www.ius.edu/writing-center>.

Our web site also contains many other helpful tools: Chat now (synchronous) option, or e-mail a question, podcasts with basic writing advice and writing in specific disciplines, videos about The Writing Center services, citation guidelines, additional online resource links, and an abundance of information about anything that has to do with writing at IU Southeast.

We have four ways to help you with your writing assignments or questions:

1. Walk into KV 237 for help
2. Set up an account and schedule one of three types of appointments at <http://www.ius.mycourseonline.com>
 1. Schedule a face to face (F2F) appointment.
 2. Set up an tutoring appointment (similar to an email exchange).
 3. Set up an online appointment (similar to Skype).

To register for a Writing Center account or make an appointment visit: <http://www.ius.mycourseonline.com>

You can also register and make appointment from our IU Southeast Writing Center web site.

- You only have to create an account one time.
- Once you have an account, you are welcome to schedule appointments - although one is not required.

Stop by Knobview 237 or call us if you have questions or just want to get to know your Center.

Come and talk about writing with us early and often each semester. We look forward to seeing you soon.

Office of Equity and Diversity

Office of Equity & Diversity

Director: James J. Wilkerson
 Title IX Deputy Coordinator
 University Center South, Room 231
 Phone: (812) 941-2599

<https://www.ius.edu/diversity/>

The Office of Equity and Diversity is committed and works hard to ensure compliance with federal, state and local laws, and with University equal employment opportunity, affirmative action, and student welfare policies. Academic Affairs, Student Affairs, and the Office of Equity and Diversity work together to build a foundation for a diverse university community through educational opportunities, programming, and events that raise awareness and foster respect for human difference.

The Office of Equity and Diversity also develops and facilitates training in the following areas: Workplace Diversity, Relationship Building, Leadership Development, Performance Management, Mediation, and Grievance Support.

Our mission and passion is to provide the campus with the means to:

1. Create a discrimination and harassment free environment;
2. Increase the diversity of our student, staff, and faculty population;
3. Encourage the value of diversity through community outreach, education, training, and hiring strategies;
4. Act as an information resource and clearing house on campus equity and diversity issues; and
5. Promote confidential, fair, thorough, and equitable treatment for students, staff and faculty.

Faculty

IU Southeast prides itself on the quality of its faculty and programs and the way it serves the region. More than 180 full-time faculty members teach at IU Southeast, augmented by a cadre of adjunct professors. More than 85 percent of the full-time faculty hold doctoral degrees or the equivalent in their fields.

IU Southeast professors believe that being active scholars makes them better teachers. Students benefit from the faculty's dual commitment to good teaching and productive research, not only in the classroom but also in the opportunity to work directly with professors on research projects. Because of such research projects,

a number of students have had the rare undergraduate opportunity to present their findings in scholarly papers or in journals on a national level. Not only do students benefit from close contact with professors but they also have access to sophisticated equipment and a range of learning opportunities that at many universities are reserved only for graduate students.

- Full-time Faculty
- Adjunct Faculty

Full-time Faculty

**Member of the Graduate Faculty*

- *Abshire, Jean E., Ph.D. (*Indiana University, 1999*), Associate Professor of Political Science & International Studies

- Hughes, Melanie E., M.L.S. (*Indiana University*, 2000), Librarian
- *Hunt, Randy E., Ph.D. (*Ohio State University*, 1988), Professor of Biology
- *Hutchins, Michael David, Ph.D. (*University of Cincinnati*, 2011), Associate Professor of German and International Studies
- *Jessie, Bernadette F., Ph.D. (*Washington State University*, 2003), Professor of Criminal Justice
- Johnson, Cathy M., Ph.D. (*University of Michigan*, 2013), Associate Professor of Education
- *Kahn, Meghan C., Ph.D. (*Bowling Green State University*, 2009), Associate Professor of Psychology
- Kara, Aycan, M.B.A. (*Florida Atlantic University*, 2014), Associate Professor of Management
- Kempfer, Brittny A., Ph.D. (*Auburn University*, 2020), Assistant Professor of Music Education Vocal/Choral Music
- *Kimmer, Christopher J., Ph.D. (*Cornell University*, 2010), Assistant Professor of Informatics
- Konychev, Anton V., Ph.D. (*Indiana University*, 2005), Senior Lecturer in Physics & Mathematics
- *Kordsmeier, Gregory T., Ph.D. (*University of Wisconsin*, 2011), Professor of Sociology
- Lach, Patrick A., Ph.D. (*Mississippi State University*, 2008), Assistant Professor of Business Finance
- *Lambert, Alys D., Ph.D. (*State University of New York*, 2006), Professor of Business
- *Lang, W. Christopher, Ph.D. (*University of Oregon*, 1986), Professor of Mathematics
- Larson, Heather N., Ph.D., (*Indiana University Purdue University*, 2007), Senior Lecturer in Chemistry
- Lathem, Jennifer L., M.A. (*Indiana State University*, 2008), Senior Lecturer in Geosciences
- Light, Cynthia, M.A. (*Western Kentucky University*, 1988), Professor in Mathematics
- Lipinski, Robert A., Ph.D. (*Lehigh University*, 2011), Lecturer of Psychology
- Maher, Steffany, Ph.D. (*Western Michigan University*, 2018), Assistant Professor of Education
- Maksl, Adam M., M.A. (*Missouri University*, 2012), Professor of Journalism
- *Manson, Todd M., Ph.D. (*University of South Florida*, 2004), Associate Professor of Psychology
- Manwani, Ghansham M., M.S. (*University of Louisville*, 1993), Senior Lecturer in Computer Science
- Mattingly, Julia A., DNP, (*Loyola University of Chicago*, 2014), Associate Professor of Nursing
- McMahan, Janice S., M.S.N., (*Spalding University*, 1991), Clinical Professor of Nursing
- *Medina, Veronica E., Ph.D. (*University of Missouri*, 2012), Associate Professor of Sociology, Sustainability & Regeneration
- *Meixner, Rebekkah J., M.F.A. (*University of Louisville*, 2005), Professor of Theatre
- Mensah, Enoch A., Ph.D. (*University of Iowa*, 2011), Associate Professor of Chemistry
- Miller, Phillip E., M.A. (*University of Kentucky*, 1993), Teaching Professor in Mathematics
- Morgan, Margot, Ph.D. (*Rutgers University*, 2010), Associate Professor in Political Science
- *Morgan, Robin K., Ph.D. (*Auburn University*, 1988), Professor of Psychology
- Mukhopadhyay, Suparna, Ph.D. (*University of Louisville*, 2010), Lecturer in Biology
- O'Neal, J. Thomas, M.A. (*Eastern Michigan University*, 1987), Senior Lecturer in Arts & Letters
- Overstreet-Jünke, Suzanne M., Ph.D. (*University of Louisville*, 2022), Assistant Professor of Criminology & Criminal Justice
- *Patterson-Randles, Sandra R., Ph.D. (*University of Kentucky*, 1982), Professor of English
- *Perry, Jeffrey, Ph.D. (*Kent State University*, 2008), Associate Professor of English
- Phipps, Gregory, M.A. (*University of Louisville*, 1986), Senior Lecturer in Sociology
- *Pittman, Paul H., Ph.D. (*The University of Georgia*, 1994), Professor of Business Administration
- *Podikunju, Shifa, Ph.D. (*University of Florida*, 2009), Assistant Professor of Education Counseling
- *Pooser, Charles L., Ph.D. (*Indiana University*, 1997), Associate Professor of French
- Popham, Susan, Ph.D. (*University of Louisville*, 2002), Associate Professor of English
- Proctor II, Christopher L., MLS (*Indiana University* 2017), Assistant Librarian
- *Ramachandran, Sridar, Ph.D. (*Wright State University*, 2006), Professor of Informatics
- Ramsey, Jason A., A.M. (*University of Illinois—Urbana*, 2003), Senior Lecturer in Speech
- Reed, Donna L., EDD (*East Tennessee University*, 1996), Assistant Professor in Education Leadership
- Reisz, Elizabeth M., M.B.A. (*Yale University*, 2011), Lecturer in Finance
- Rennie, Robert W., Ph.D. (*University of Tennessee*, 2017), Assistant Professor of History & International Studies
- Riddle, Molly A., Ph.D. (*Indiana University*, 2019), Assistant Professor in Education - Mathematics
- Riehm, Rose S., M.A. (*University of Louisville*, 1973), Lecturer in Mathematics
- Robinson, April E., M.S. (*Indiana University*, 2000), Lecturer in Mathematics
- Ross, John, Ph.D. (*New Mexico State University*, 2017) Associate Professor of Business Management
- Rueschhoff, Elizabeth D., Ph.D. (*North Carolina State University*, 2011), Associate Professor of Biology
- Russell, Diane M., Ph.D. (*University of Louisville*, 1997), Professor in English
- Russell, Lisa M., Ph.D. (*University of North Texas*, 2011), Associate Professor in Business Management
- Sampson, Kagna O., Ph.D. (*University of Louisville*, 2012), Senior Lecturer in Chemistry
- *Schansberg, D. Eric, Ph.D. (*Texas A&M University*, 1991), Professor of Economics
- Schuur Sousa, Alexandra N.N., Ph.D. (*Texas A&M University*, 2019), Assistant Professor of Communication Studies
- Scott, Mitchell., MLS. (*University of Kentucky*, 2009), Assistant Librarian

- Scott, Valerie B., Ph.D. (*University of Montreal*, 1997), Teaching Professor in Psychology
- Sehlinger, Sarah., Ph.D. (*Bellarmine College*, 2017), Assistant Professor of Special Education
- *Setterdahl, Aaron L., Ph.D. (*Texas Tech University*, 2001), Professor of Chemistry
- Sexton, Christopher W., M.S. (*University of New Hampshire*, 2012), Visiting Lecturer in Computer Science
- Shah, Nidhi J., Ph.D. (*University of Louisville*, 2015), Visiting Assistant Professor of Chemistry
- Sheehan, Emily M., M.F.A. (*Minneapolis College of Art and Design*, 2011), Associate Professor of Fine Arts
- *Shen, Yu, Ph.D. (*University of Illinois—Urbana*, 1995), Professor of History & International Studies
- Singleton, Jacquelyn J., Ph.D. (*University of Louisville*, 2013), Associate Professor of Education
- Sizemore, Brittany A., Ph.D. (*Bowling Green University*, 2021), Assistant Professor of Neuroscience & Psychology
- *Srinivasan, Arun K., Ph.D. (*University of Kentucky*, 2004), Professor of Economics
- Stallard, Donna L., M.F.A. (*University of Dallas*, 1994), Professor of Fine Arts
- Starjayapandian, Rachel P., Ed.D. (*University of Cincinnati*, 2005), Associate Professor of Education
- *Stem, Erich H., D.M. (*University of Maryland*, 2003), Associate Professor of Music
- Stengel, Teresa K., M.S.N. (*Indiana University*, 2021), Assistant Professor in Nursing
- *Sung, Chang Oan B., Ph.D. (*University of Wyoming*, 2004), Associate Professor of Computer Science
- Tajdini, Saeed, Ph.D. (*The University of Texas*, 2017), Associate Professor of Marketing
- Taurman, Kenneth R., J.D. (*University of Louisville*, 1979), Senior Lecturer in Business
- *Taylor, David W., Ph.D. (*University of Connecticut*, 1987), Professor of Biology
- Teater, Jennifer L., Ed.D. (*Spalding University*, 2021), Assistant Professor of Nursing
- Thomas, Ashley Marie, Ph.D. (*University of Mississippi*, 2020), Assistant Professor of Marketing
- *Treves, David B., Ph.D. (*University of Michigan*, 1998), Professor of Biology
- Tucker, Sarah, Ph.D. (*University of Louisville*, 2017), Assistant Professor in Social Sciences
- Vernia, Mildred A., M.B.A. (*Bellarmine College*, 1989), Professor in Mathematics
- Viner, V. Leigh, Ph.D. (*Duquesne University*, 2002), Associate Professor in Philosophy
- Voigt, Tamara O., M.A. (*Western Kentucky University*, 2005), Professor of Practice in Strategic Communication
- *Waingeh, Victor F., Ph.D. (*University of North Dakota*, 2006), Associate Professor of Chemistry
- *Walsh, Sara M., Ph.D. (*Indiana University*, 2011), Professor of Criminal Justice
- Watson, Carolyn F., Ph.D. (*University of Alabama*, 2011), Associate Professor of Marketing
- Wells, Jeremy D., Ph.D. (*University of Michigan*, 2000), Associate Professor of English
- *Wert, Joseph L., Ph.D. (*University of Cincinnati*, 1998), Professor of Political Science
- Wieck, Michael R., DBA. (*Missouri University*, 2021), Assistant Professor of Accounting
- *Williams, Paige N., Ph.D. (*Purdue University*, 1998), Clinical Assistant Professor of Mental Health Counseling
- Williams, Rosalind S., DNP (*Indiana University-Purdue University Indianapolis*, 2021), Assistant Professor of Nursing
- *Woodward, Lucinda E., Ph.D. (*University of Louisville*, 2009), Associate Professor of Psychology, Sustainability & Regeneration
- *Wrzenski, Rhonda L., Ph.D. (*Louisiana State University*, 2010), Associate Professor of Political Science
- *Wyandotte, Annette M., Ph.D. (*Ball State University*, 1991), Professor of English
- Yeoh, Kok C., Ph.D. (*Texas Tech University*, 2002), Associate Professor of Fine Arts
- Zhang, Yang., Ph.D. (*University of Texas*, 2021), Assistant Professor of Management and HR
- Ziady, Kate B.M., MLS (*Indiana University*, 2009), Associate Librarian
- Zimmerman, Michele R., Ph.D. (*University of Louisville*, 2001), Professor in Biology
- Zink, Amy E., M.A. (*Miami University—Oxford*, 1992), Professor in Spanish
- Zollman, Alan, Ph.D. (*Indiana University*, 1986), Professor of Education

Adjunct Faculty

- Alberts, Katherine, M.A. (*University of Kentucky*, 2012), Adjunct Lecturer in Music
- Appleton, Sarah A., Ph.D. (*University of Connecticut*, 1995), Adjunct Lecturer in English
- Armitage, George, Ph.D. (*University of Toledo*, 2018), Adjunct Lecturer in Mental Health Counseling
- Asher, Phillip G., M.A. (*Indiana University*, 1973), Adjunct Lecturer in Geosciences
- Banks, Justin P., M.S. (*Southern New Hampshire University*, 2019), Adjunct Lecturer in Business
- Bean, Melissa, B.A. (*Union University*, 1996), Adjunct Lecturer in Fine Arts
- Belmonte-Olmos, Marisela, B.A. (*East Central Oklahoma State University*, 2014), Adjunct Lecturer in Spanish
- Biton, Danielle, Ph.D. (*University of Louisville*, 2011), Adjunct Lecturer in French
- Blair, Perry Lamont, M.Ed. (*Lindsey Wilson College*, 2012), Adjunct Lecturer in Psychology
- Blevins, Brett J., M.A. (*Western Michigan University*, 2021), Adjunct Lecturer in English
- Bohannon, Helen J., B.S. (*Indiana University*, 1982), Adjunct Lecturer in Lifelong Learning, Arts Institute
- Bonifer, Derek J., M.B.A. (*DePaul University*, 2006), Adjunct Lecturer in Business
- Book, Kelly R., M.S.Ed. (*Indiana University*, 2020), Adjunct Lecturer in Geosciences
- Booker, Christina, M.M. (*University of Louisville*, 2022), Adjunct Lecturer in Music

- Bowen, R. B., M.A. (*Brown University, 1965*), Adjunct Lecturer in Business
- Bowman, John S., M.A. (*Texas A&M University, 2001*), Adjunct Lecturer in English
- Brewer, Brian A., M.S.Ed. (*Indiana University, 1986*), Adjunct Lecturer in Education
- Brian, Eric, Ph.D. (*University of Louisville, 2011*), Adjunct Lecturer in Psychology
- Briggs, Richard, M.A. (*Wayne State University, 2018*), Adjunct Lecturer in Philosophy
- Brown, Christine A., D.M. (*Indiana University, 2000*), Adjunct Lecturer in Music
- Burke, Tammy M., M.F.A. (*University of Louisville, 2019*), Adjunct Lecturer in Fine Art
- Caffee, Bradley J., M.A. (*University of Louisville, 2003*), Adjunct Lecturer in History
- Carpenter, Derek A., M.A. (*University of Louisville, 2016*), Adjunct Lecturer in Philosophy
- Coffman, Abigail, M.S.Ed. (*Indiana University, 2002*), Adjunct Lecturer in Education
- Cox, Jeffrey D., M.S. (*Indiana Wesleyan University, 2001*), Adjunct Lecturer in English
- Coyle, Christopher J., M.P.S. (*George Washington University, 2014*), Adjunct Lecturer in Political Science
- Crase, Emily M., B.S.N. (*Indiana University, 2019*), Adjunct Lecturer in Nursing
- Culbertson, Melanie R., M.F.A. (*Indiana University, 1999*), Adjunct Lecturer in English
- Cunningham, Shanda, M.Ed. (*University of Louisville, 2015*), Adjunct Lecturer in Education
- Curtin, John-Robert, Ph.D. (*University of Louisville, 2016*), Adjunct Lecturer in Business and Criminology & Criminal Justice
- Dailey, Magdalena M., M.D. (*University of Gdansk, 2010*), Adjunct Lecturer in Chemistry
- Daily, Donna E., M.S. (*Indiana University, 1999*), Adjunct Lecturer in Education
- Dalton, Sharon A., M.Ed. (*Indiana University, 1986*), Adjunct Lecturer in Education
- D'Angelo, Traci J., B.S.N. (*Indiana University, 2000*), Adjunct Lecturer in Nursing
- Day, Michael, Psy.D., (*Spalding University, 2007*), Adjunct Lecturer in Psychology
- DeHoff, Mary E., Ph.D. (*University of Kentucky, 2002*), Adjunct Lecturer in Allied Health
- Deprez, Philippe O.M.J., M.S. (*K.U. Leuven, 2010*), Adjunct Lecturer in Business
- Dorman, Colin S., M.M. (*University of Louisville, 2010*), Adjunct Lecturer in Music
- Dorman, Jessica L., M.M. (*University of Alabama, 2005*), Adjunct Lecturer in Music
- Downing, Tiffany B., B.S.N. (*Indiana University, 2019*), Adjunct Lecturer in Nursing
- Downs, Lauren K., M.A. (*Indiana University, 2022*), Adjunct Lecturer in English
- Duncan, Brittany N., B.S.N. (*Indiana University, 2015*), Adjunct Lecturer in Nursing
- Dunn, Jennifer L., M.S. (*University of Louisville, 2014*), Adjunct Lecturer in Education
- Edmonds, Allison R., M.S. (*Indiana University, 2000*), Adjunct Lecturer in Allied Health Sciences
- Edrington, Brittany N., M.S.Ed. (*Indiana University, 2019*), Adjunct Lecturer in Education
- Faulkenburg, Marilyn J., E.D.D. (*Spalding University, 2003*), Adjunct Lecturer in Business
- Fedorschak, Lalana, M.F.A. (*Ohio University, 2021*), Adjunct Lecturer in Ceramics
- Fontenot, Adrienne E. M.M. (*University of Louisville, 2005*), Adjunct Lecturer in Music
- Foster, Cody J., Ph.D. (*University of Kentucky, 2021*), Adjunct Lecturer in History
- Fugit, Kenya L., M.S. (*Indiana University, 2000*), Adjunct Lecturer in Allied Health
- Fuller, Roy D., M.Div. (*Southern Baptist Theological Seminary, 1987*), Adjunct Lecturer in Philosophy
- Gannon, Teresa G., Ph.D. (*University of Kentucky, 1997*), Adjunct Lecturer in Allied Health
- Gladstone, Charles M., D.C. (*National College of Chiropractic, 2011*), Adjunct Lecturer in Chemistry
- Gonzalez-Diaz, Orlando J., M.S.C. (*University of Cincinnati, 2011*), Adjunct Lecturer in Physics
- Green, Nikki, M.S.Ed. (*Indiana University Southeast, 2013*), Adjunct Lecturer in Social Sciences
- Greenwell, Linda B., M.Ed. (*University of Louisville, 2012*), Adjunct Lecturer in Psychology
- Griffin, Robert S., Ph.D. (*Indiana State University, 2014*), Adjunct Lecturer in Education
- Gross III, Louis E., M.M. (*Boston University, 1977*), Adjunct Lecturer in Music
- Gwin, Robert Y., J.D. (*University of Kentucky, 1981*), Adjunct Lecturer in Music
- Hagan, Michael P., Ph.D. (*University of Louisville, 2010*), Adjunct Lecturer in Philosophy
- Hall, Tia C., M.S.Ed. (*Indiana University, 2014*), Adjunct Lecturer in Education
- Hamilton, Janet E., D.M.U.S. (*Indiana University, 1991*), Adjunct Lecturer in Lifelong Learning, Arts Institute
- Hammond, Tiffany S., M.S. (*University of Louisville, 2006*), Adjunct Lecturer in Health, Physical Education and Recreation
- Hansen, Dominique M., Ph.D. (*James Cook University, 2014*), Adjunct Lecturer in Biology
- Hartlage, Kimberly C., Ph.D. (*Indiana State University, 2014*), Adjunct Lecturer in Education
- Heffley, Donna L., M.S.N. (*University of Louisville, 2011*), Adjunct Lecturer in Nursing
- Henderson, Naomi R., M.S. (*Indiana University, 2010*), Adjunct Lecturer in Lifelong Learning, Arts Institute
- Herndon, Amber D., M.S. (*Purdue University, 2016*), Adjunct Lecturer in Communication
- Hilgeman, Sherri L., Ph.D. (*Indiana University, 1992*), Adjunct Lecturer in Anthropology
- Holder, April F., M.S.E. (*Indiana University, 2010*), Adjunct Lecturer in Education
- Holwerda, Pamela L., M.B.A. (*Bellarmine College, 2019*), Adjunct Lecturer in Business
- Hoover II, David P., M.S. (*Bellarmine College, 2010*), Adjunct Lecturer in Allied Health and Health Information Management
- Hott, Glenda K, M.S., (*Eastern Kentucky University, 1976*), Adjunct Lecturer in Education

- Houpt, Deborah J., Ph.D. (*University of Louisville, 2011*), Adjunct Lecturer in Chemistry
- Houser, Cecelia K., Ed.D. (*Illinois State University, 1982*), Adjunct Lecturer in Business
- Howard, Cristiane C., M.A., (*Pontificia Universidade Católica, 2009*), Adjunct Lecturer in Education
- Ibrahim, Tamara, M.S., (*Baghdad University, 1998*), Adjunct Lecturer in Biology
